## Executive Summary

---

# 2025 Truckee-Donner Recreation & Park District Strategic Plan Resident Survey

## Executive Summary

---

### Overview

ETC Institute administered a strategic plan resident survey for the Truckee-Donner Recreation and Park District during the months of April and May of 2025. The survey goal was to understand recreation and park priorities for the Truckee community.

### Methodology

ETC Institute mailed a survey packet to a random selection of residents in the Truckee-Donner Recreation and Park District service area. Each survey packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at [TDRPD.org](https://TDRPD.org).

After the surveys were mailed, ETC Institute followed up with residents to encourage participation. To prevent people who were not residents of the service area from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not included in the final database for this report.

The survey aimed to collect a minimum of 400 completed responses from residents, and this target was surpassed with an impressive 481 completed surveys collected. The overall results for the sample of 481 residents have a precision of at least  $\pm 4.4$  at the 95% level of confidence.

This report contains the following:

- Executive Summary with Major Findings
- Charts showing the overall results of the survey (Section 1)
- Priority Investment Ratings (PIR) (Section 2)
- Open-Ended Comments from the survey (Section 3)
- Tabular data showing the overall results for all questions on the survey (Section 4)
- A copy of the cover letter and survey instrument (Section 5)

Priority Investment Ratings are intended to guide, not dictate, decisions and should be considered alongside other data sources and local context to support resident-driven planning.

The major findings of the survey are summarized in the following pages.

## Truckee-Donner Program Usage

Seventy-six percent (76%) of residents indicated that they or someone in their household have participated in a recreation program offered by the Truckee-Donner Recreation and Park District in the past year.

- Of the residents that have participated in recreation program, ninety-five percent (95%) rated the overall quality of recreation programs as “excellent” or “good”.

## Truckee-Donner Facility and Park Usage

Residents were asked to select the parks or facilities that they or someone in their household have visited in the past year and the top five most visited facilities or parks were:

- Regional Park (81%)
- Community Recreation Center (68%)
- West End Beach (64%)
- Donner Lake Public Piers (61%)
- Riverview Sports Park (55%)

Of the residents that have visited recreation facilities or parks, ninety-four percent (94%) rated the overall quality of recreation facilities or parks as “excellent” or “good”.

## Communication Preferences

Residents currently get their news and information about the Truckee-Donner Recreation and Park District from 1.) Word of mouth, 2.) While visiting recreation facilities, and 3.) TDRPD.org website. When asked which three sources of information would be their preferred way to get news and information about the Truckee-Donner Recreation and Park District the top three were, 1.) Emails, 2.) TDRPD.org website, and 3.) Social media. This presents an opportunity for the District to better align communication sources with what residents prefer and improve communication with residents.

## Agreement with Statements

Residents were asked to select the statements they agreed with most. The top three responses were:

1. Improves physical health and fitness
2. Parks make life better!
3. Improves mental health and reduces stress

The statements with the least agreement from residents were:

1. Creates economic benefits by attracting visitors and businesses
2. Boosts property values
3. Fosters relationships

# Facility Improvements and New Development

## Improvements

When given a list of actions that could improve the current facilities and parks in the Truckee-Donner Recreation and Park District, the items that received the highest level of support were, 1.) Increase general maintenance of facilities and parks, 2.) Improve / update West End Beach, and 3.) Improve / update existing playgrounds in parks.

The clear top two improvements that were most important to residents were 1.) Increase general maintenance of facilities & parks, and 2.) Improve/update West End Beach.

## New Development

When given a list of actions for new development in the Truckee-Donner Recreation and Park District, the items that received the highest level of support were, 1.) Develop new parks (in general), 2.) Develop a new whitewater park, and 3.) Develop a new all-abilities playground.

The three new developments that were most important to residents were 1.) Develop a new whitewater park, 2.) Develop a new skate park, and 3.) Develop new parks (in general).

## Allocating Funds

If given \$100 to allocate between four different items, the mean amount of money residents distributed were

- Enhance or upgrade existing amenities at District's parks & recreation facilities - \$27.05
- Develop new recreation & park amenities throughout the District – \$23.95
- Increase maintenance of existing recreation facilities & parks - \$18.51
- Purchase additional land for recreation facilities - \$17.81
- Introduce new activities and/or events using facilities throughout the District - \$12.69

## Property Tax Assessment

Residents were asked to rate their level of agreement with the statement: "*I would support an increase to my annual property tax assessment to support debt financing for improvements to the Truckee-Donner Recreation & Park District.*" Forty-three percent (43%) of respondents agreed with the statement, while thirty-eight percent (38%) disagreed.

When the residents that agreed or were neutral to the statement were asked what level of additional property tax assessment they would be willing to support, over fifty percent (50%) of residents said they would be willing to support additional property tax assessments of \$75 and up.

Not surprisingly, the top two reasons that residents would not support additional property tax assessments were 1.) I do not support any additional increase to taxes, and 2.) I just need more information before I can respond.

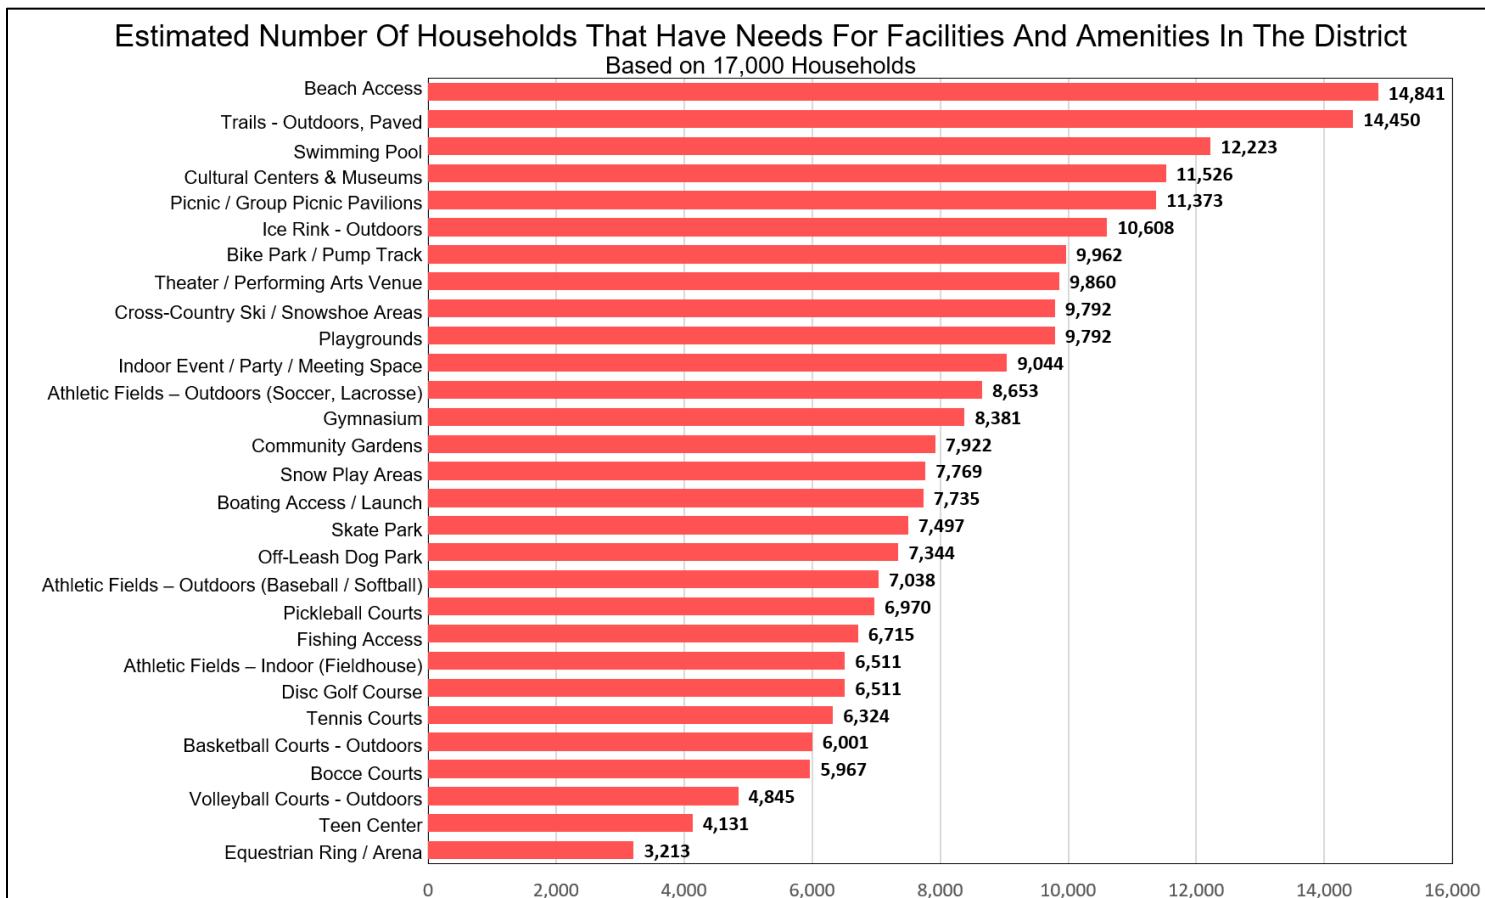

## Facilities and Amenities Needs and Priorities

**Facility and Amenity Needs:** Respondents were asked to identify if their household had a need for 29 facilities and amenities and to rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest “unmet” need for various facilities.

The three facilities with the highest percentage of households that have an unmet need:

1. Beach Access – 14,841 households
2. Trails – Outdoors, Paved – 14,450 households
3. Swimming Pool – 12,223 households

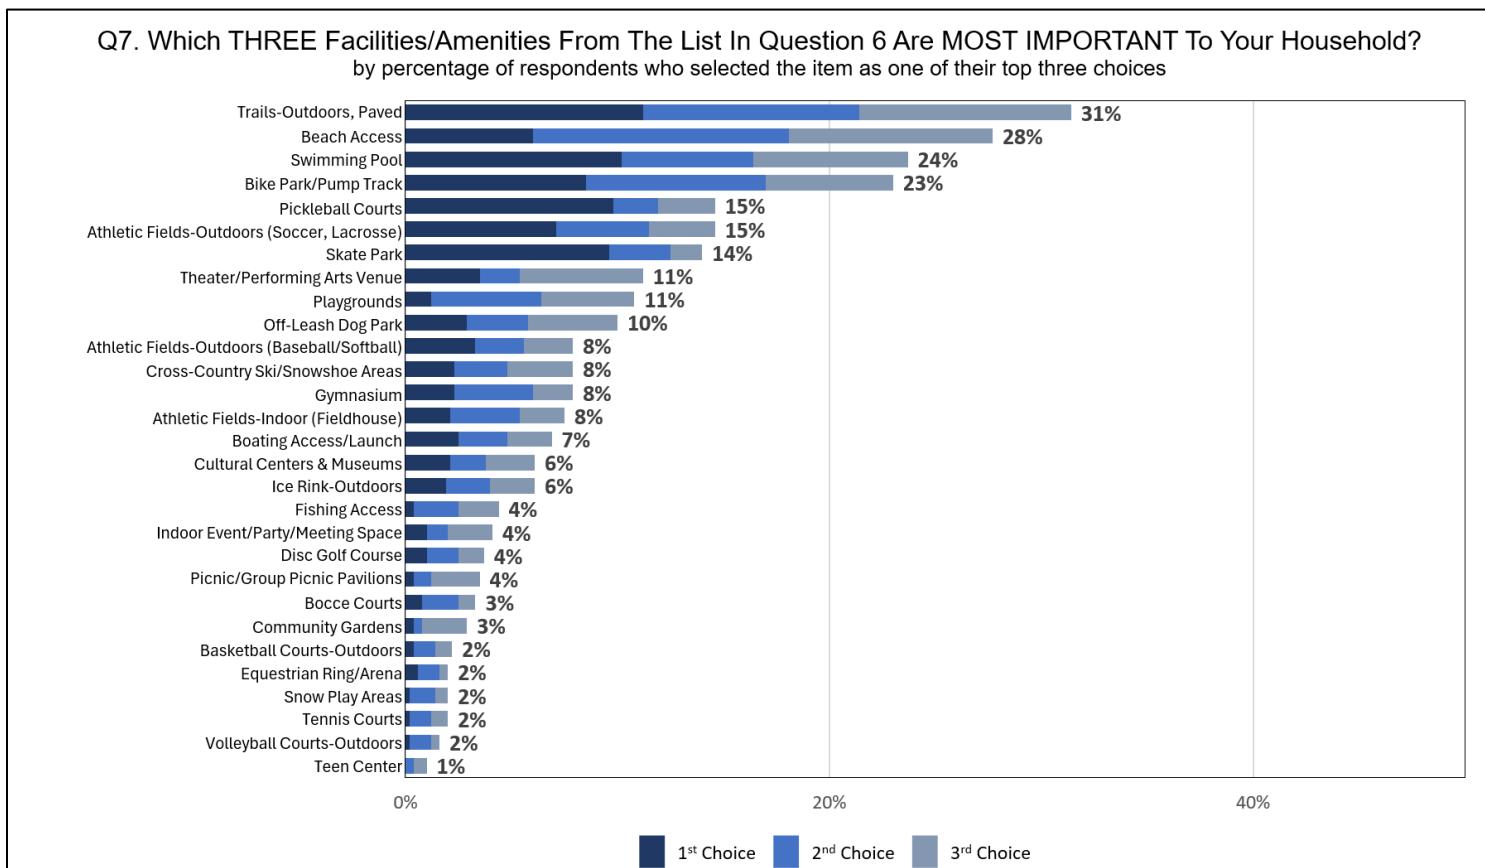

The estimated number of households that have unmet needs for each of the 29 facilities and amenities assessed is shown in the chart below.

**Facility and Amenity Importance:** In addition to assessing the needs for each facility and amenity, ETC Institute also assessed the importance that residents placed on each item. Based on the sum of respondents' top three choices, these were the three facilities and amenities that ranked most important to residents:

1. Trails – Outdoors, Paved (31%)
2. Beach Access (28%)
3. Swimming Pool (24%)

The percentage of residents who selected each facility and amenity as one of their top three choices is shown in the chart below.

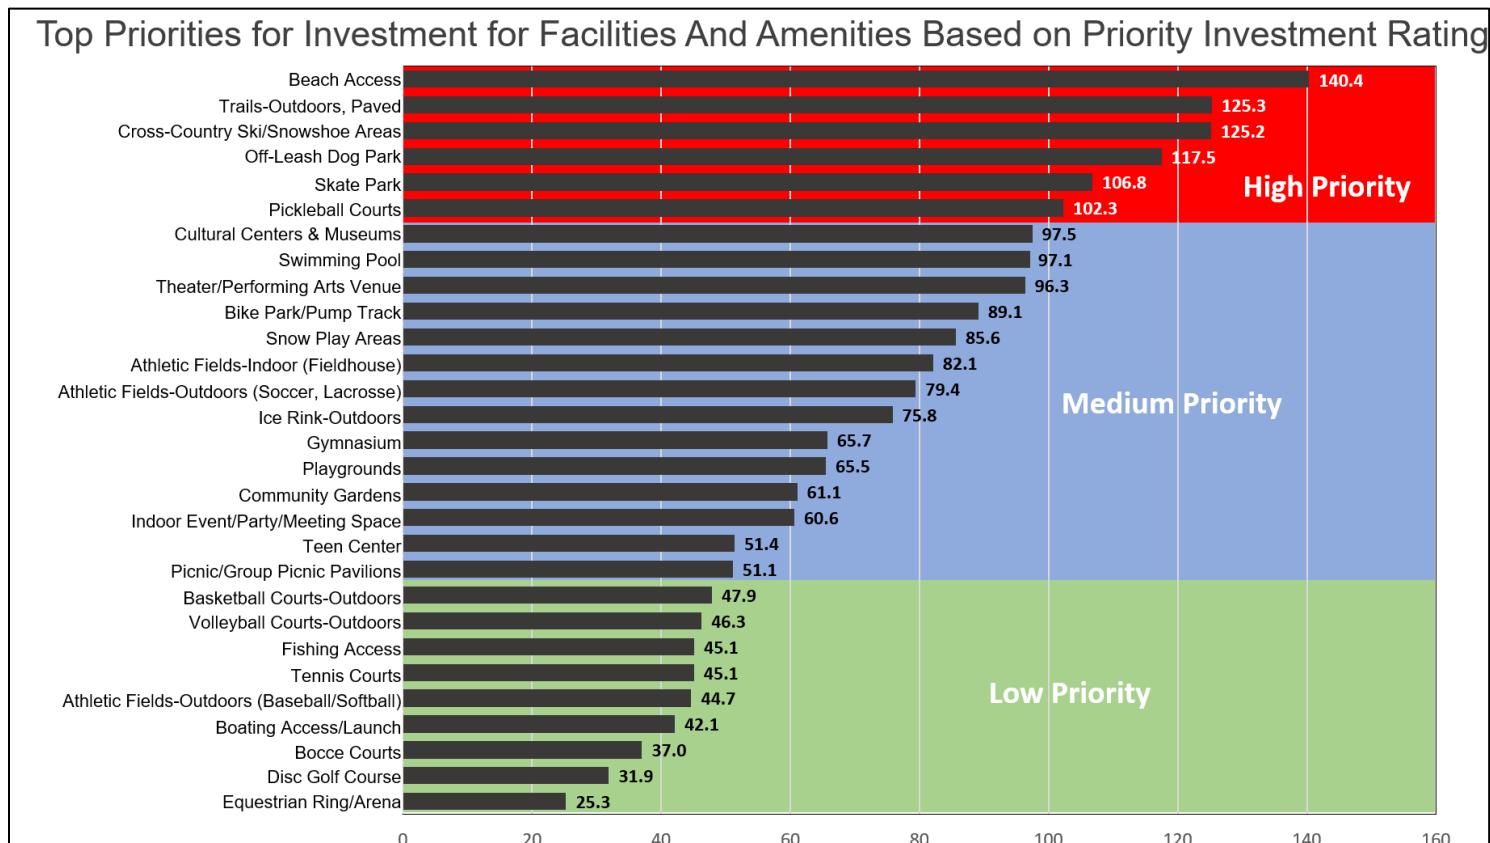

**Priorities for Facility and Amenities Investments:** The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on recreation and parks investments. The Priority Investment Rating (PIR) equally weighs (1) the importance that residents place on facilities and (2) how many residents have unmet needs for the facility. [Details regarding the methodology for this analysis are provided in Section 2 of this report.]

Based the Priority Investment Rating (PIR), the following facilities and amenities were rated as high priorities for investment:

- Beach Access (PIR= 140.4)
- Trails – Outdoors, Paved (PIR= 125.3)
- Cross-Country Ski/Snowshoe Areas (PIR= 125.2)
- Off-leash Dog Park (PIR= 117.5)
- Skate Park (PIR= 106.8)
- Pickleball Courts (PIR= 102.3)

The chart below shows the Priority Investment Rating for each of the 29 facilities and amenities assessed in the survey.

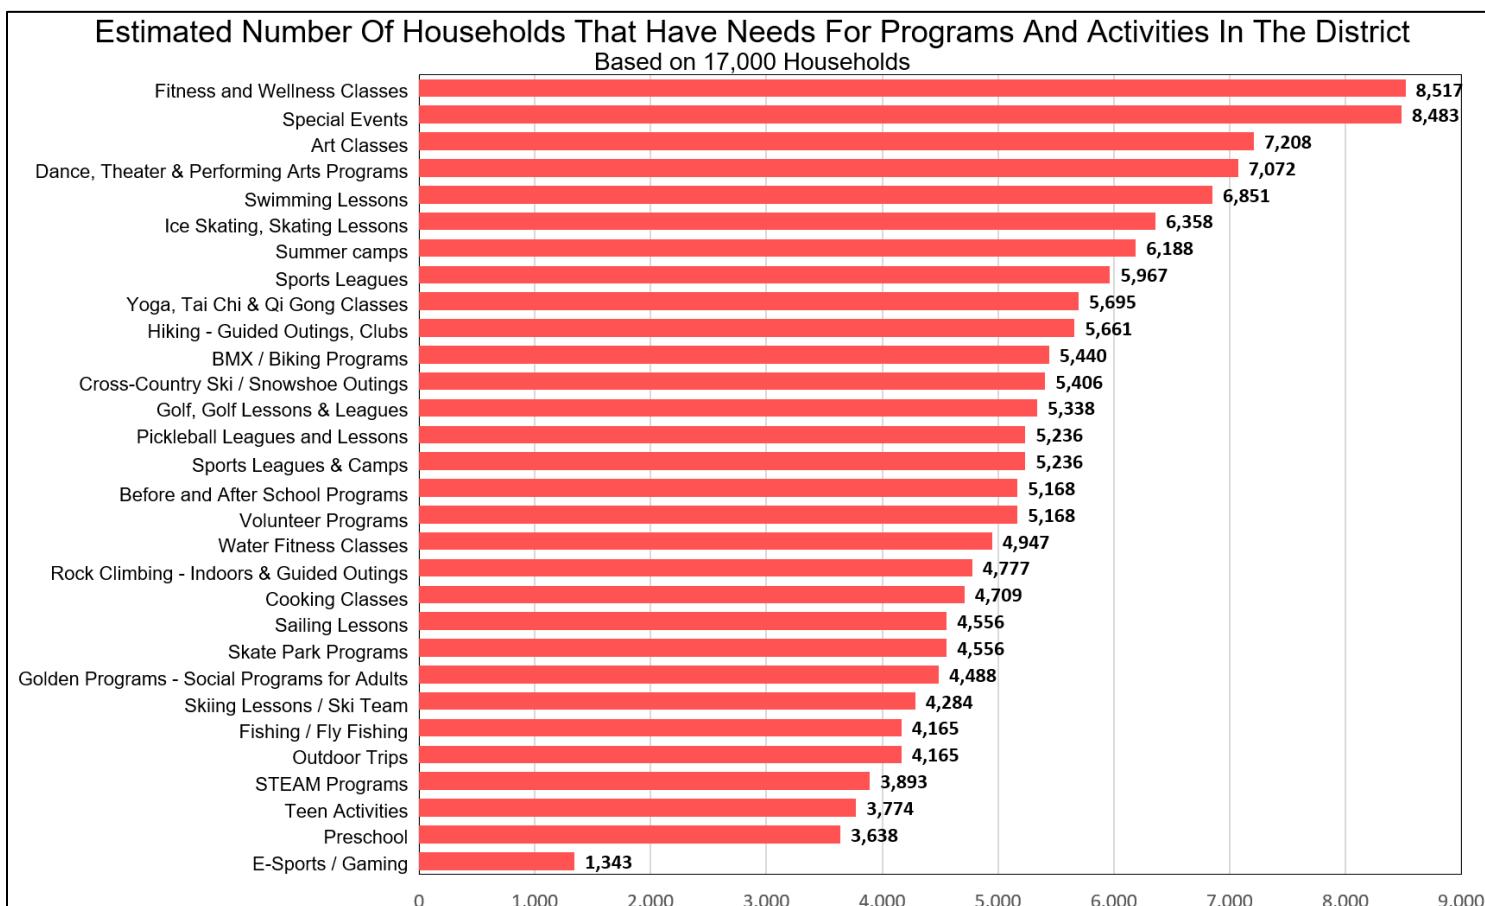

## Programs and Activities Needs and Priorities

**Programs and Activities Needs:** Respondents were asked to identify if their household had a need for 30 programs and activities and to rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest “unmet” need for various programs.

The three programs with the highest percentage of households that have an unmet need:

1. Fitness and Wellness Classes – 8,517 households
2. Special Events – 8,483 households
3. Art Classes – 7,208 households

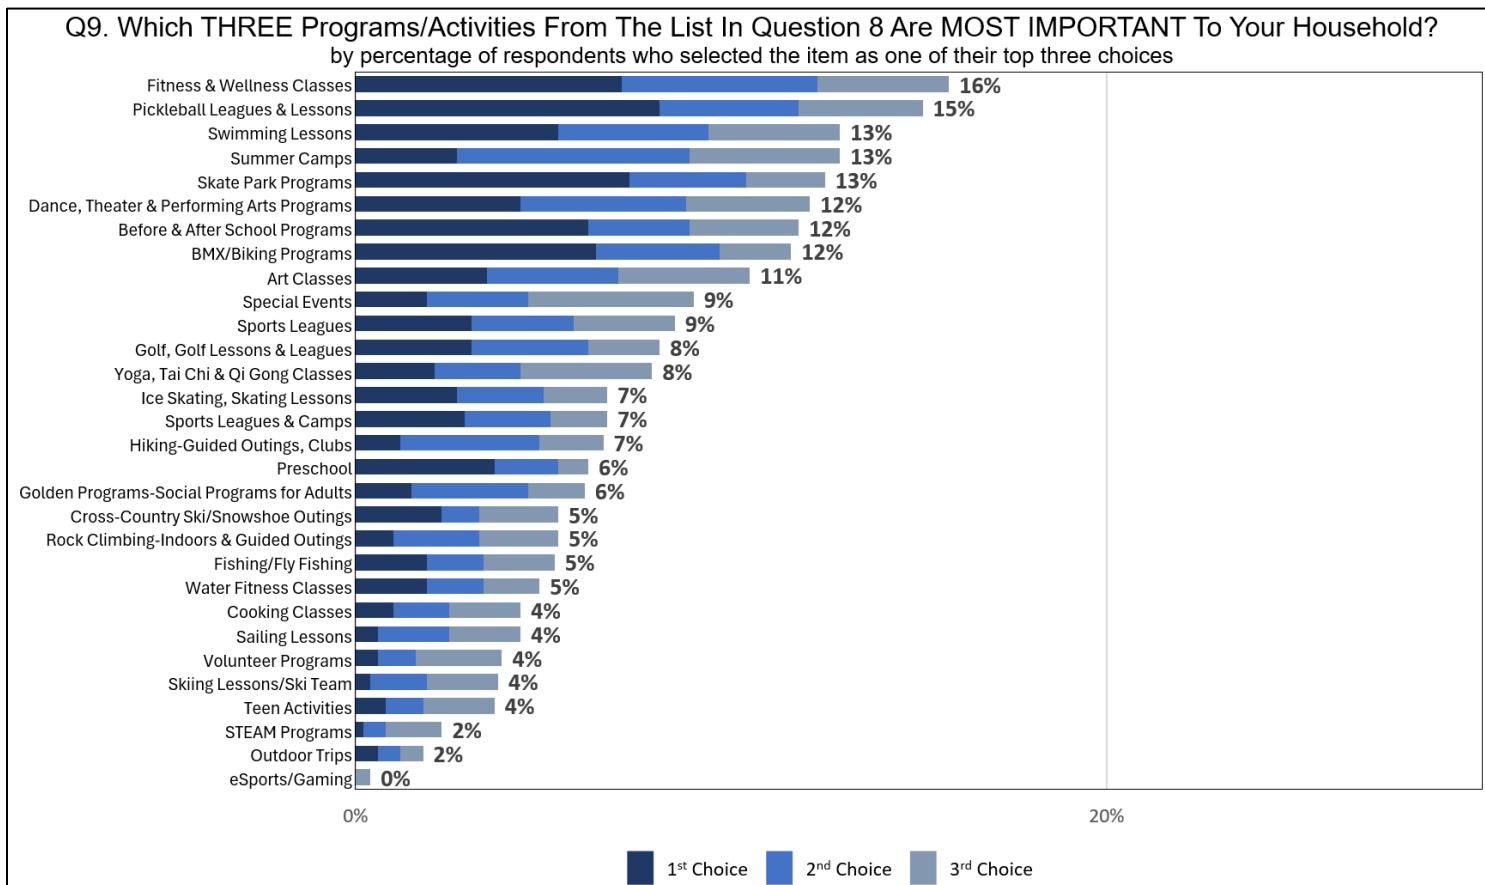

The estimated number of households that have unmet needs for each of the 30 programs and activities assessed is shown in the chart below.

**Programs and Activities Importance:** In addition to assessing the needs for each program and activity, ETC Institute also assessed the importance that residents placed on each item. Based on the sum of respondents' top four choices, these were the three programs and activities that ranked most important to residents:

1. Fitness and Wellness Classes (16%)
2. Pickleball Leagues and Lessons (15%)
3. Swimming Lessons (13%)

The percentage of residents who selected each program and activity as one of their top three choices is shown in the chart below.

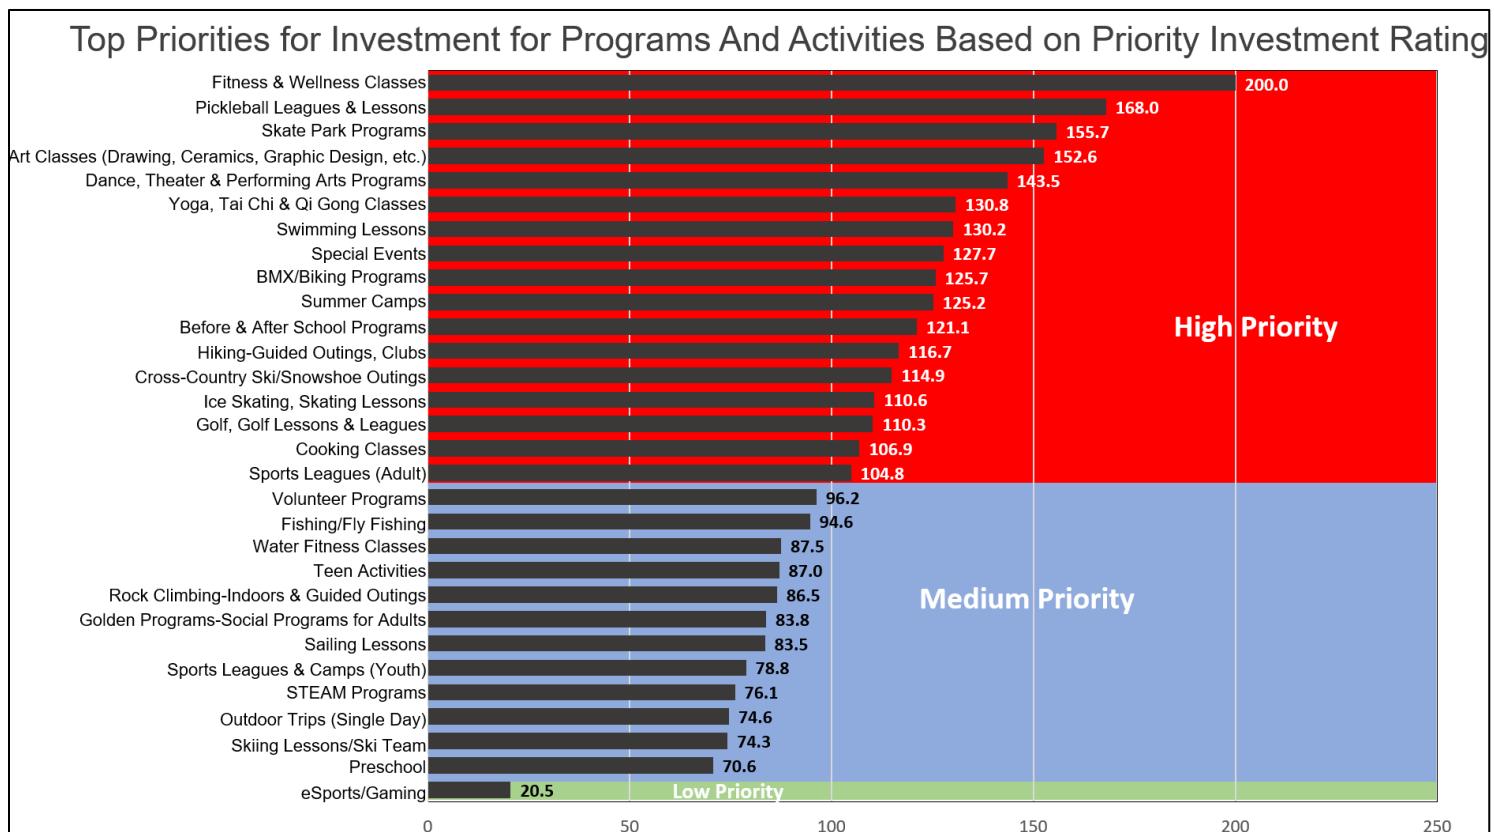

**Priorities for Programs and Activities Investments:** The Priority Investment Rating (PIR) was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on recreation and parks investments. The Priority Investment Rating (PIR) equally weighs (1) the importance that residents place on facilities and (2) how many residents have unmet needs for the program. [Details regarding the methodology for this analysis are provided in Section 2 of this report.]

Based the Priority Investment Rating (PIR), the following programs and activities were rated as high priorities for investment:

- Fitness and Wellness Classes (PIR= 200)
- Pickleball League and Lessons (PIR= 168)
- Skate Park Programs(PIR= 155.7)
- Art Classes (PIR= 152.6)
- Dance, Theatre and Performing Arts Classes (PIR= 143.5)
- Yoga, Tai Chi and Qi Gong Classes (PIR= 130.8)
- Swimming Lessons (PIR= 130.2)
- Special Events (PIR=127.7)
- BMX/Biking Programs (PIR=125.7)
- Summer Camps (PIR= 125.2)
- Before and After School Programs (PIR= 121.1)
- Hiking-Guided Outings, Clubs (PIR=116.7)
- Cross-Country Ski/Snowshoe Outings (PIR= 114.9)
- Ice Skating, Skating Lessons (PIR= 110.6)
- Golf, Golf Lessons and Leagues (PIR=110.3)
- Cooking Classes (PIR= 106.9)
- Sports League (Adult) (PIR= 104.8)

The chart below shows the Priority Investment Rating for each of the 30 programs and activities assessed in the survey.

## Charts and Graphs

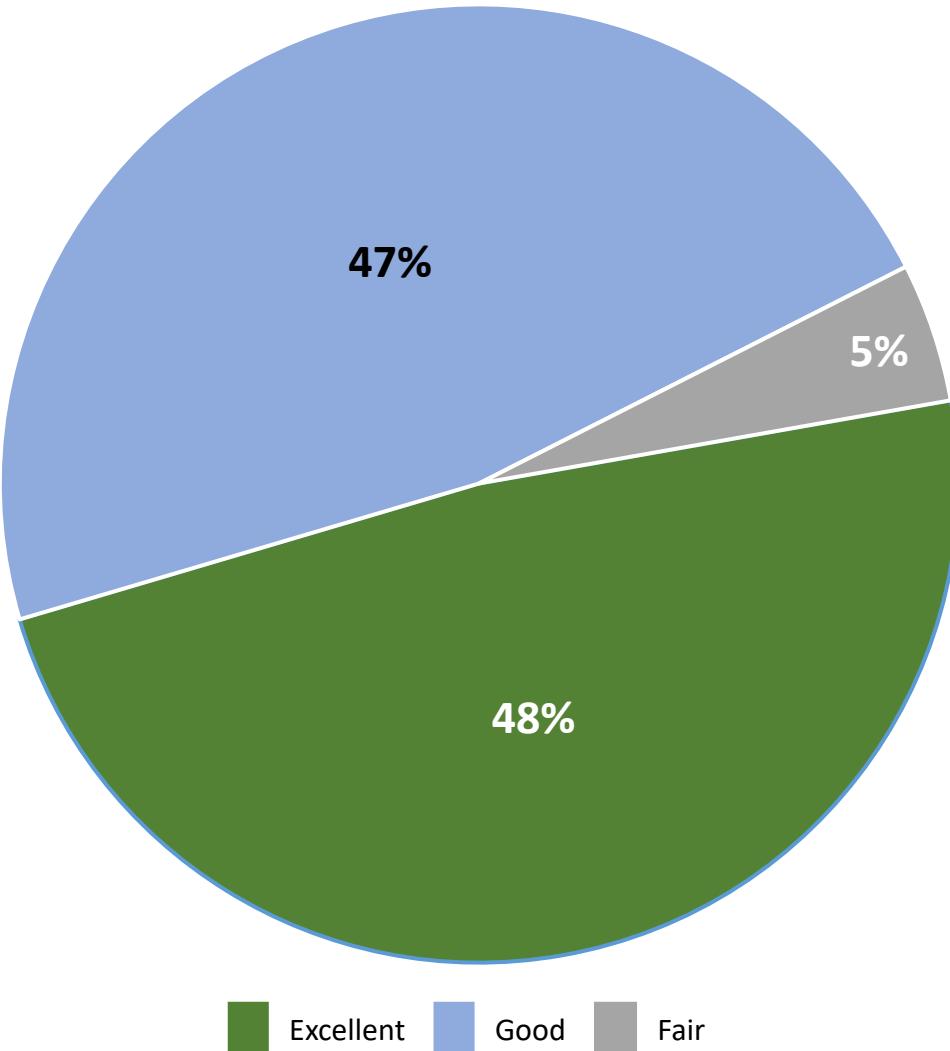

# Q1. In The Last Year, Have You Or Members Of Your Household Participated In Any Recreation Programs Offered By The Truckee-Donner Recreation & Park District?

by percentage of respondents

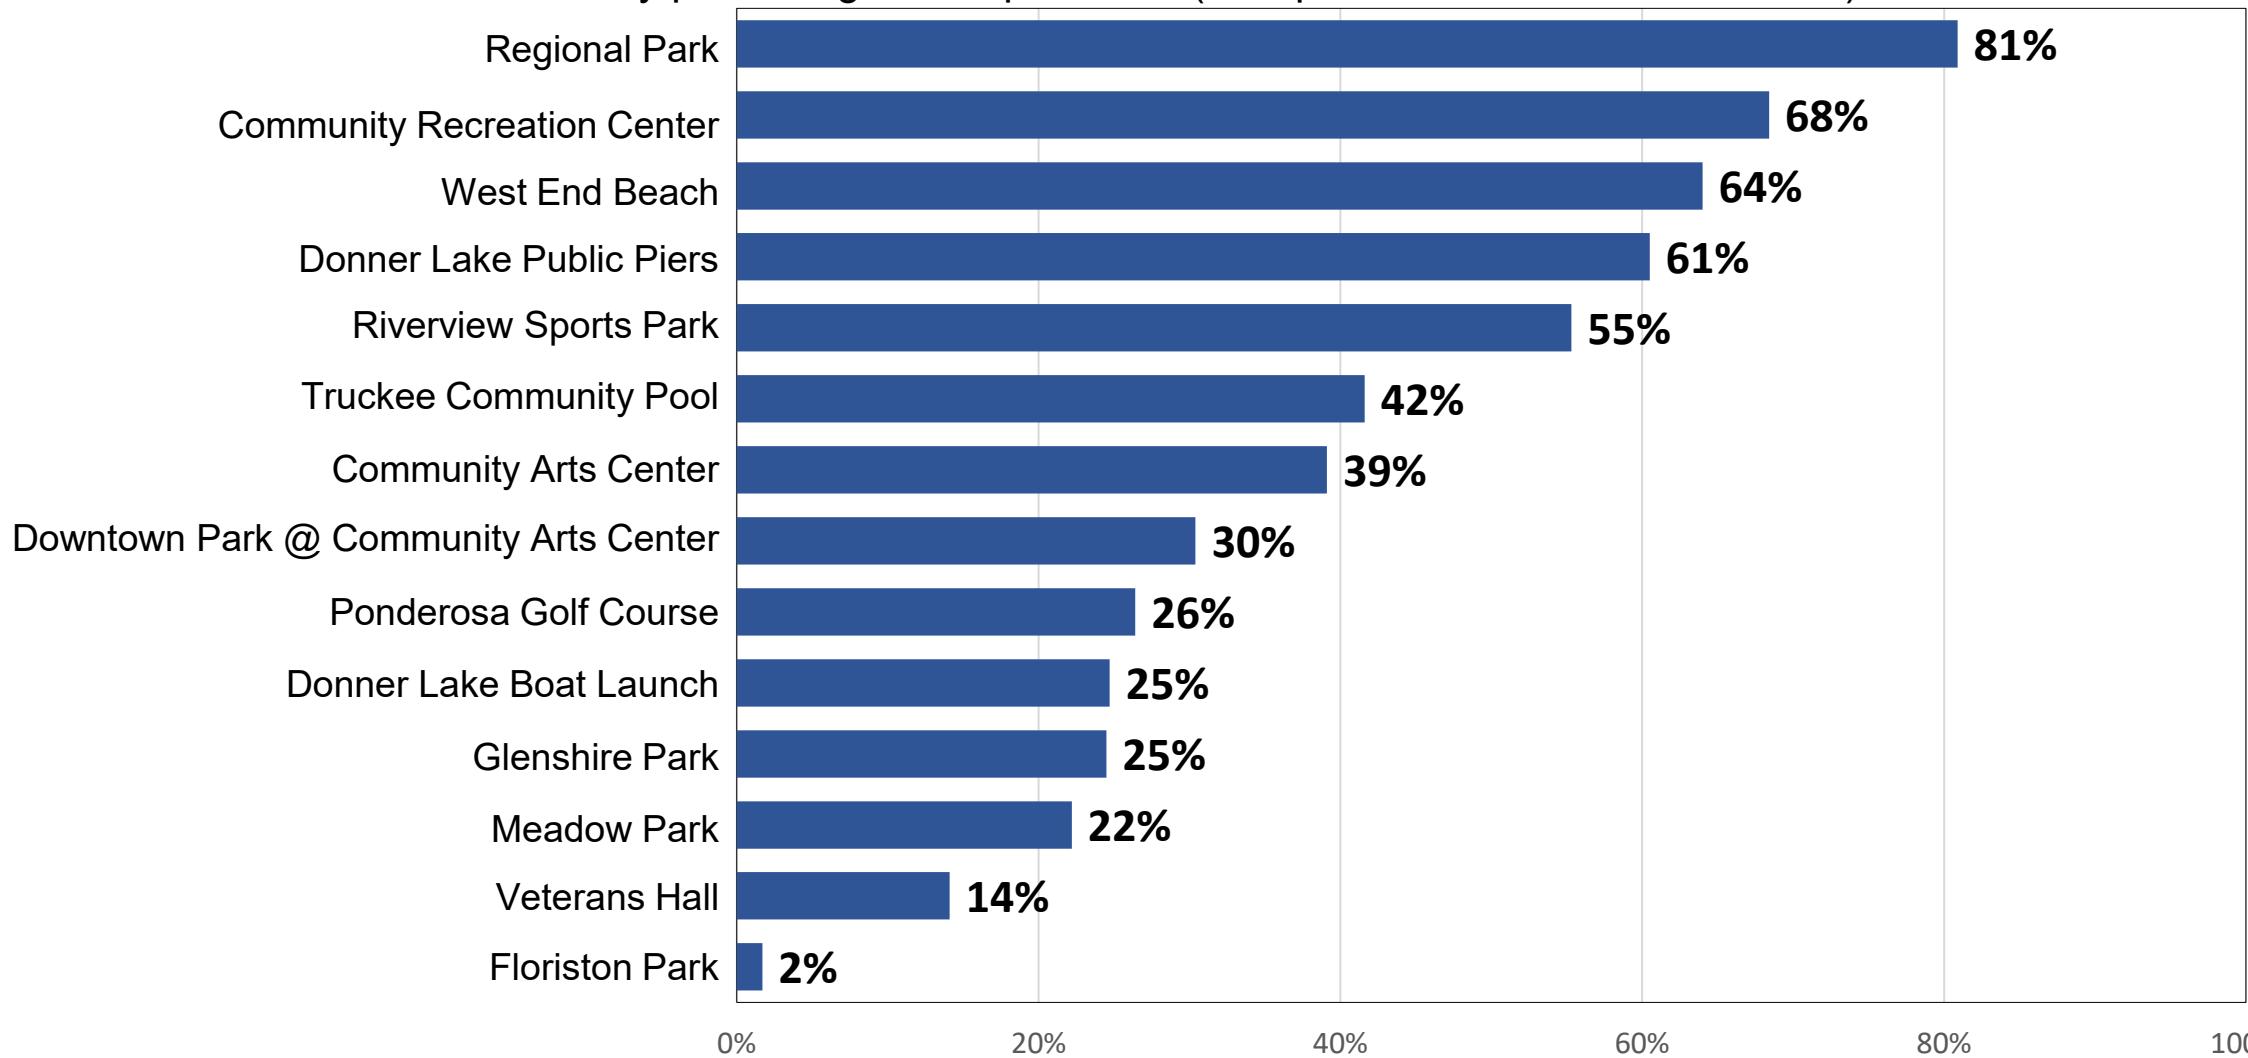

# Q1a. How Would You Rate The OVERALL QUALITY Of The Programs Offered By The Truckee-Donner Recreation & Park District That You Or Members Of Your Household Have Participated In?

by percentage of respondents who have participated in programs

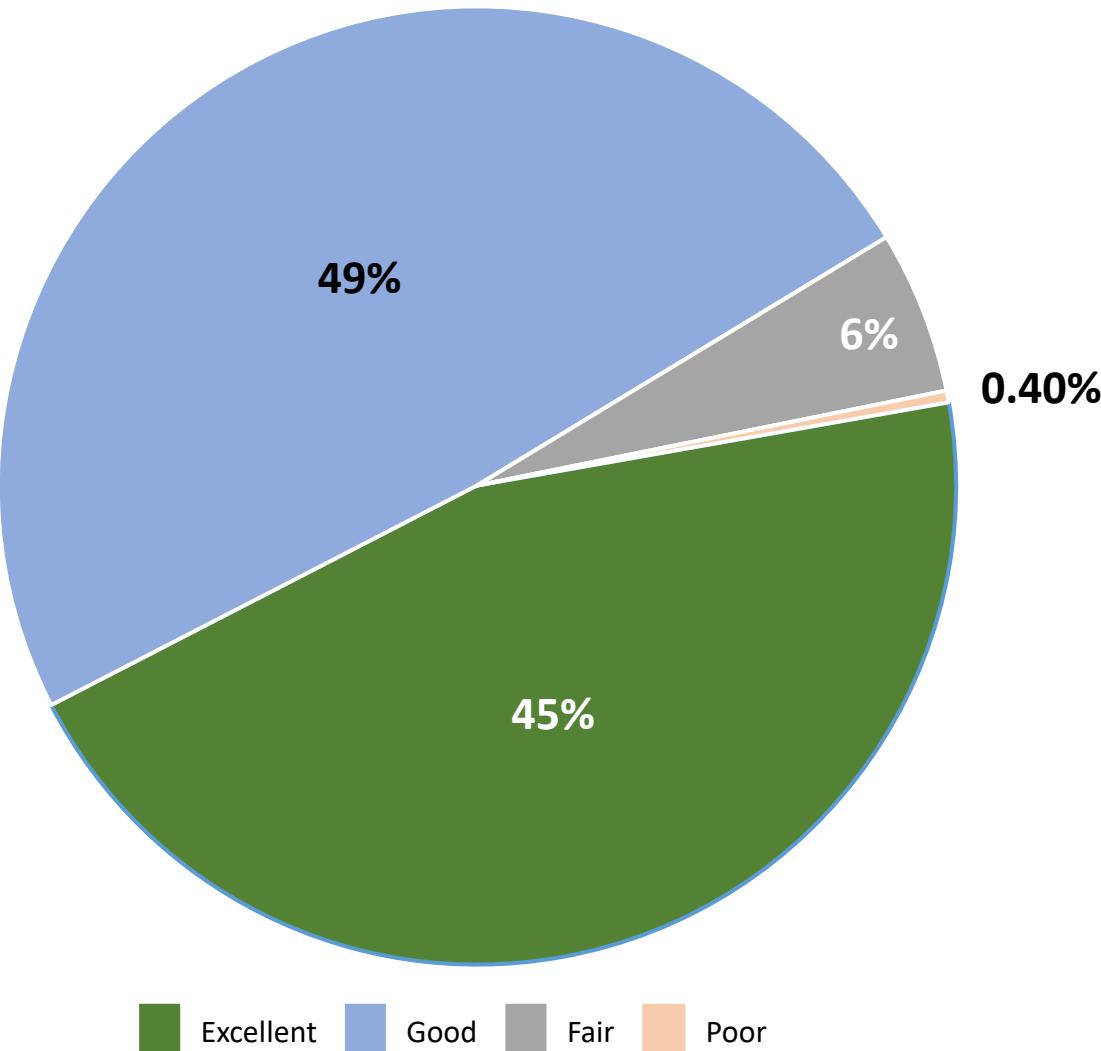

## Q2. From The Following List, Please CHECK ALL Of The Recreation Facilities Or Parks Offered By The Truckee-Donner Recreation & Park District That You Or Members Of Your Household Visited In The Last Year.

