

Truckee-Donner Recreation and Park District Policy Handbook

POLICY TITLE: Employee Equipment and Tool Policy
POLICY NUMBER: 215

215.10 As a condition of employment, some employees of the District are required to provide their own equipment and small tools in order to perform their jobs.

215.20 If an employee's personal equipment or tool is stolen, damaged or completely broken as the result of the performance of a District task or project, it may be replaced or repaired by the District with a tool of comparable quality. The repair or replacement of the stolen, damaged or broken tool will be at the discretion of the immediate supervisor of that employee.