by percentage of respondents (multiple selections could be made)

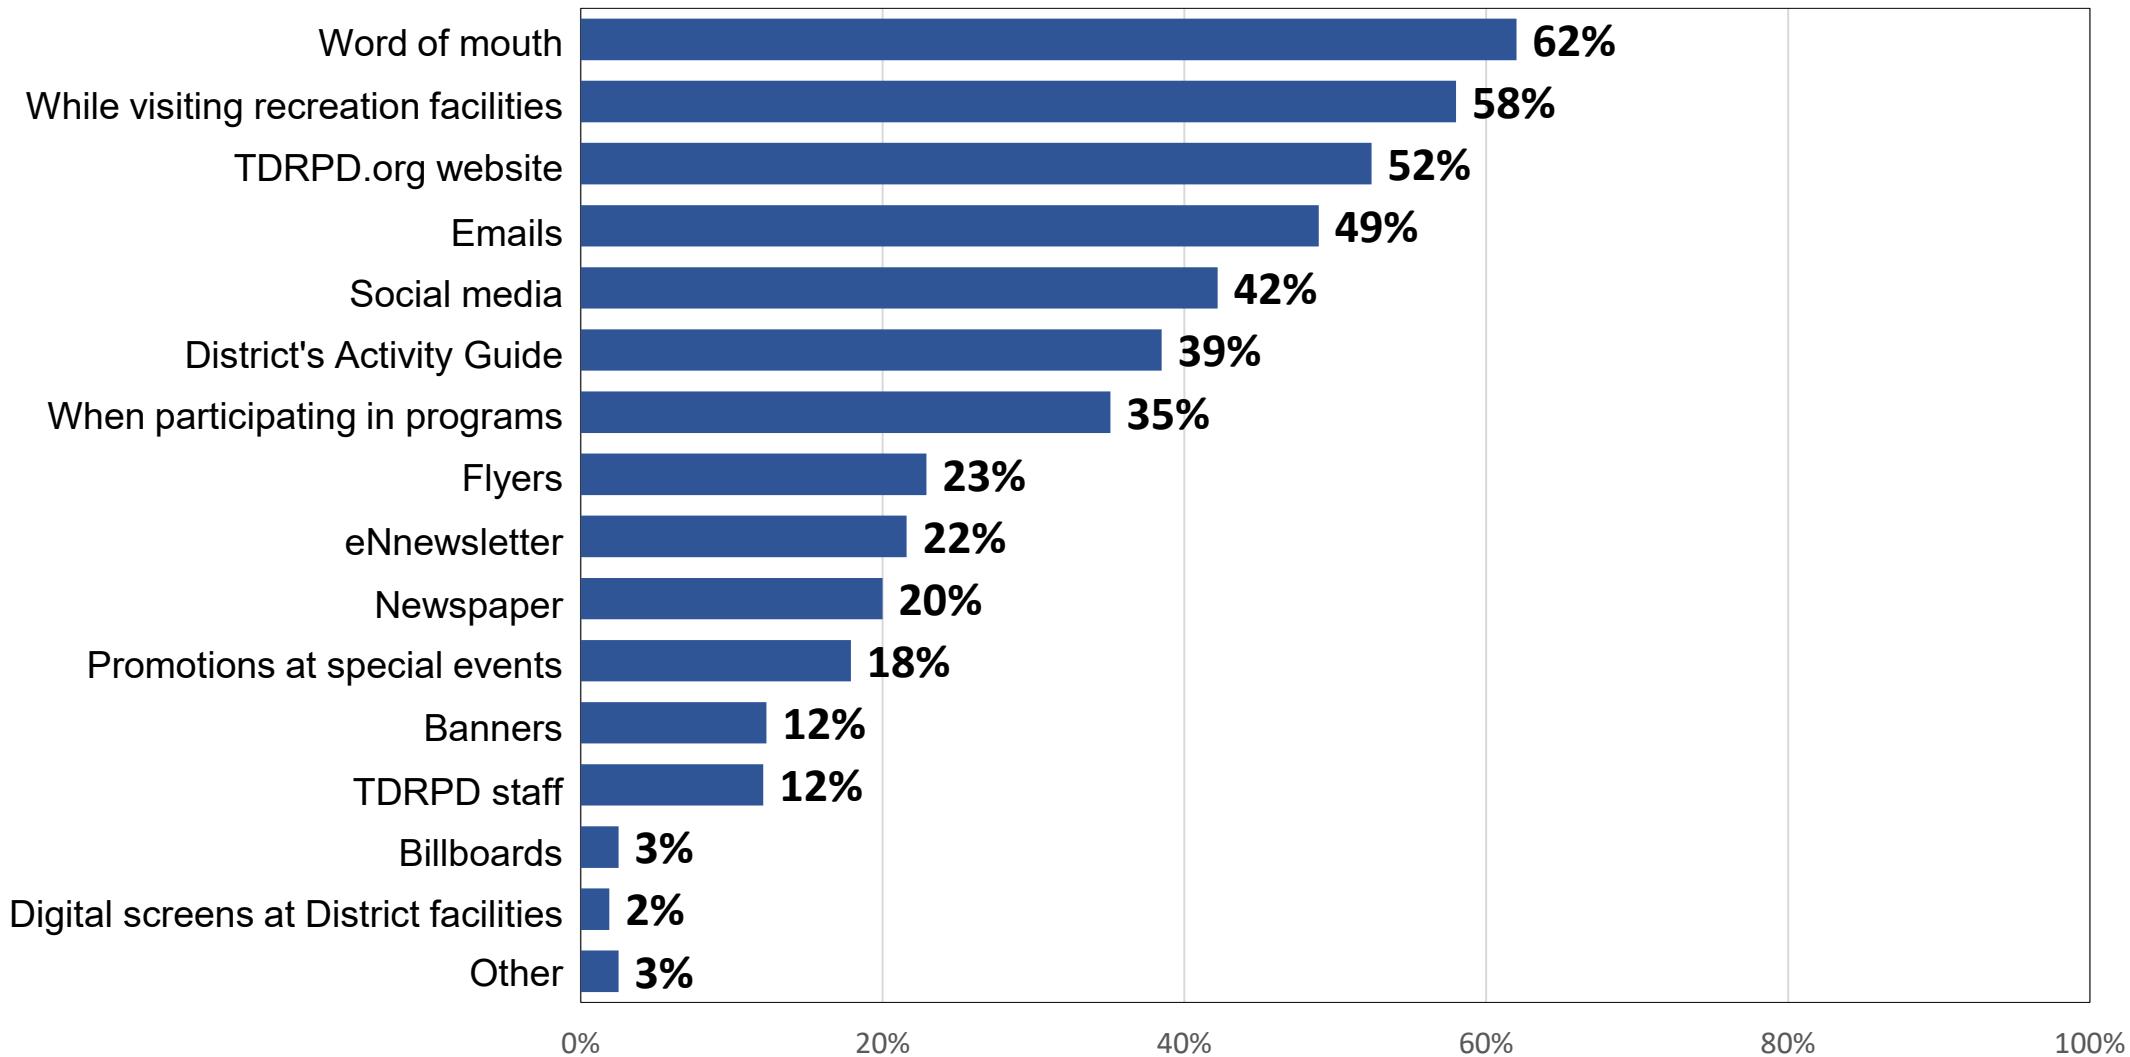

## Q2a. How Would You Rate The OVERALL QUALITY Of The Recreation Facilities Or Parks Offered By The Truckee-Donner Recreation & Park District That You Or Members Of Your Household Have Visited During The Last Year?

by percentage of respondents who have visited facilities or parks

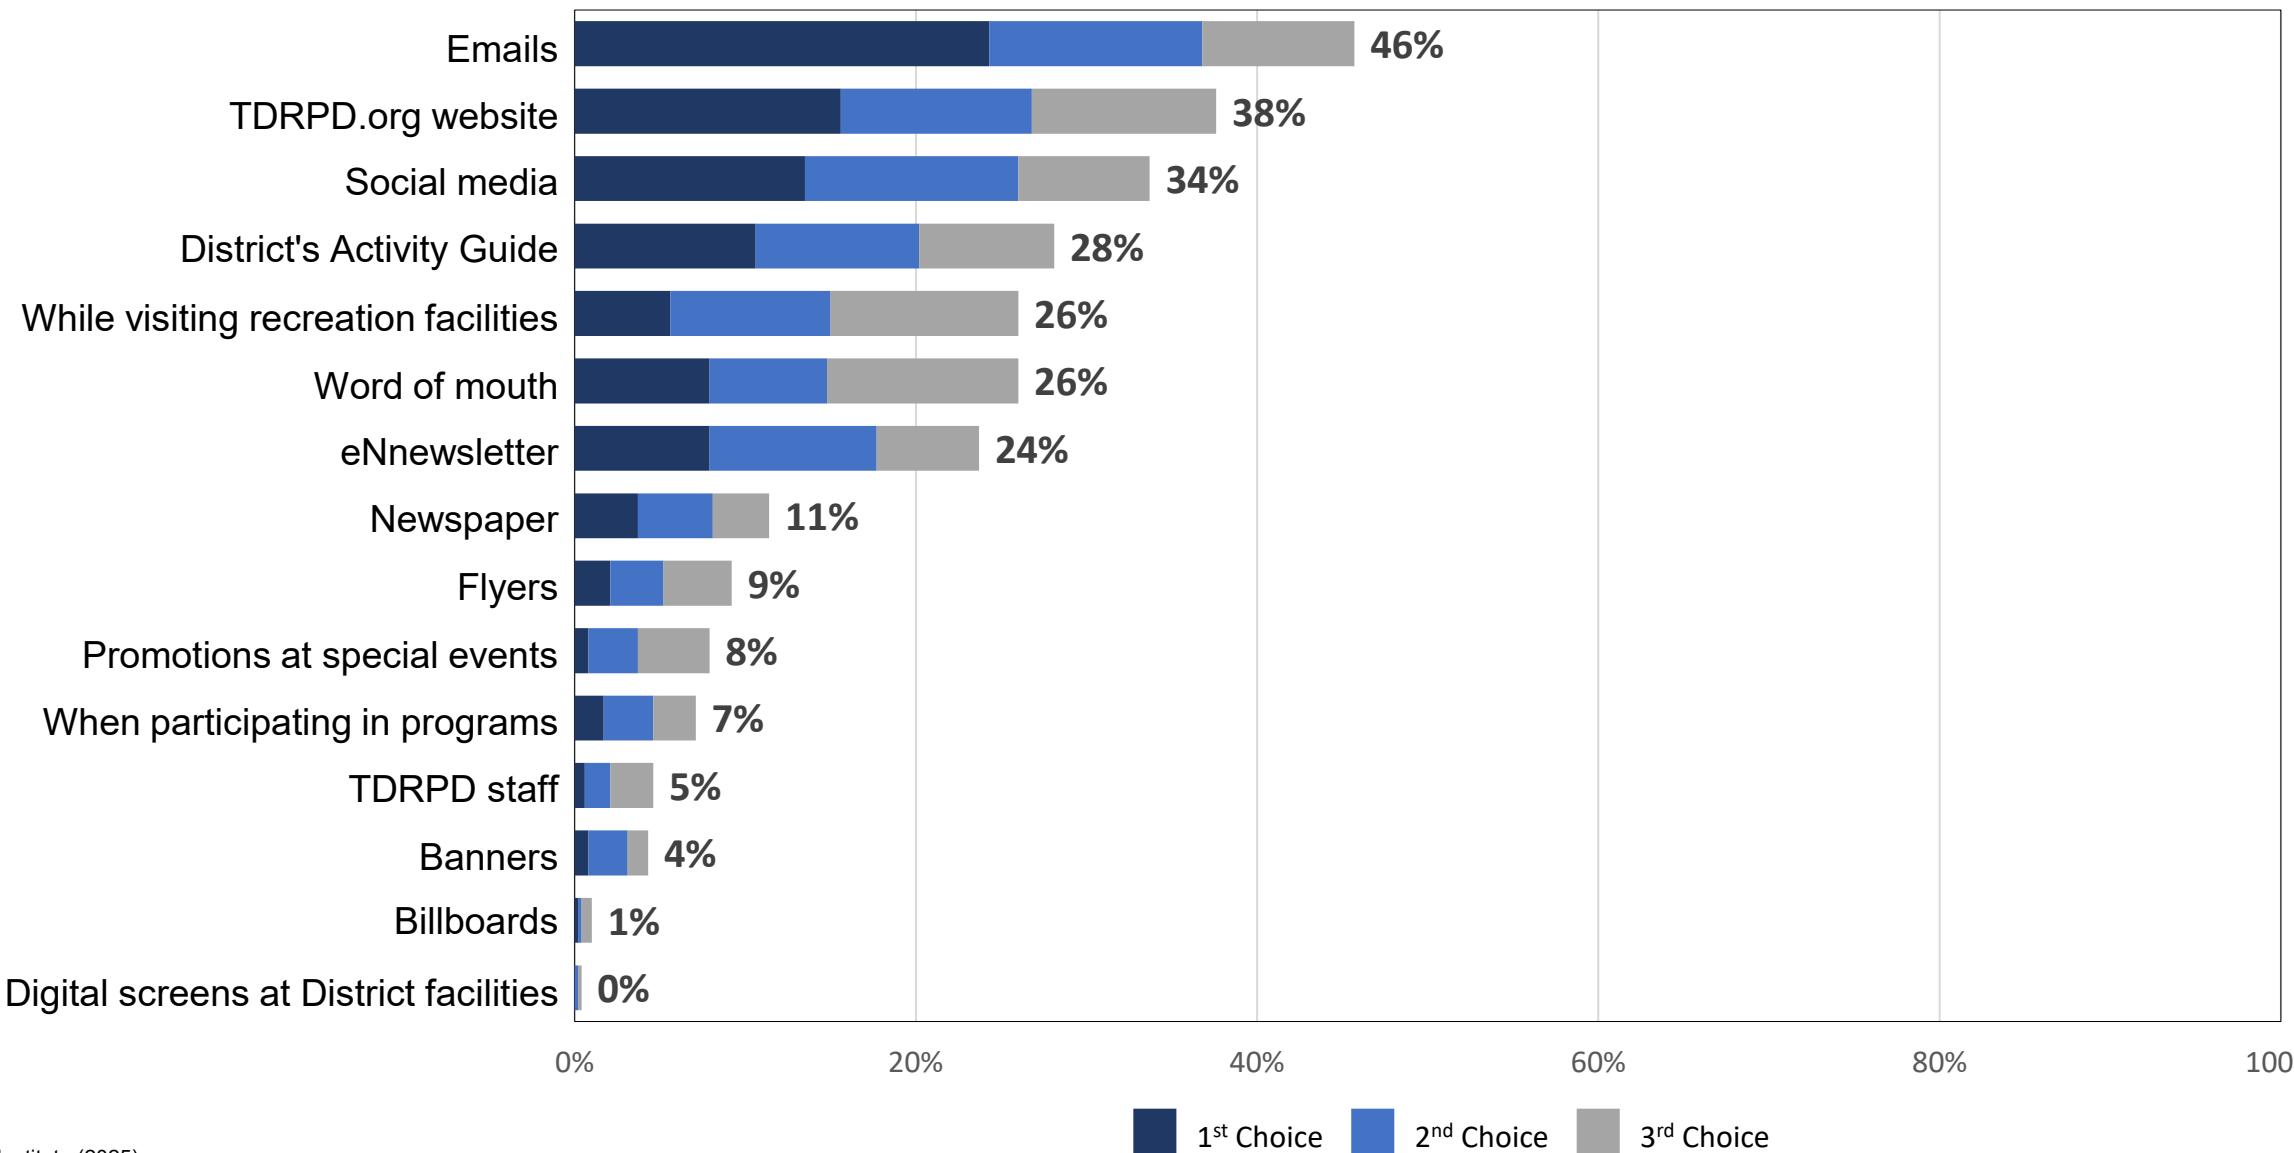

# Q3. From The Following List, Please CHECK ALL The Ways You Currently Learn About District Recreation Programs And Services.

by percentage of respondents (multiple selections could be made)

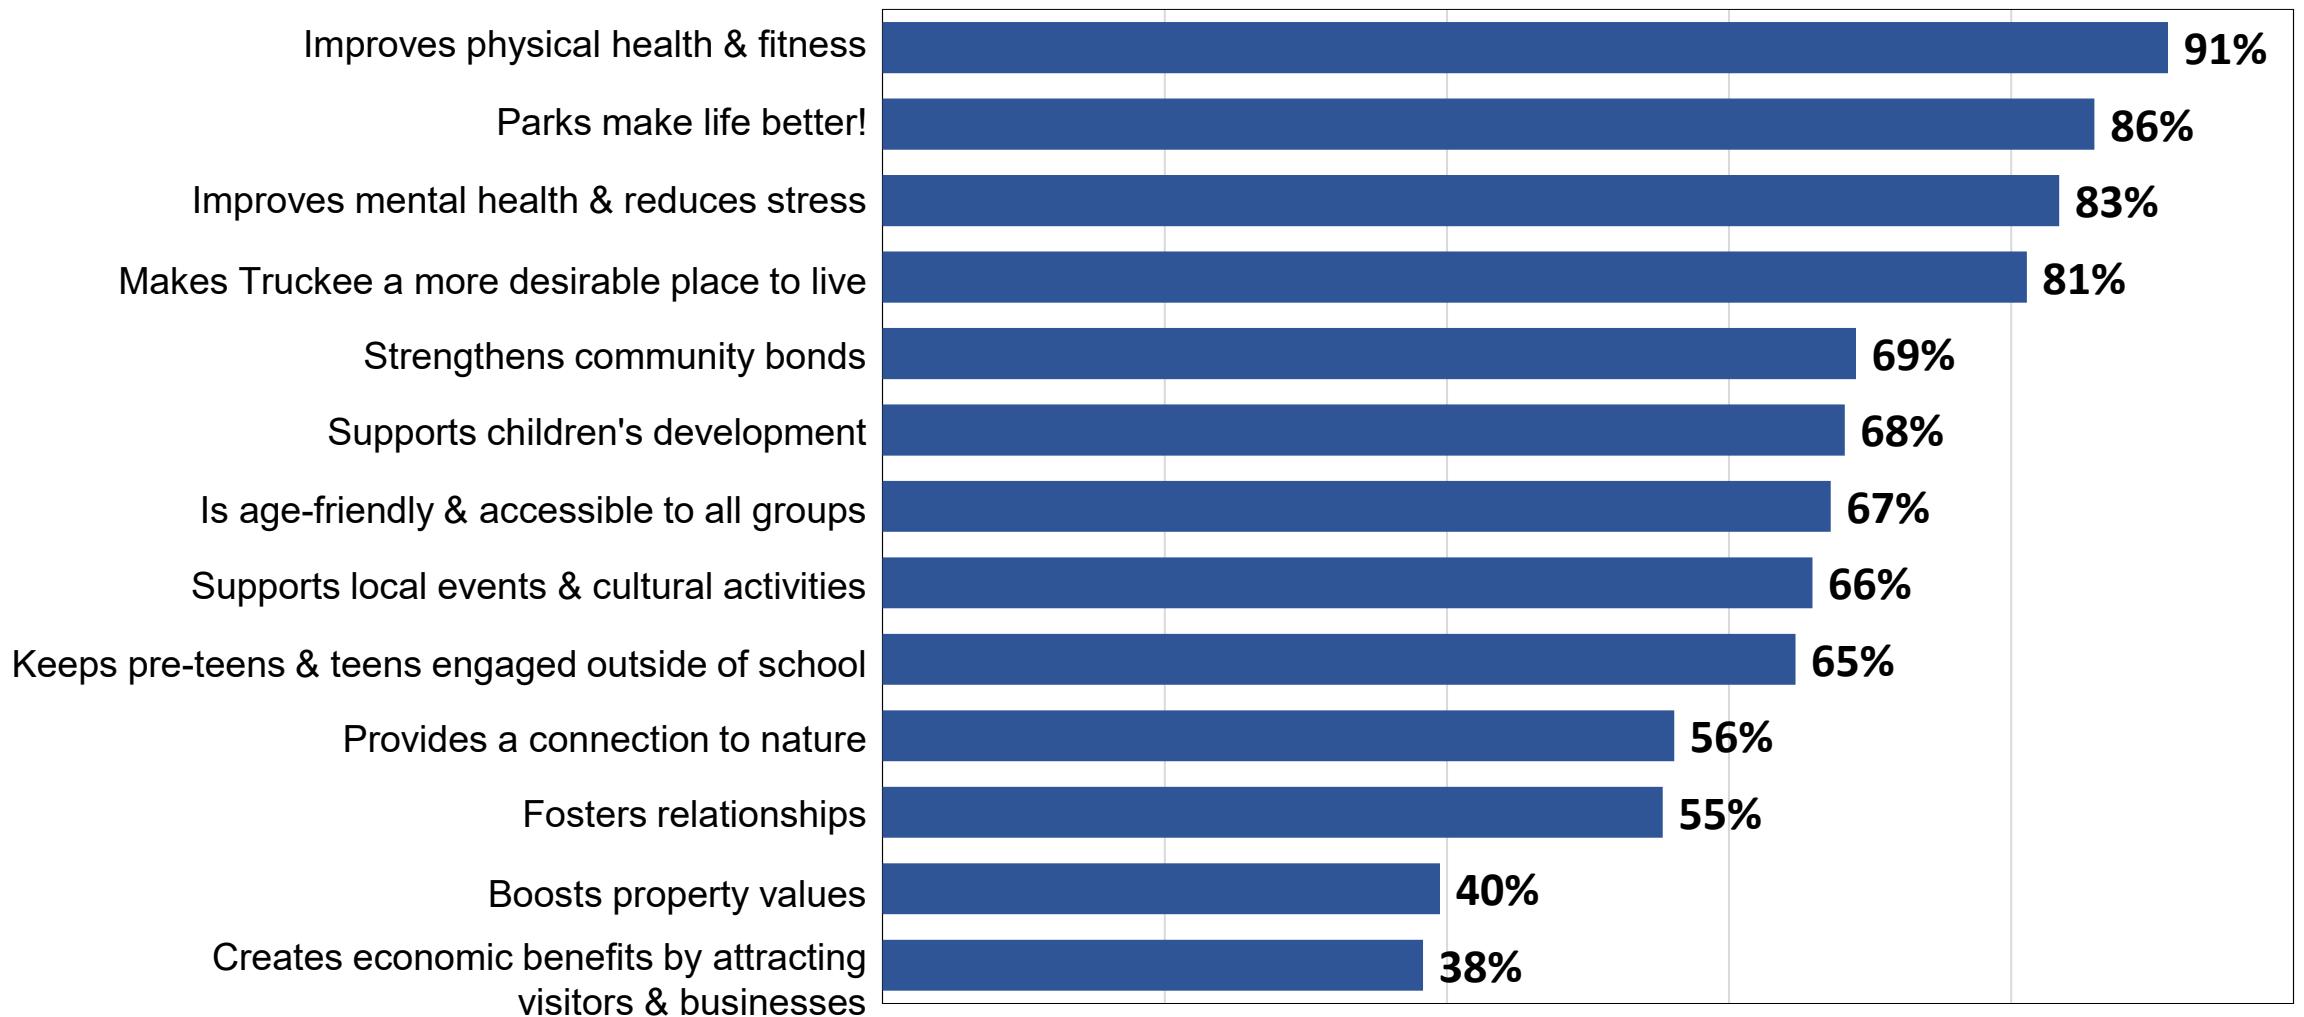

# Q4. Which THREE Sources From The List In Question 3 Are YOUR MOST PREFERRED SOURCES For Learning About Recreation Programs And Activities?

by percentage of respondents who selected the item as one of their top three choices

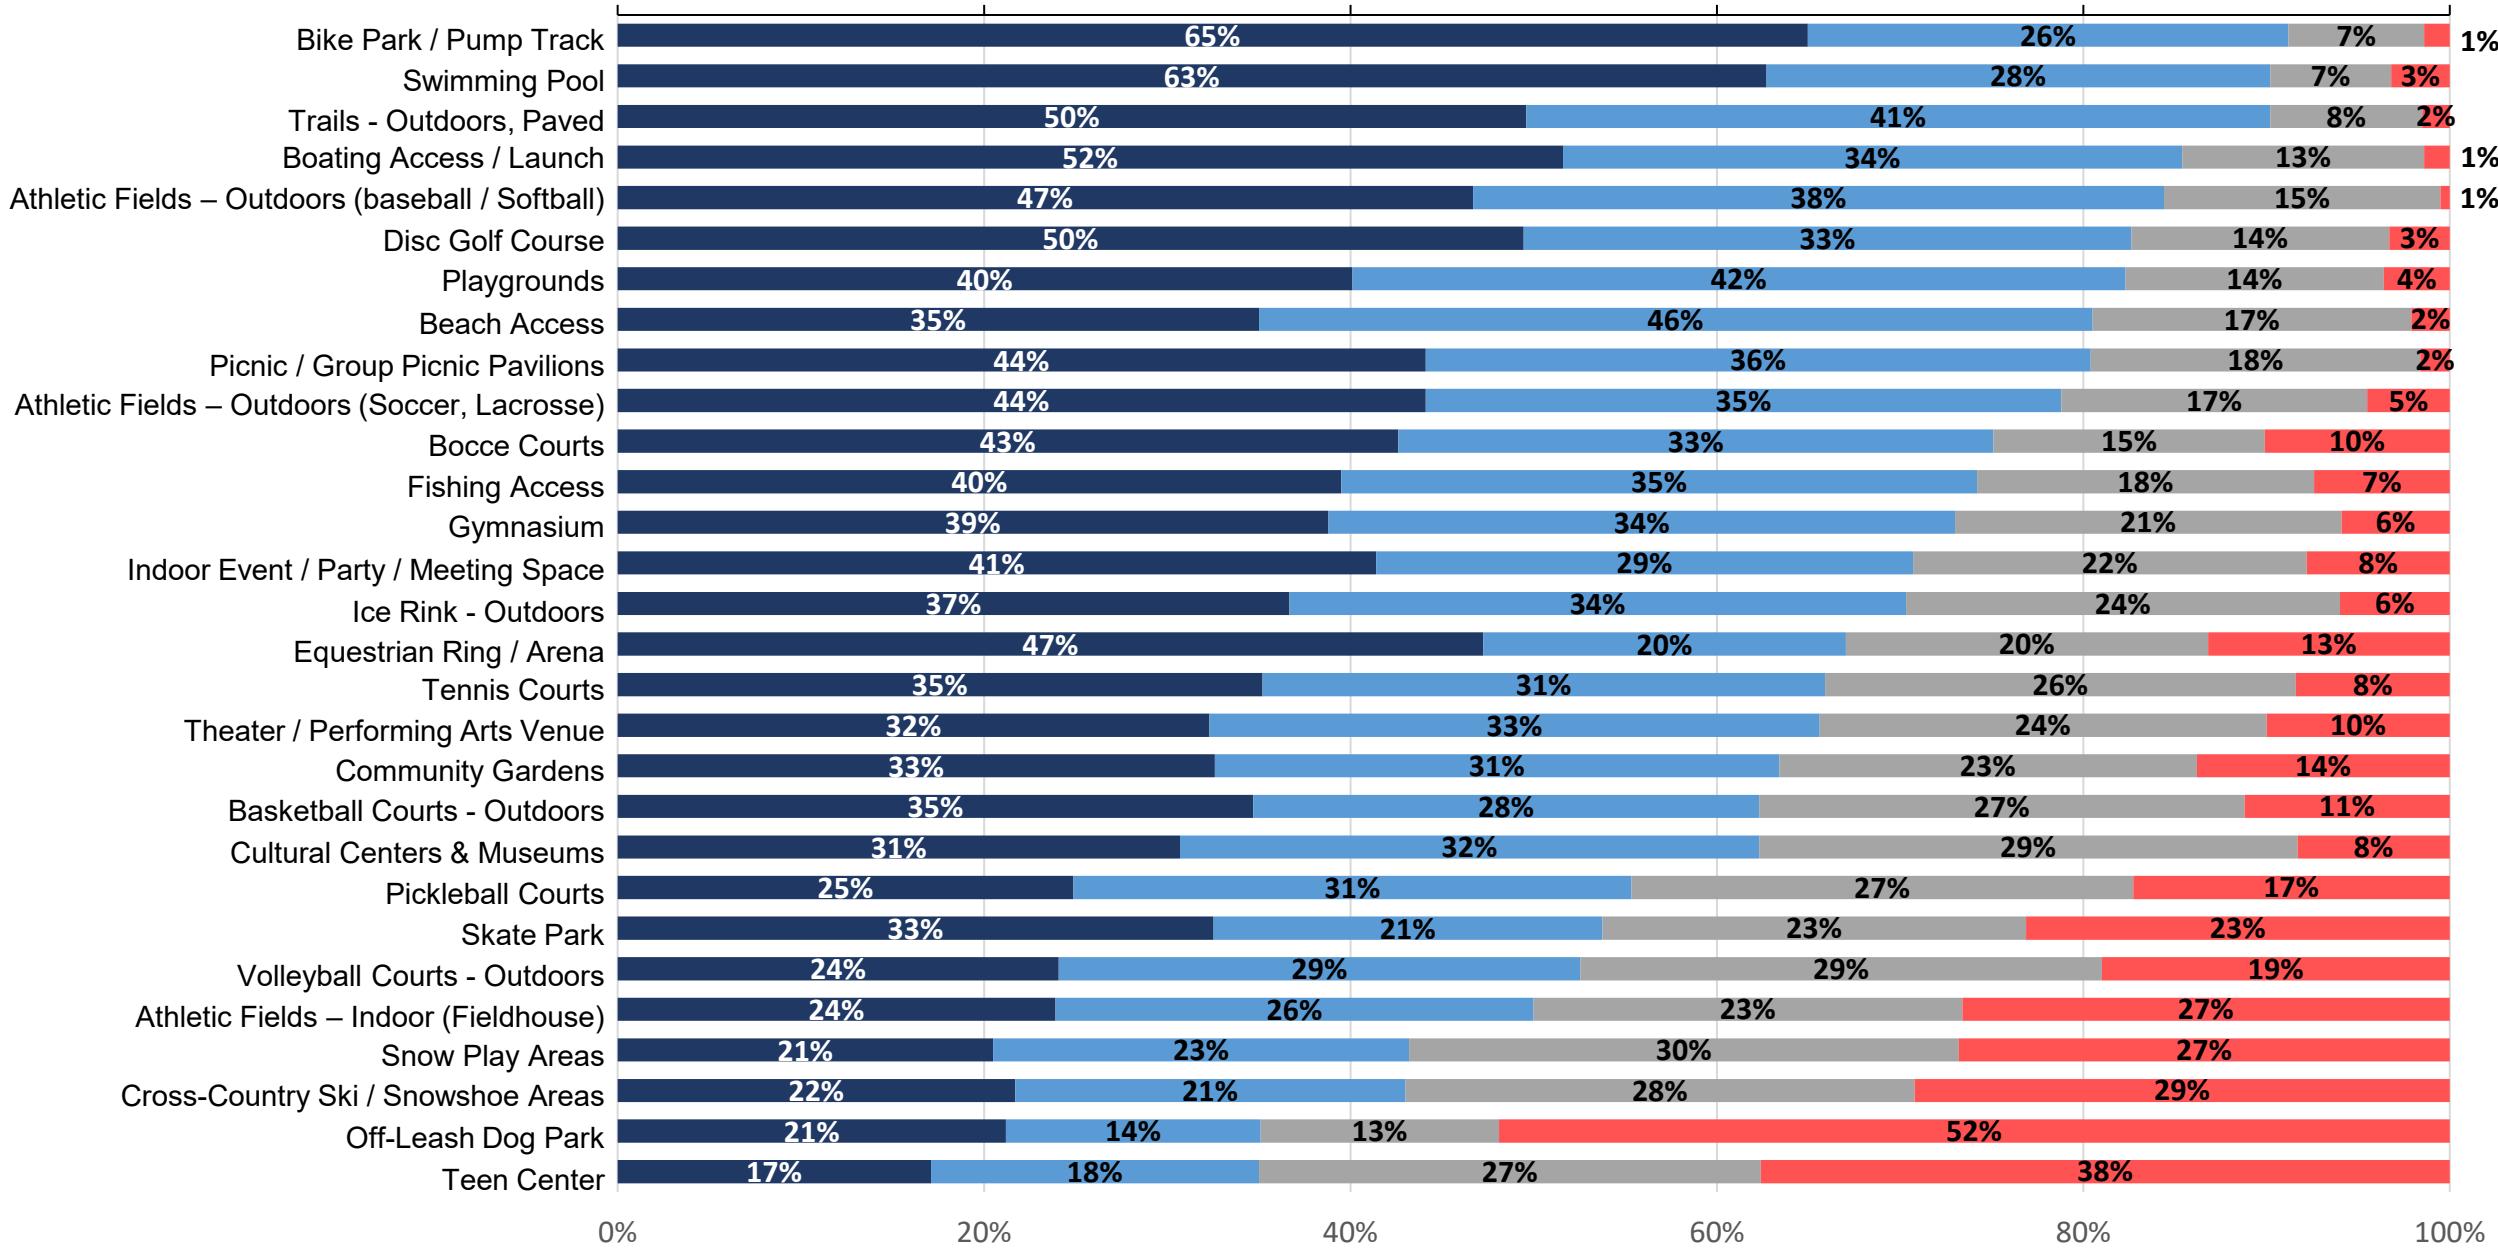

# Q5. Which Of The Following Statements Concerning Some Potential Benefits Of Recreation And Park Facilities, Programs, Or Services Do You Agree With?

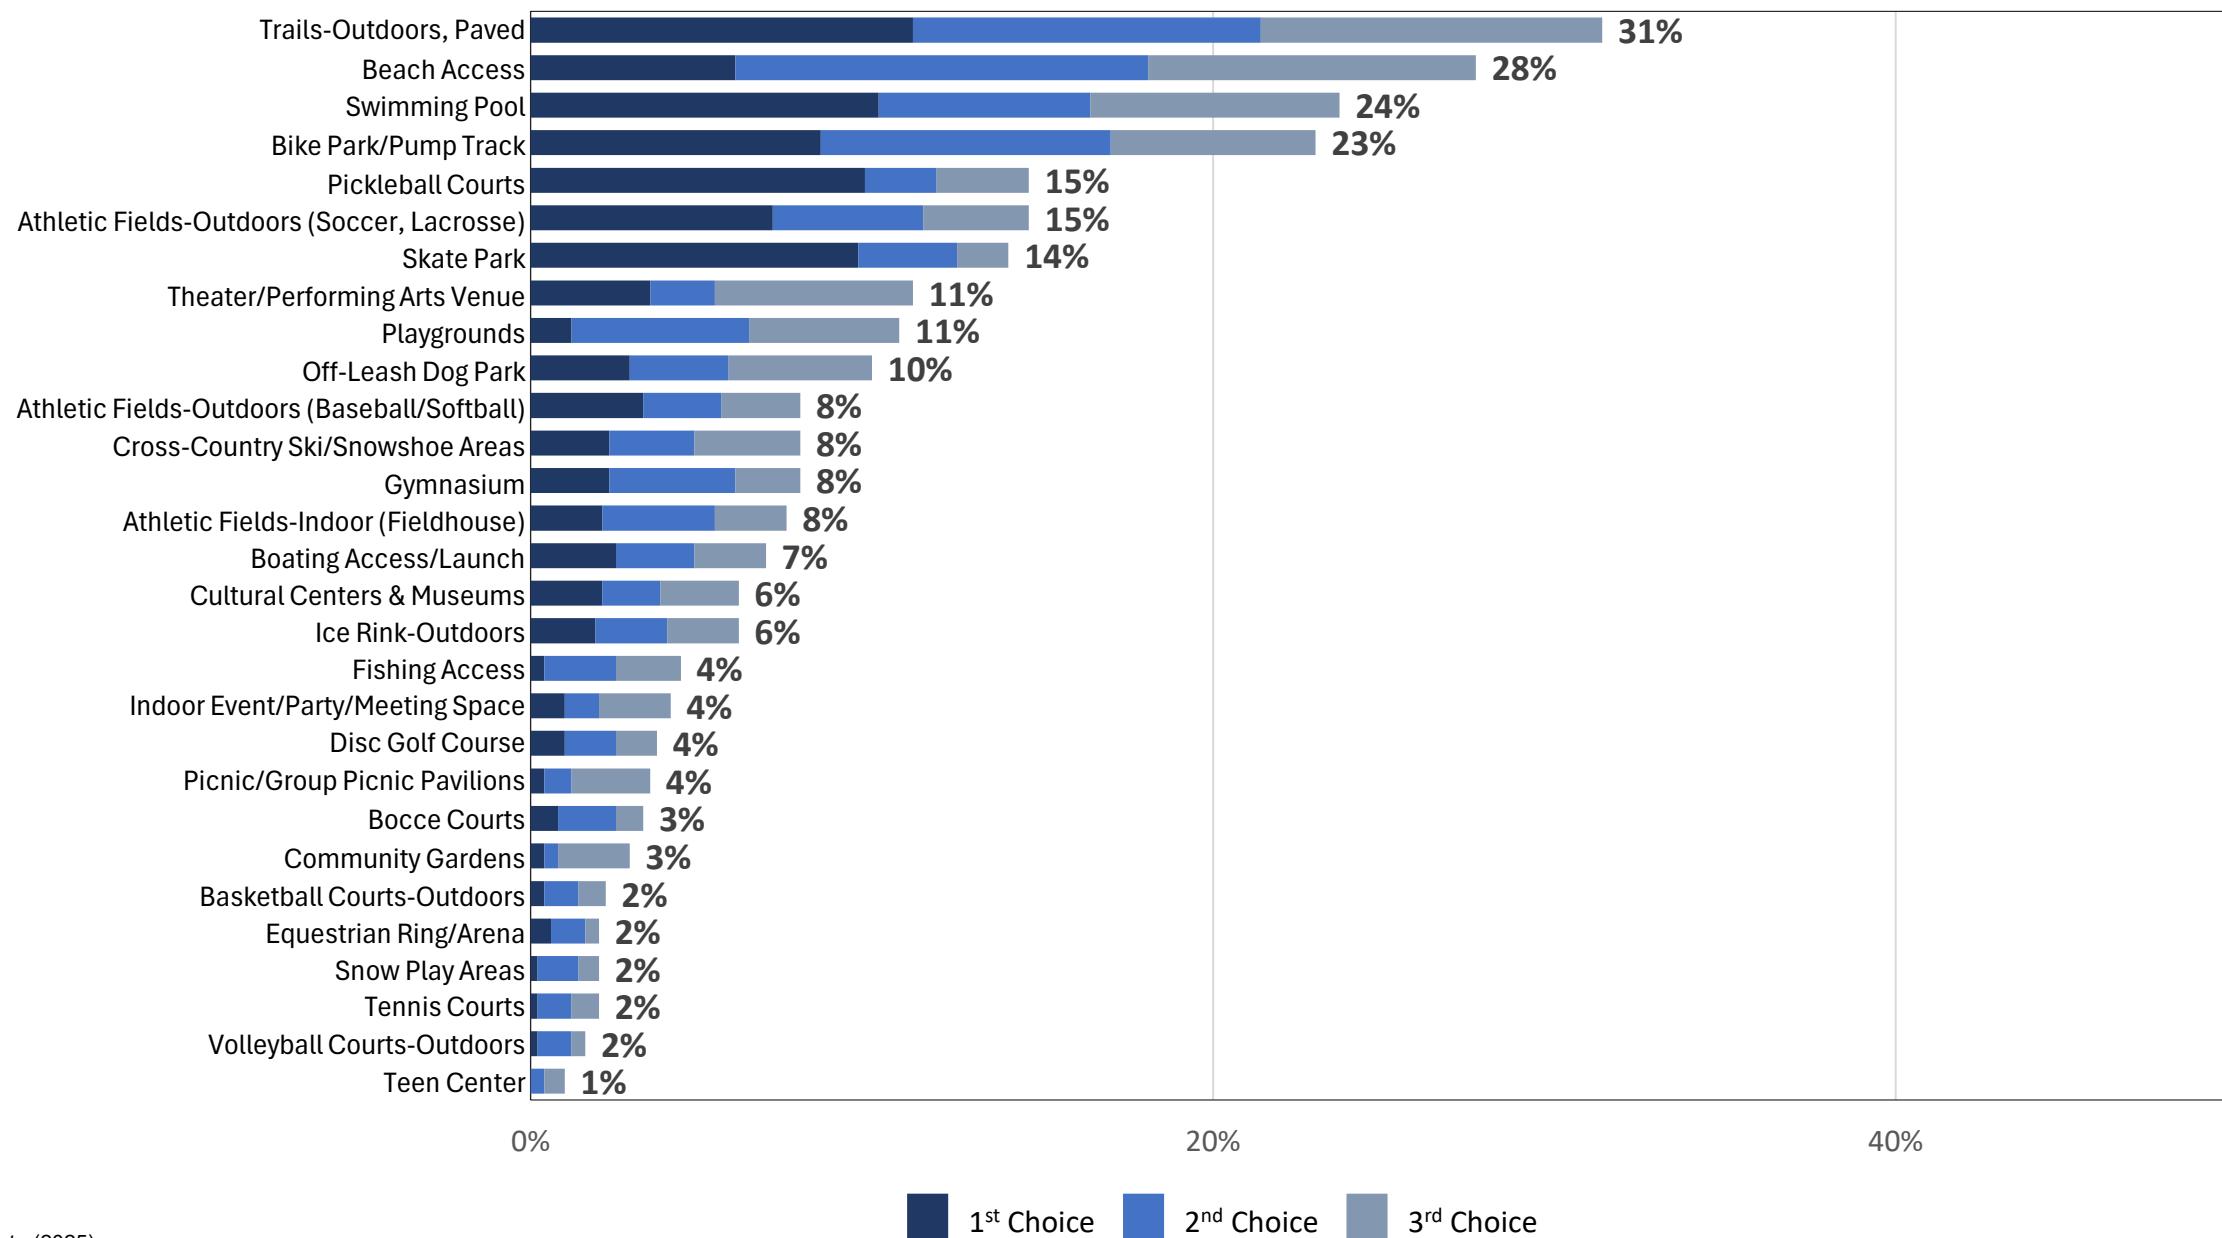

by percentage of respondents (multiple selections could be made)

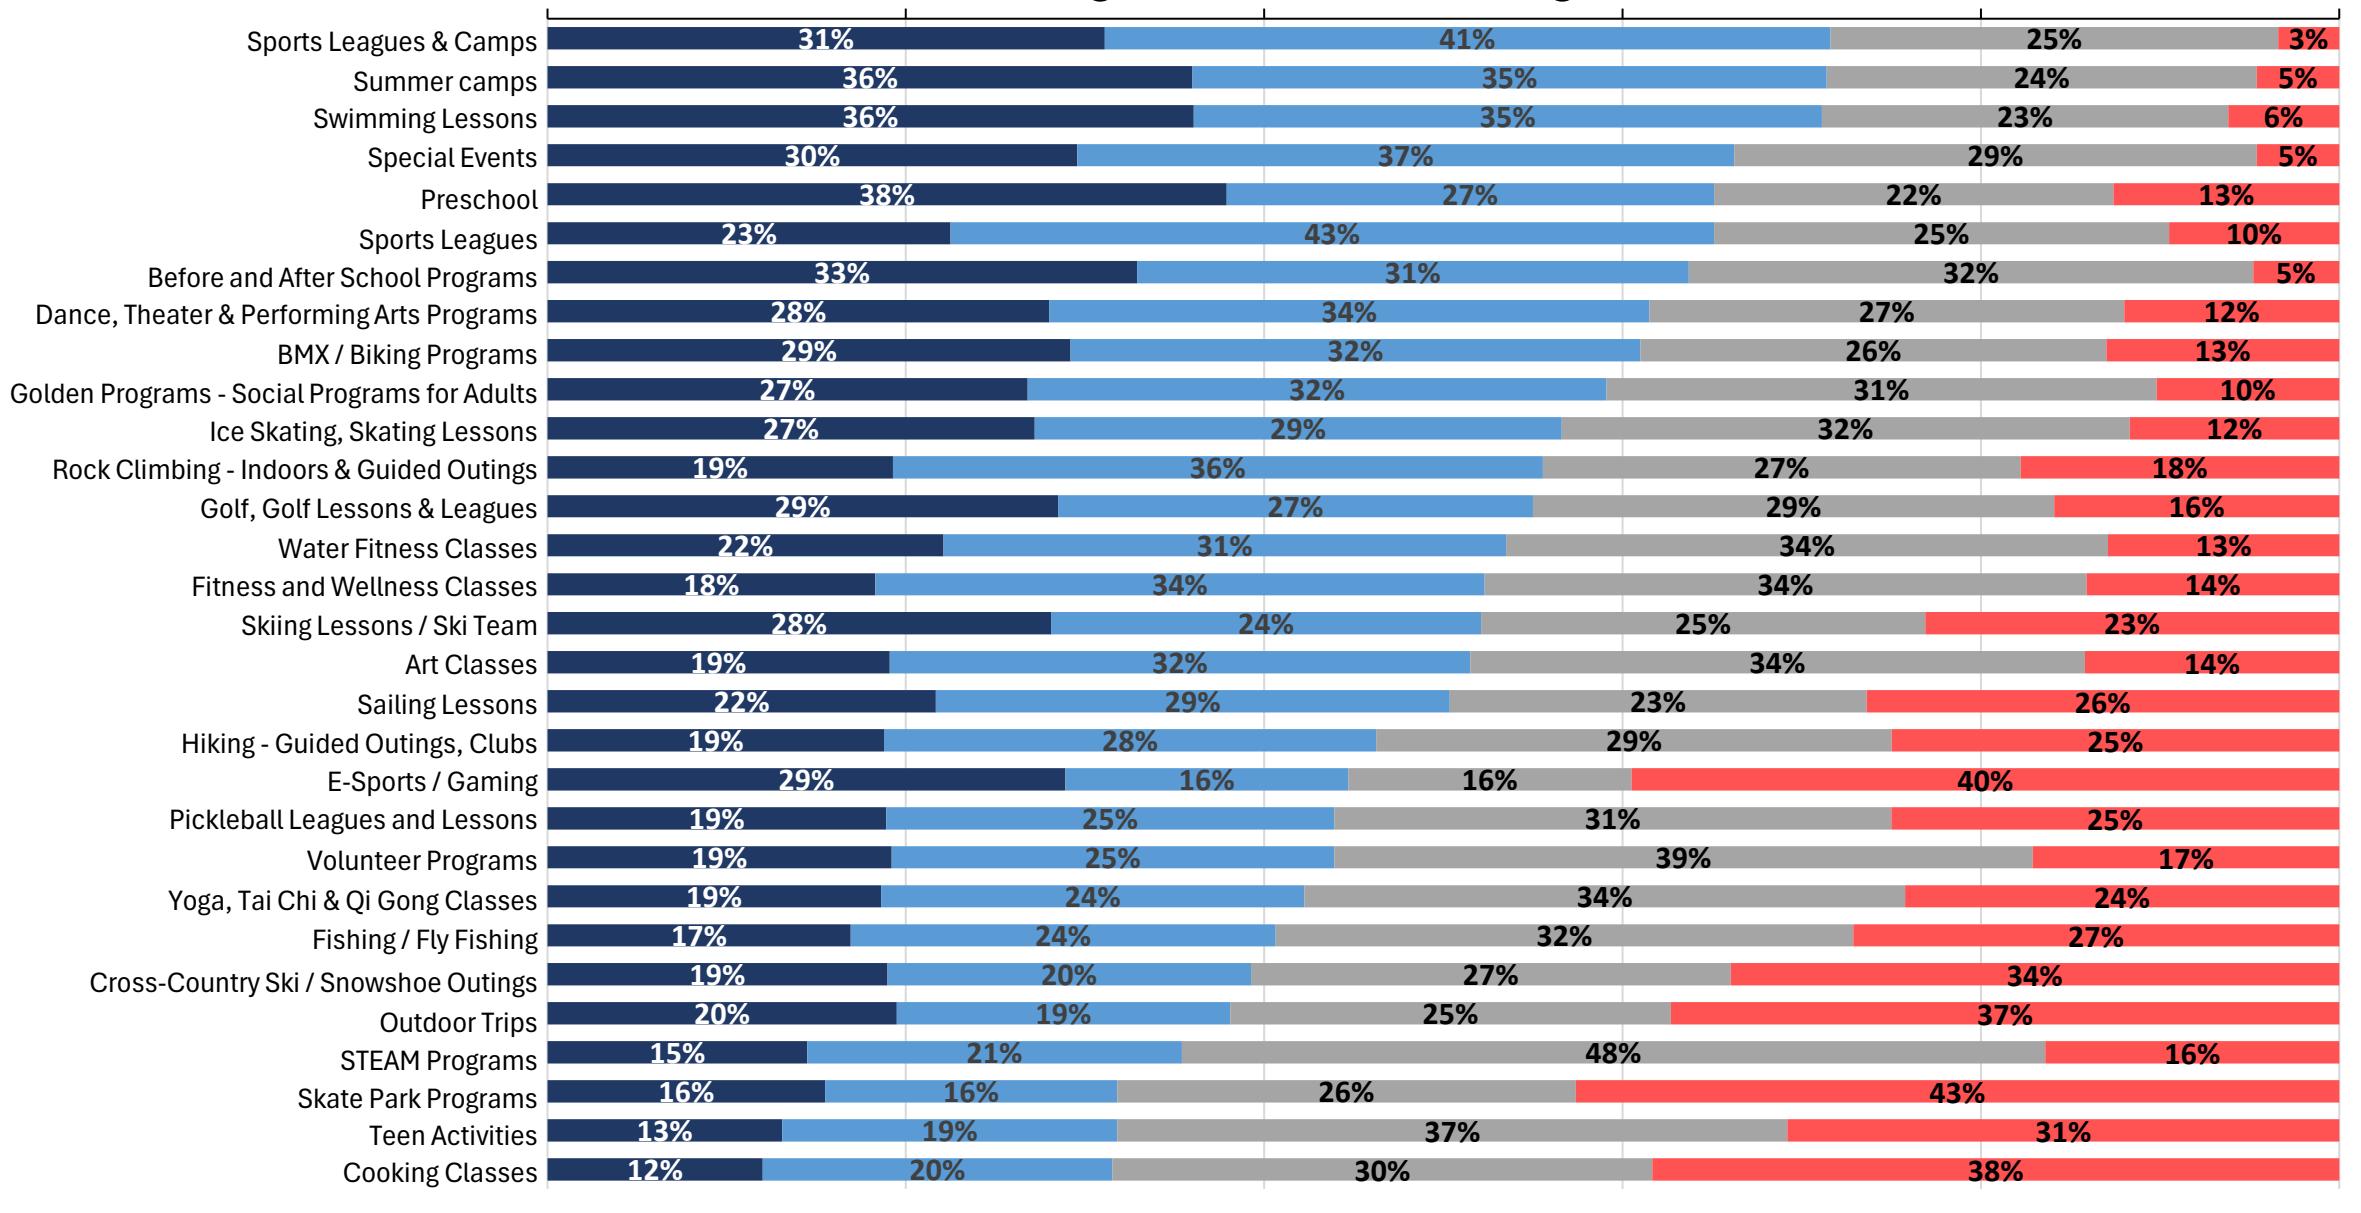

## Q6. How Well Your Needs Are Being Met For Each Facility And Amenity

**Q7. Which THREE Facilities/Amenities From The List In Question 6 Are MOST IMPORTANT To Your Household?**  
 by percentage of respondents who selected the item as one of their top three choices

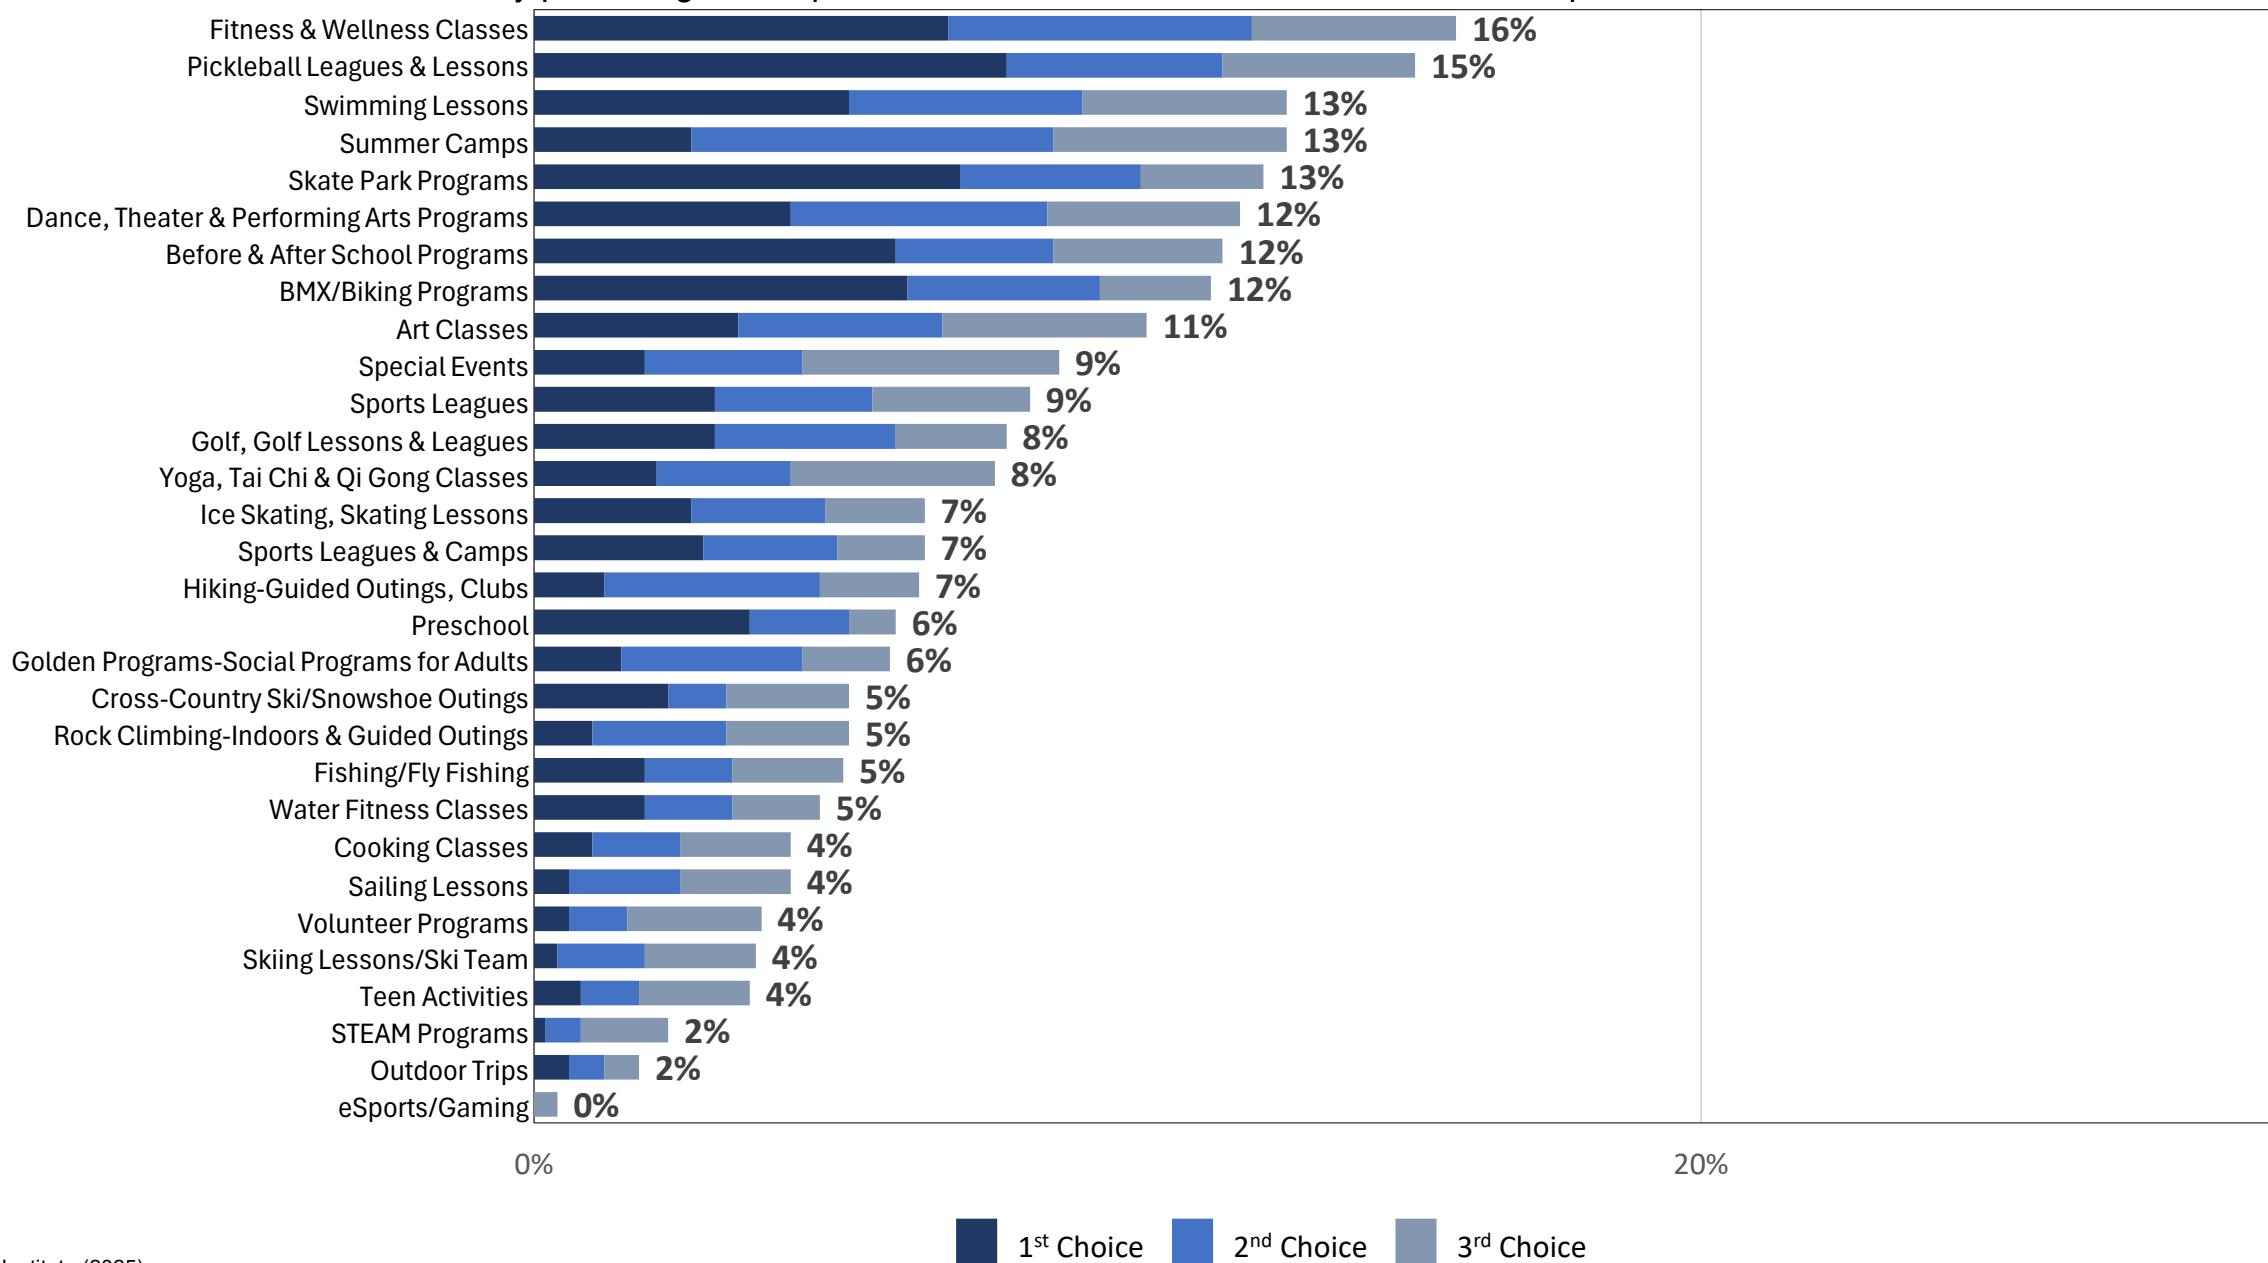

## Q8. How Well Your Needs Are Being Met For Each Programs And Activities

0% 20% 40% 60% 80% 100%

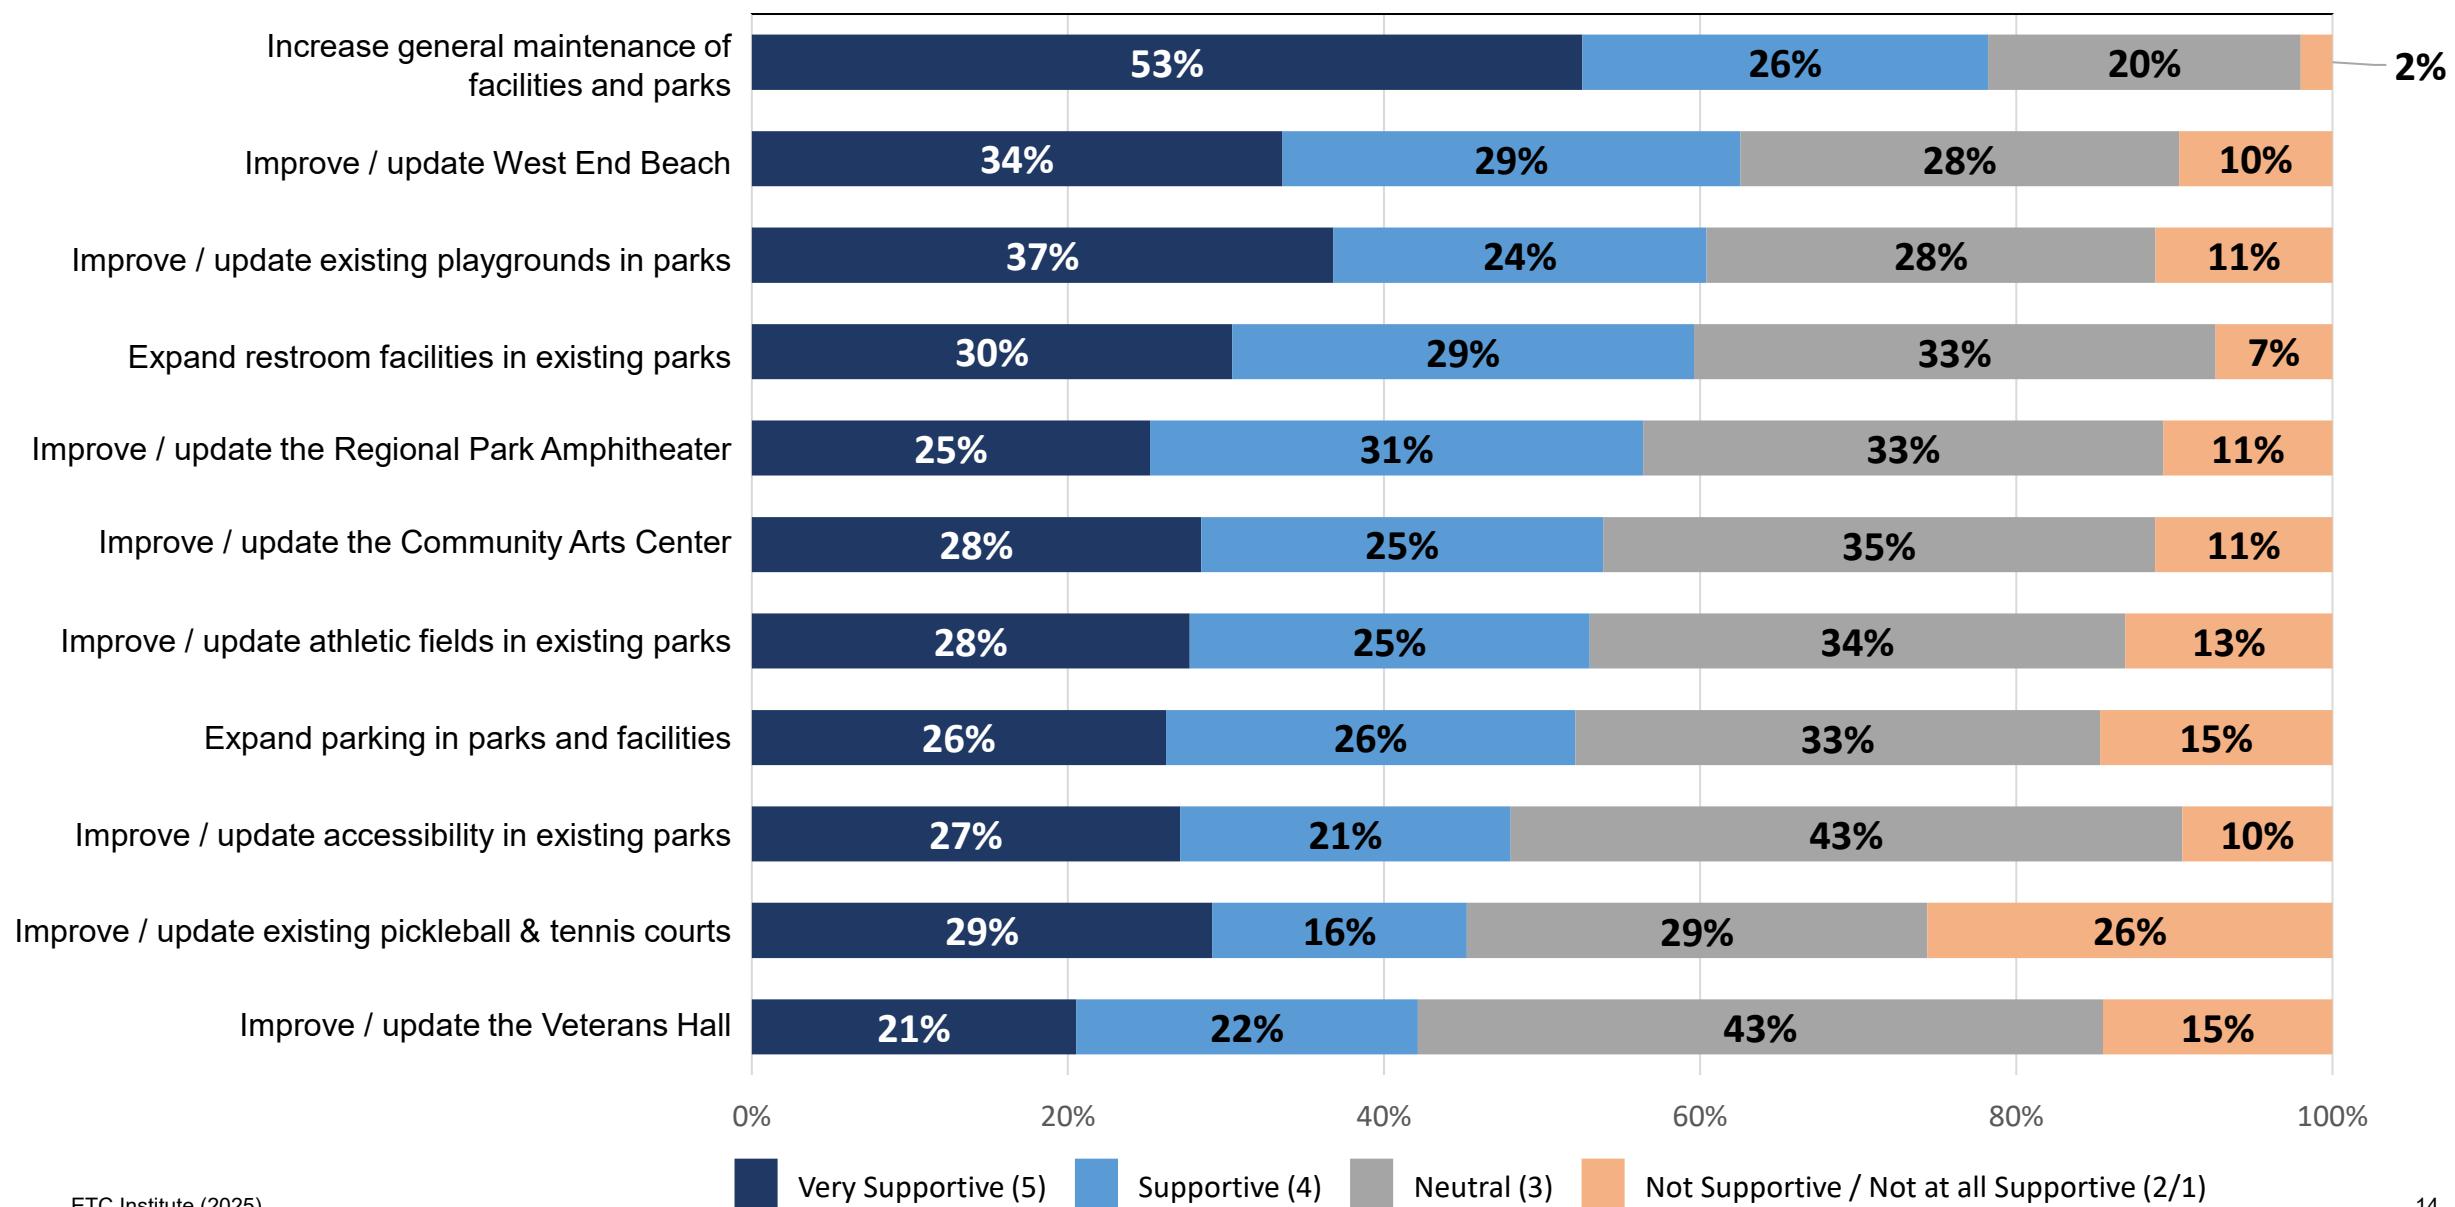

## Q9. Which THREE Programs/Activities From The List In Question 8 Are MOST IMPORTANT To Your Household?

by percentage of respondents who selected the item as one of their top three choices

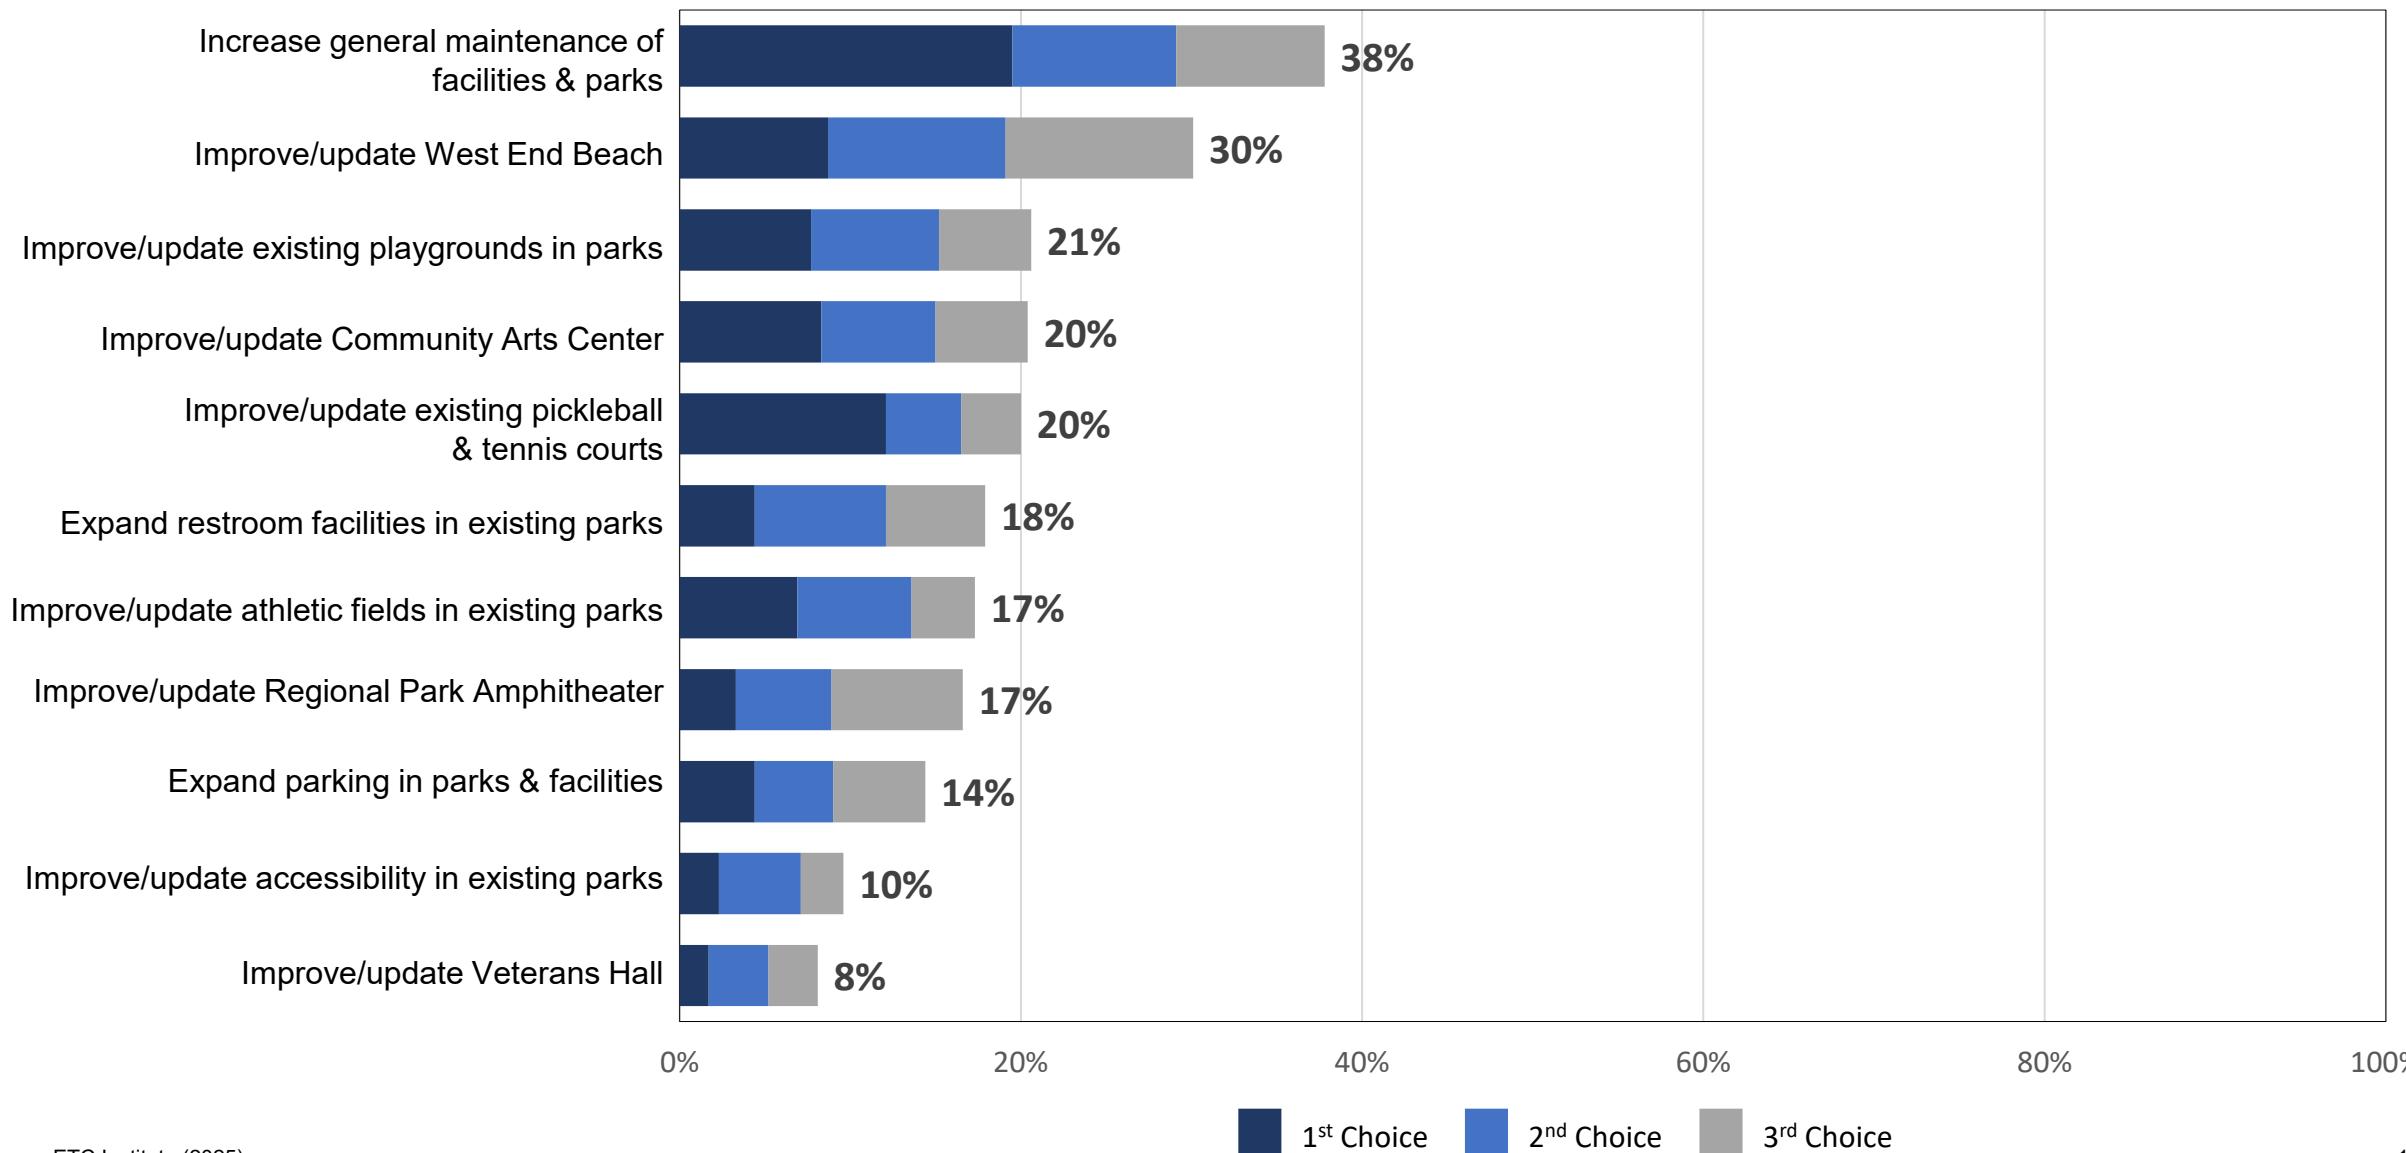

# Q10. Support For Each Potential Action To Improve Facilities or Parks

by percentage of respondents (excluding don't know)

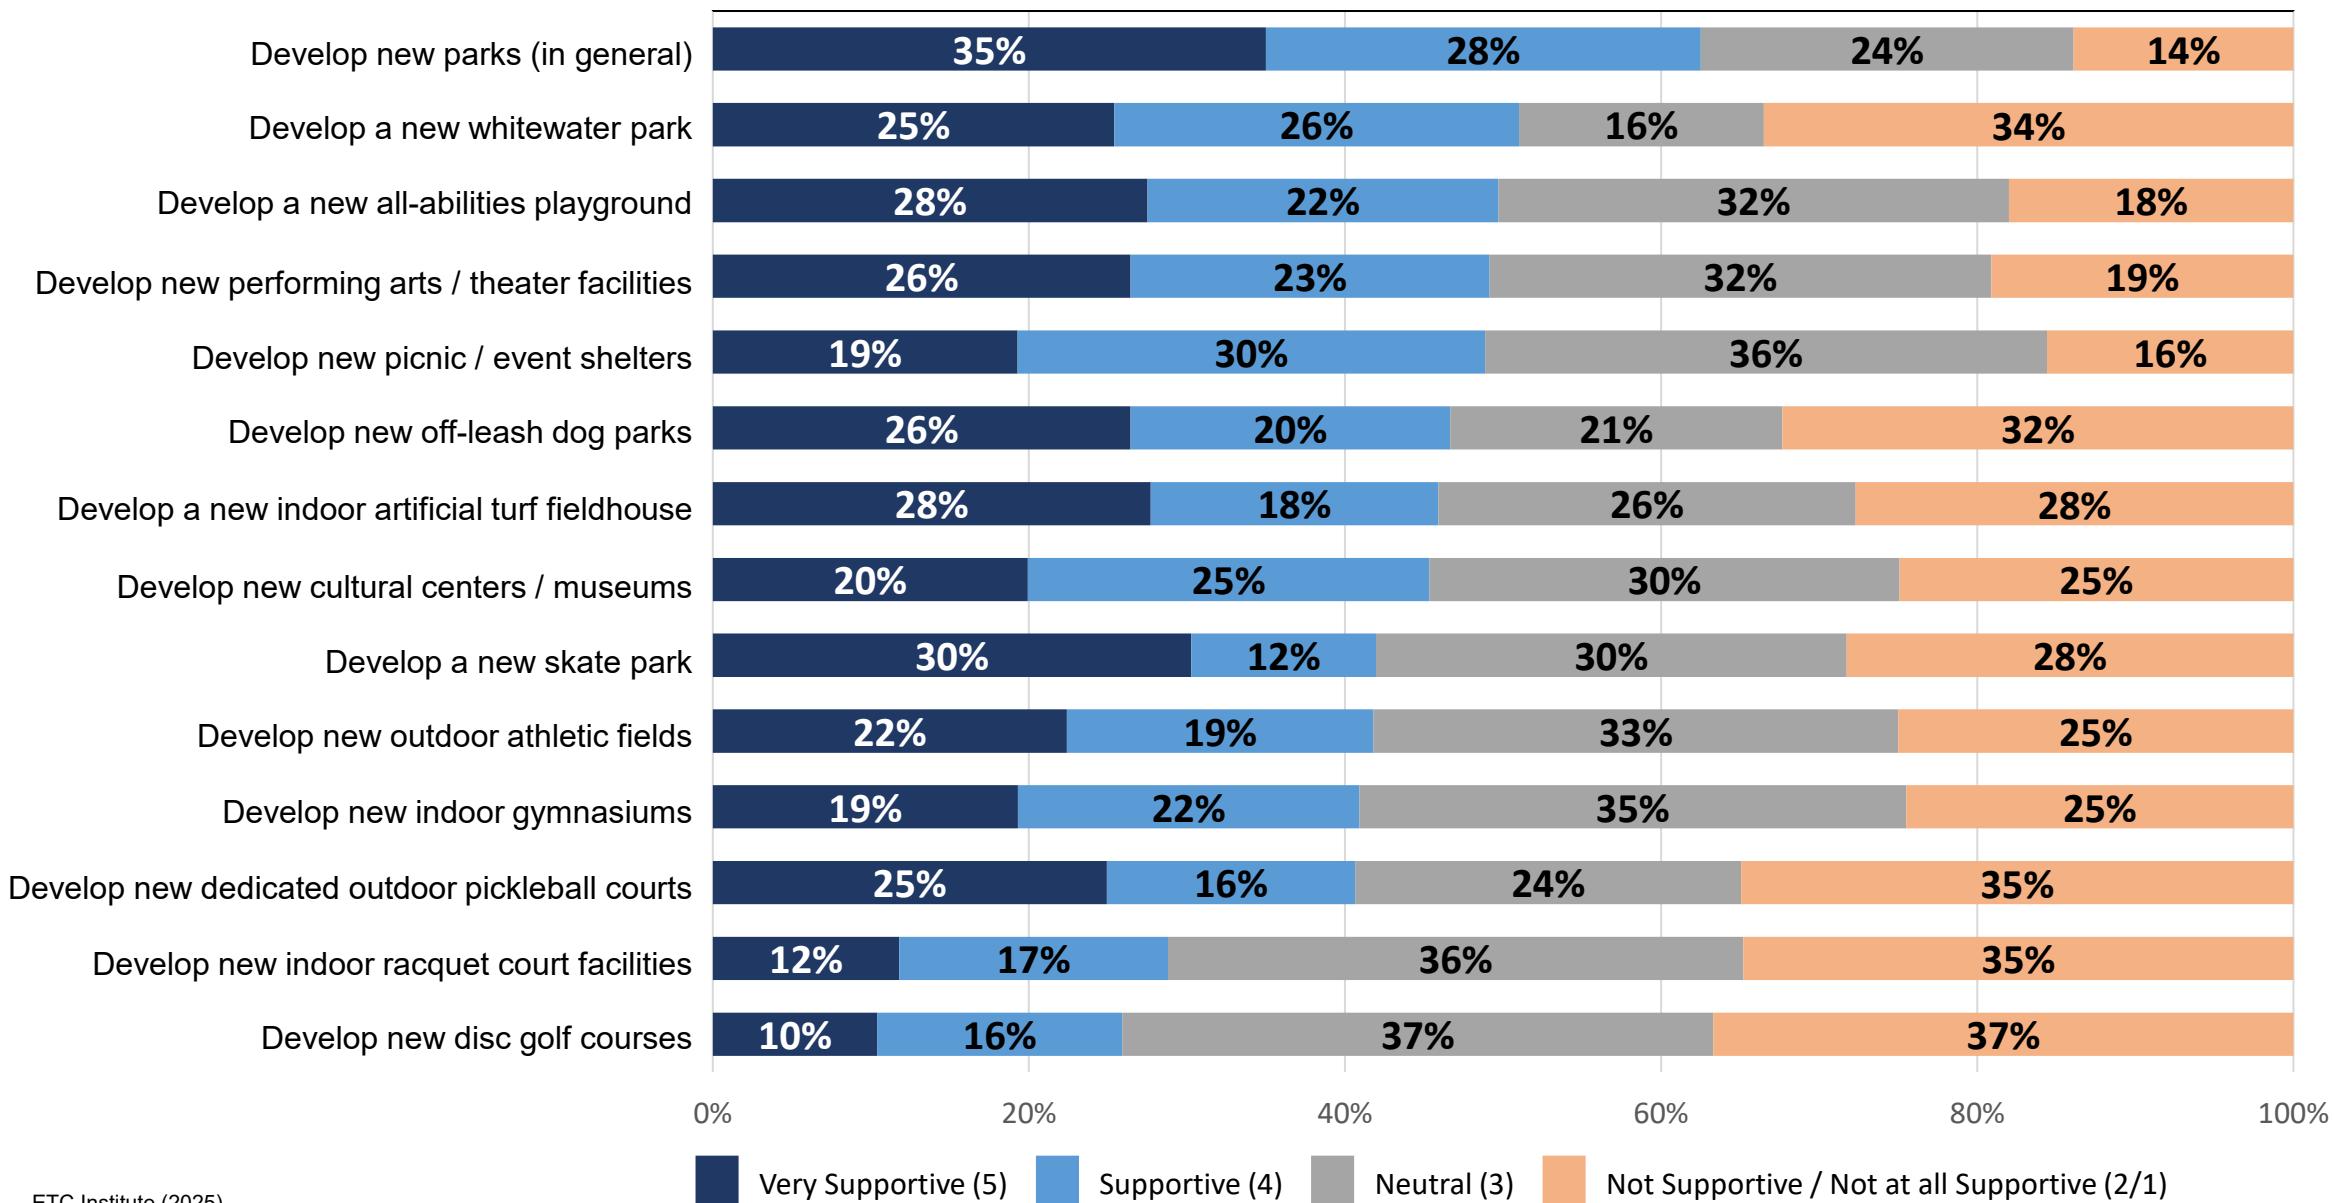

# Q11. Which THREE Improvements From The List In Question 10 Are MOST IMPORTANT To Your Household?

by percentage of respondents who selected the item as one of their top three choices

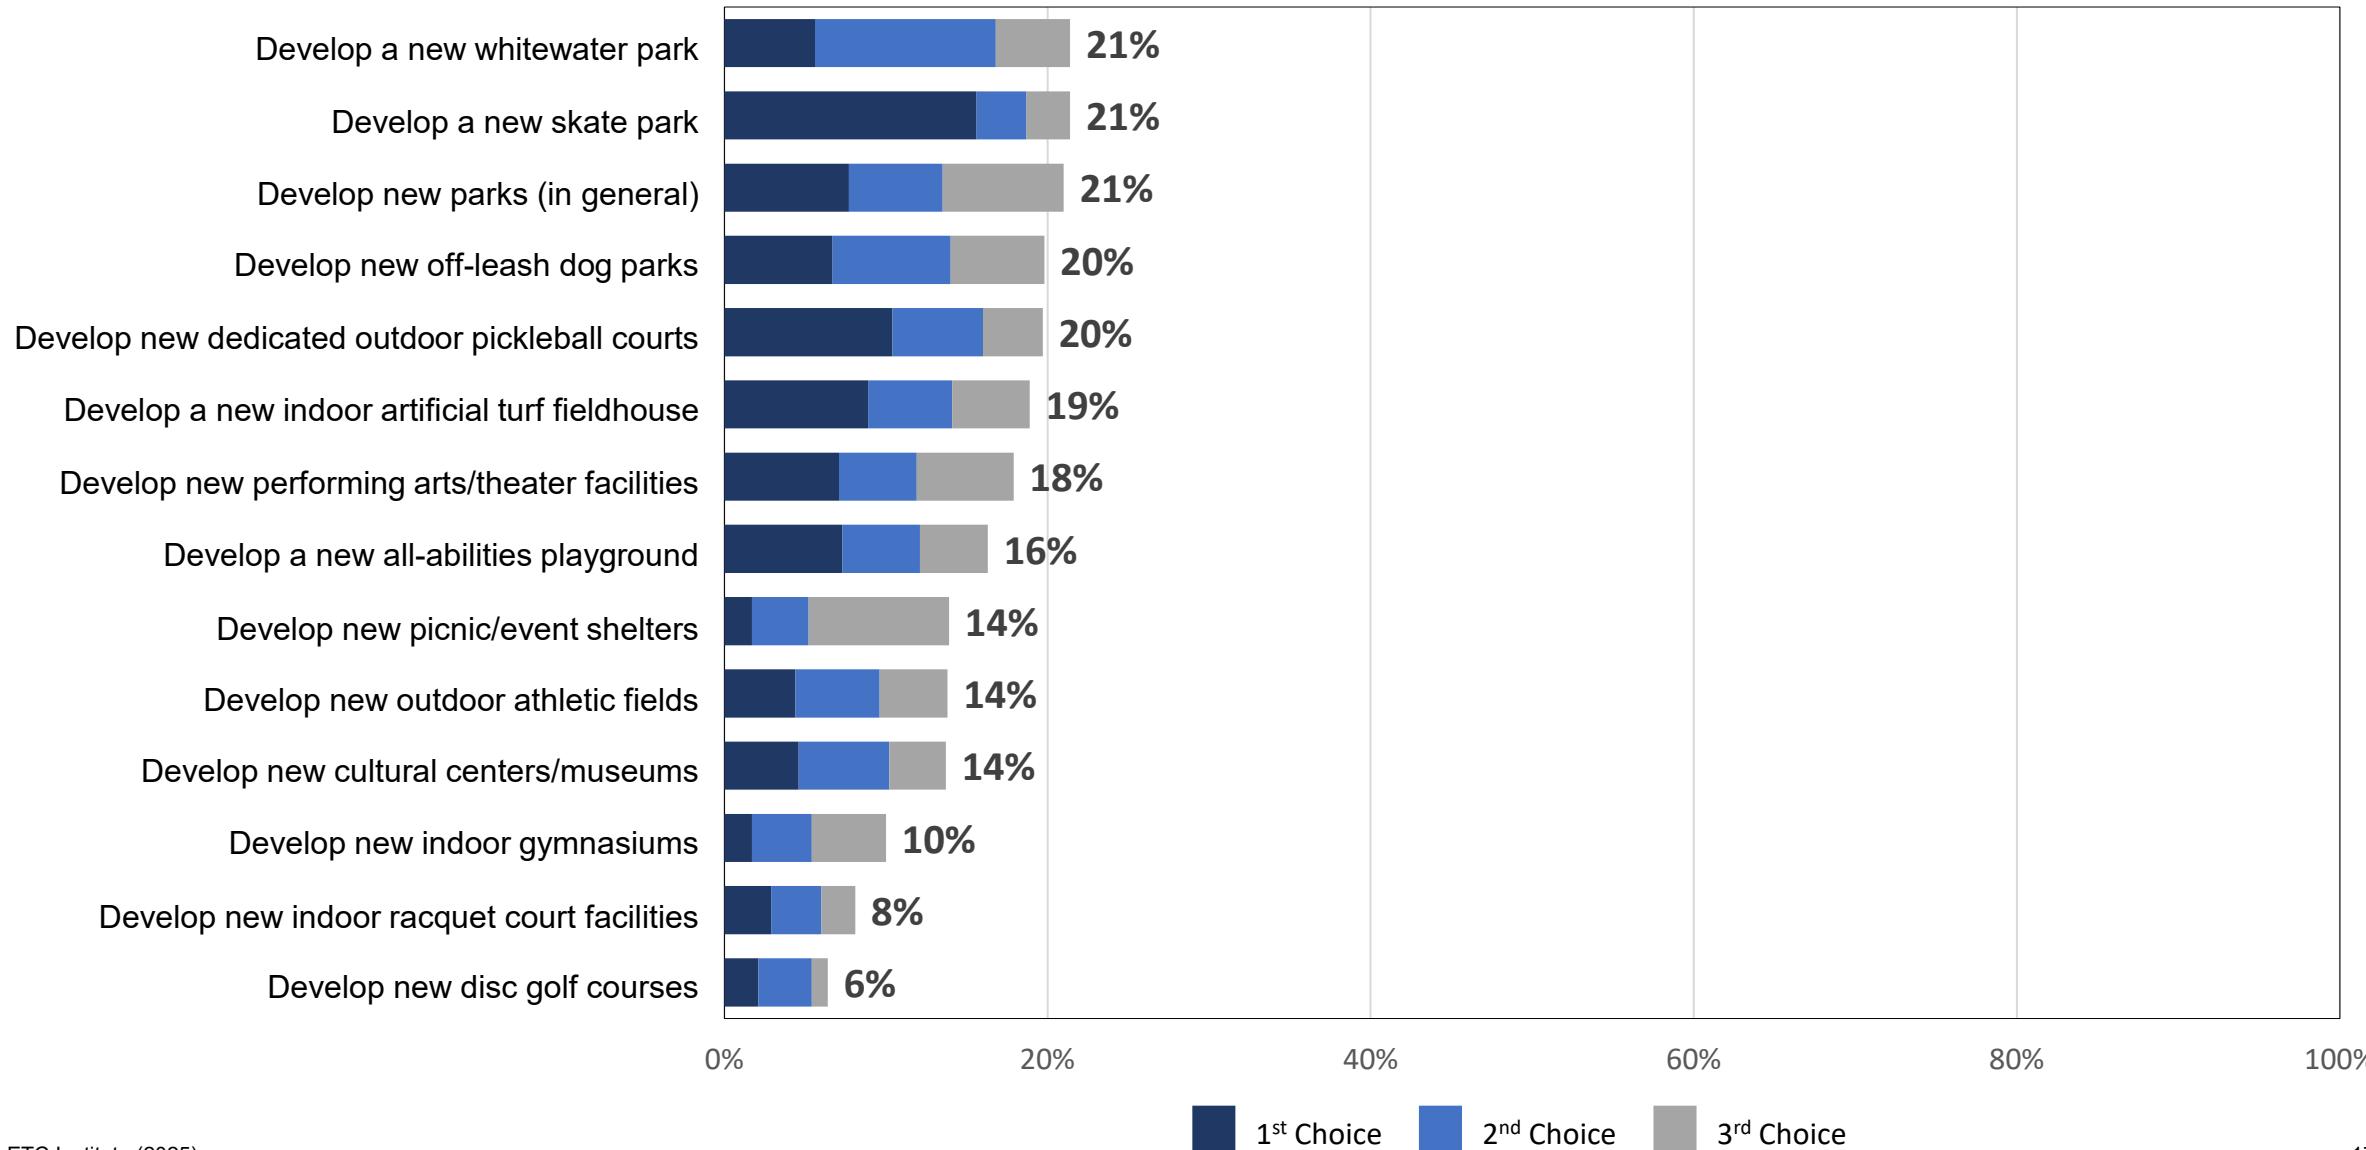

# Q12. Support For Each Potential Action To Develop New Facilities or Parks

by percentage of respondents (excluding don't know)

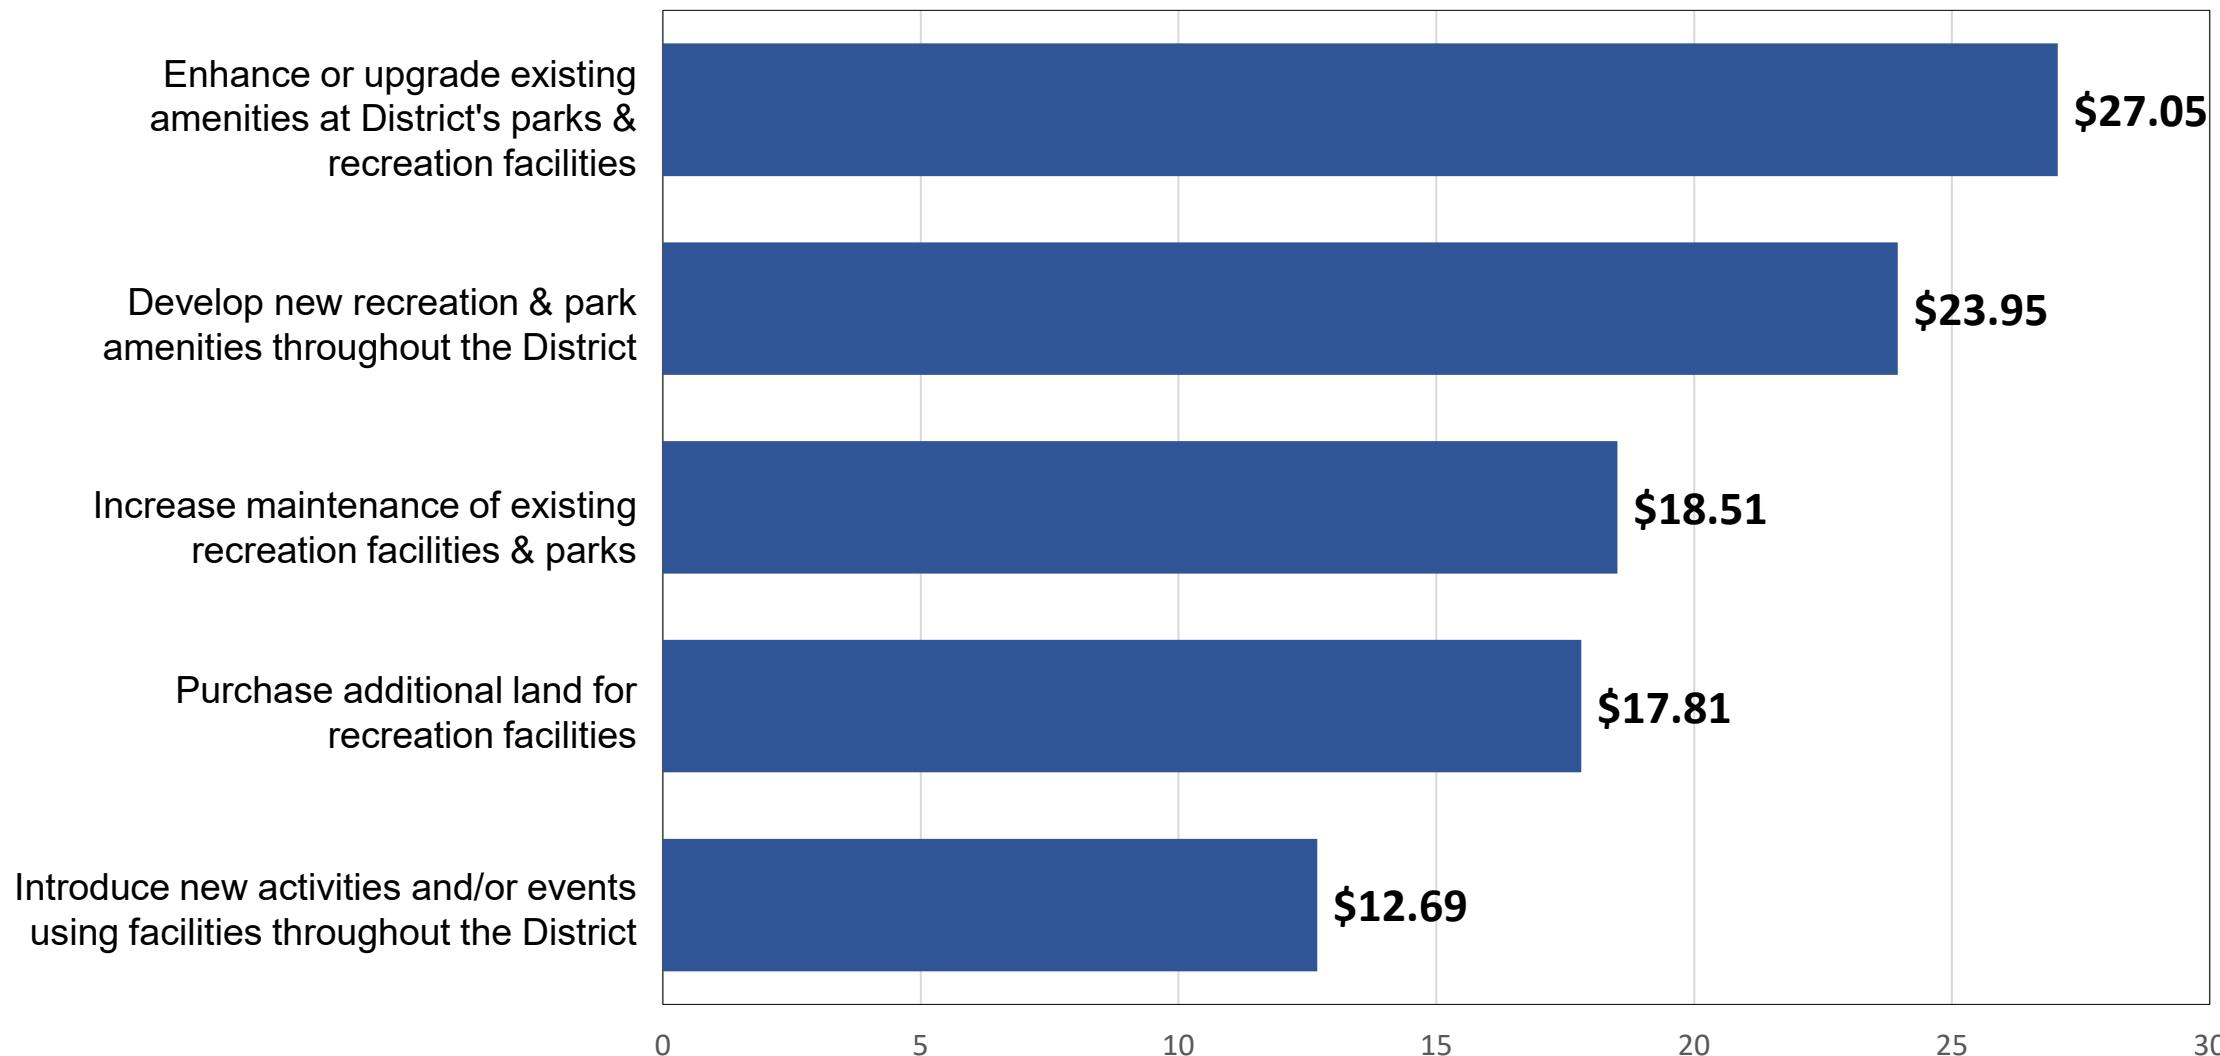

# Q13. Which THREE Improvements From The List In Question 12 Are MOST IMPORTANT To Your Household?

by percentage of respondents who selected the item as one of their top three choices

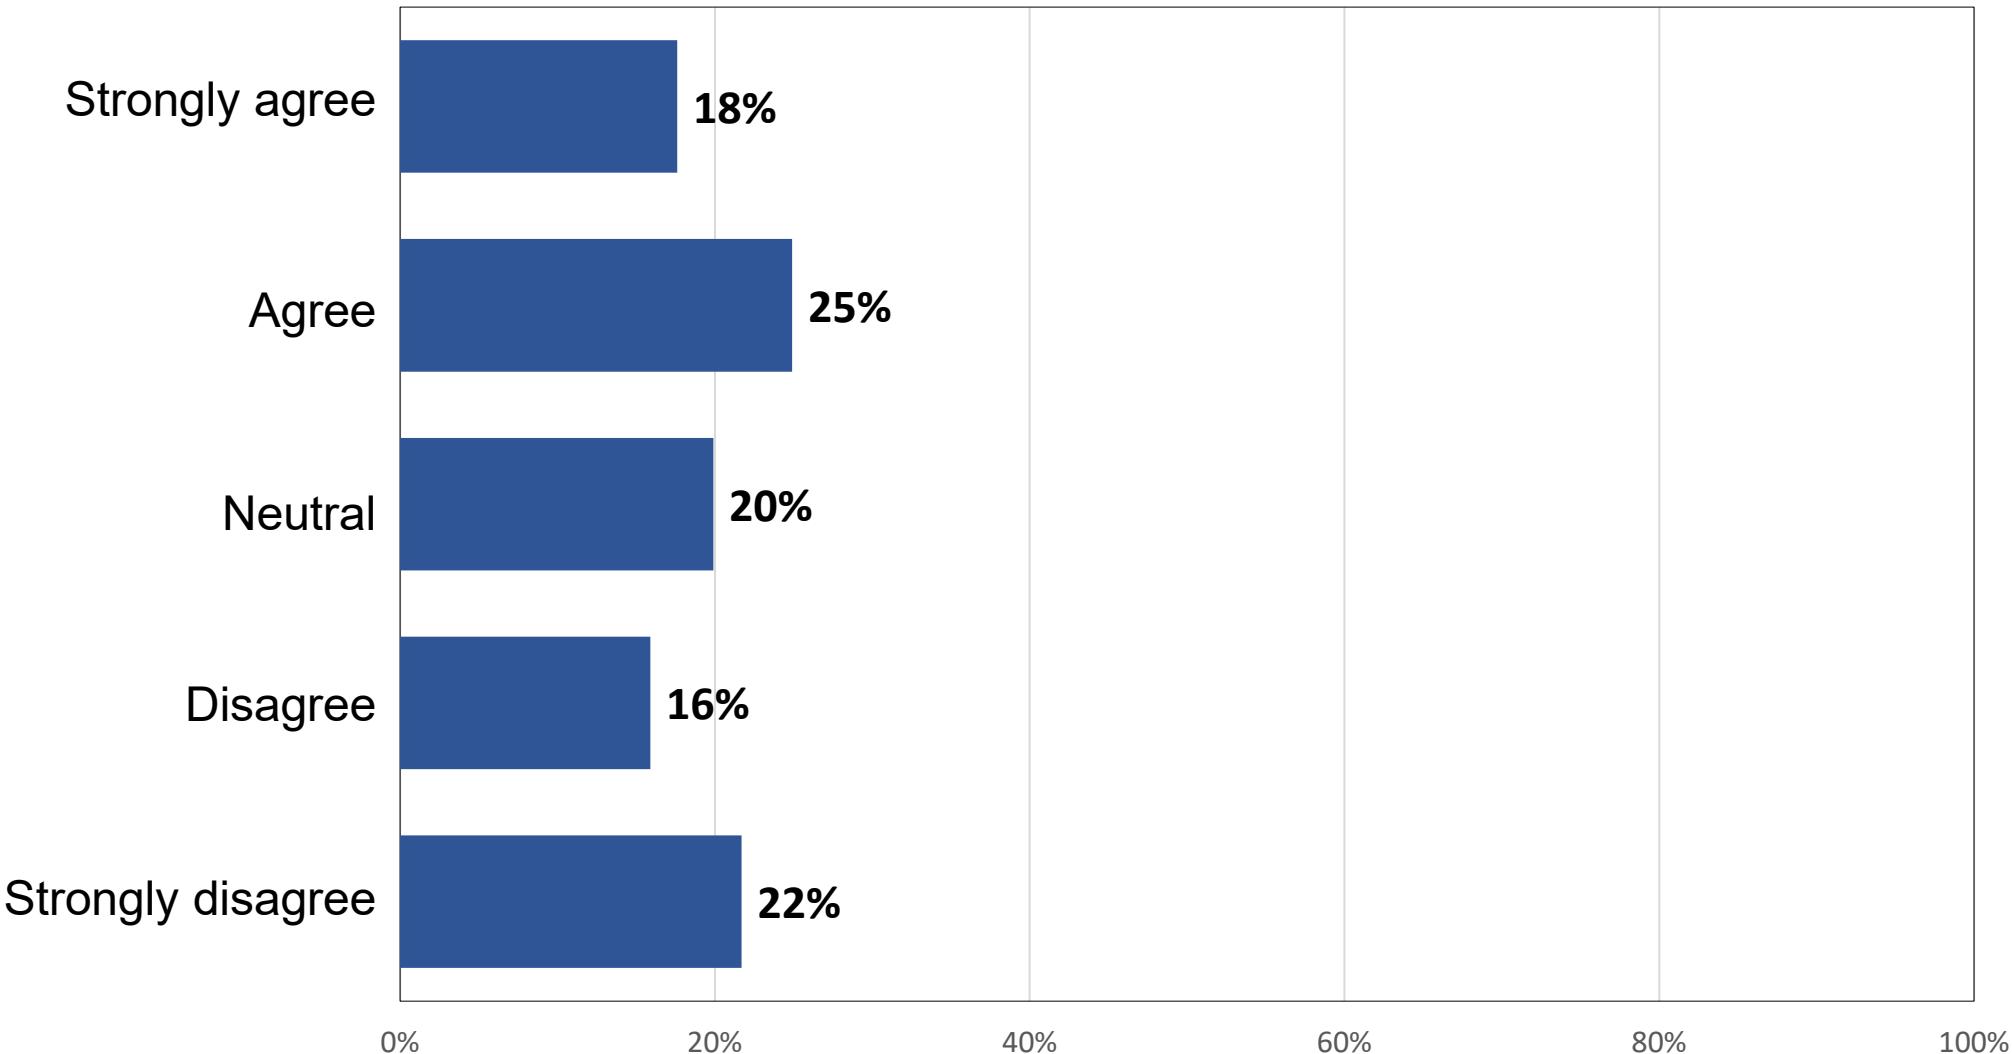

# Q14. If You Had An Additional \$100, How Would You Allocate The Funds Among The Categories Listed Below?

By mean value given

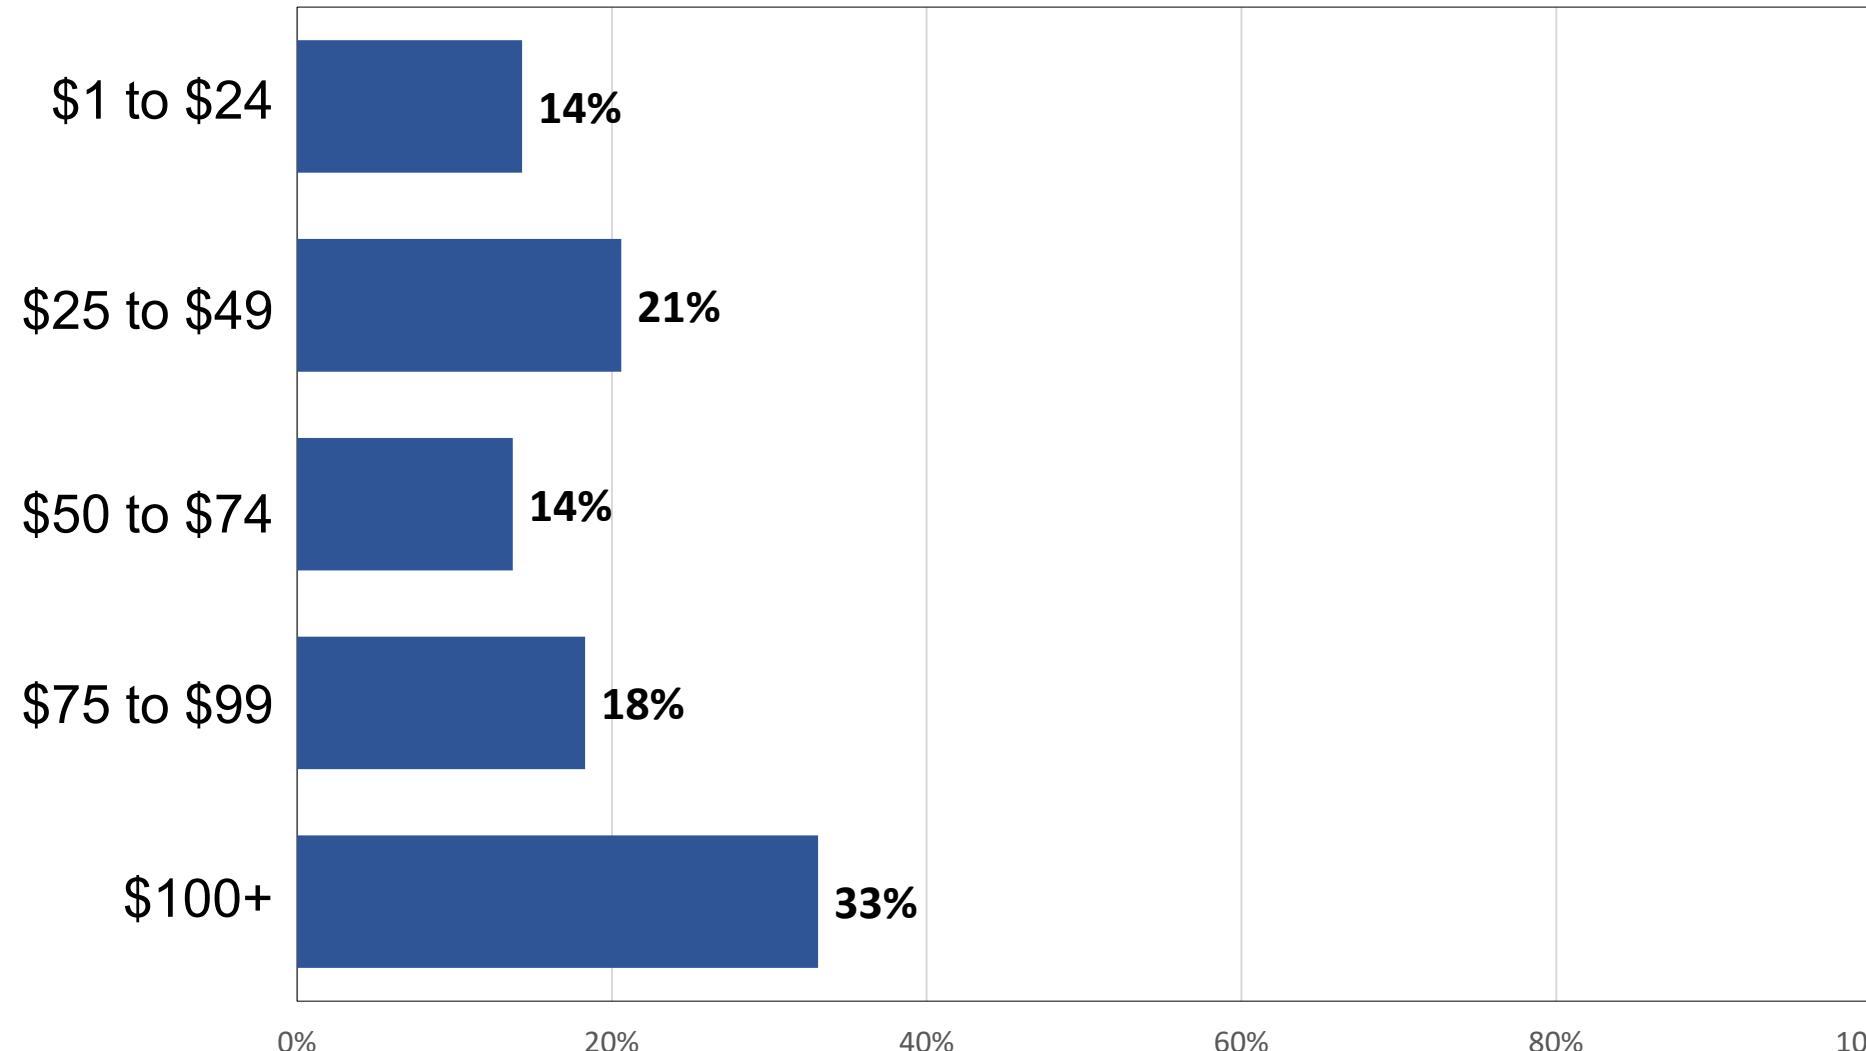

Q15. Please Rate Your Level Of Agreement With The Following Statement: I Would Support An Increase To My Annual Property Tax Assessment To Support Debt Financing For Improvements To The Truckee-Donner Recreation & Park District.

by percentage of respondents (excluding don't know)

# Q15a. If You Agreed Or Were Neutral With The Statement In Question 15 Above, What Level Of Additional Annual Property Tax Assessment Would You Be Willing To Support?

by percentage of respondents who agreed or were neutral on question 15 (excluding not provided)

# Q15b. If You Disagreed With Or Were Neutral With The Statement In Question 15 Above, Please Check ALL The Reasons Why.

by percentage of respondents who disagreed or were neutral on question 15

I do not support any additional increase to taxes

50%

I just need more information before I can respond

37%

I think the District does not need any additional funding

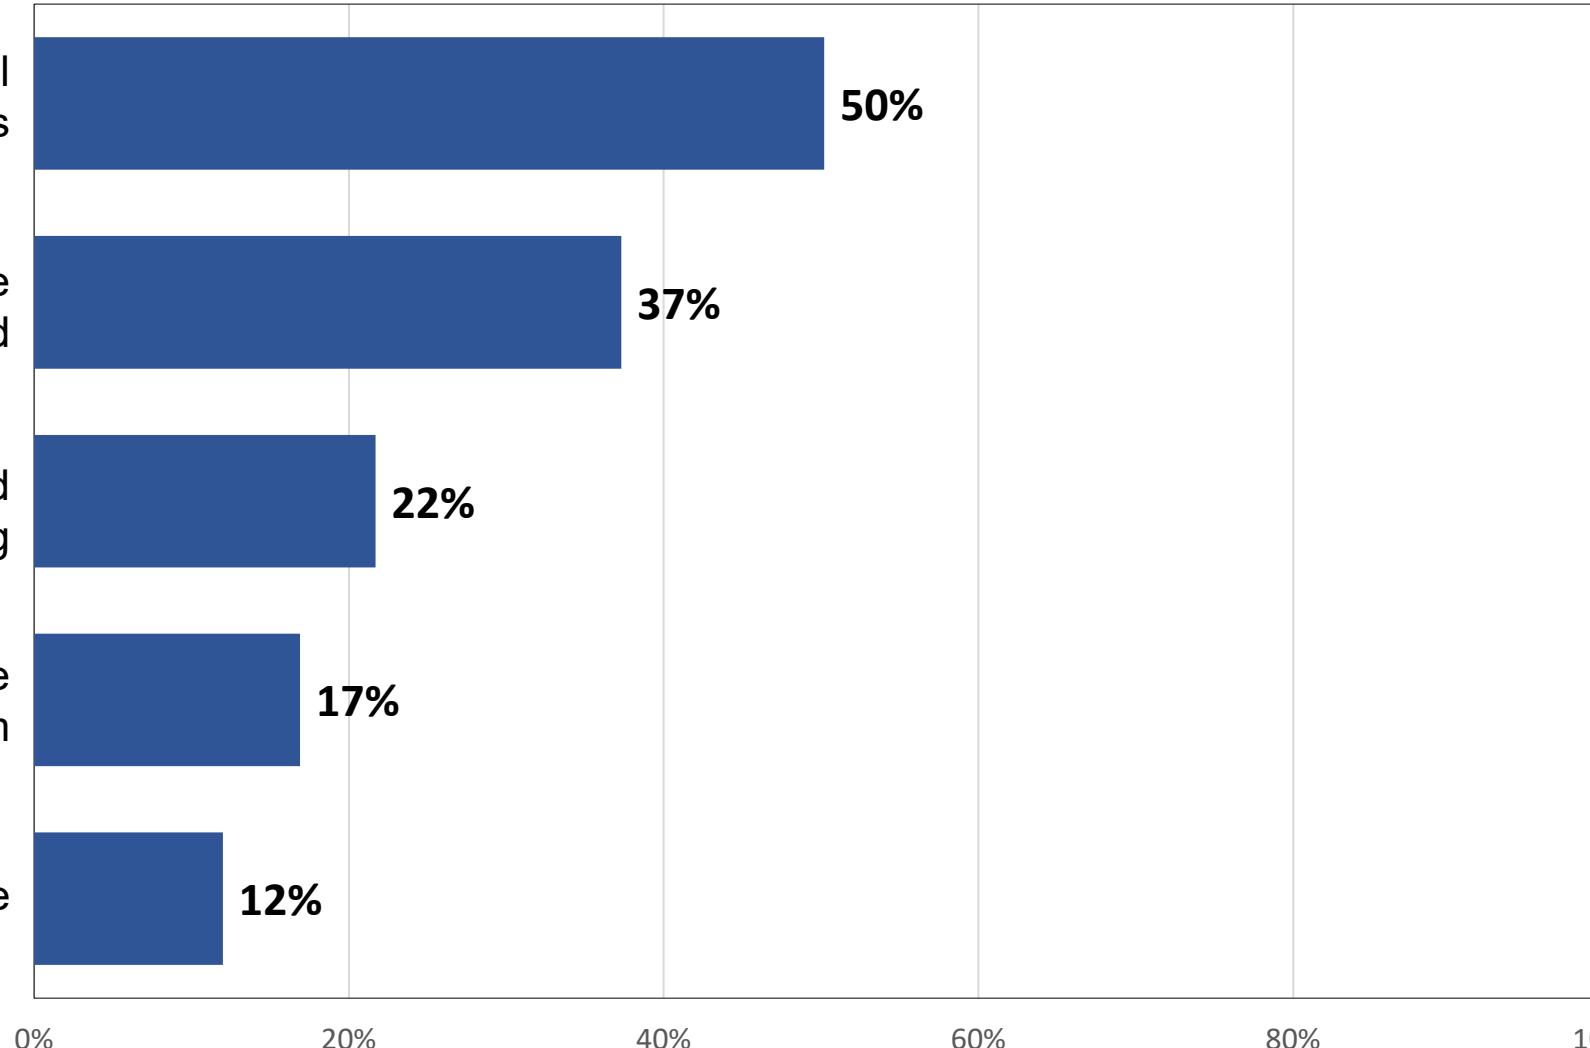

22%

I believe those who use these services should pay for them

17%

Something else

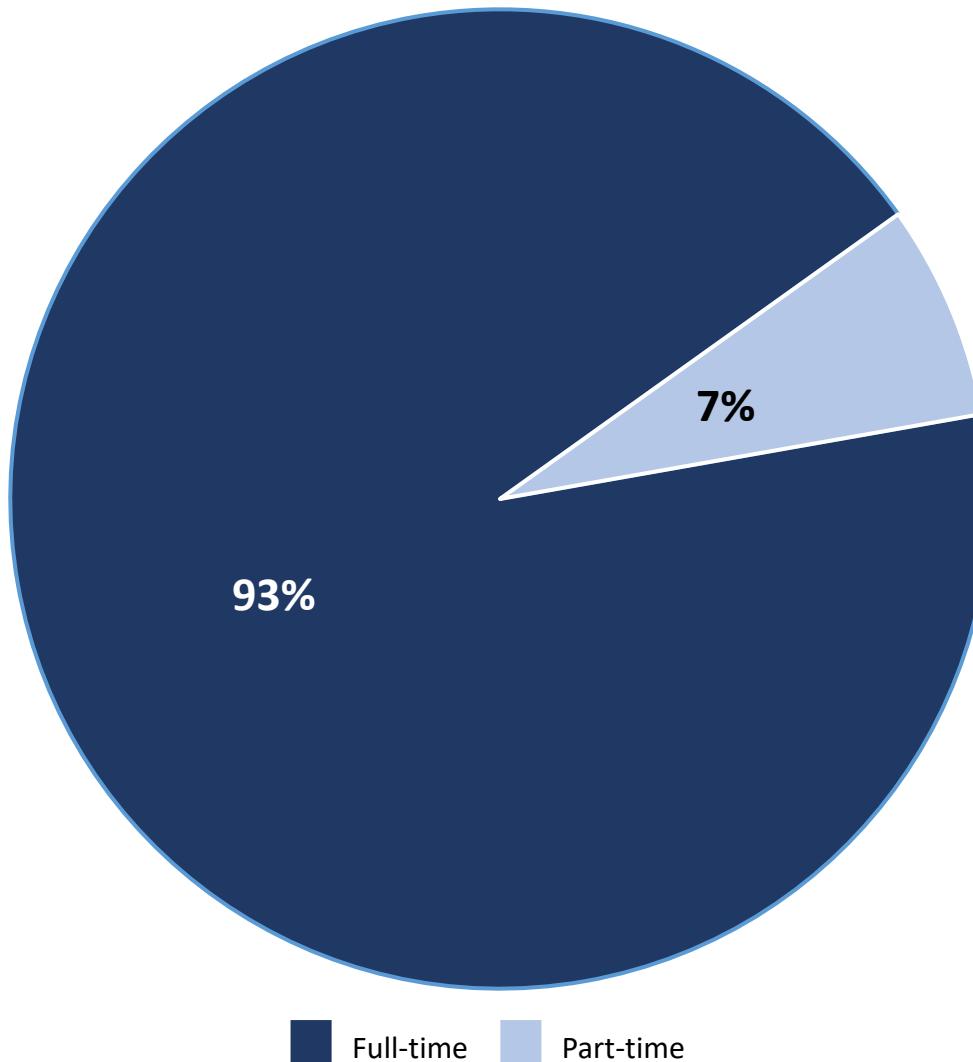

12%

# Demographics

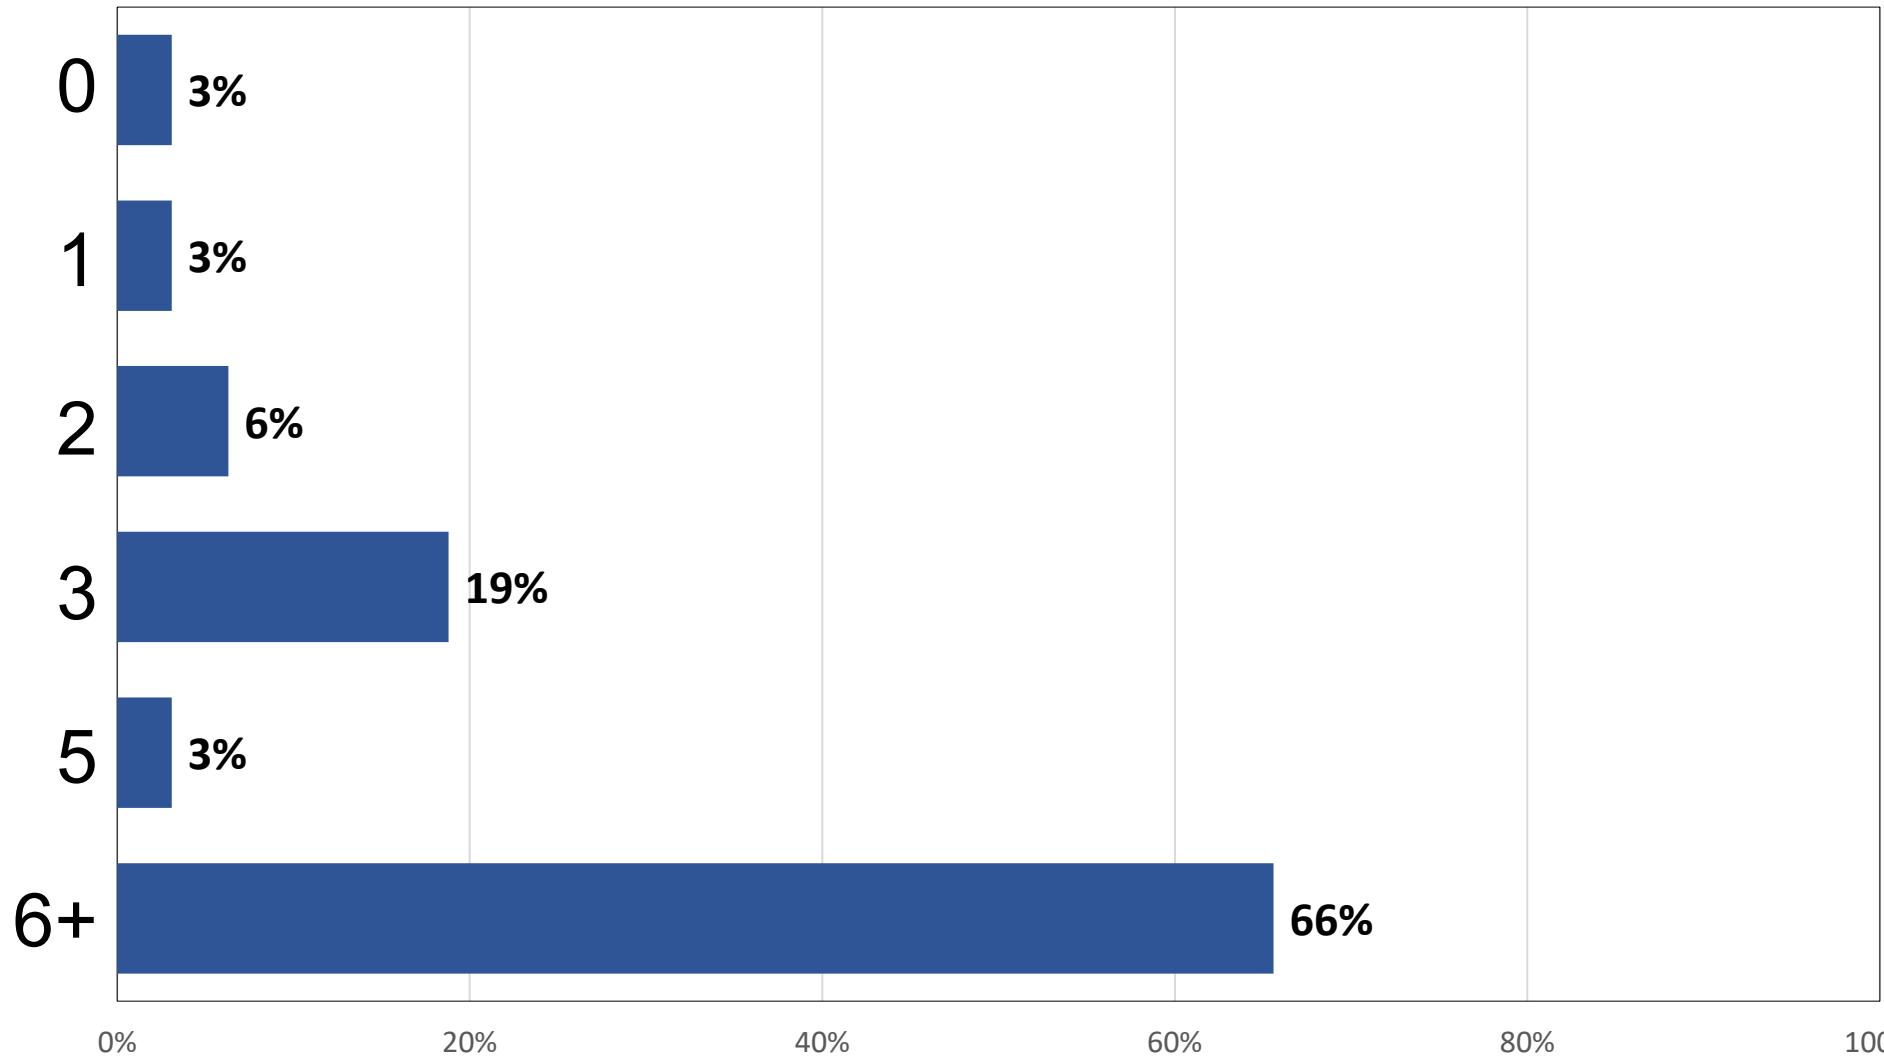

# Q19. Are You A Full-time Or Part-time Resident Of Truckee?

by percentage of respondents (excluding not provided)

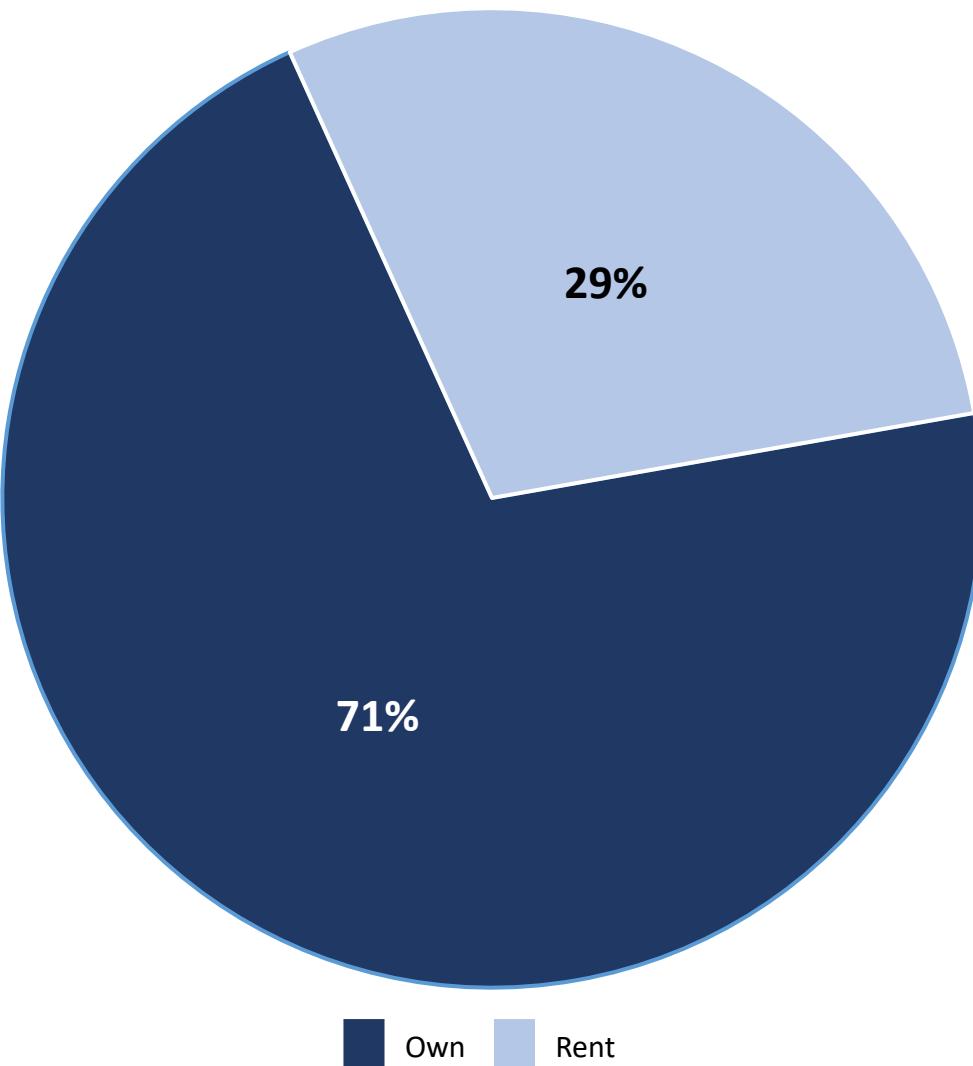

# Q19a. How Many Months Out Of The Year Do You Live In Truckee?

by percentage of respondents who live in Truckee part-time (excluding not provided)

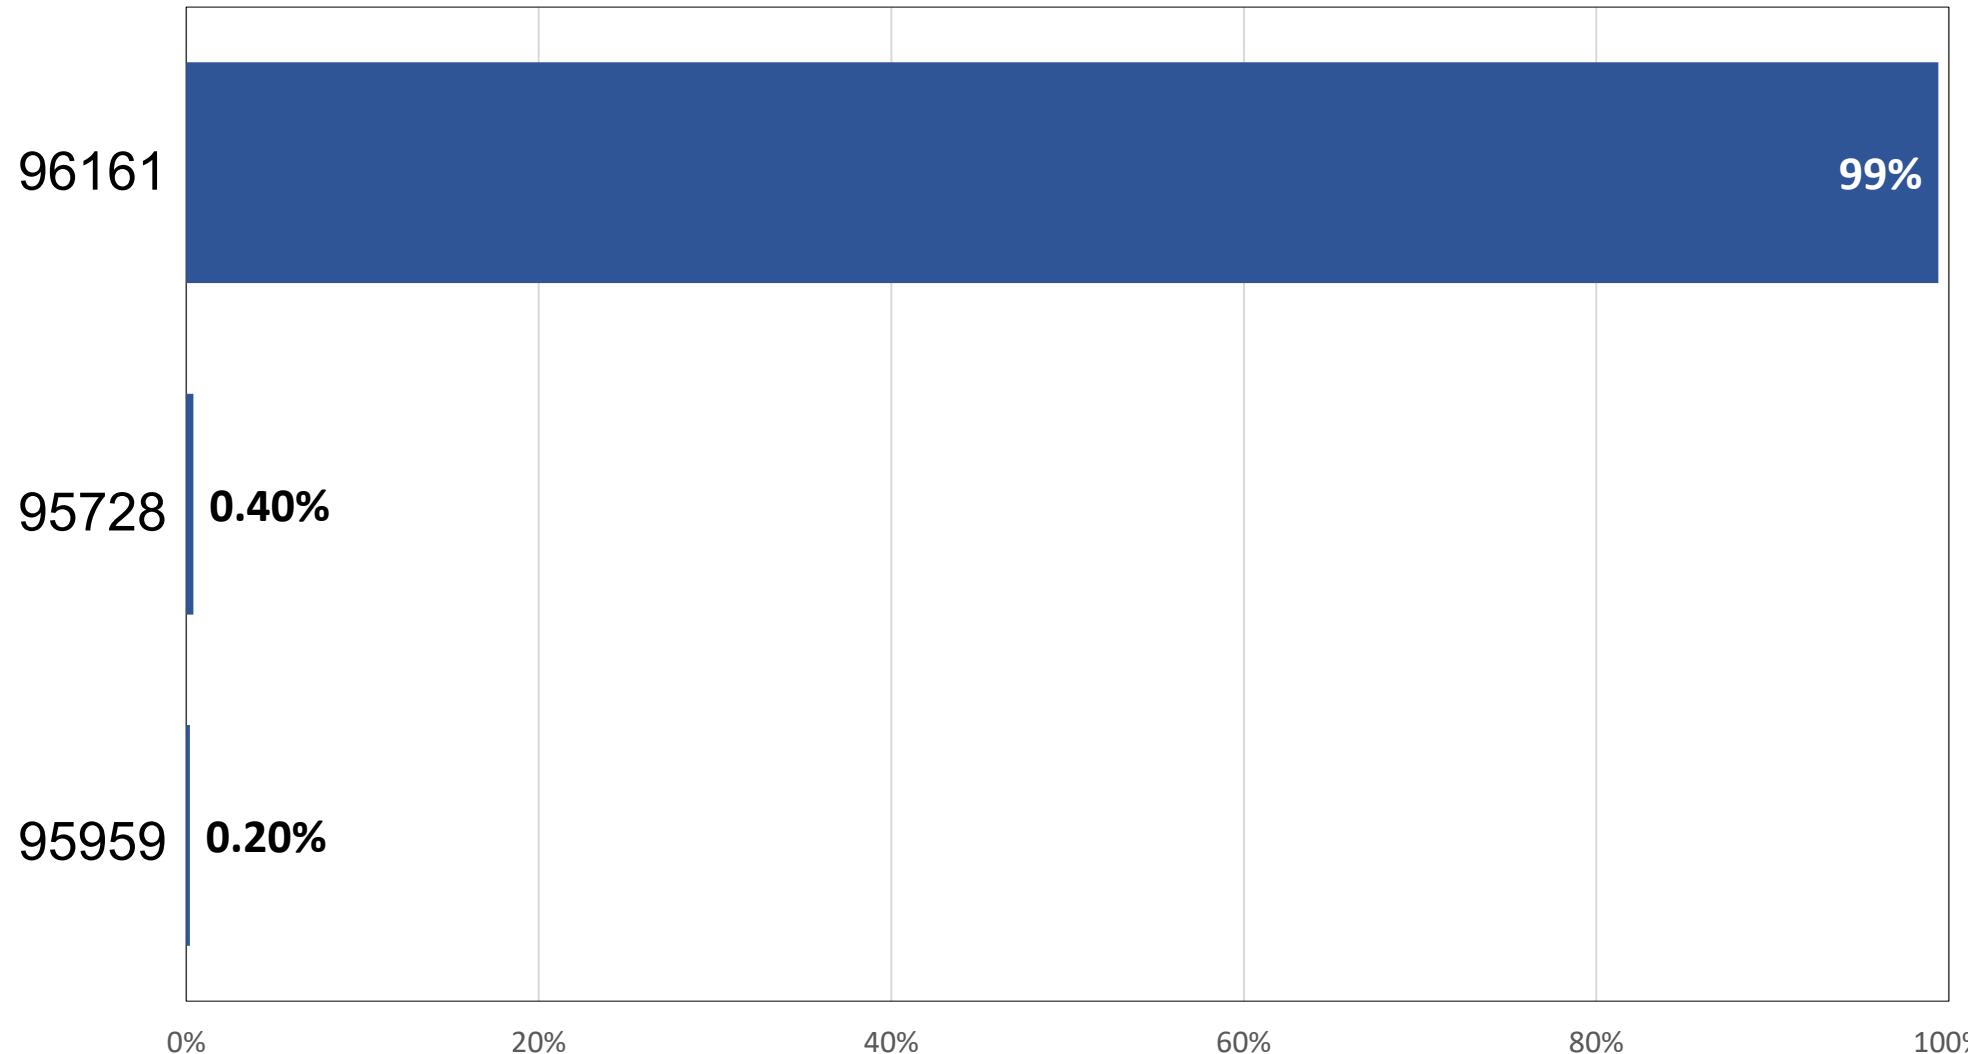

# Q20. Do You Own Or Rent Your Home?

by percentage of respondents (excluding not provided)

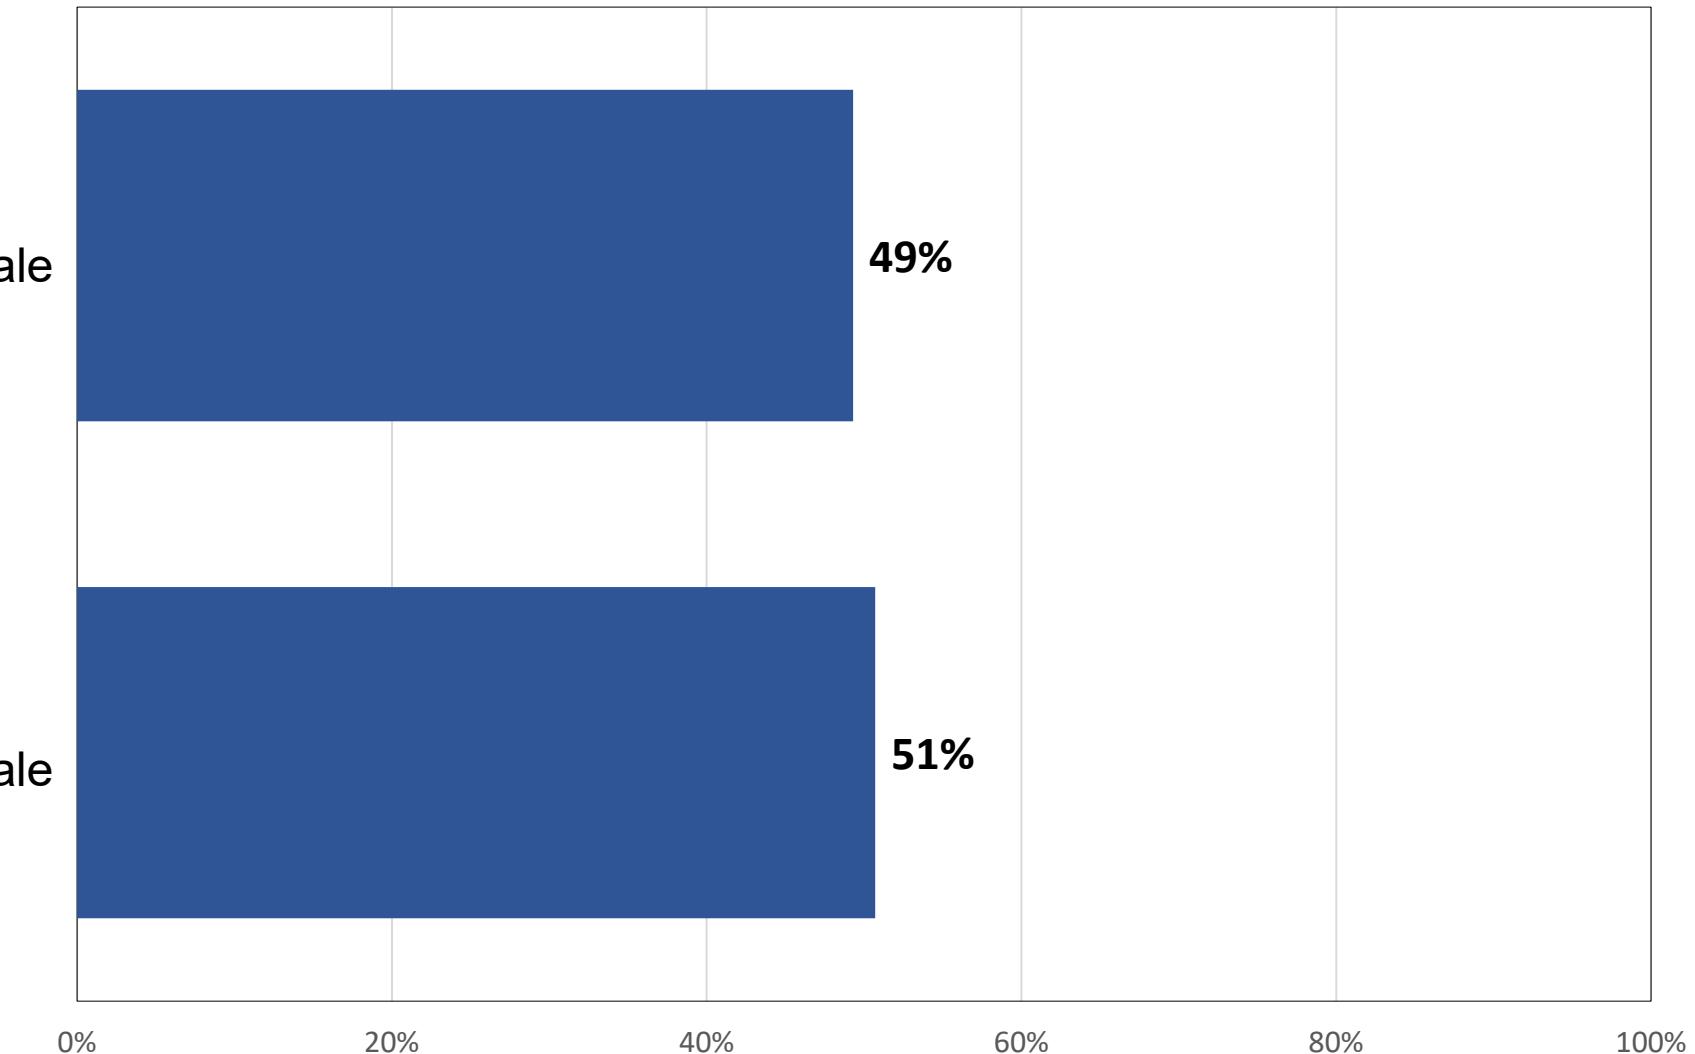

# Q21. What Is Your Zip Code?

by percentage of respondents

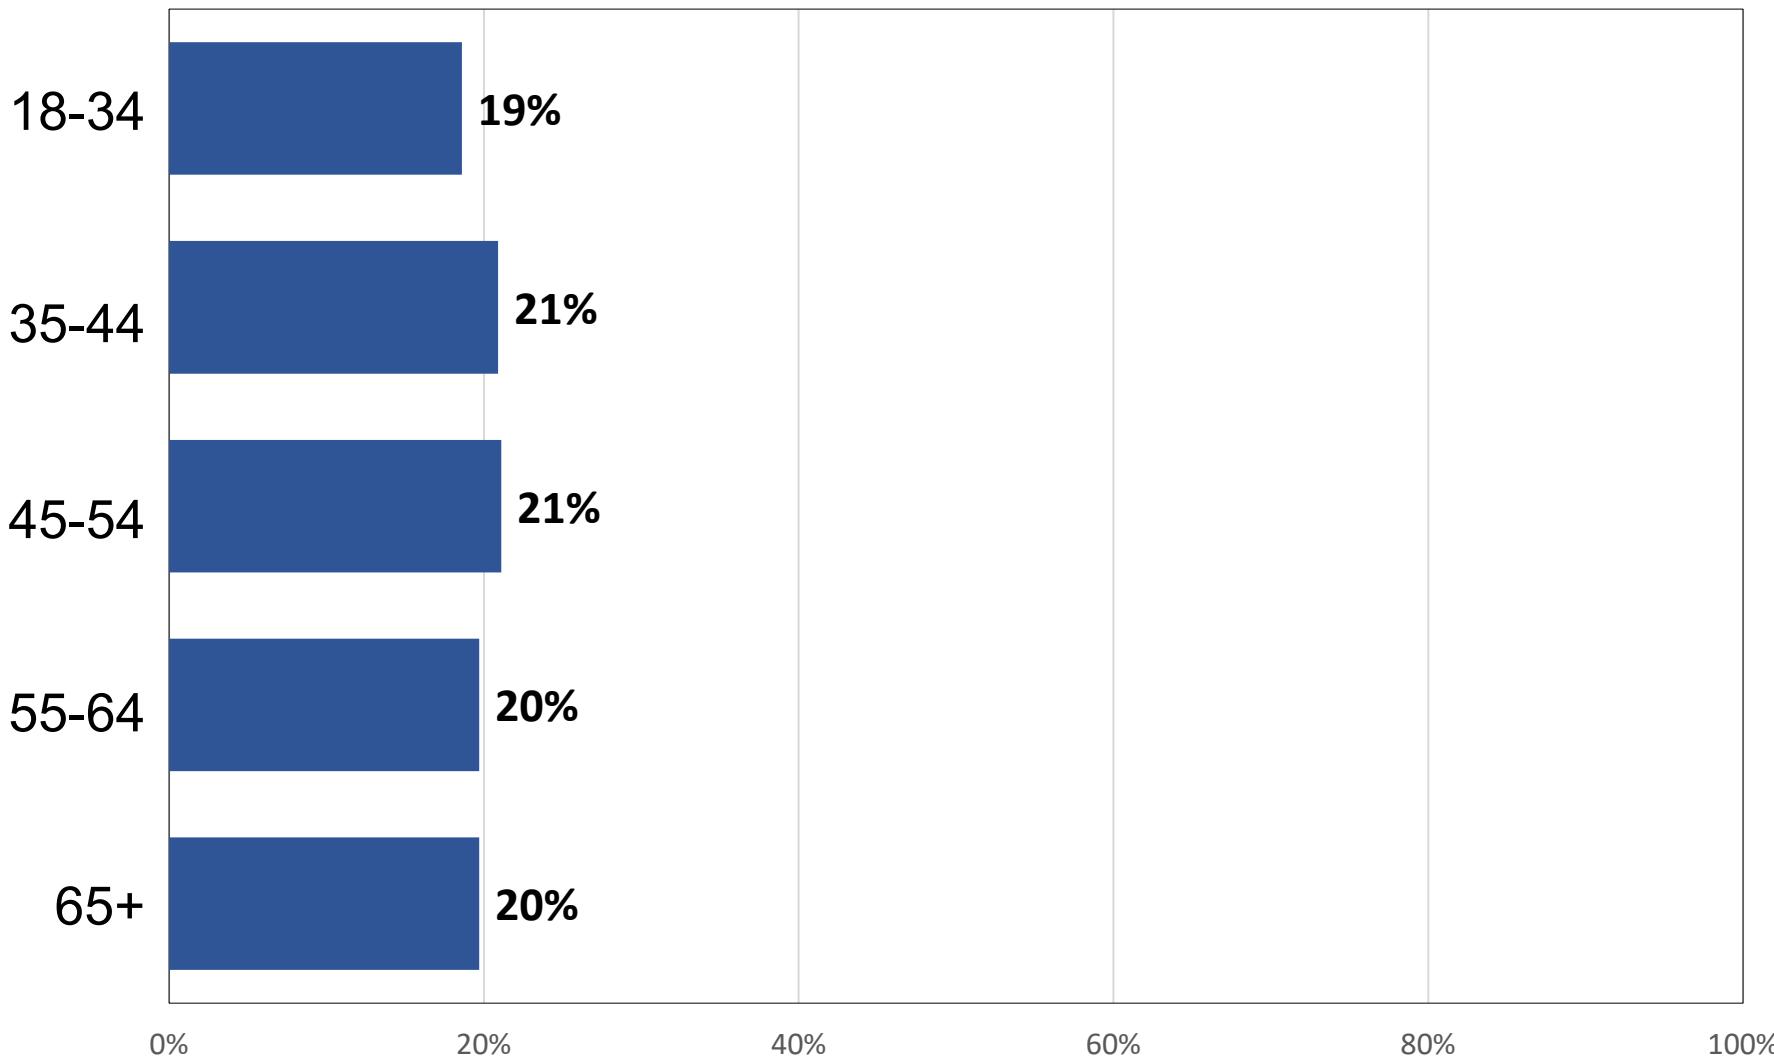

# Q22. Your Gender:

by percentage of respondents (excluding not provided)

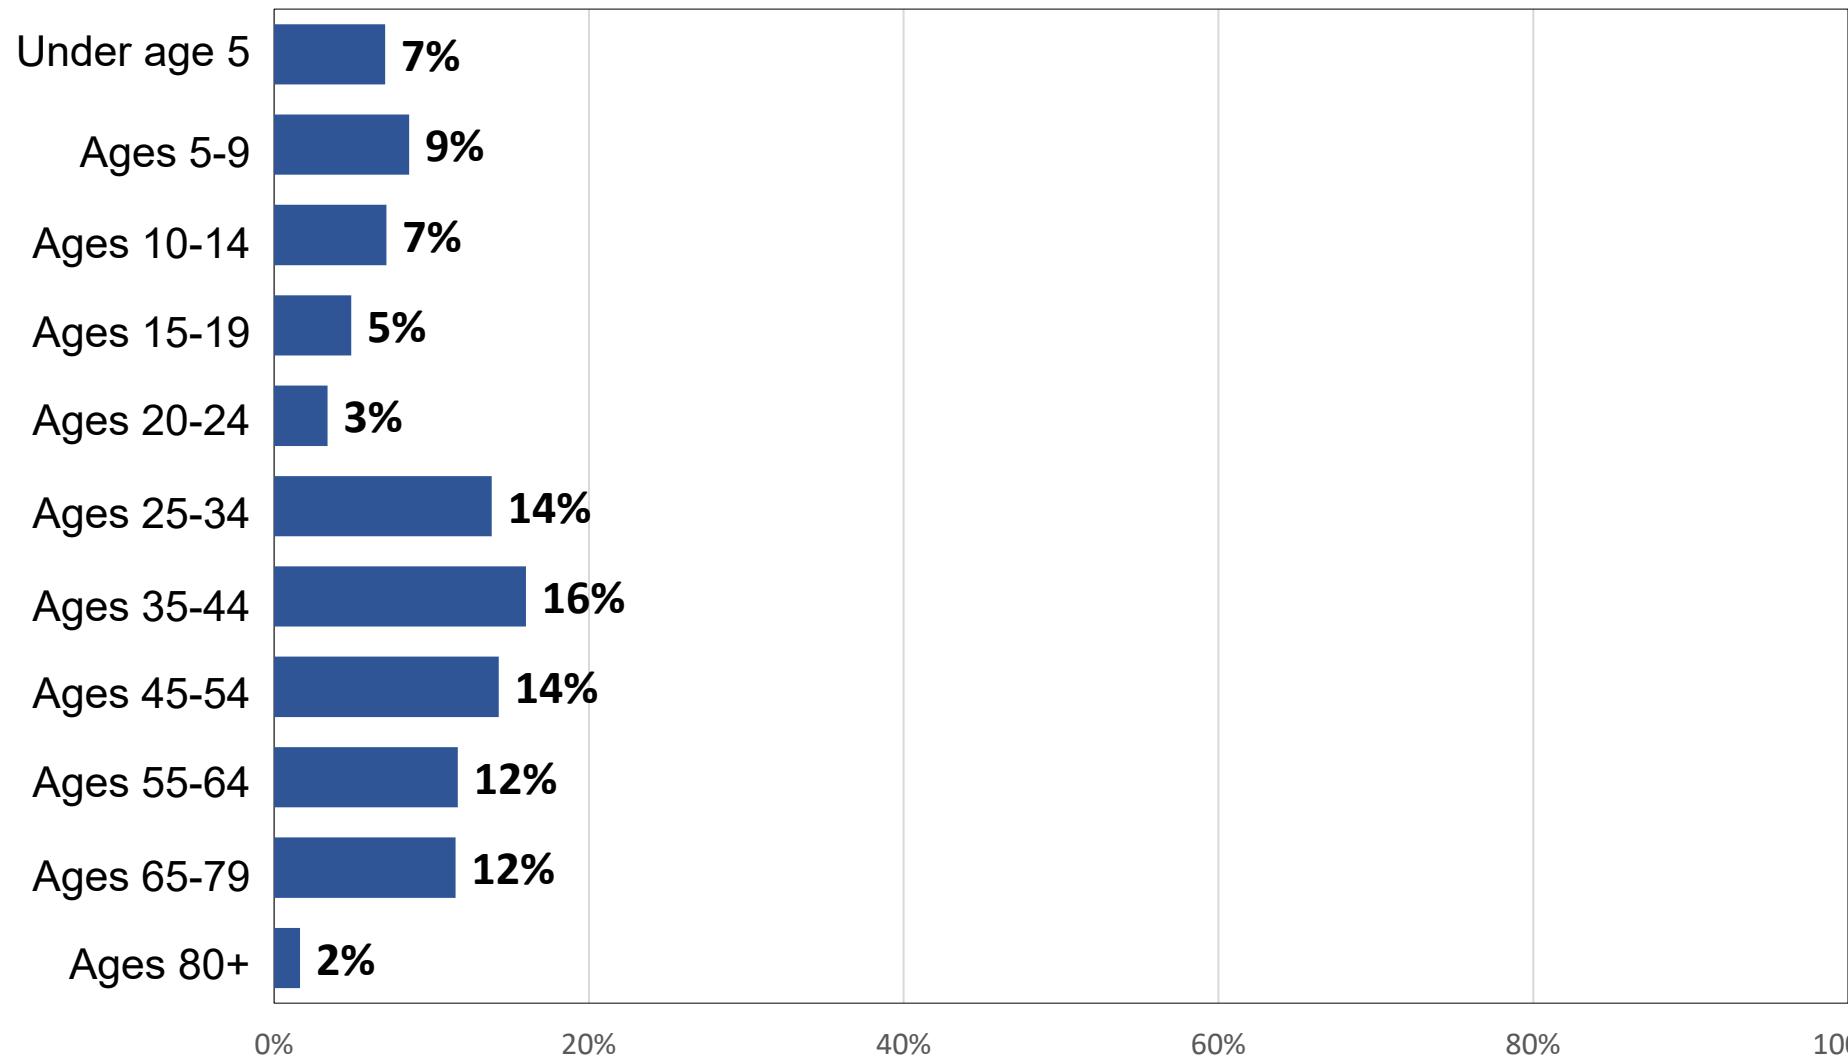

# Q23. What Is Your Age?

by percentage of respondents

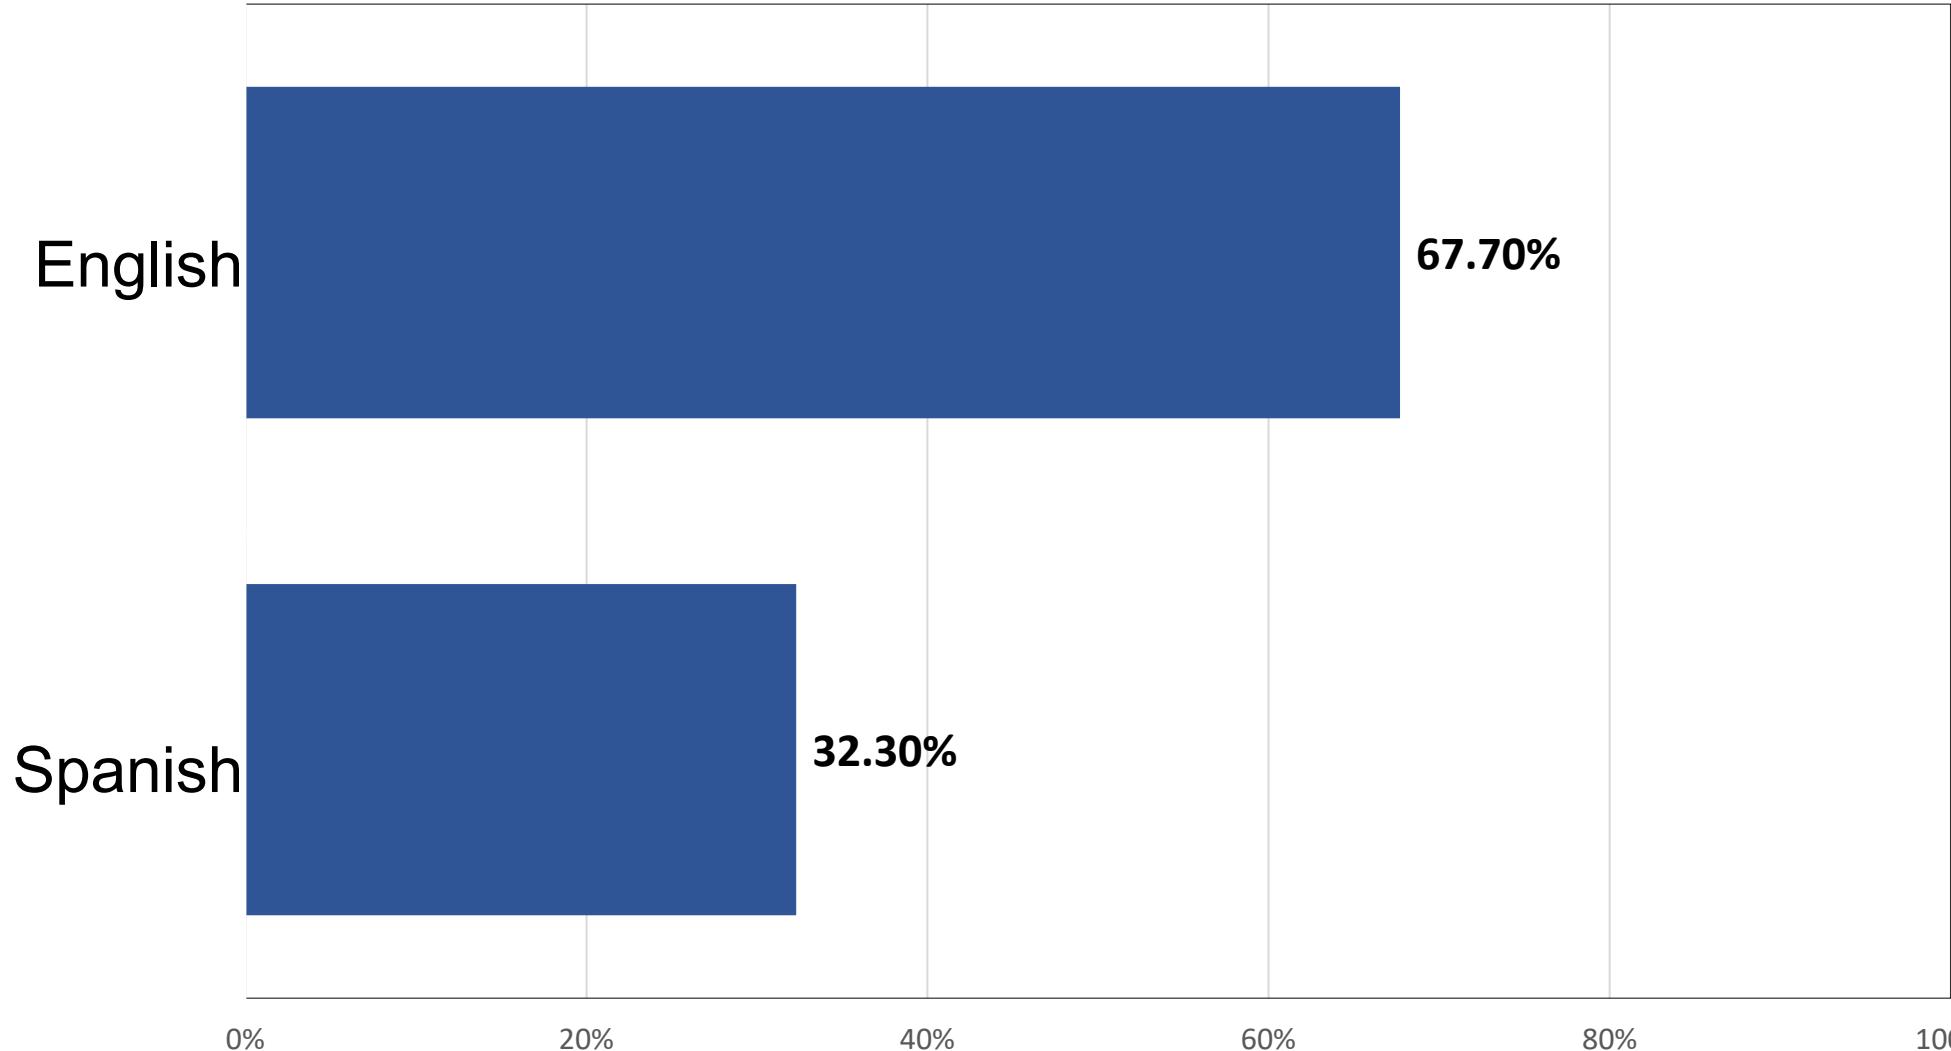

# Q24. Counting Yourself, How Many People In Your Household Are...

by percentage of respondents

# Q25. What Is The Primary Language Spoken In Your Home?

by percentage of respondents (excluding not provided)

**Priority Investment  
Rating**

---

# Priority Investment Rating

## Truckee-Donner Recreation and Park District

---

The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide governments with an objective tool for evaluating the priority that should be placed on parks and recreation investments. The Priority Investment Rating was developed by ETC Institute to identify the facilities and programs residents think should receive the highest priority for investment. The priority investment rating reflects the importance residents place on items (sum of top 3 choices) and the unmet needs (needs that are only being partly or not met) for each facility/program relative to the facility/program that rated the highest overall. Since decisions related to future investments should consider both the level of unmet need and the importance of facilities and programs, the PIR weights each of these components equally.

The PIR reflects the sum of the Unmet Needs Rating and the Importance Rating as shown in the equation below:

$$\text{PIR} = \text{UNR} + \text{IR}$$

For example, suppose the Unmet Needs Rating for playgrounds is 26.5 (out of 100) and the Importance Rating for playgrounds is 52 (out of 100), the Priority Investment Rating for playgrounds would be 78.5 (out of 200).

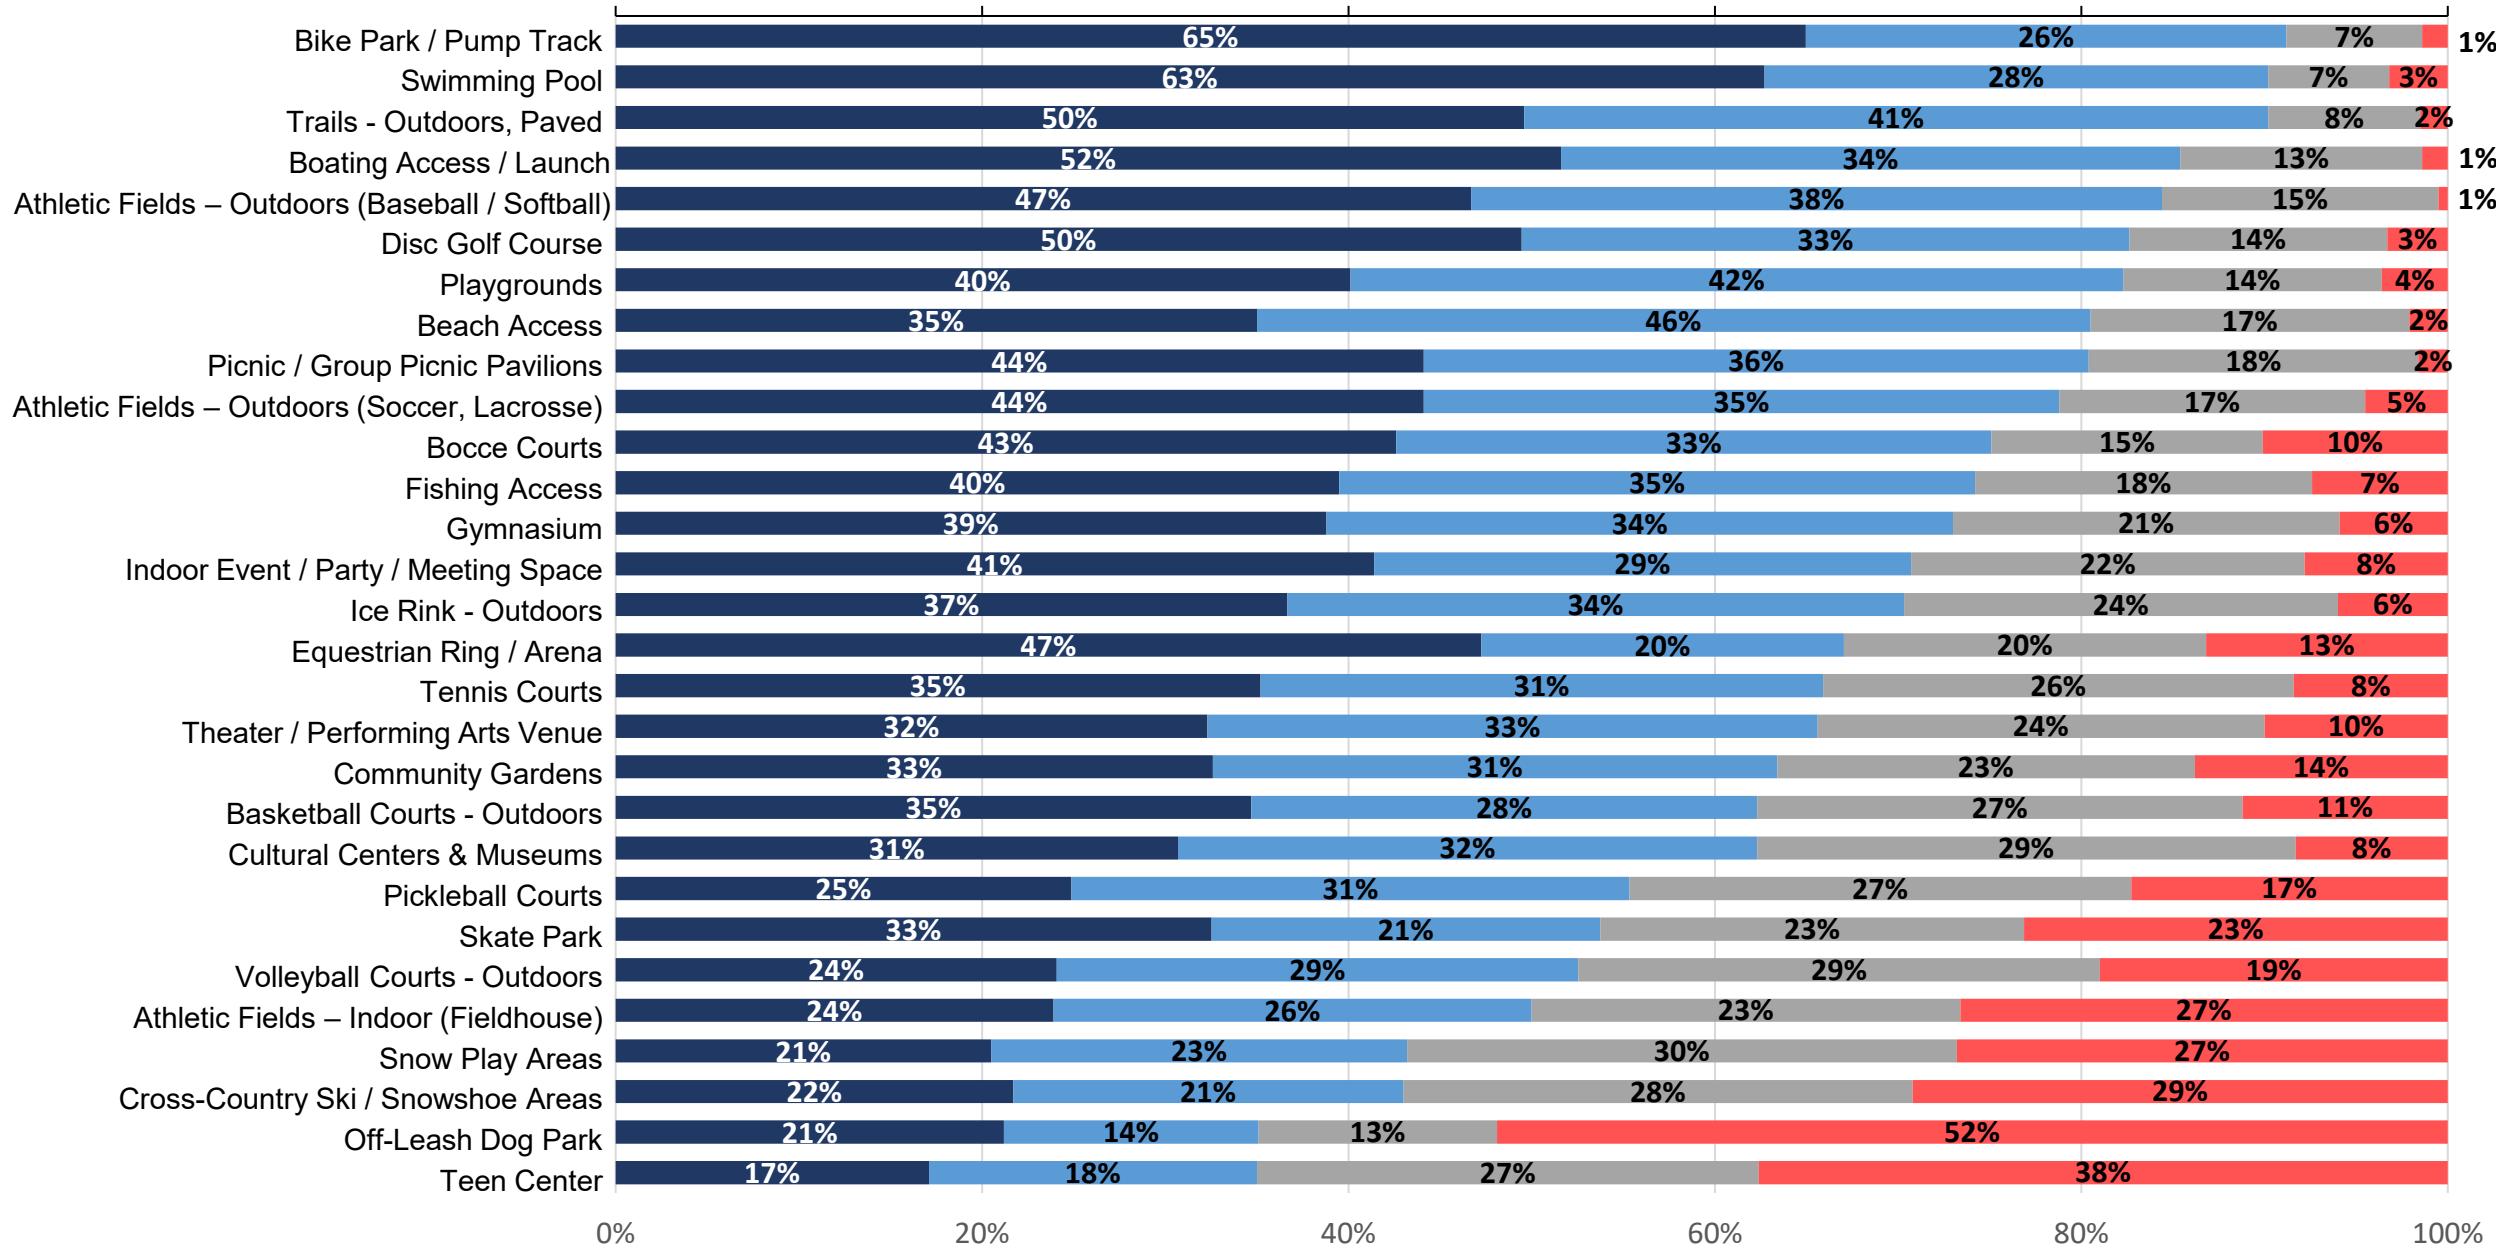

### How to Analyze the Charts:

- **High Priority Areas** are those with a PIR of at least 100. A rating of 100 or above generally indicates there is a relatively high level of unmet need and residents generally think it is important to fund improvements in these areas. Improvements in this area are likely to have a positive impact on the greatest number of households.
- **Medium Priority Areas** are those with a PIR of 50-99. A rating in this range generally indicates there is a medium to high level of unmet need or a significant percentage of residents generally think it is important to fund improvements in these areas.
- **Low Priority Areas** are those with a PIR below 50. A rating in this range generally indicates there is a relatively low level of unmet need and residents do not think it is important to fund improvements in these areas. Improvements may be warranted if the needs of very specialized populations are being targeted.

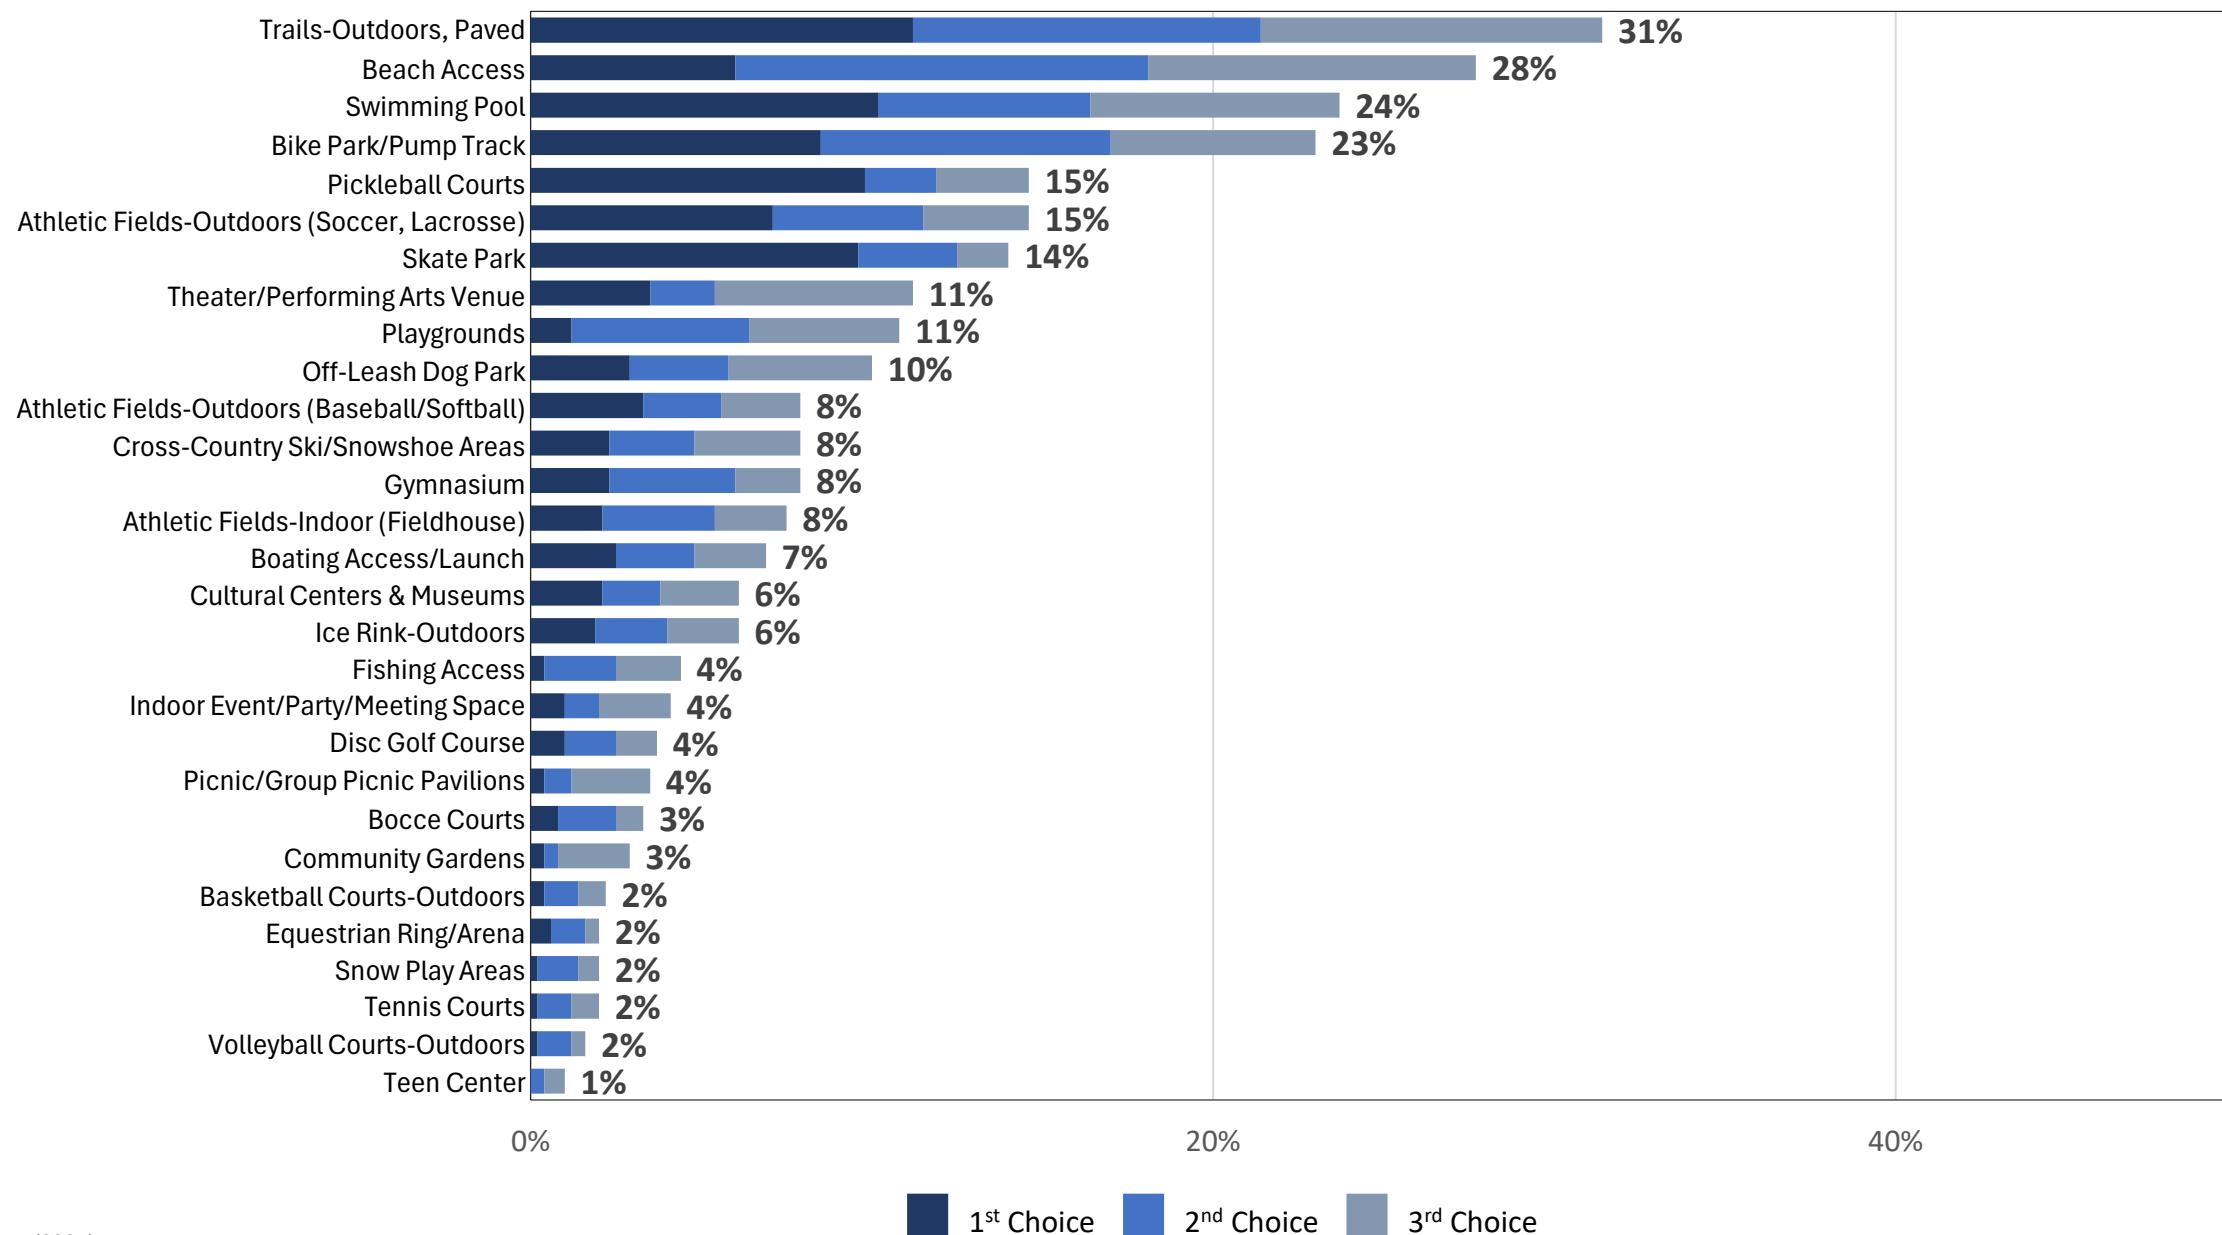

The following pages show the Unmet Needs Rating, Importance Rating, and Priority Investment Rating for programs.

# Facilities and Amenities

## Q6. How Well Your Needs Are Being Met For Each Facility And Amenity

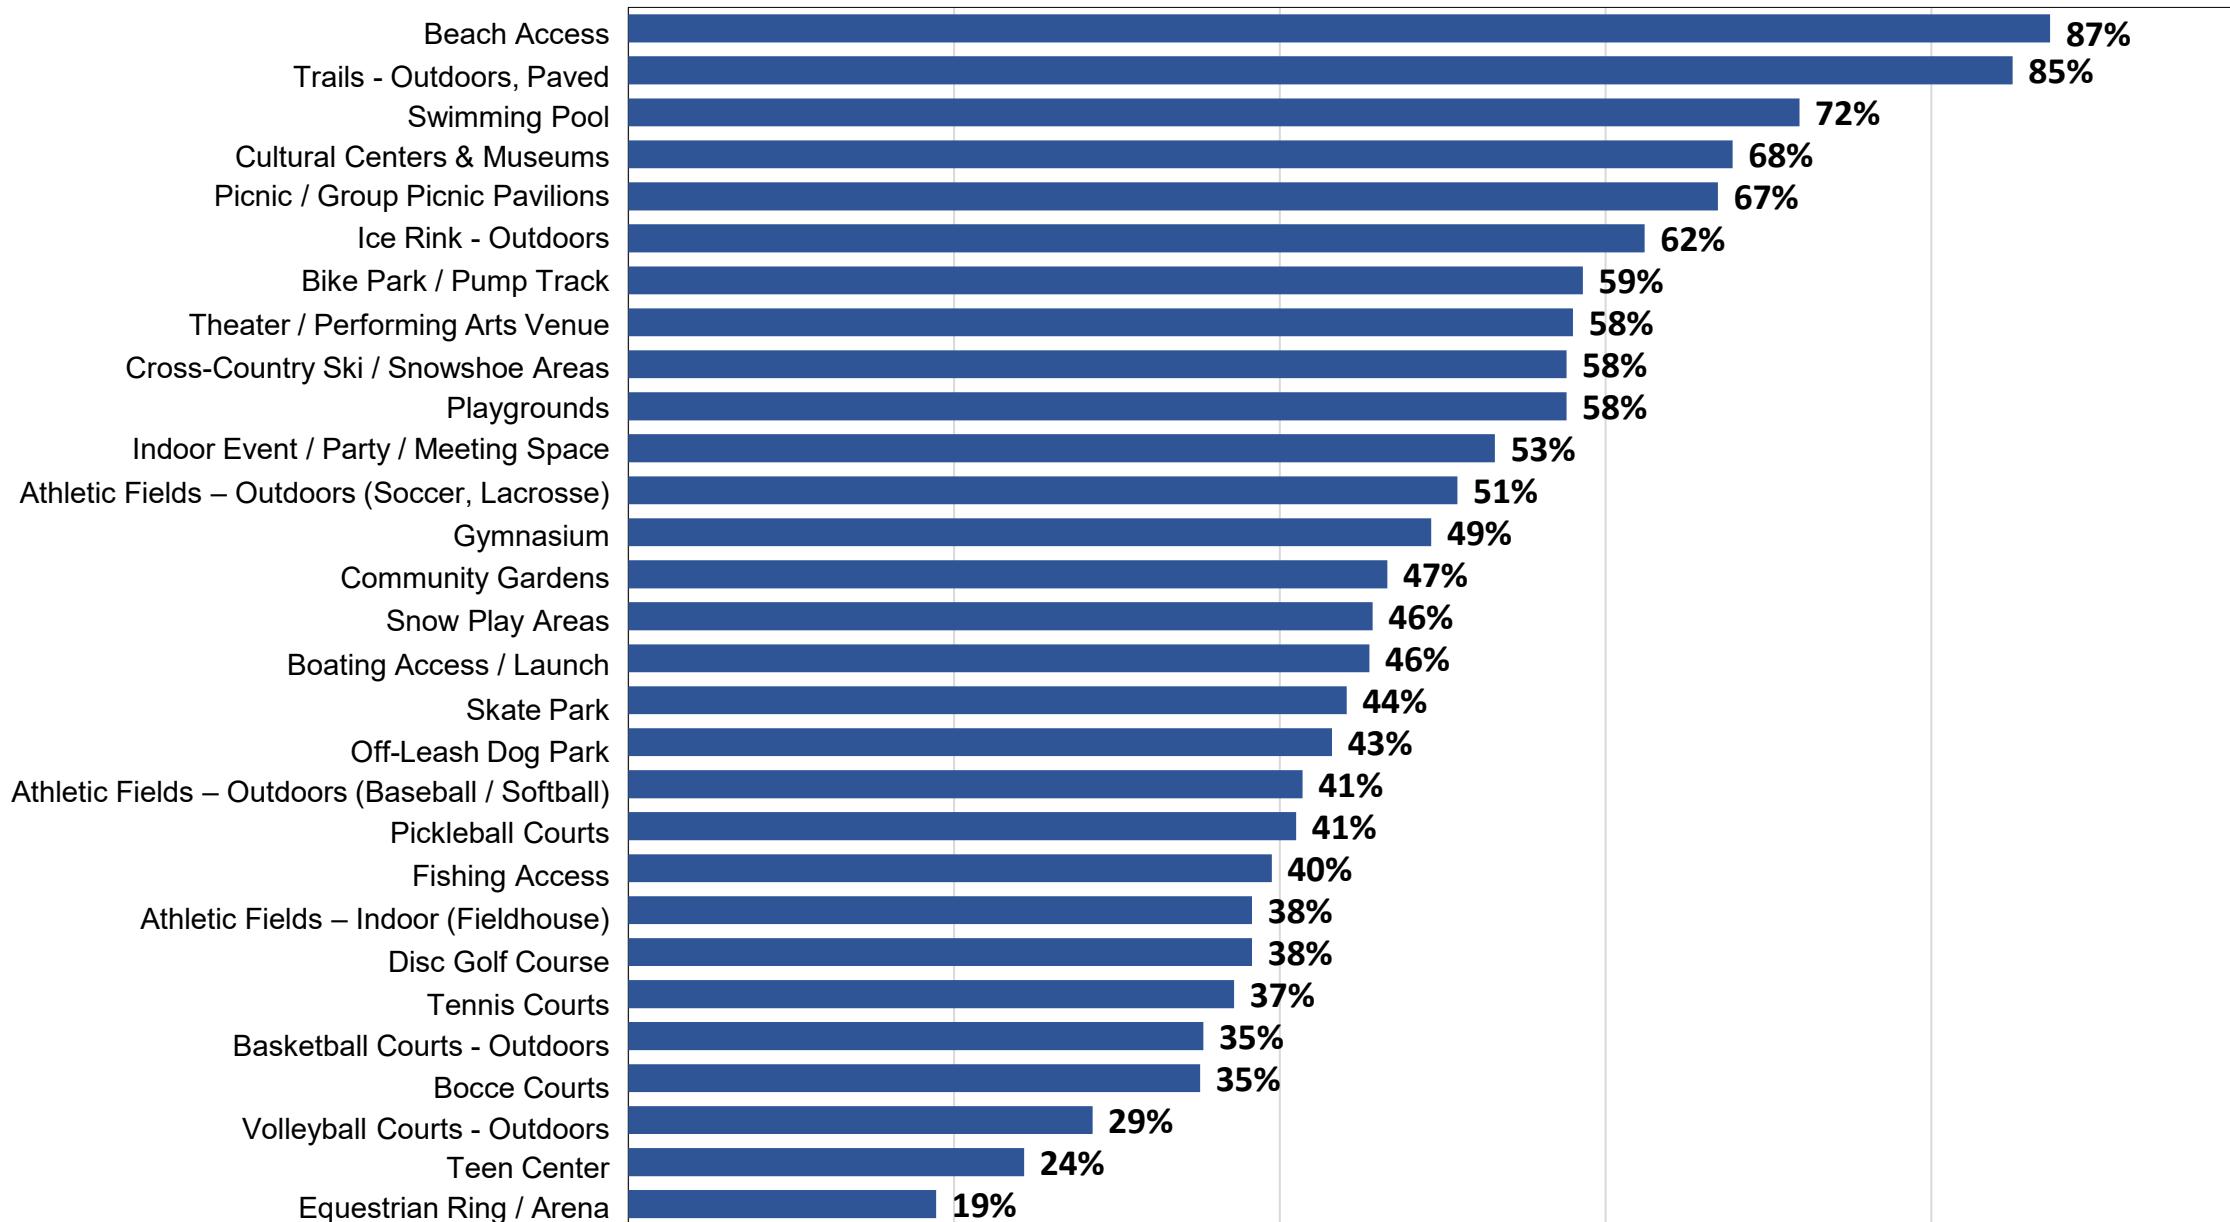

**Q7. Which THREE Facilities/Amenities From The List In Question 6 Are MOST IMPORTANT To Your Household?**  
by percentage of respondents who selected the item as one of their top three choices

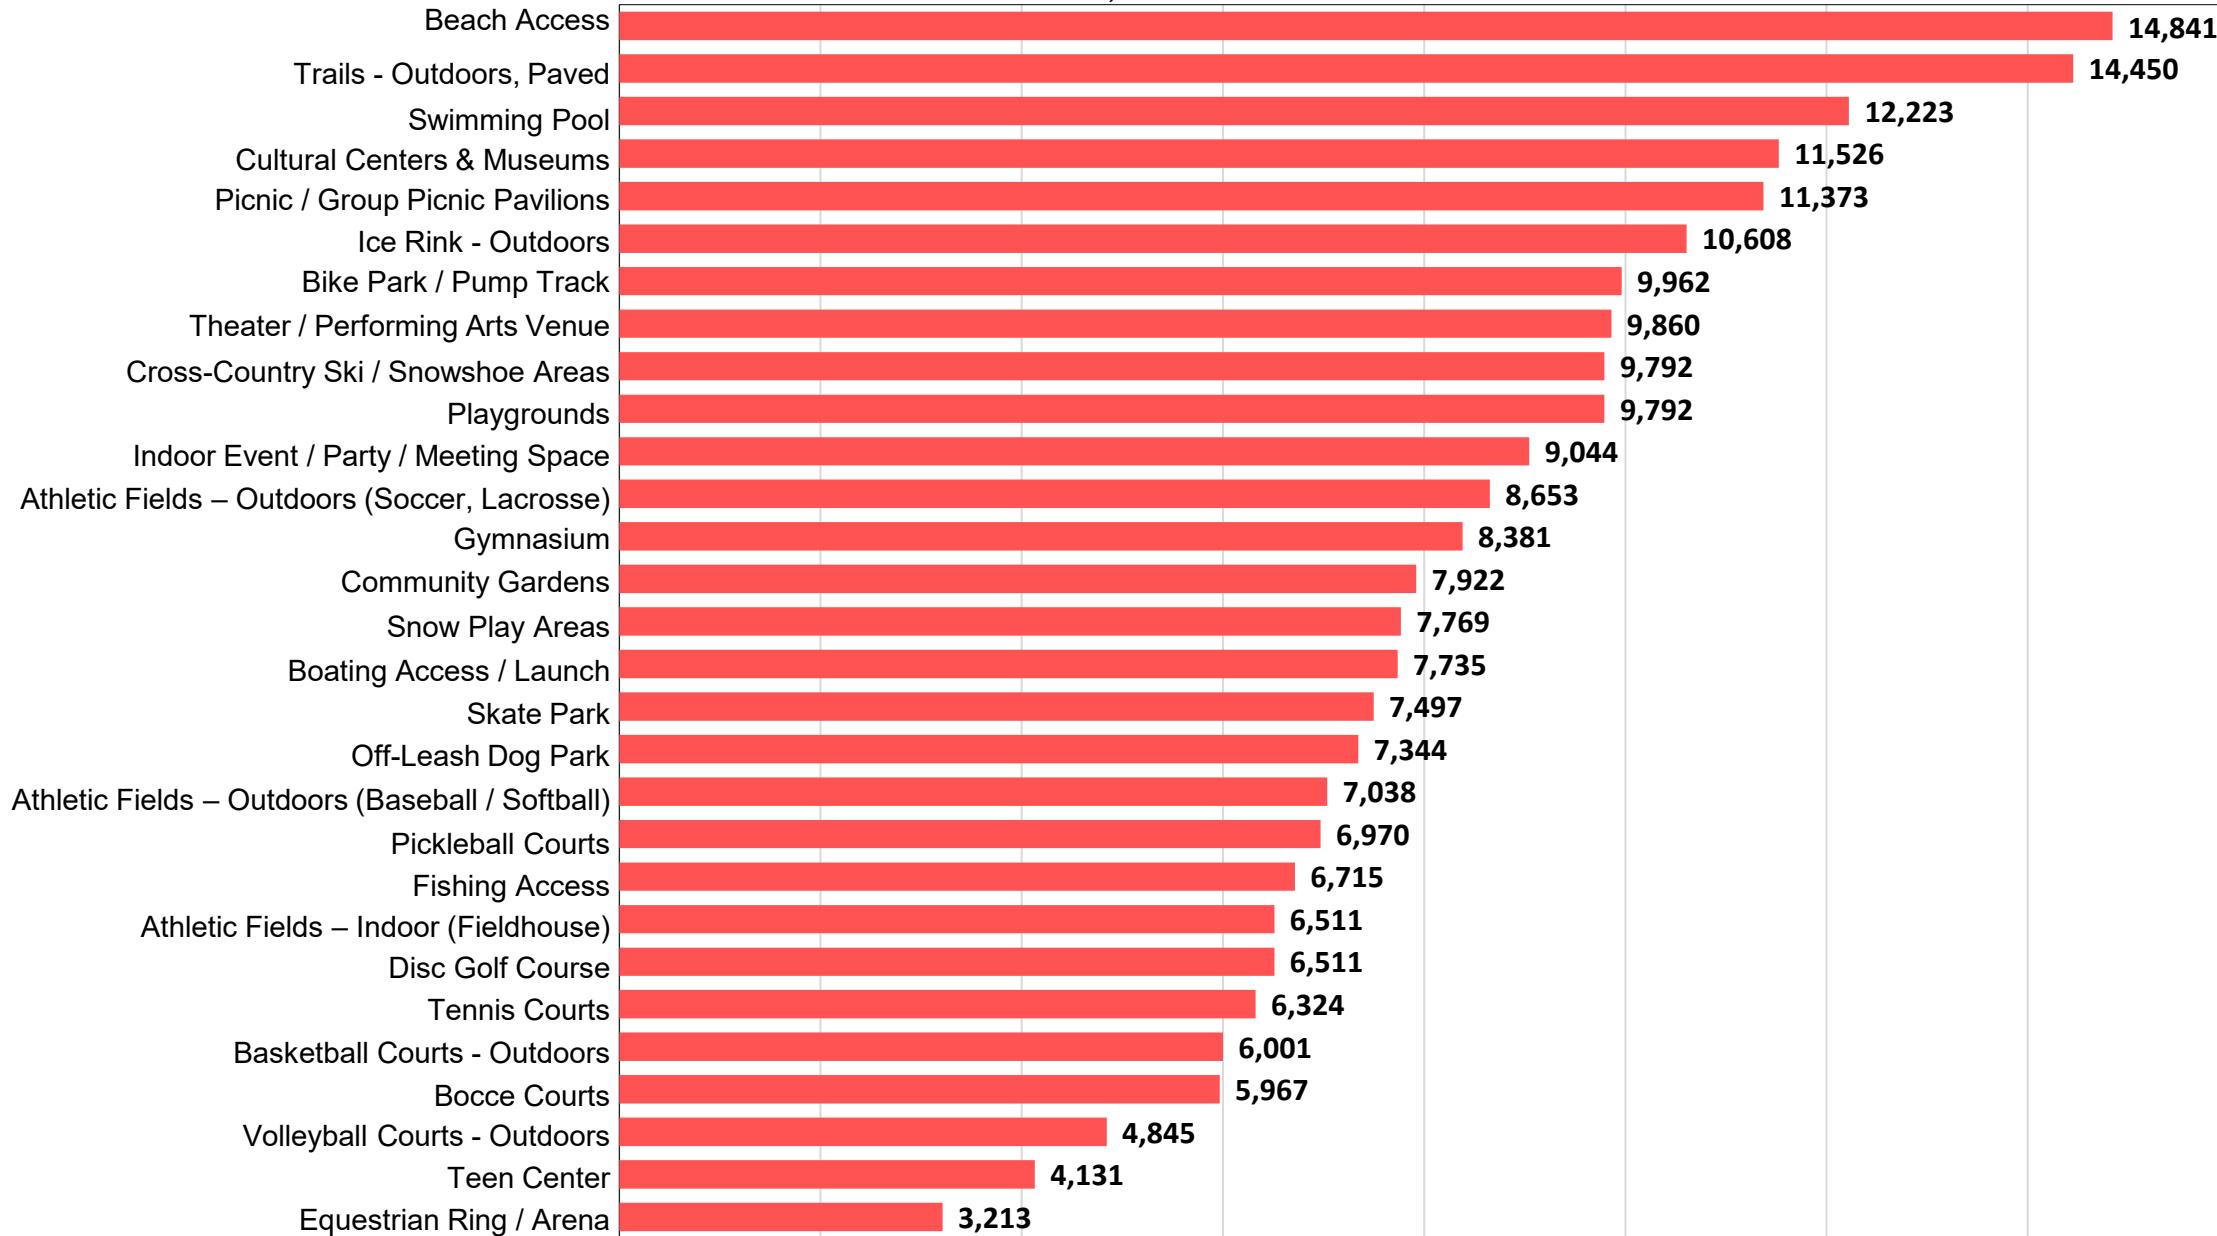

# Need For Facilities And Amenities In The District

by percentage of respondents who indicated a need

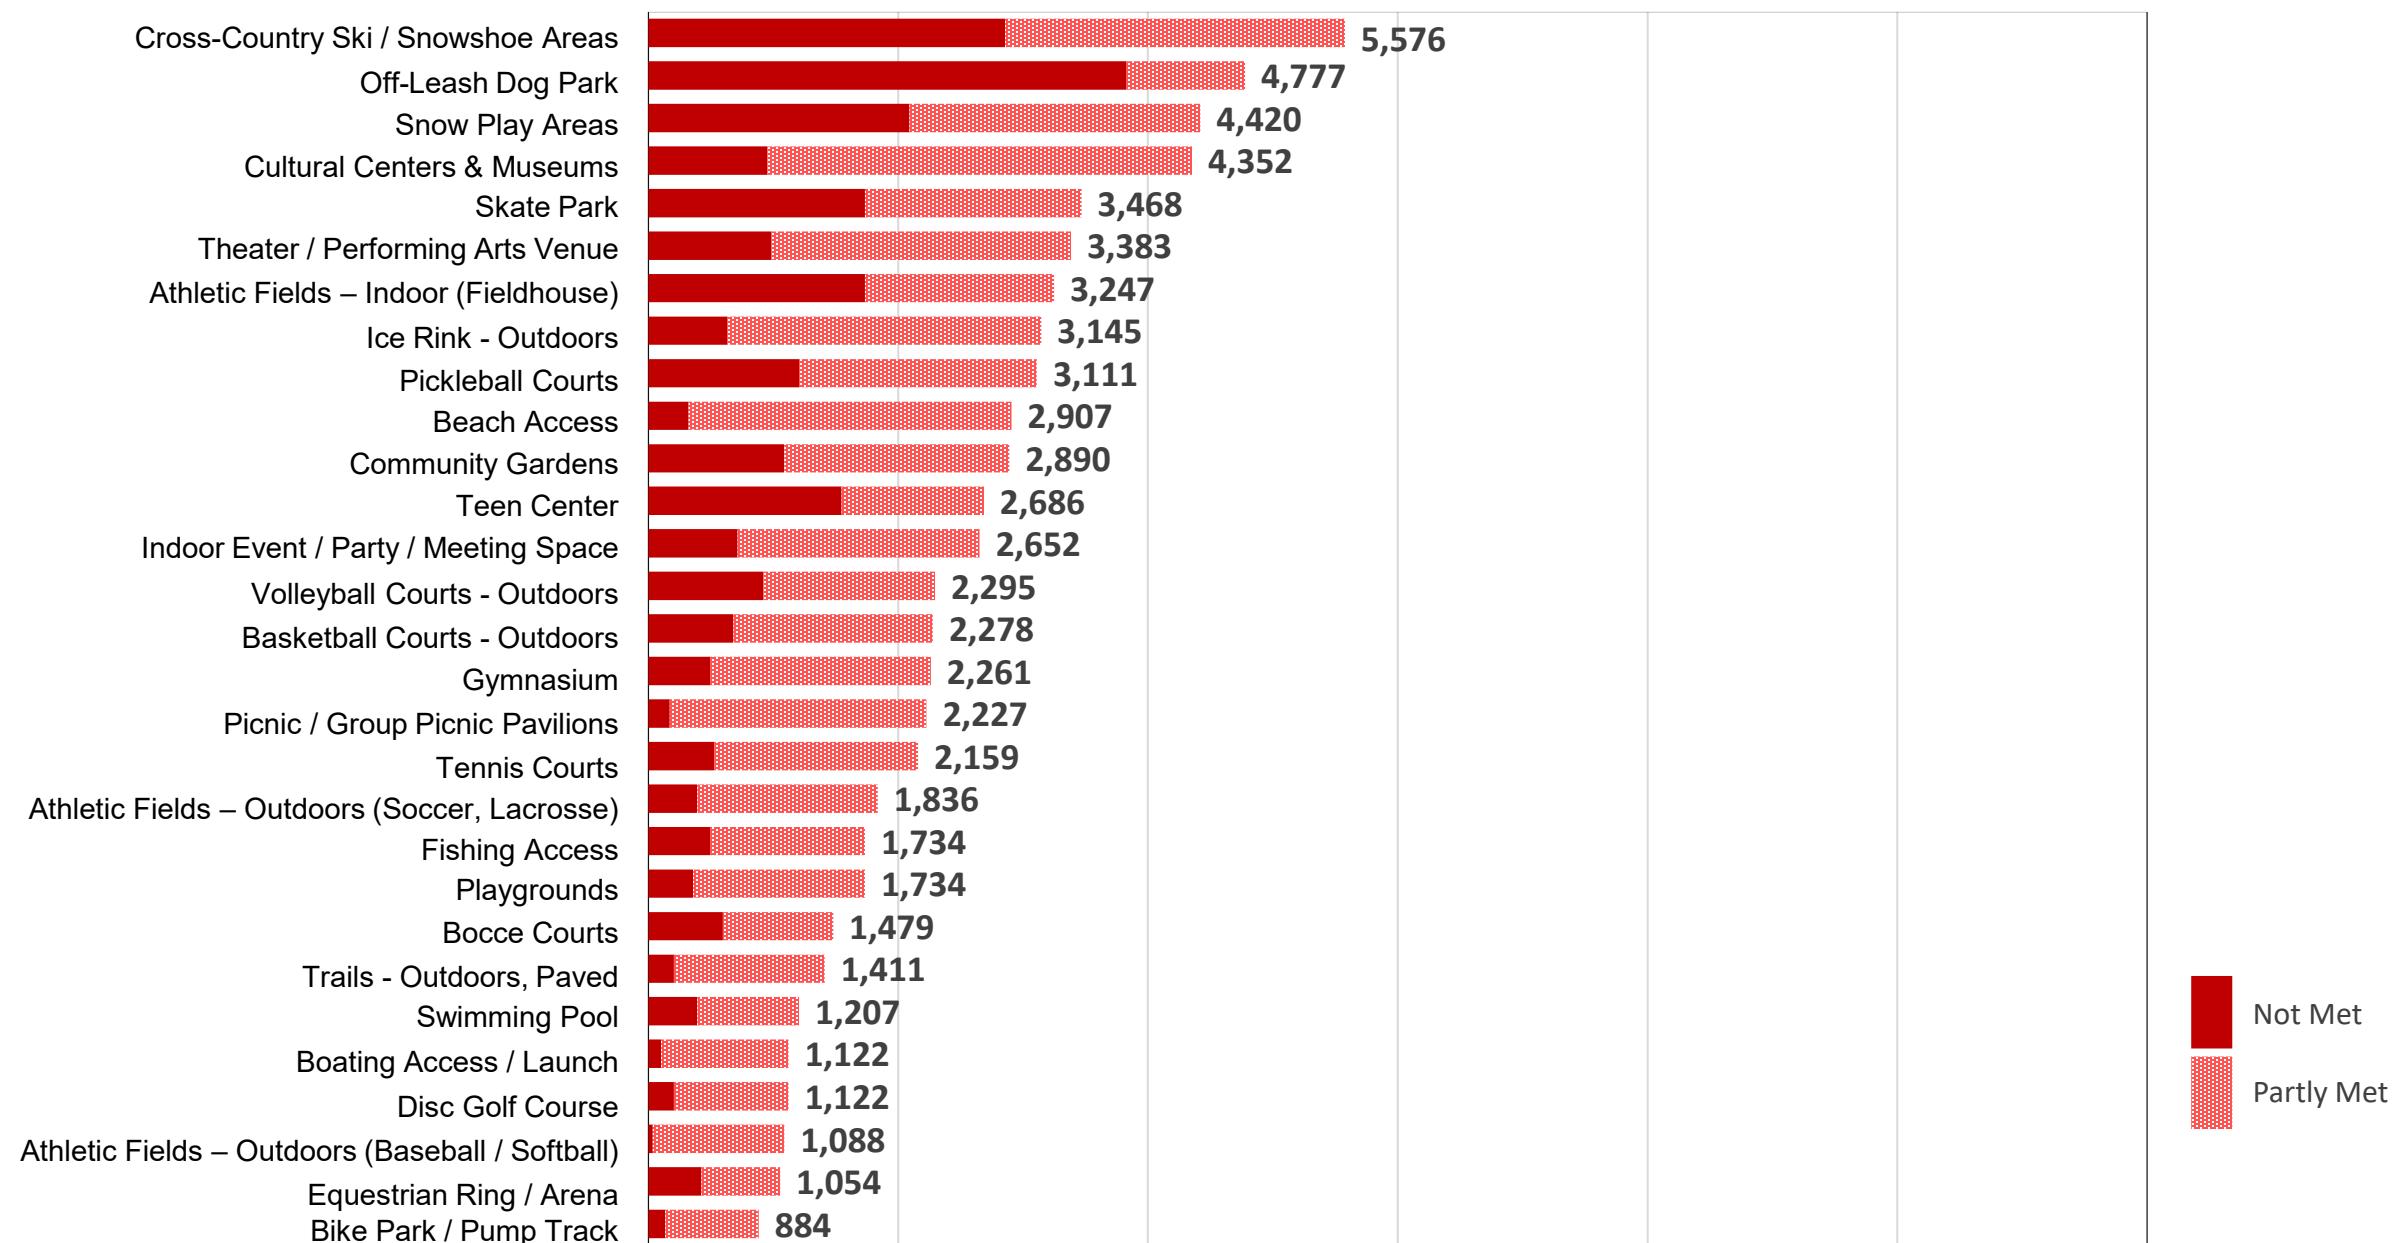

# Estimated Number Of Households That Have Needs For Facilities And Amenities In The District

Based on 17,000 Households

# Estimated Number Of Households That's Needs For Facilities And Amenities Is Partly Met Or Not Met

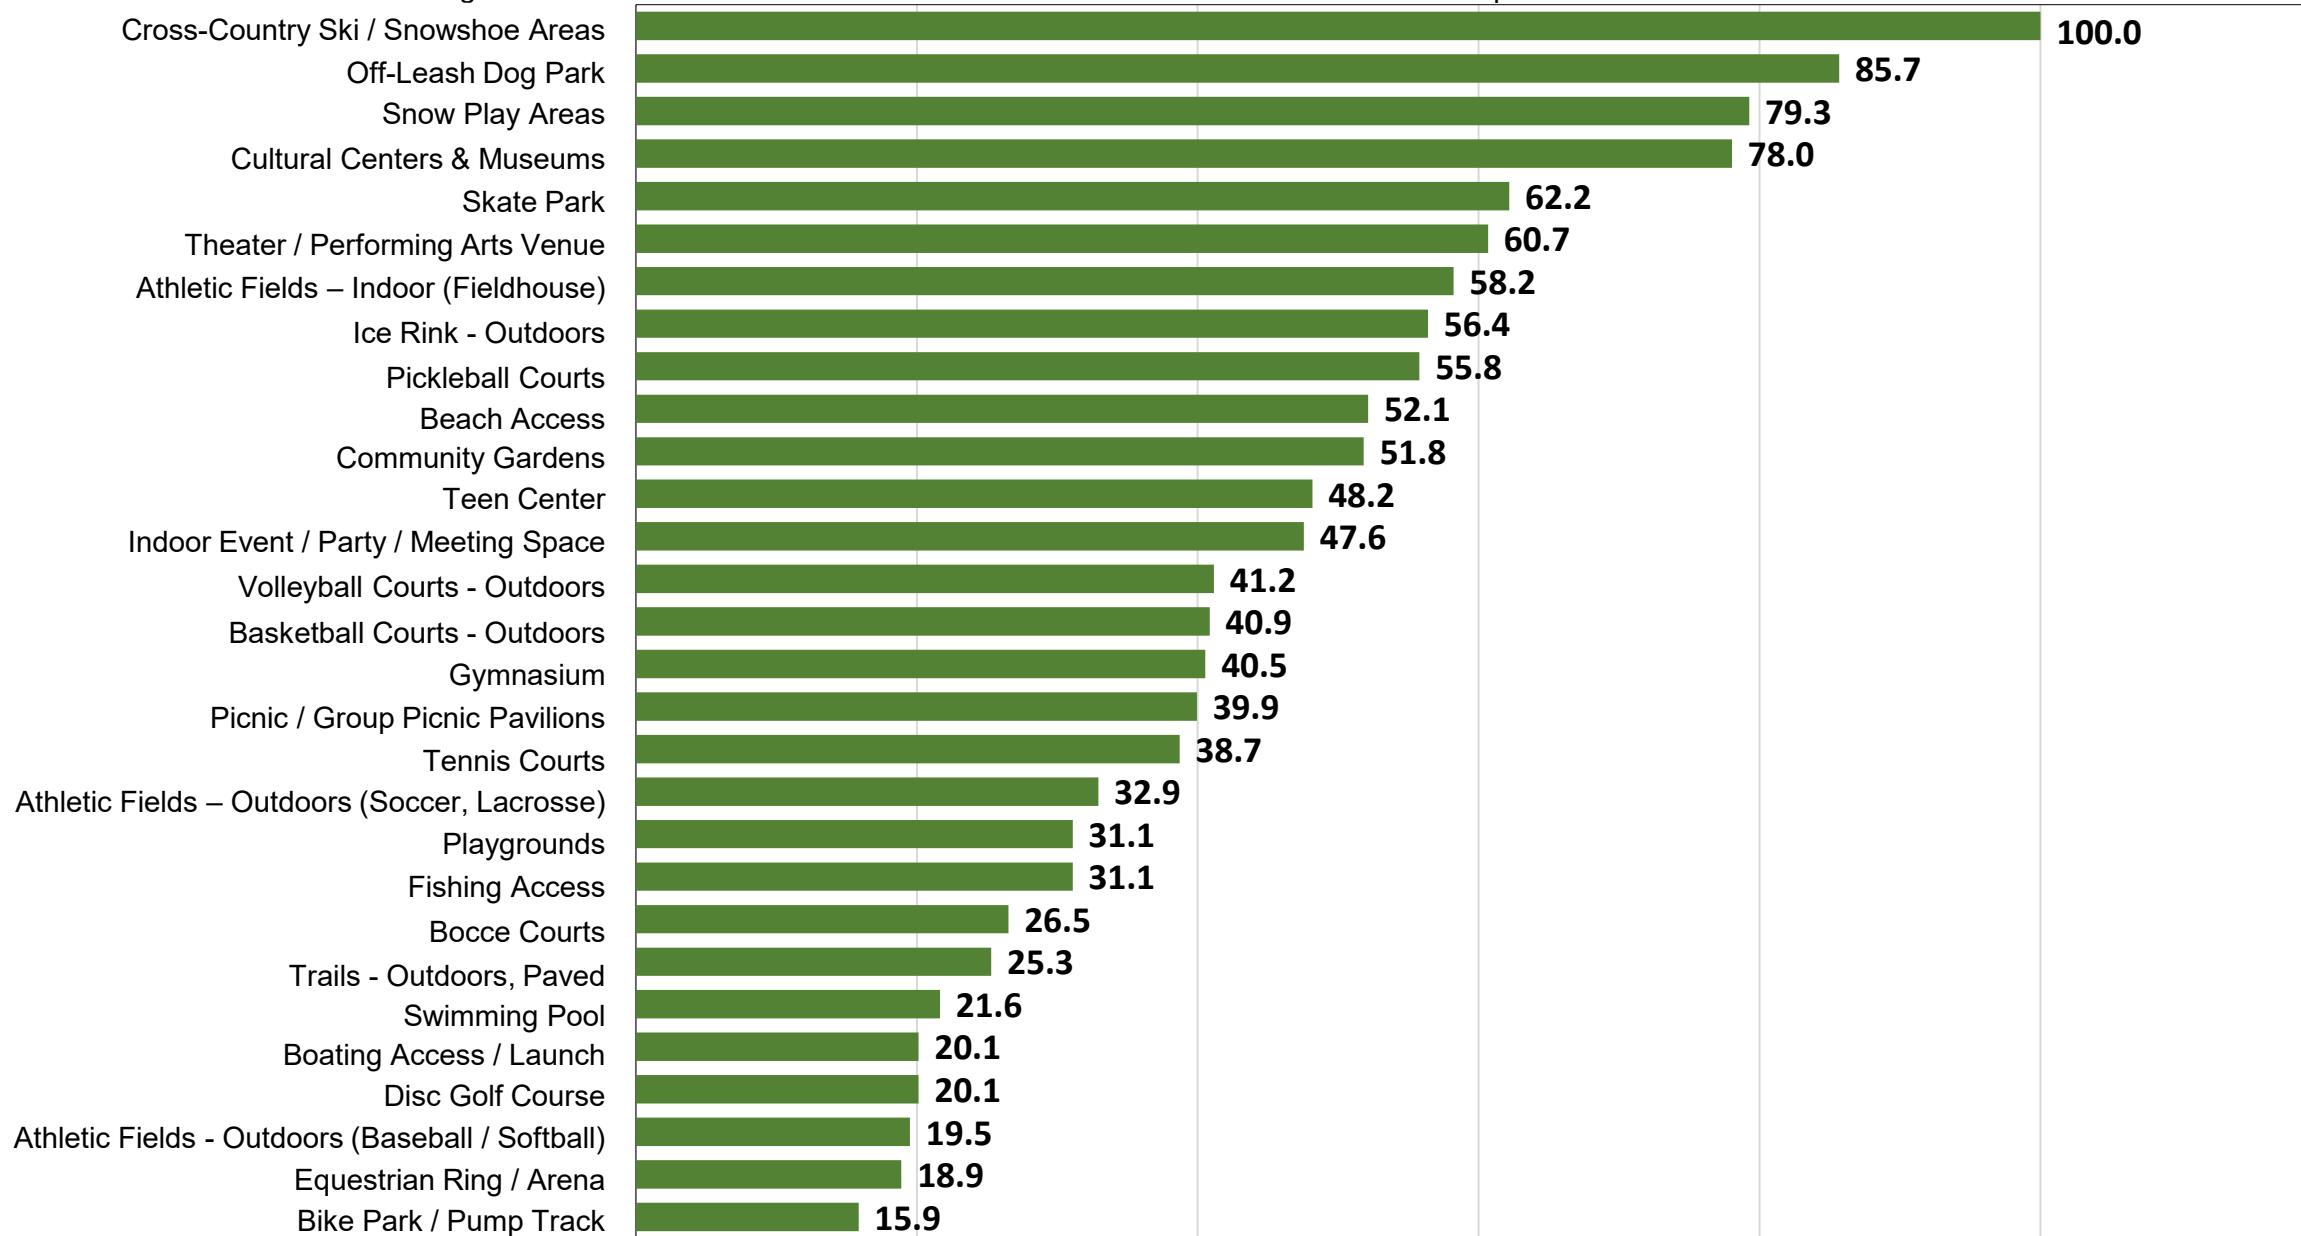

Based on 17,000 Households

# Unmet Needs Rating For Facilities And Amenities In The District

The rating for the item with the most unmet need=100

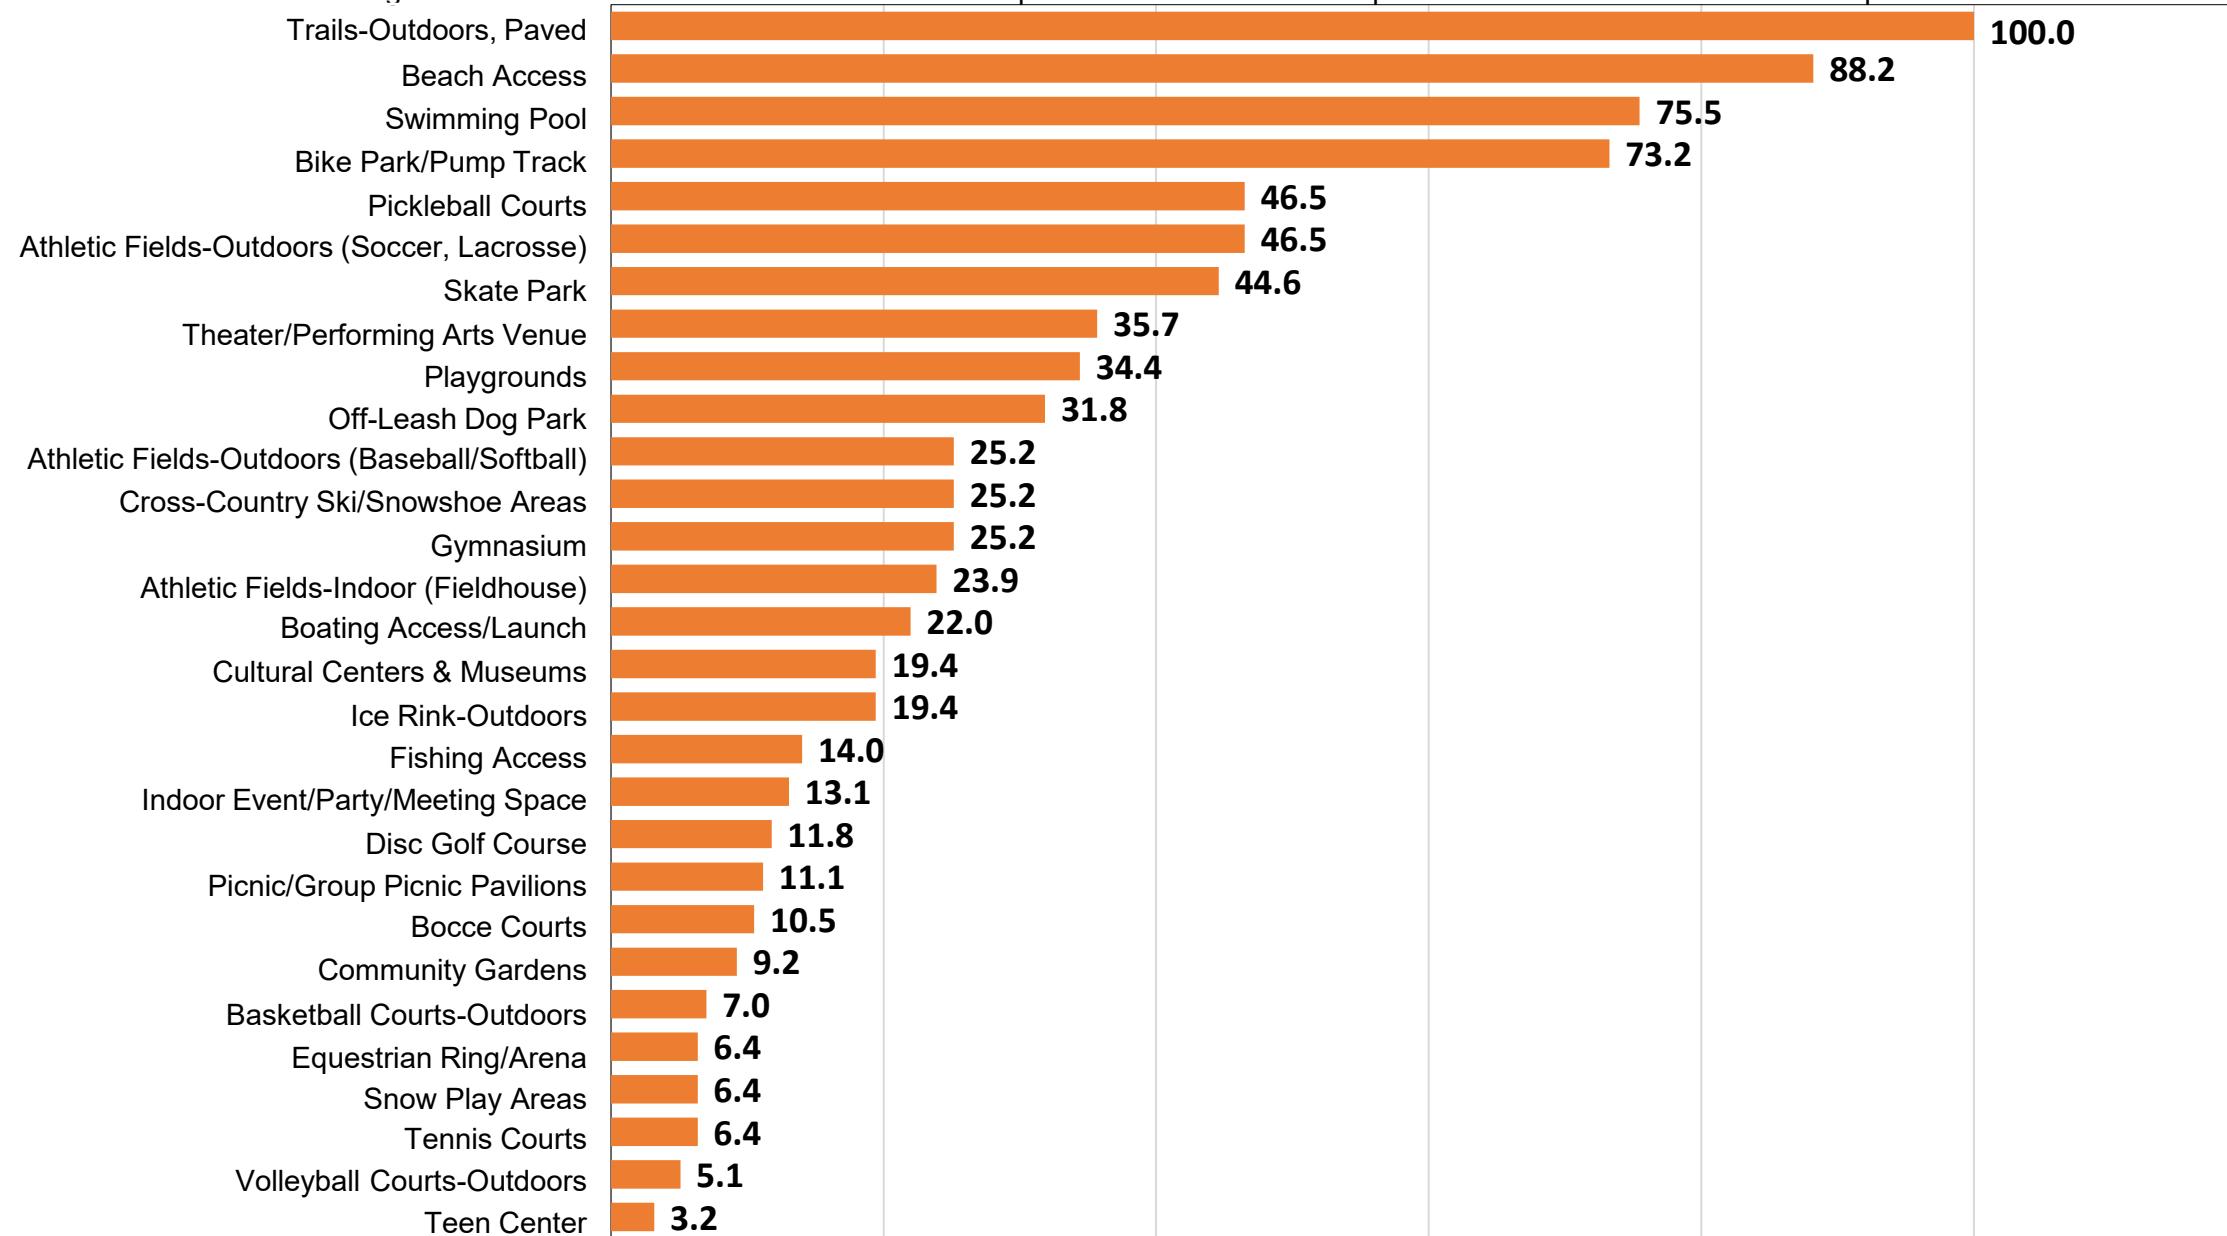

The rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

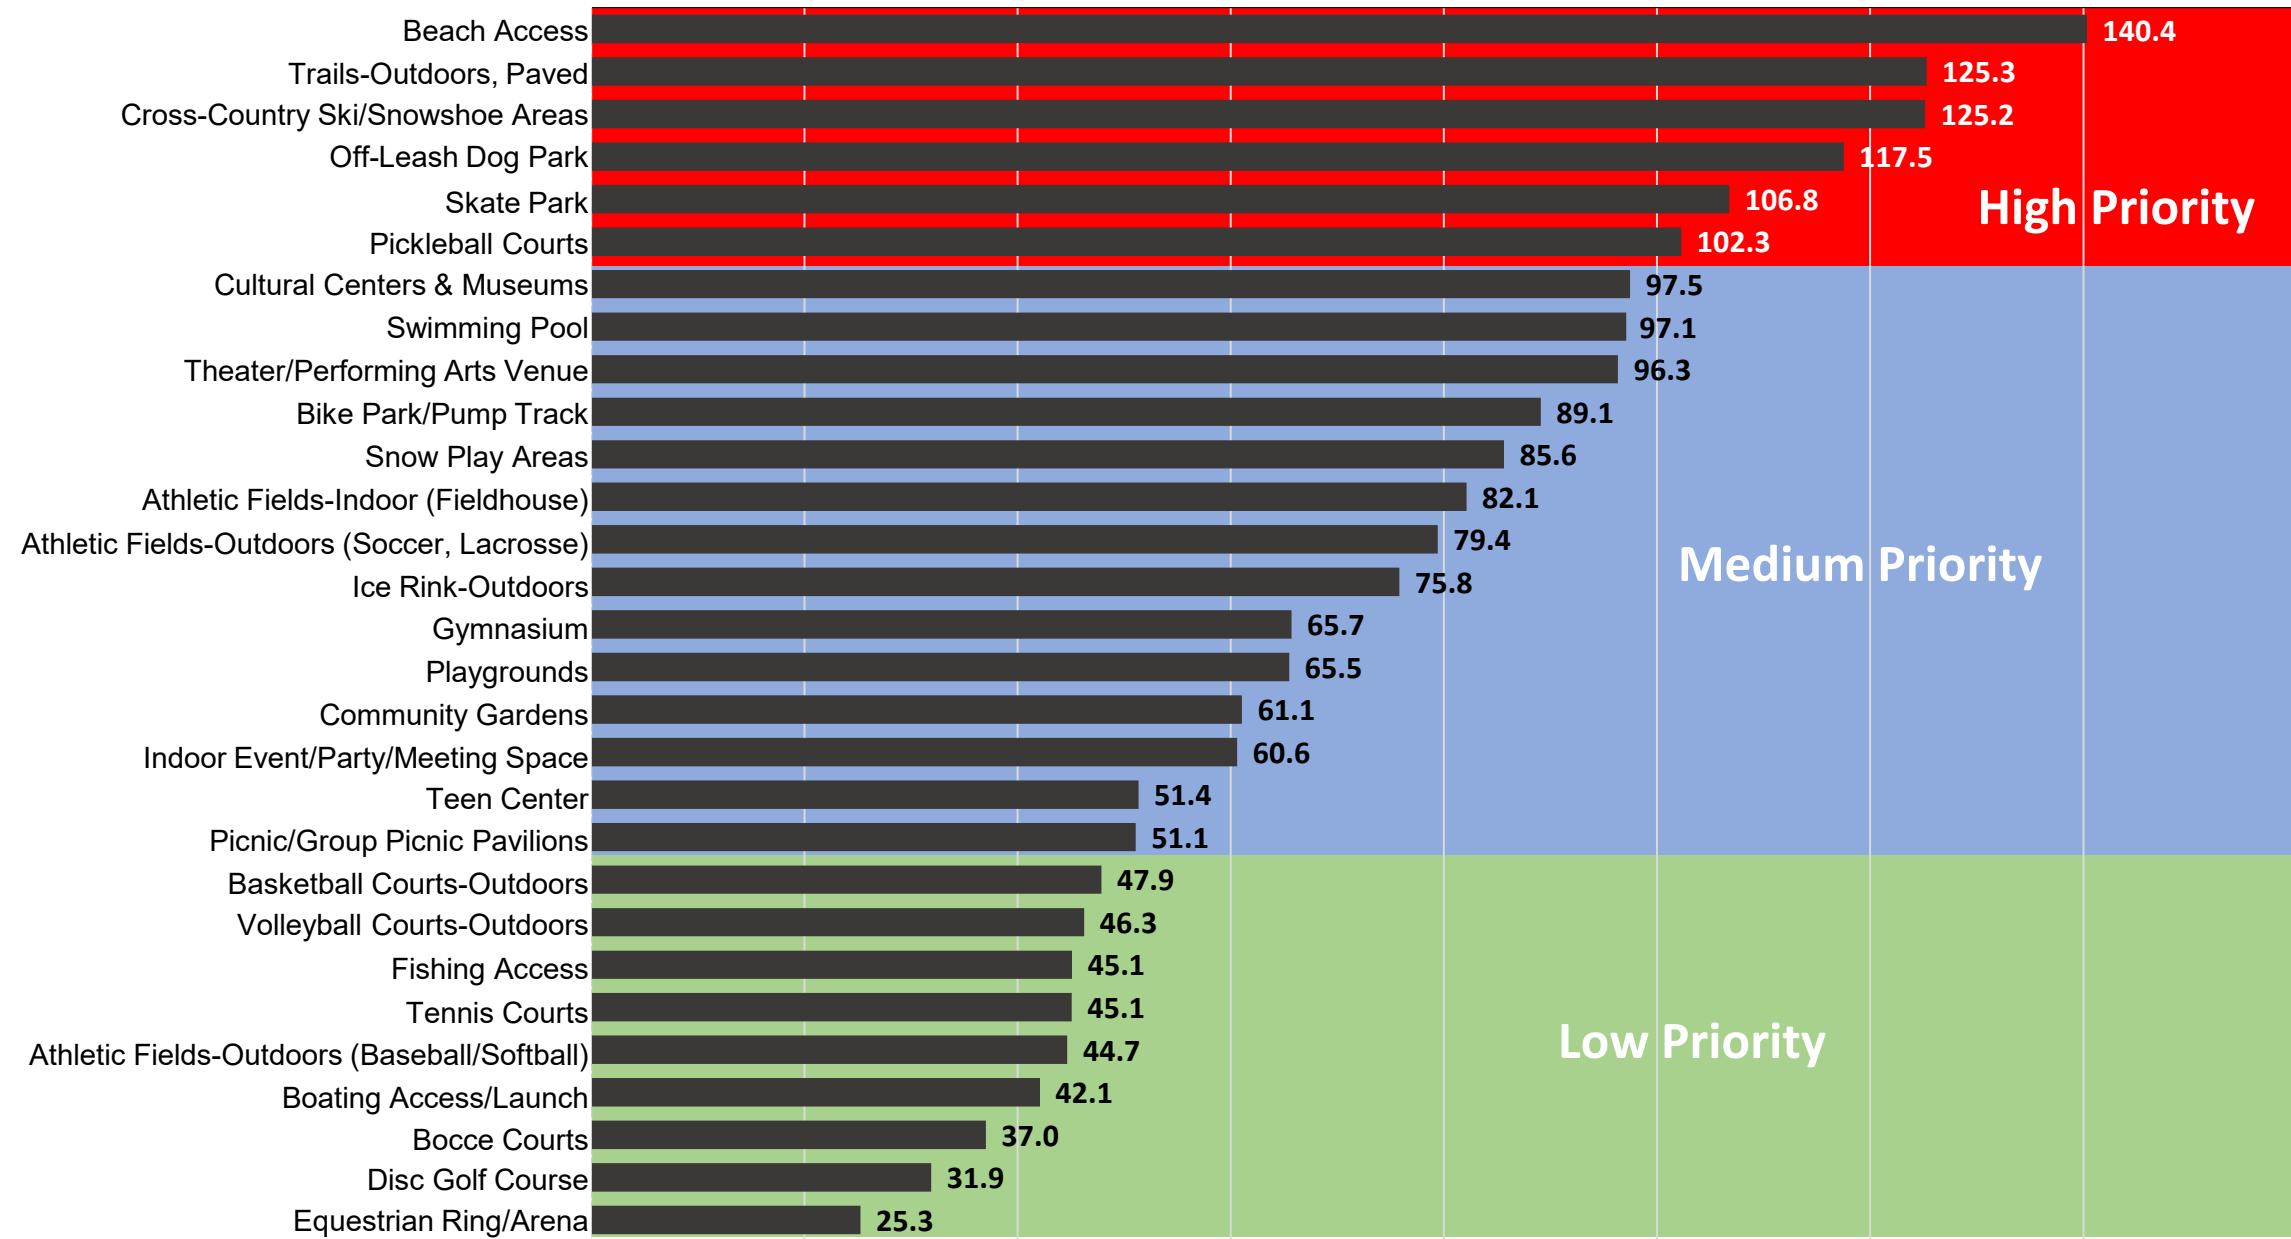

# Importance Rating for Facilities and Amenities In The District

The rating for the item rated as the most important=100

The rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

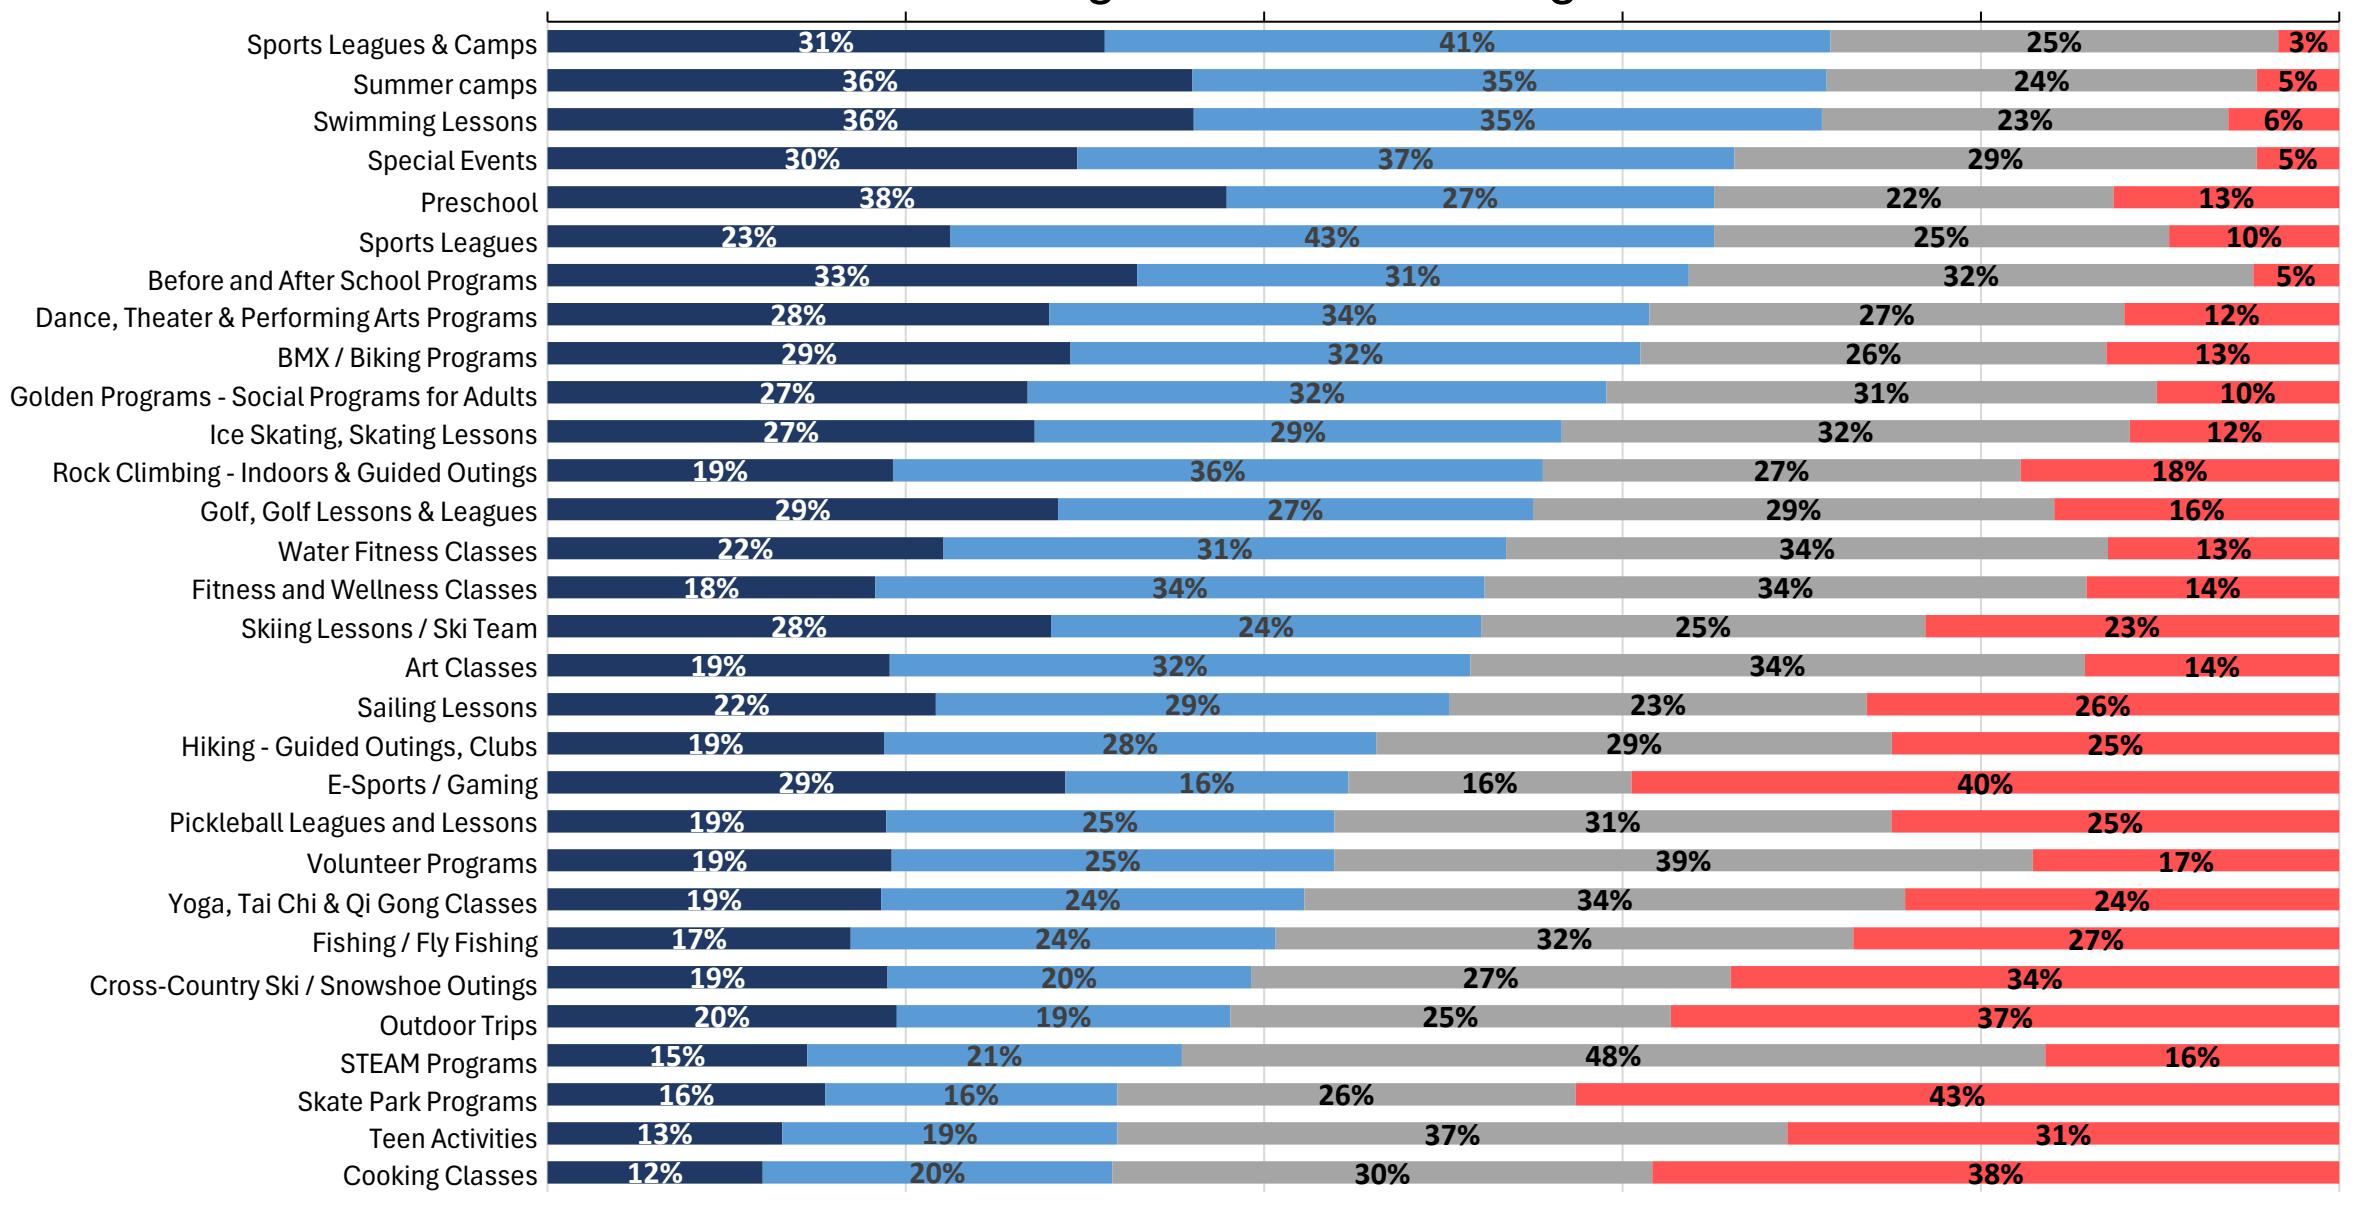

# Top Priorities for Investment for Facilities And Amenities Based on Priority Investment Rating

# Programs and Activities

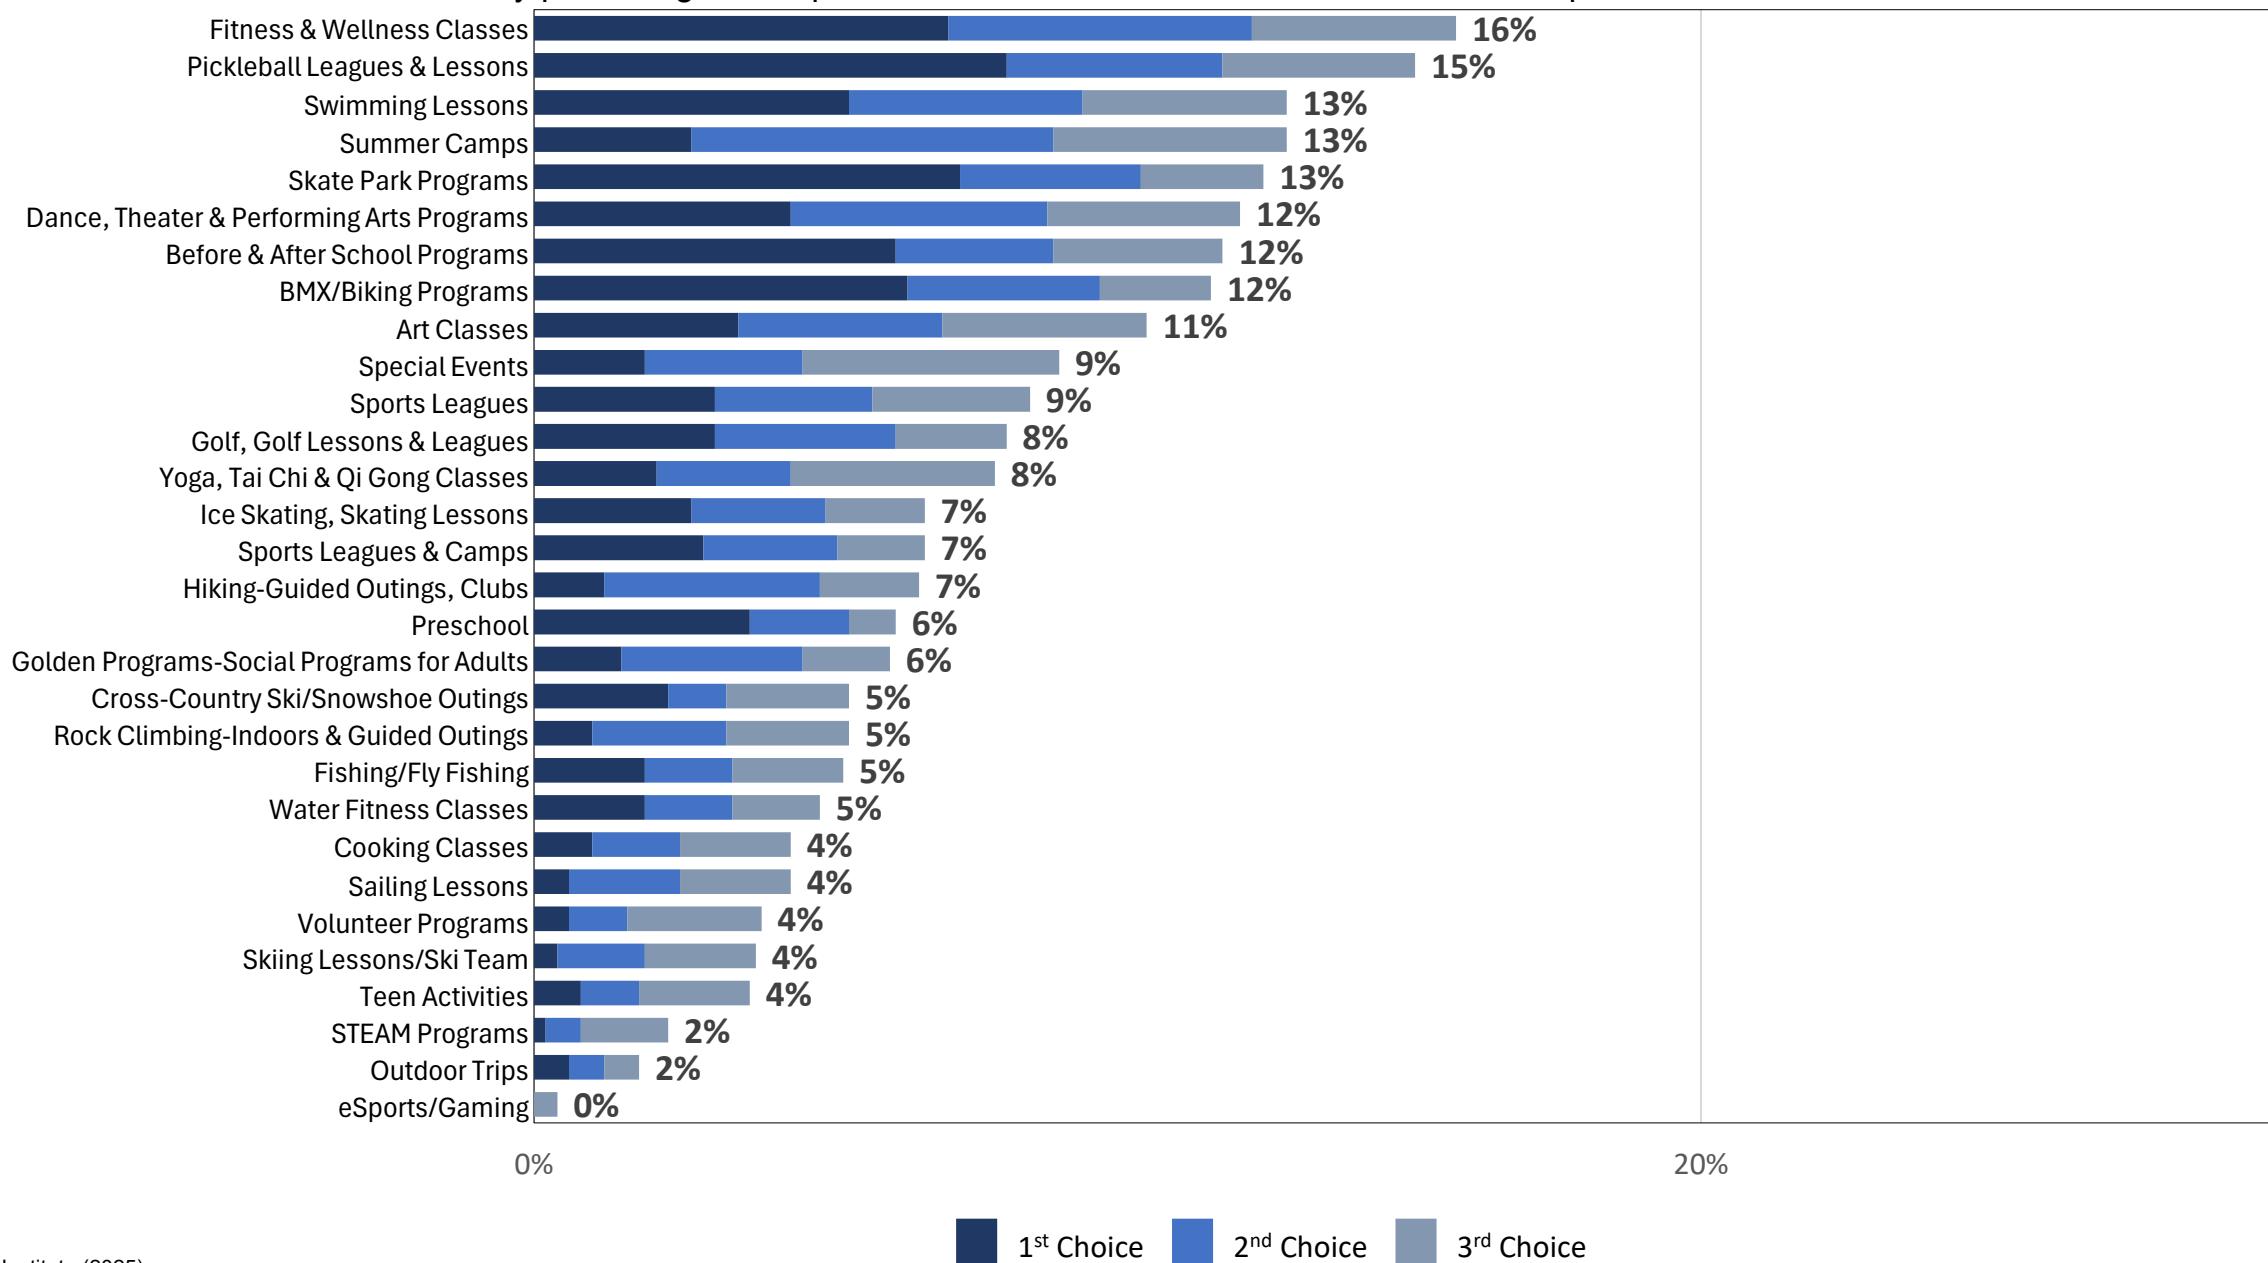

## Q8. How Well Your Needs Are Being Met For Each Programs And Activities

0% 20% 40% 60% 80% 100%

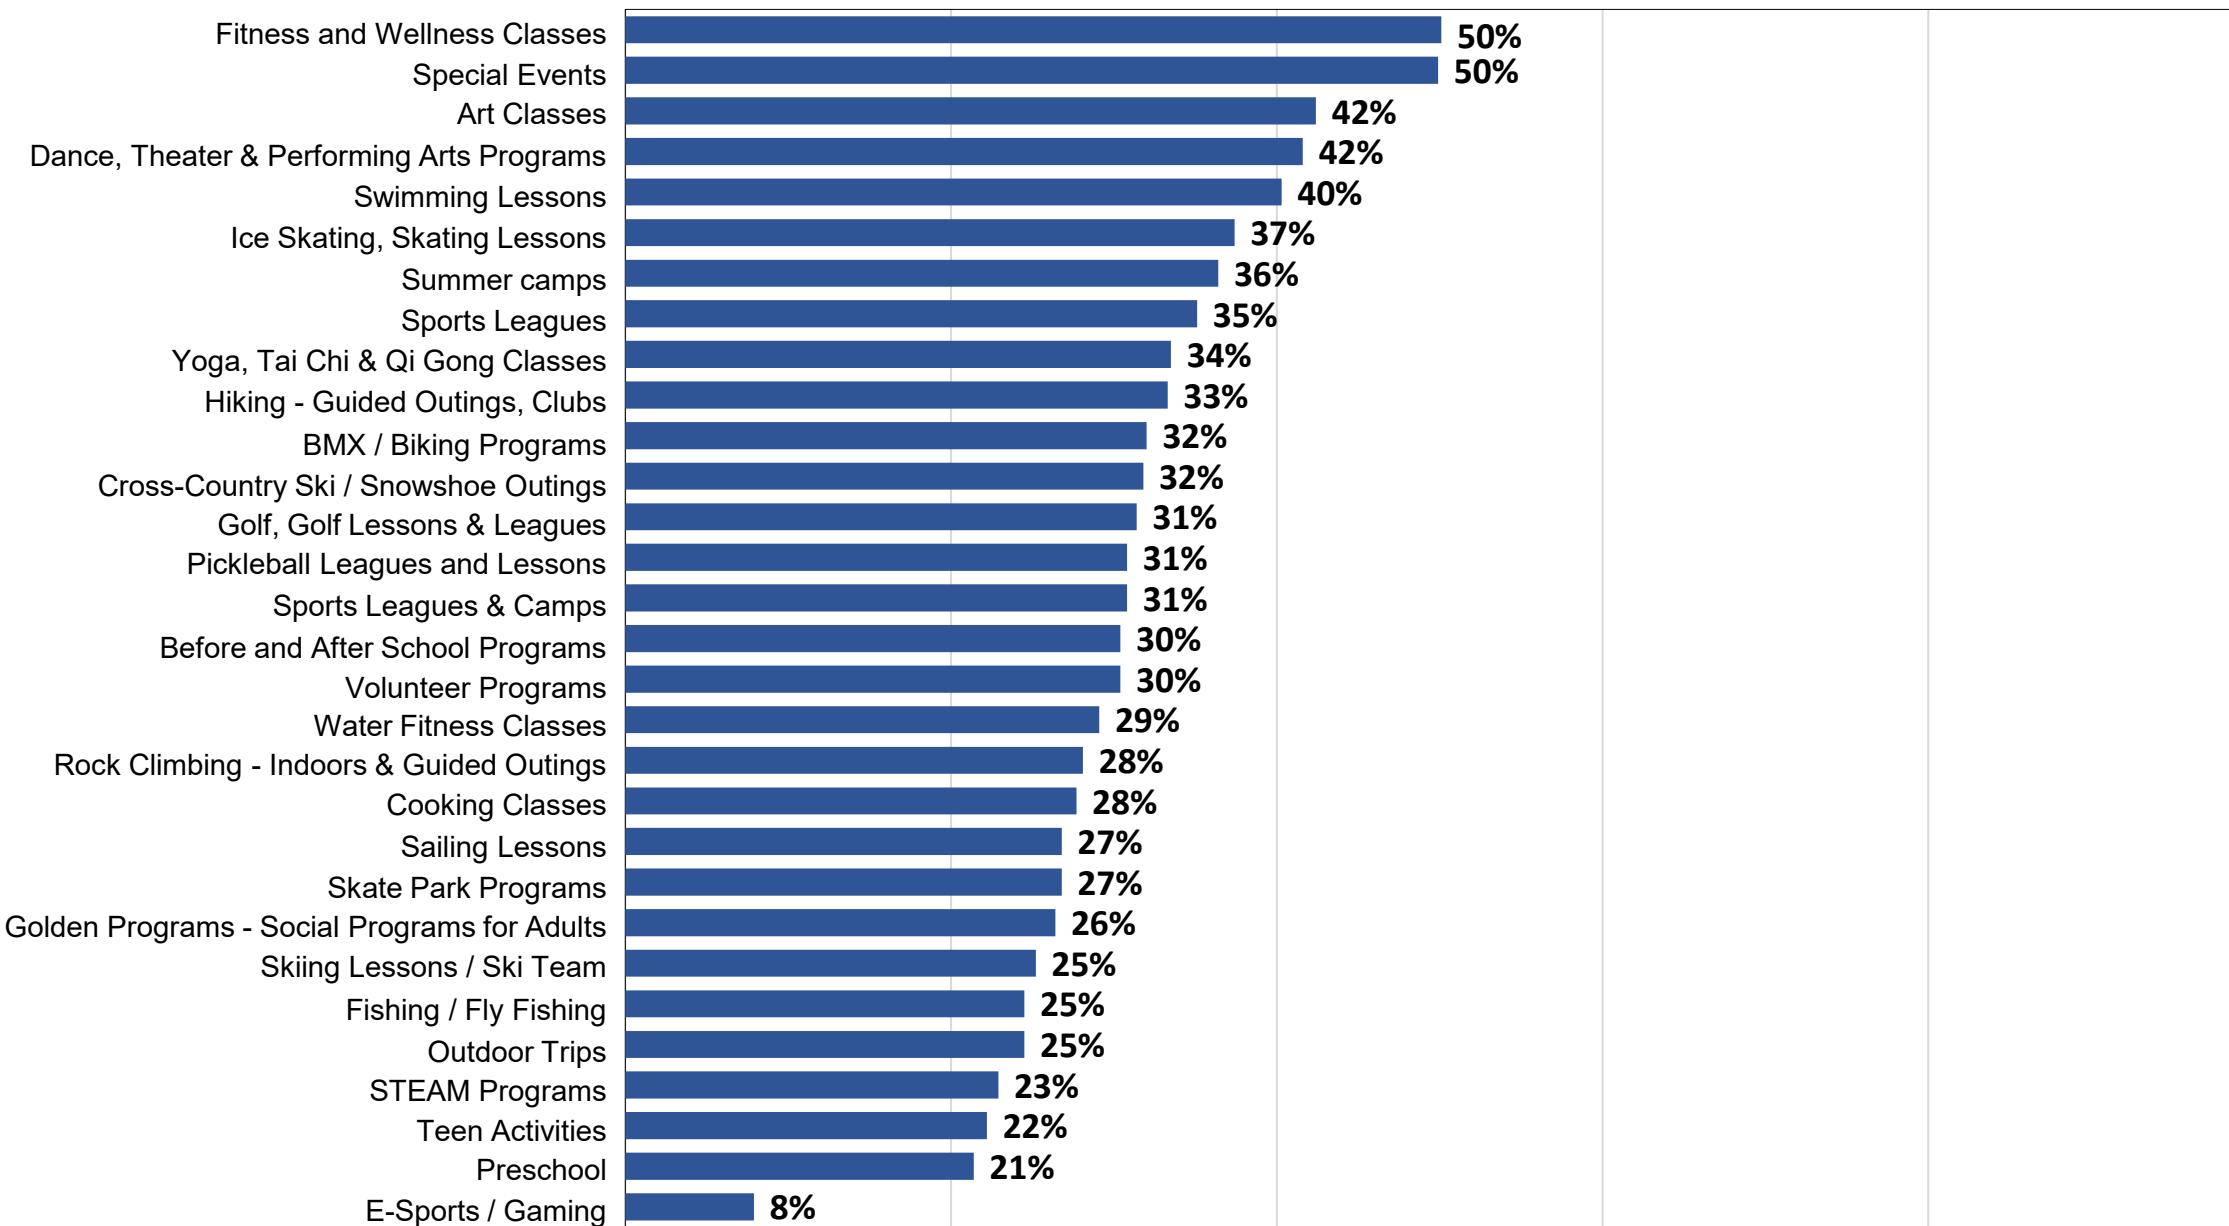

## Q9. Which THREE Programs/Activities From The List In Question 8 Are MOST IMPORTANT To Your Household?

by percentage of respondents who selected the item as one of their top three choices

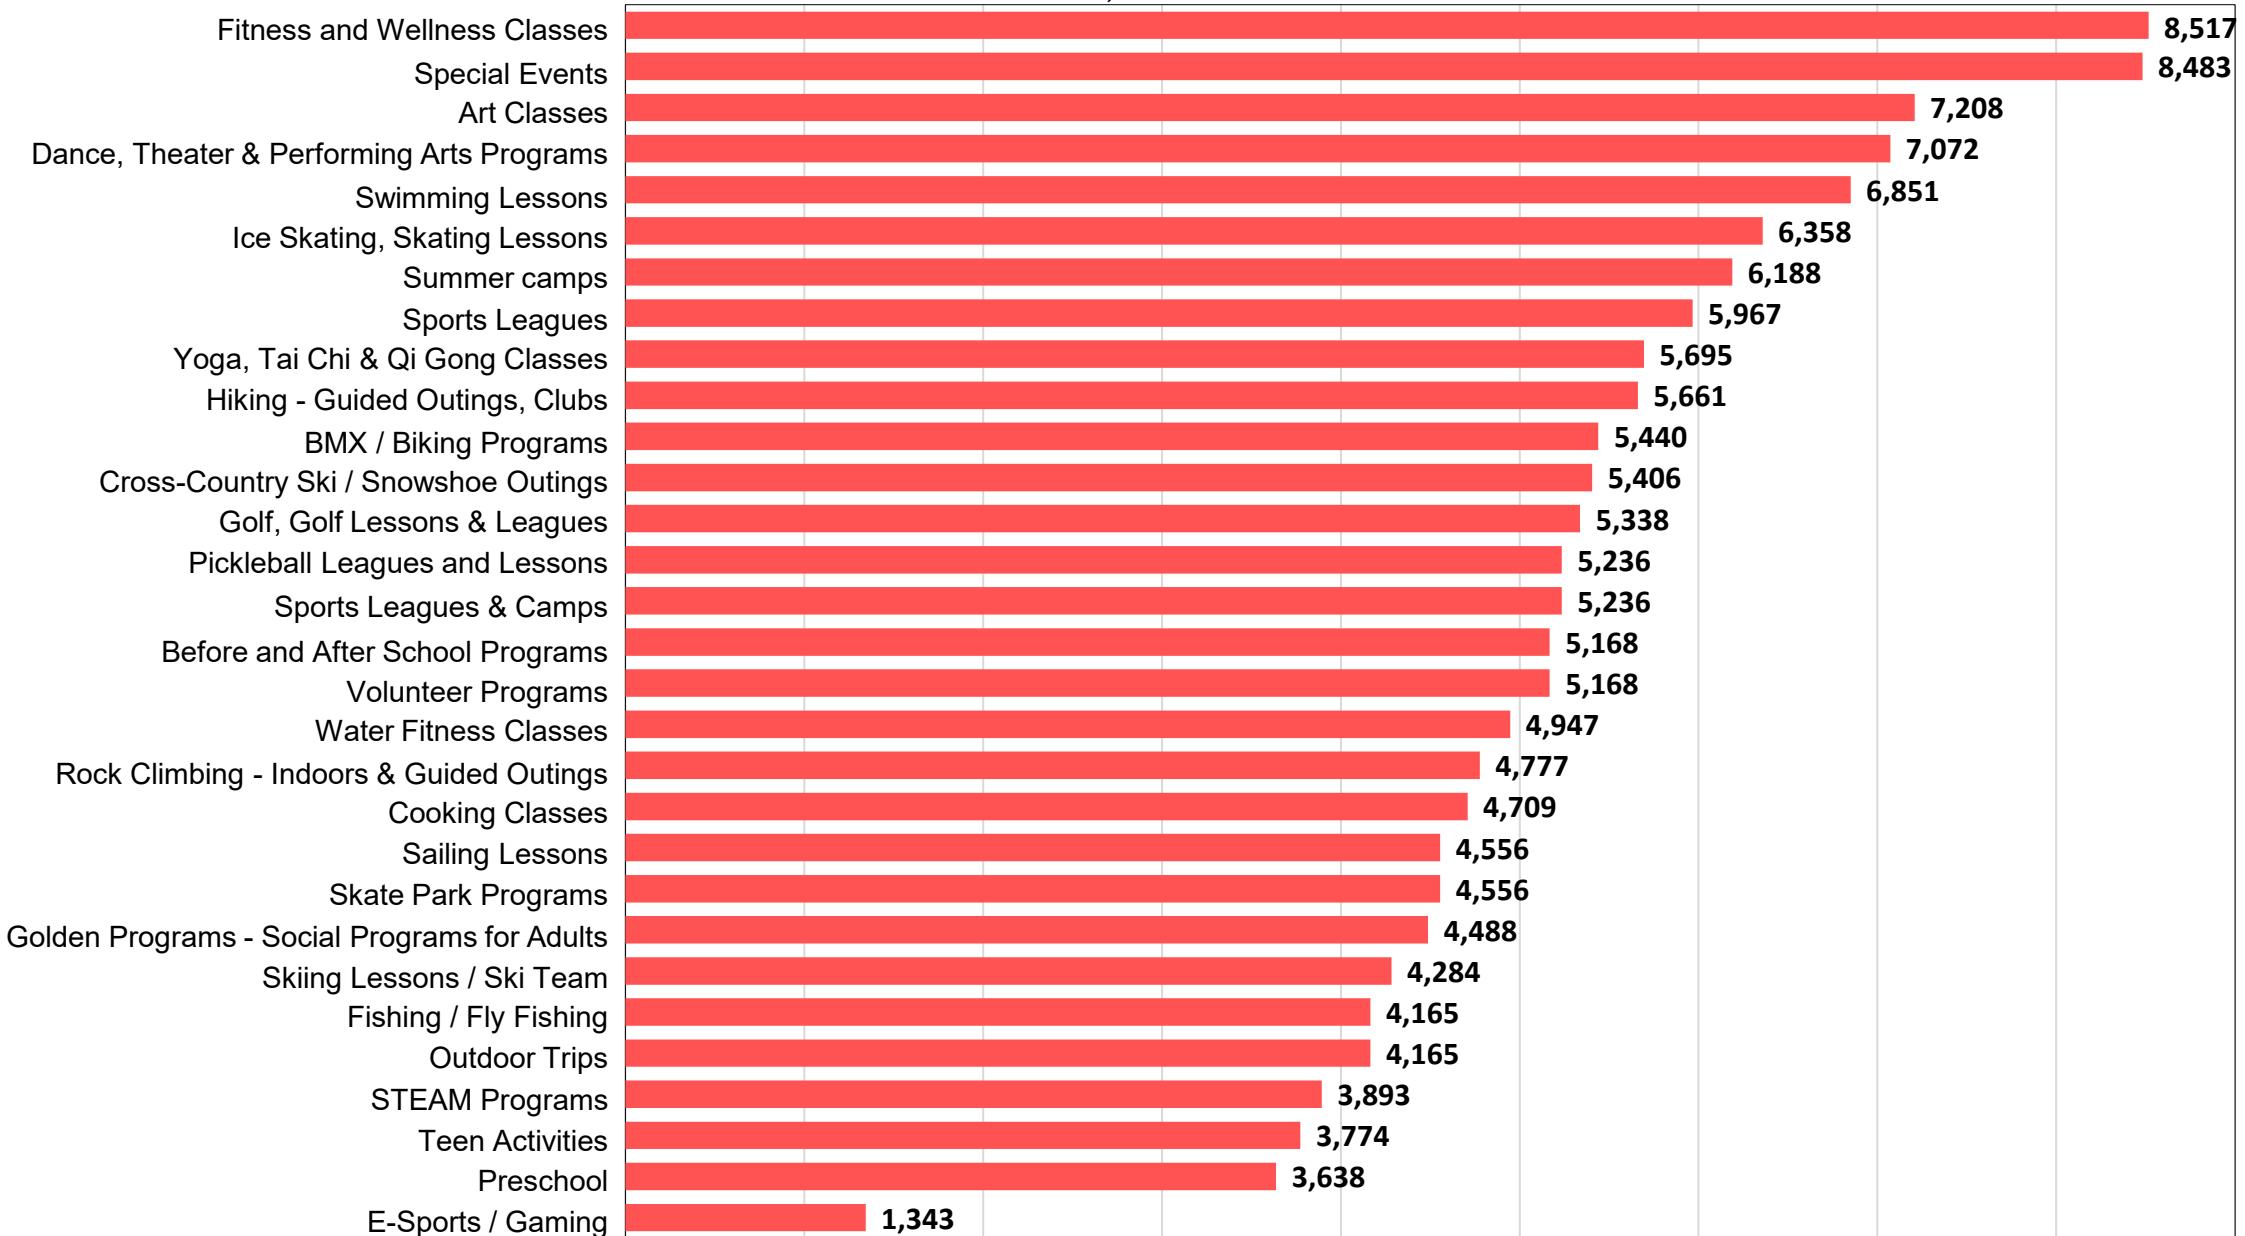

# Need For Programs And Activities In The District

by percentage of respondents who indicated a need

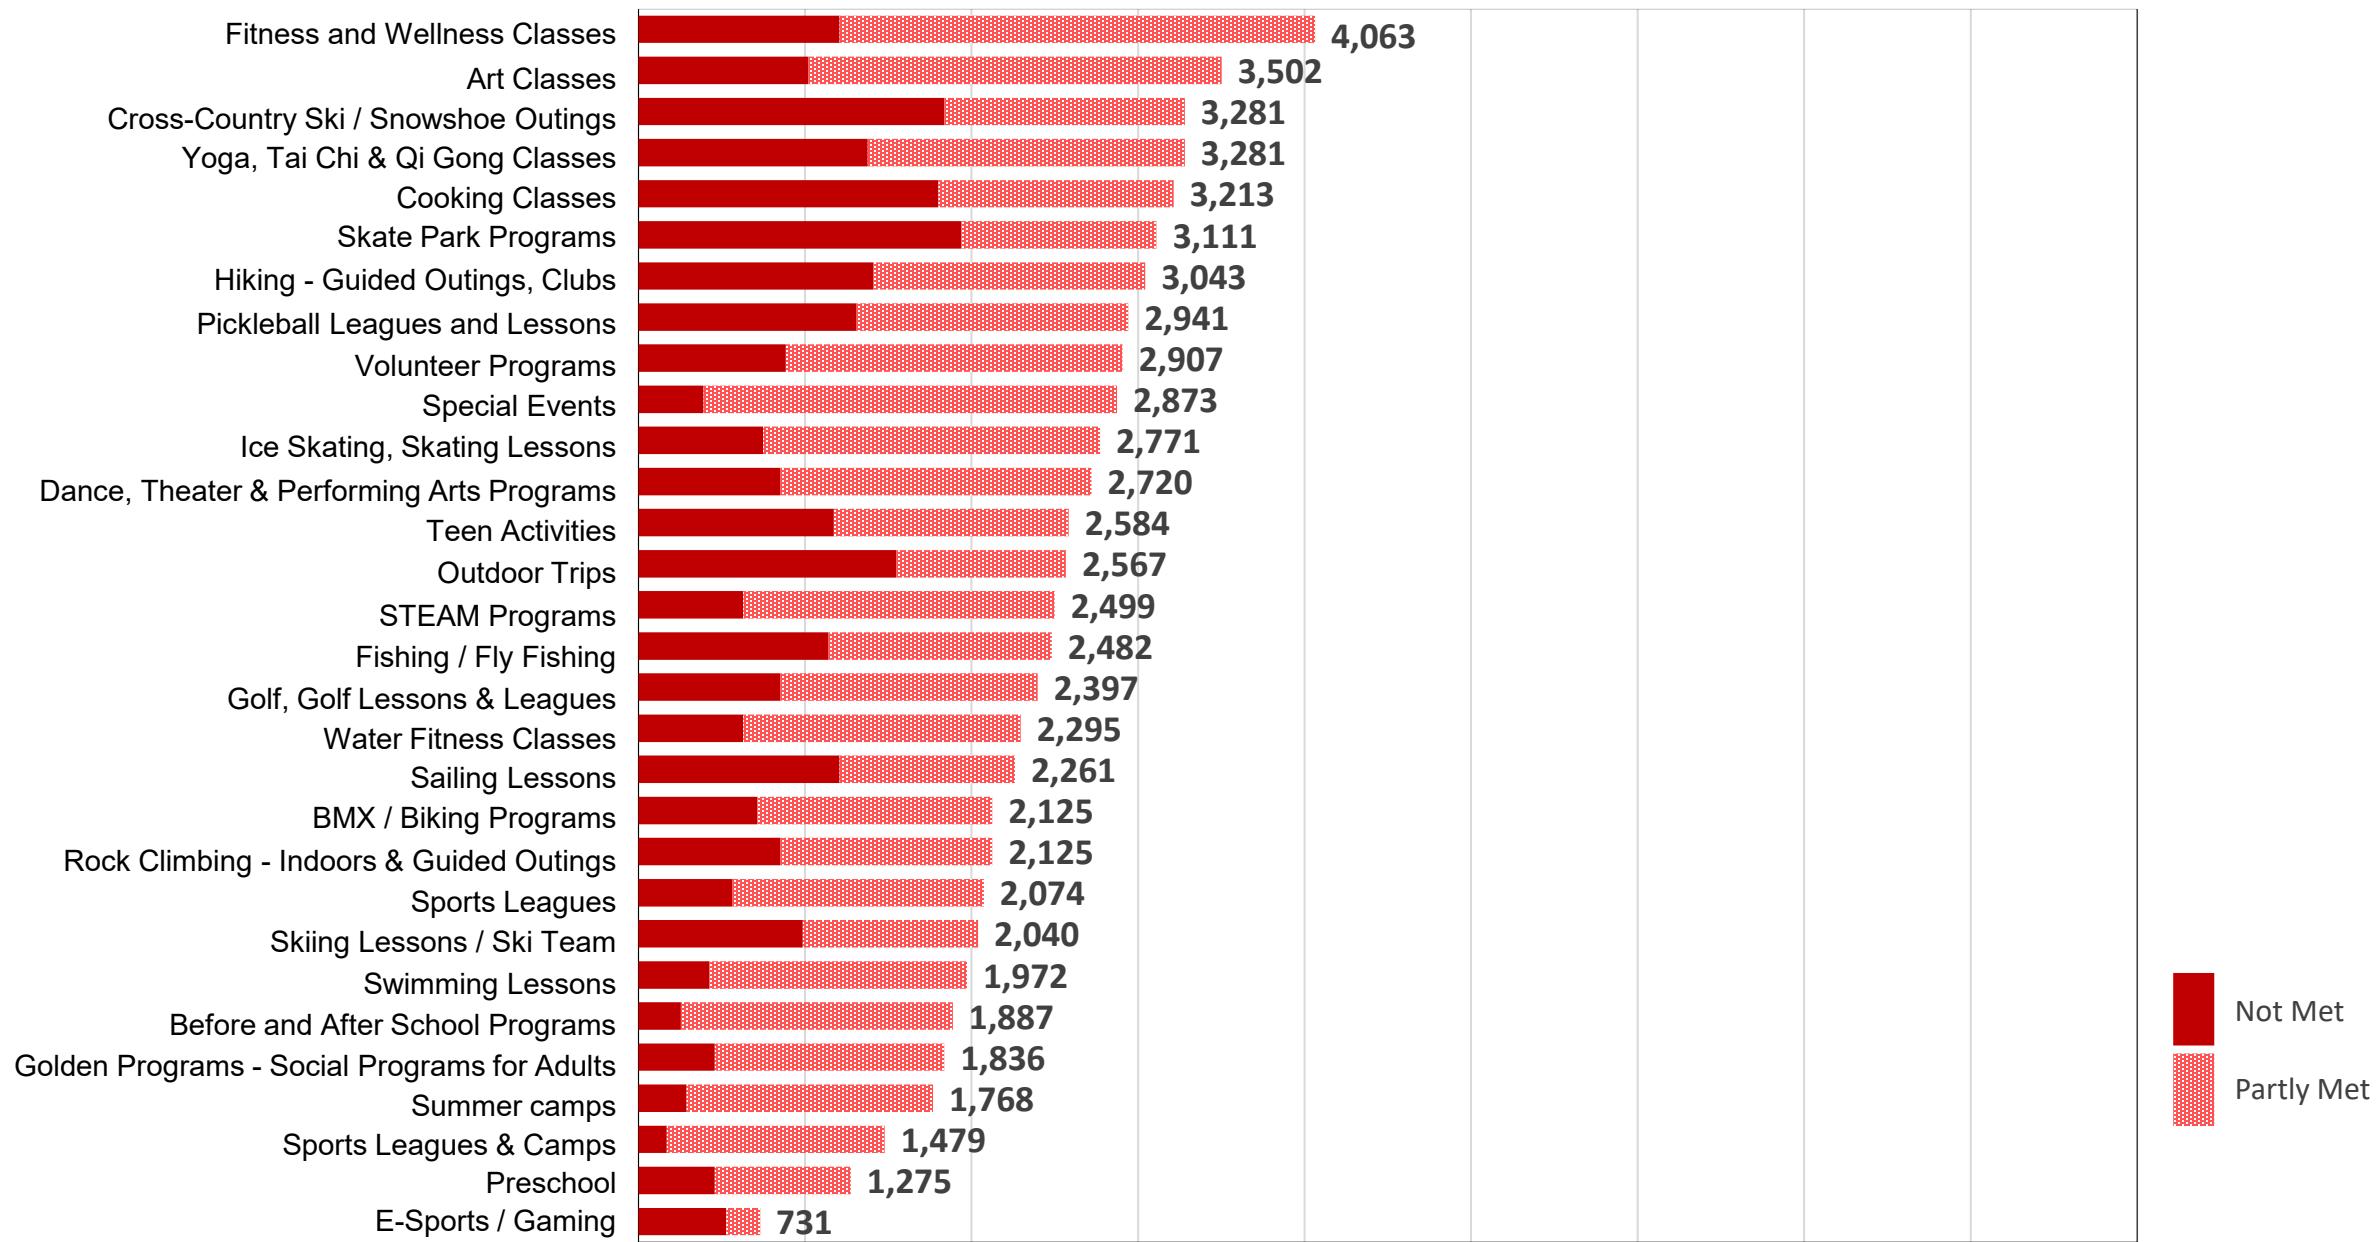

# Estimated Number Of Households That Have Needs For Programs And Activities In The District

Based on 17,000 Households

# Estimated Number Of Households That's Needs For Programs And Activities Is Partly Met Or Not Met

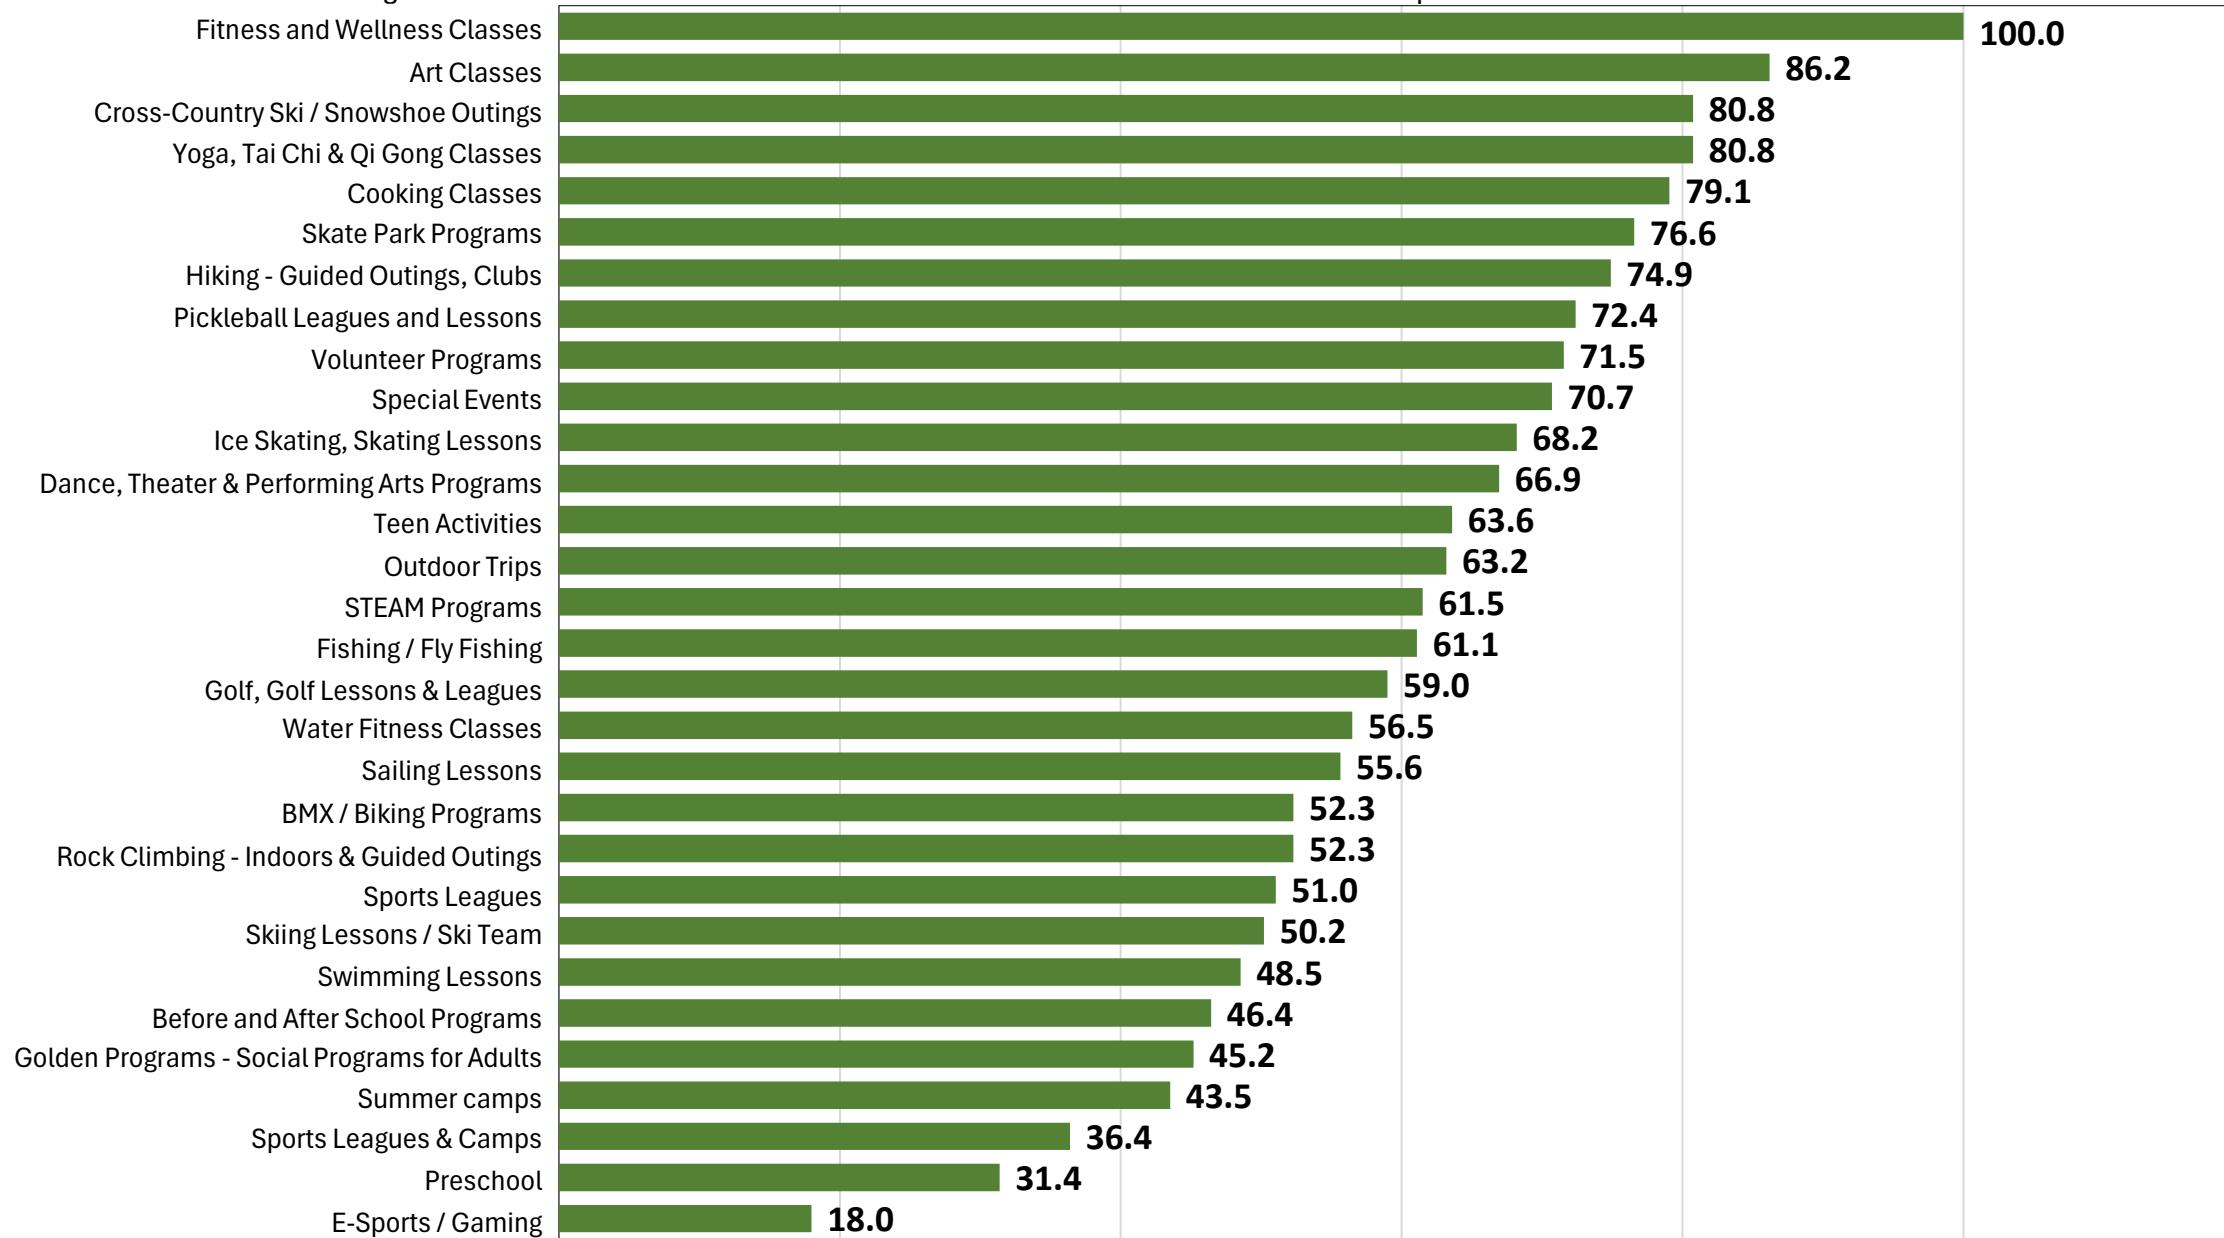

Based on 17,000 Households

# Unmet Needs Rating For Programs And Activities In The District

The rating for the item with the most unmet need=100

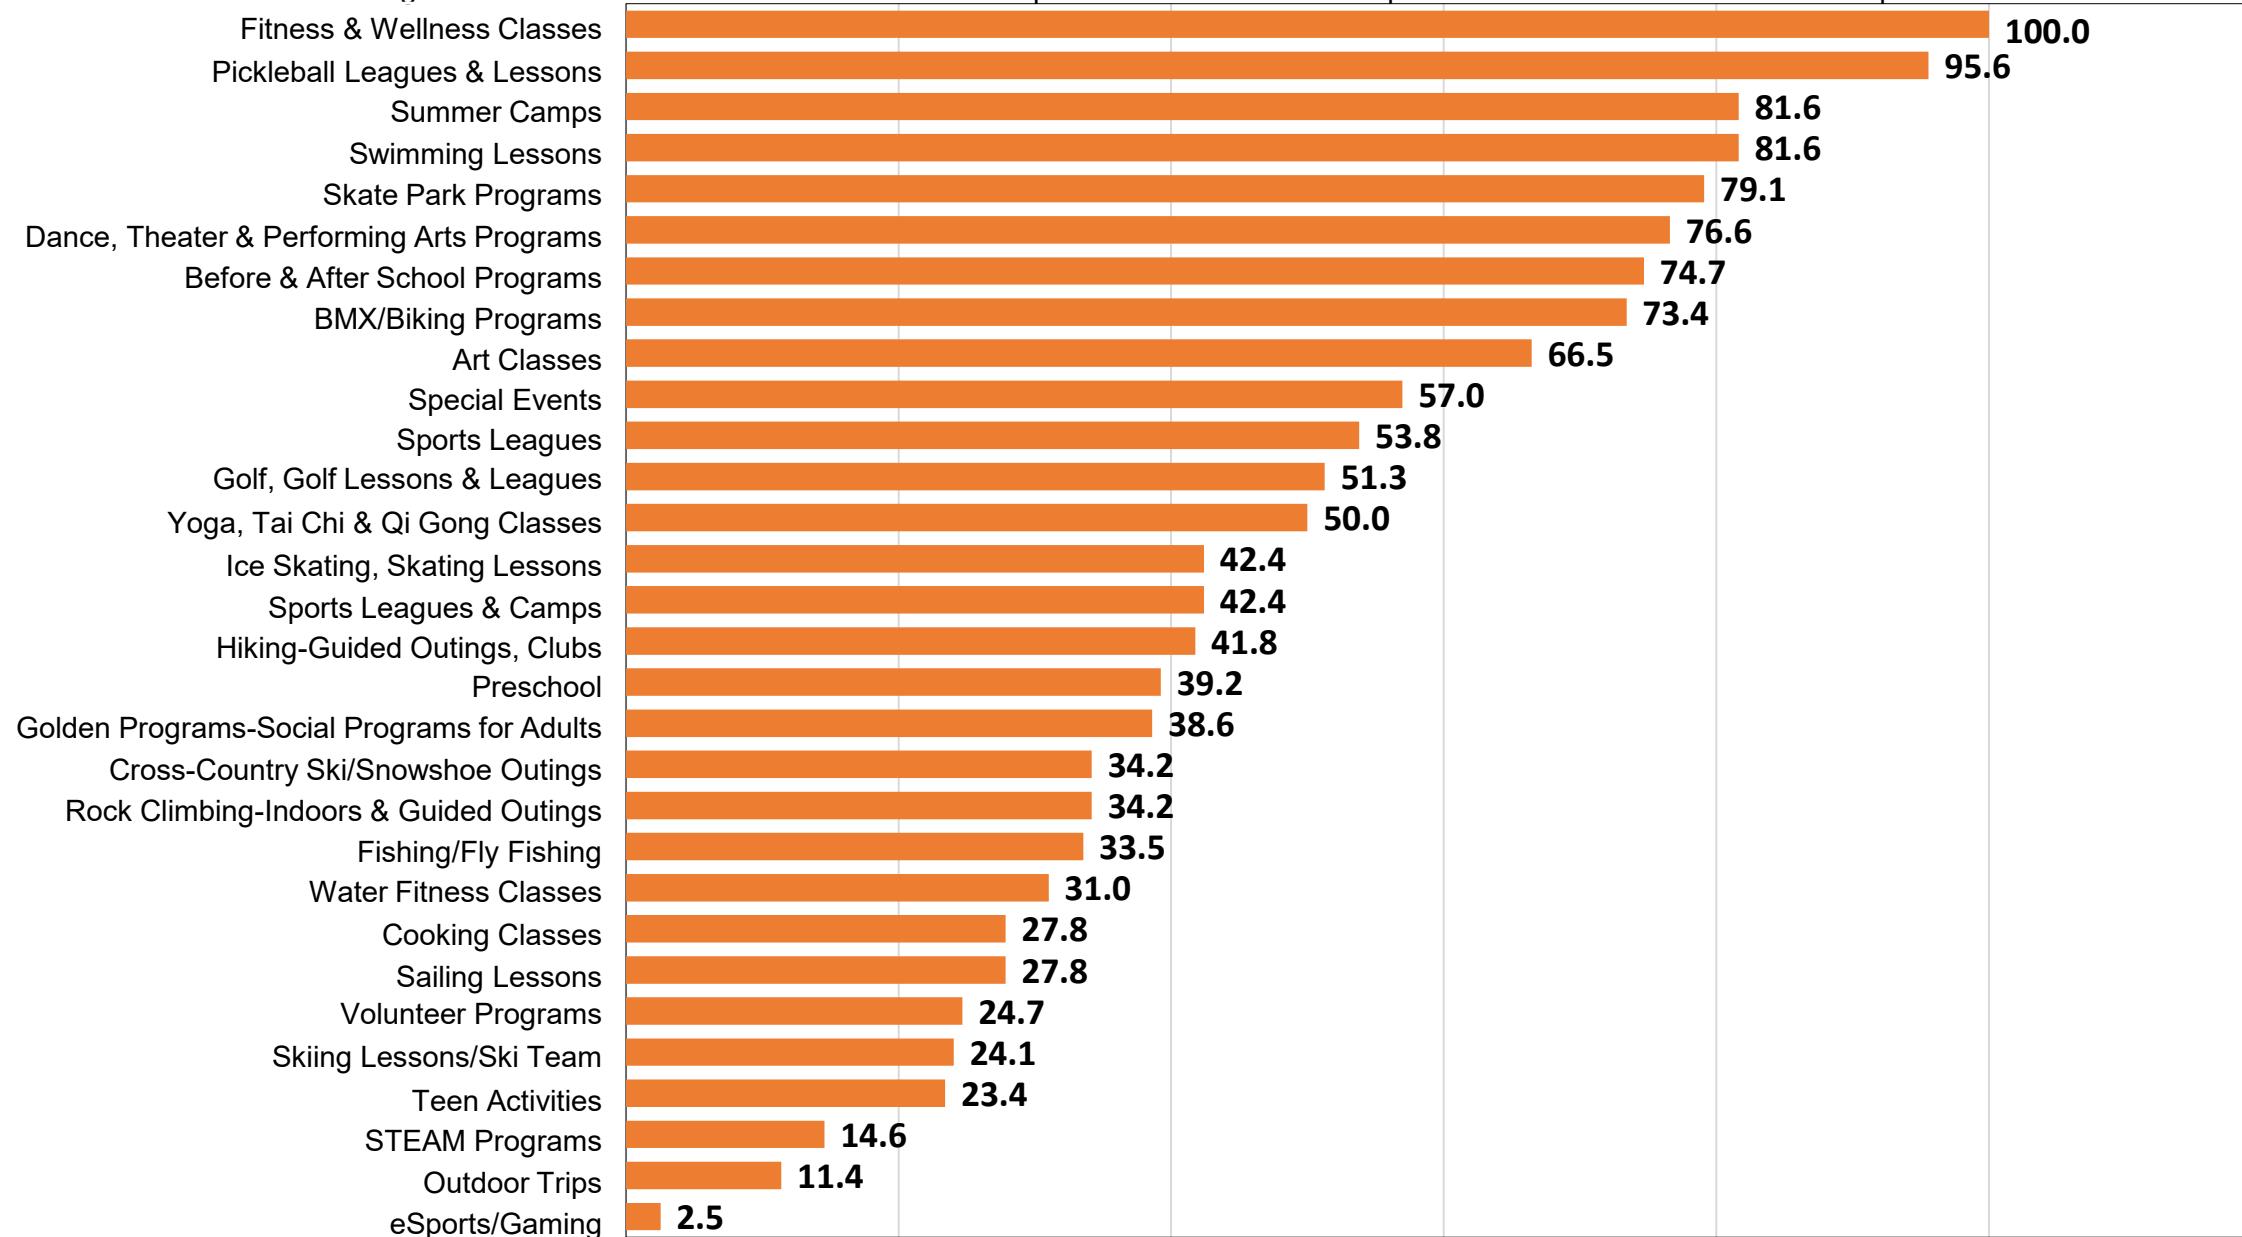

The rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

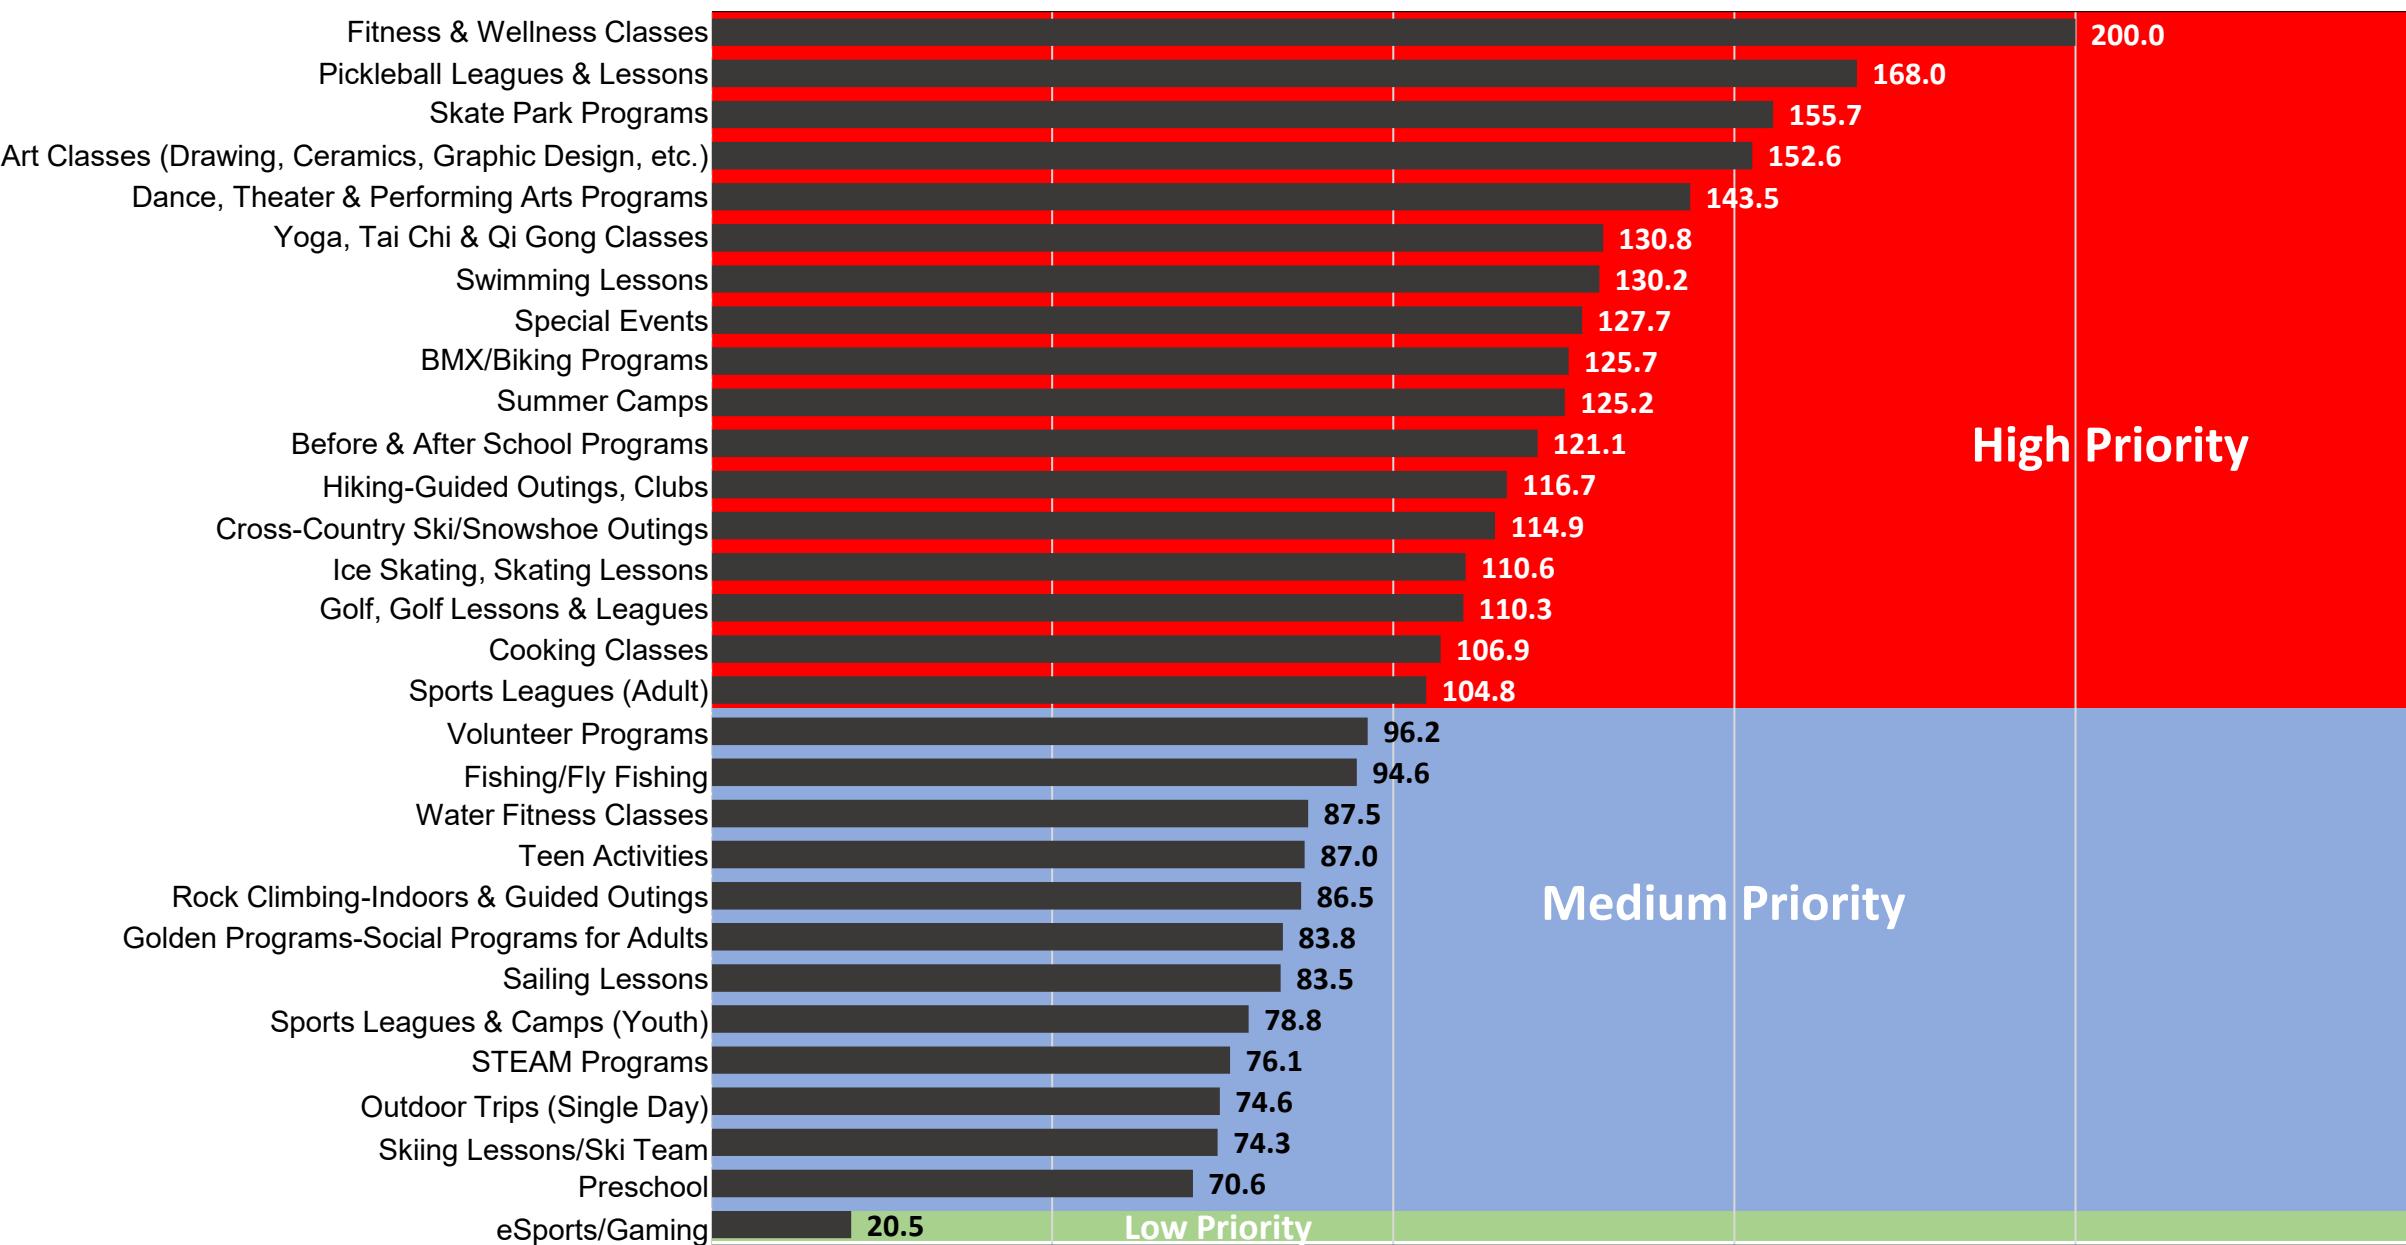

# Importance Rating for Programs And Activities In The District

The rating for the item rated as the most important=100

The rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

# Top Priorities for Investment for Programs And Activities Based on Priority Investment Rating

## Open-Ended Comments

**3. From the following list, please CHECK ALL the ways you currently learn about District recreation programs and services. Other**

- Activity guide
- friends
- Friends
- going to many of same events every years
- Instagram
- I've lived here for 20 years so I know they are here.
- mailer
- News or email from affiliate organizations who actually teach the classes.
- Radio
- See them when I drive by
- Through Rally for Rocker and Truckee Bike Park
- Truckee Donner Horsemen, Forest Charter (re: homeschool programs/resources), Truckee Historical Society (re: skijoring / Truckee Winter Carnival)

**15b. If you Disagreed with or were Neutral with the statement in Question 15 above, please check ALL the reasons why. Something Else**

- being taxed out
- Concern over additional taxes, insurance costs
- current costs for use ought to offset increase in taxes.
- Have we finished paying the first bond measure for TDRPD? We need a little break from bond measures right now. Ask TFH for money...they seem to have a lot!
- I do not think additional development is needed, I support taking care of what we have.
- I don't own property
- I live in a mountain town to enjoy the natural experience. I don't believe more development for outdoor activities is necessary, just upkeep and maintenance on existing facilities
- I pay enough in taxes. My family cannot afford to pay more taxes, there is plenty of money in Truckee for facilities to be built.
- I really want a better ice facility, preferably an indoor ice rink that is comparable to Reno Ice. If this facility was part of the discussion then I would be much more inclined to support a tax.
- I think TDRPD is well-run at existing funding levels and that major investments are not currently necessary. There's a good mix of recreation amenities available in Truckee, including TDRPD managed amenities. If there was a specific project that required additional funding, I'd be open to supporting it but in general I think Truckee has great recreation facilities and isn't missing much.
- I think the local gov't should stop wasting money on consultants and initiatives people don't generally care about and utilize existing monies towards improvement/expansion in local quality of life like the parks and recreation dept.
- I would like to transparently see the current budget and expenses.
- I would only want tax assessments for services that I would use.
- Let seniors opt out of paying additional taxes.
- Library first then we can talk.
- live within your means.
- Maintain your existing facilities better.
- Our taxes are already extremely high for a small town. The city council has increased sales tax 2x over the past 5 years. We need to retire or repurpose some of our current taxes to support new development. i.e., funds from the airport district, the trails tax, and the tourist tax could all be repurposed to support parks and recreation activities.
- Some of these facilities should be fundraised for by those that are trying to get them built. At least a larger portion of them, that way the cost is not spread back to tax payers.
- Such a difficult question! I feel homeowners already pay a tremendous amount of property tax. I would prefer a general sales tax, however, I think we might be at our limit with the Town's introduction of measure E.
- taxes are already more than we can afford
- taxes are increasing as a whole in the country.
- taxes are too high already
- The District should financially be responsible for ensuring their amenities are accessible to all
- The project that I support already has substantial funding from public donations (new skate park). I would need to understand why taxes need to be increased for this.

- Tourism tax's should be allocated to the parks and rec district. I strongly support the building of a new and expanded skate park. Our current skate park attracts travelers. A new and improved skate park would bring more tourists.
- Tourist tax, they use the space and don't give back to the community
- We are seniors with no children, little use of amenities.
- We currently rent, so I need more information on current and proposed taxes.
- We don't need more STUFF, we need to better manage what we have. OR get rid of what isn't being used as much(aka less popular) THEN replace it with a new facility or play ground, etc.
- we pay too many taxes as it is
- what impact have our taxes to date have made?

**16. Please share any additional comments that could assist us in improving recreational facilities and programs/services.**

- Truckee Community Theater is a wonderful program that enriches our community. They need a dedicated space to rehearse and perform. Building a whitewater park in Truckee would attract visitors and enhance opportunities for local youth (and the forever young among us).
- 1) The legacy trail parking at the end of West River is amazing, but it needs a restroom and more parking.  
2) Love the Rec Center pool but it is very unfriendly for those with injuries and disabilities. Once inside it's great with the therapy pool and PT classes in the water. Its a wonderful place once you get inside.  
However, have you ever tried to walk/hobble on crutches from the closest 'handicap' parking spot? No idea if there is a way, but those with injuries should be granted different access that gets them in a side door and less walking. Even with a drop off shuttle driver (which is tough because all of the parents that are blocking the drop off area and 'parking' their cars to want to walk their kids.....which is not allowed but they do it) it is over a 100 yards of walking. When you are in pain and using crutches, this is very tough.  
The therapy pool should be encouraging, not an obstacle course to get there. Again, the building was built the way it was.....zero consideration for injured folks. Please take a look and see if there is a back / side door access available to injured members. In the meantime, please have those parents stop blocking the drop off zone. Maybe there can be temp wheel chair / scooter available to borrow to get from the sidewalk to the pool. Just thinking out loud.
- A new skate park would be very beneficial for all ages and genders. I think it is very important to create a space for people to try new things. The existing skate park does not allow space for this. As a woman who wants to break into this sport, there is not enough physical room or variety of features when at capacity for me to learn.
- Add infant swim resource classes. Connect Legacy trail from Truckee to Olympic Valley.
- Add lighting to existing outdoor pickleball courts and add evening sessions for pickleball in the Rec Center
- Add more turf fields: indoor and outdoor
- Adding more all weather fields will have a massive impact.
- Admin staff are excellent and very helpful
- ALL ACCESS the A in IDEA. It is always surprising to me when residents tell me they are unaware of TDRPD facilities and programs. Truckee Town and the TDRPD should invest in a few BIG LED Marquees that can be programmed remotely for easy read while driving (or biking, or walking) in strategic locations where

traffic is calm or stopped. (Train Station, Front of Rec center, Round about at Raley's, Regional Park, 89 and Donner Pass Road). that publicize weekly and daily events, programs, and safety alerts for residents and travelers who are not on an email list, are unfamiliar with local websites, or radio stations.

<https://goldenrulesigns.com/gallery/> I don't know how this works, but there are often localized radio channels for Cal Trans alerts, and audio driving guides through some historic-scenic drives. Perhaps a localized demand radio channel could be developed, and publicized on the Marquee, or a large QR code for events.

- All of the bleachers at all the fields are unstable and unsafe. Those need to be replaced, expanded and improved with a overhead covering for sun protection. Dugouts need overhead protection.
- Along Donner Lake- When the trash bins and bathrooms are locked for half of the year, but people keep recreating during this time, what do you think happens to waste? That's right, they leave it there anyway... and it goes into the lake... and then you spend tax money on fish sculptures made out of trash from the lake... and put it on display next to the locked trash receptacle. ?????? Pay someone to take out the trash and clean/stock the bathrooms in the winter, or pay to winterize the bathrooms if that is what it would take to keep them open. Don't lock trash cans!
- Although my answers reflected what facilities and activities were important to my household, they do not necessarily reflect what I feel is needed for the community. I no longer have children at home, but I support all new facilities and programs that provide for the children of Truckee. These are the most important goals for TDPRD.
- Always support more trails. Kids programs are super important to us although we have not been signing up because is crazy to get classes when they open , stressful.
- An indoor (all-season) Pickleball facility is desperately needed in Truckee. TDRPD is the perfect organization to support such a project. Your most popular sport will only continue to grow; but to flourish, it needs a dedicated space.
- Anything that will serve the Youth of our community
- Aquatics: I know it's mostly a labor shortage needed for twice a week swim lesson, but I think this would be a great improvement for the kids. Also the locker rooms need some type of additional draining/and heating/cooling systems. Legacy Trail: parking and restrooms.
- Area doesn't need more development. Excellent facilities and programming as it is, nothing needs to be expanded
- As a mountain town, we should have an indoor ice rink. Hockey is the perfect sport for a town like ours. When I visit Breckenridge, CO they have an indoor rink plus and outdoor one, even though the town population is only 5k people. An indoor rink would allow for the year-round development of a local hockey team. A rink could also allow for additional sports like curling.
- As stated above, the Truckee- North Lake Tahoe could really use a proper indoor ice facility. For a region that was home to the Olympics, it's unfortunate that we do not have a real indoor ice rink. The area needs a place for kids and adults to participate and train, year round, in activities such as ice hockey, figure skating, broom ball, curling, and general skating. I would love to volunteer should a facility like this ever be proposed. I know it was included in the Park/Library Plan as a possible option for the Park but I never heard anything else about it. Please greatly consider building an Ice Rink for our community. There's already so much interest and ice sports would only stand to grow.
- As taxpayers we should have access to the West end beach at a more reasonable rate.
- Believe that TDRPD has very strong offering of facilities and believe first operating dollars need to go to maintaining these facilities. Believe that a bond offering could help support building of new facilities, but am concerned about the funds needed to support and maintain those future facilities.

- Better restrooms and access to the Amphitheater.
- Biggest concern is the lack of convenient/clean restrooms that are CLOSE to playgrounds. It's difficult to visit the Dino playground with two children and then one needs the bathroom, but you can't let them go by themselves because it's out of sight.
- bowling hall. Non-profit pricing for clubs, svc organization to use facilities..
- Bring back broomball on ice league. Hold summer Trail gate
- Build a whitewater park
- Build the new Rocker Memorial Skatepark!!!!!!!!!!!!!! Its been almost 10 years of fundraising!!!!!! The old park is out dated and too small for the caliber of athletes in the area..... Build the new skatepark!!!!!!!!!!!!!!
- Build the Skate Park, Build and Indoor Sports Facility, get more creative on programming. More sports and activity related programming, less growth in child care.
- Build the skatepark now
- Build the skatepark!
- California is run by greedy morons, stop paying them, build what the people want.
- Childcare offerings on holidays and non- school days.
- Clean and maintain pool locker rooms. Give true pool temp on lobby board. Maintain legacy trail-summer and winter.
- Covered outdoor field house with lights. winter=hockey rink. March unit outdoor fields open=training facility snow free. Summer-basketball/events/shaded area with lights. Current hockey rink location on rodeo grounds.
- Dedicated outdoor/indoor courts need to be addressed
- Dedicated pickleball courts with lights for evening play. Accessible restrooms nearby.
- Dog feces and the bags of it continues to be a problem on the Legacy Trail. Trash and invasive/noxious weeds along the Legacy Trail are a problem
- Doing a good job.
- Don't change the bike park - it's such a draw to this community
- Existing use amenities should remain priorities, expanding or creating new ones should be long term goals based on foot traffic (like a new skatepark would be super low priority because we already have one that's good enough but it would be nice to see it expand, just not right now). Indoor turf fields would be nice but the intramural sports are few and far between because teams are hard to create and when I emailed a few years back the lack of support from the event manager fell flat, I was looking for a team and there was a response but no follow up.
- Expand after school and summer camp programs to include more activities. Offer more swimming lesson classes.
- Expand Shopark parking.
- Expand the fitness gym for more free weights/dumbbells/bands area
- Fees for activities have dramatically increased and several people have stopped using the facilities because of the increases.
- Focus on one area at a time to ensure success. Indoor facilities are key here for winter. Ensuring our outdoor facilities are exceptional before moving forward very important.
- Focus on our existing facilities and parks, keeping them updated and welcoming
- For such a world class location, better parks for the youth ages 1-7 yrs.. Similar to playground structures like tunnel tops, deplores park in SF. Truckee regional train park is really outdated.

- Free off leash dog park, several of them. Indoor ice arena
- Given all the HOA amenities (most notably Tahoe Donner, because it's represents a large chunk of the population), the TDPRD's amenities tend to serve those not part of the HOA. That's fine and good that the TDPRD then provides such amenities, but I do think the cost should be better allocated to those who use them. That's especially relevant for big-ticket amenities like the pool...
- Given the current economic situation and the number of assessments we are currently paying I feel that it's the wrong time to add another assessment.
- Great work TDRPD! We are thankful for you all.
- Grooming the District's golf courses in winter for cross country skiing and snowshoeing would be a great way to allow enjoyment of those facilities year round and expand the number of people who are able to benefit from them.
- Hard to pick just 3 top choices for those questions. Lots of great things about the parks and rec district and also some due improvements and expansions to accommodate the growth in our community. Thanks!
- Having a full-time park host at the west end beach would be advantageous for maintenance and to control activities. District had a full time person in all years except 2024
- Having a sauna and jacuzzi will be great!
- I am a huge supporter of the bike park. I hear rumors that the further maintenance of the park may be in question. The bike park is such a huge draw for people of all ages. Truckee is a premier mountain bike summer destination and the bike park is part of that. I support Biking for a Better World's (Brooks and Courtney) continued development and maintenance of the bike park!
- I AM NEWLY RETIRED AND JUST NOW FINDING MORE TIME TO ENJOY OUR REC AND PARK AMENITIES. PERHAPS LOOKING AT ADDING TO OLDER ADULT OFFERINGS WOULD BE APPEALING. SO FAR AS IMPROVING FACILITIES, I AM HAPPY WITH THEIR CURRENT STATE
- I am strongly in support of continuing Biking for A Better World's role in developing and maintaining the bike park. They have created a remarkable resource for families and visitors to Truckee and have a passion for it that is hard to find.
- I cannot truthfully answer Q15 since I have not reviewed the financials for the District and my annual property tax assessment increases every year anyway.
- I do not know where the existing Dog park is located. Publicity is needed.
- I have a great time in the facilities that I use that are managed by the Truckee Donner Recreating & Park District. I think just keeping what's there up to date or maybe making some minor improvements would be great.
- I have used the aqua classes since it opened. The changing rooms are too small for the amount of women using them. Need more showers, maybe expand to the meeting room? Need hooks and electrical plugs. Definitely need to be cleaned better. Showers temp varies a lot, not consistent. shower room is sad as far as clean.
- I only use with my grandchildren. I do not get info readily on programs that would enrich me. The last time I used, they were too expensive for what we got. Are rate payers subsidizing others who participate.
- I support continuing the Chucky bike park and its state - not reductions to size or reduced maintenance. I would also support improving the playground at West End Beach, specifically the big slide that was recently repaired as it is dangerous and it's current state.
- I think it's important to have youth programs for all families regardless of income. Scholarships for youth should be available and I'd be in favor of donating to that fund.
- I think our rec department is fine the way it is. The first thing you will repurpose is McIver Arena. I cannot be supportive of new expansions. I cannot pay my property taxes as it is. Cannot afford an increase.

- I think that expanding indoor (or winter/"bad weather") opportunities are a good growth area, especially with the development of an improved theater with auditorium seating. As it's springtime, I would also like to see the implementation of a batting cage (or batting cages) for both youth baseball and adult softball.
- I UNDERSTAND IT TAKES \$ TO MAKE IMPROVEMENTS AND TO ADD, BUT MY PROPERTY TAXES HAVE GONE UP SO MUCH IN THE LAST SEVERAL YEARS DUE TO ALL THE EXTRA 'LITTLE' TAXES HERE AND THERE. I ALMOST CANNOT AFFORD MY PROPERTY TAXES EVERY YEAR ANYMORE
- I wanted to select golf as the amenity that we use the most but it wasn't listed. It could use additional improvements.
- I wish the open swim at the pool on weekend was not only the afternoon. Really enjoy the preschool facilities. There is a real lack of support for early childhood care for working parents. There is no before or after care for any age below 5.
- I would be thrilled to see TDRPD prioritize and follow through on projects that are already approved, permitted, and included in the Master Plan—especially the Rocker Memorial Skatepark. Completing projects like this not only honors the extensive community input and planning that has already taken place, but also delivers meaningful, long-awaited recreational spaces that support youth, outdoor activity, and community connection. Seeing momentum on these initiatives would build trust, excitement, and deeper engagement throughout the district.
- I would like to have more indoor pickleball courts available.
- I would like to know what my money is being used for before I agree to increase property taxes to support
- I would like to see TDRPD prioritize and follow through on projects that are already approved, permitted, and included in the Master Plan—especially the Rocker Memorial Skatepark. Completing projects like this not only honors the extensive community input and planning that has already taken place, but also delivers meaningful, long-awaited recreational spaces that support youth, outdoor activity, and community connection.
- I would love to use the trails but they are always being over run by dogs off leash, groups walking abreast, not sharing well. Pain lines down the middle Educate people. It works elsewhere.
- I would NOT support pickleball courts when there is a dire need for fields and space that can be fitted to a wider range of athletic uses. Kids want to play basketball, but cannot get time on a court. Kids cannot get on a field and want to play soccer (just a pick-up game!). Kids are struggling in cramped gyms in the off-season to do ANYTHING. We need to look to Reno and their sports domes - could be an amazing way for our community to gather in the cold and winter months. If you're not a skier, then the winter is long and isolating, for people of ALL ages (youth, teens, middle age, and golden age). We as a community need to solve for that and direct our resources there.
- I'd love to see TDRPD follow through on projects that have already been approved and planned—especially the Rocker Memorial Skatepark. The community has already weighed in, the design work is done, and this is something people have been waiting for. It's time to deliver on those commitments and give youth and families more places to be active and connect.
- if there is additional funding needed, it should be used from our current TOT and Nevada county taxes or from people using these specific programs
- If your going to increase property taxes, focus it on the private communities. The ones who can afford it and are slowly pushing out the working class. Blanket property tax increases would hurt many families that are barely hanging on. It's the entitled folks in the gated communities who should pay more!
- Improve the weight training equipment, need a weight room with a trainer/instructor.

- Improvement of the pickleball courts at the West End Beach Park would be appreciated. Specifically new nets like those available at the Regional Park would be great. The nets available at the West End are substandard compared to those at the Regional Park.
- In a community that breeds professional athletes. It is necessary to build a new skatepark.
- In the winter when we play pickleball indoors we need more options to play. With either more times available or additional locations available. Like the veterans hall or school gymnasium. Especially on the weekends.
- Increase fees for corporate signage sponsors.
- Increase pickleball court hours passed 5pm
- Increase time and availability for lap swim. Currently competes with swim team. It is hard to get a lane without being asked to move for a class.
- Indoor full size ice rink is needed. The outdoor rink is too small and poorly run. Hockey is getting very popular in Reno/Truckee/South Lake and greater Nevada Indoor field house is needed with turf for off season practices. Lacrosse is getting very popular and this would allow for participation in winter. Indoor racquet facilities (tennis, squash, pickleball) so it can't be played year round
- Indoor ice skating rink. no new taxes 9% is to much.
- Indoor pickleball courts are needed to accommodate the ever growing sport.
- Indoor spaces for kids and teens in the winter would be great. Having a real theatre for community performances would also be amazing. we love and appreciate the pool and all of the great facilities and programs that the park district offers - thank you!!
- Indoor turf facility would be a great asset, as well as additional outdoor turf which could be rented for tournaments and increase revenue. As a side note, local non profit leagues (AYSO, Little League) should be given highly reduced field fees, and offset costs with attracting stay to play tournaments which would also generate additional economic impact for Truckee.
- Instead of building new facilities, I believe continuing to maintain the existing ones and/or improving/expanding services and activities offered in the current facilities might be sufficient for our community.
- Instead of expanding-maybe work on existing locations.
- It would be nice if the preschool hours could be extended to accommodate full-time working parents. The facilities are adequate in all aspects however the parking situation makes it very difficult sometimes to attend the events. The staff is always very helpful and friendly.
- It would be nice to have more places where people can volunteer and help the community out, this could be good for local groups such as the Boy Scouts.
- It would be really cool to provide a way for older kids who like to ice skate by themselves. To buy snacks. Currently you can only pay with a car, no cash. Kids do not have cards.
- It'd be nice to have a playground for kids in the Prosser neighborhood. There were a lot of activities listed that I haven't done but find value in them being offered since I'd like to use them at some point.
- Its about the kids.
- Just stop with the taxes! I cite the recent sales tax increase, the transfer tax for our recent home purchase in Gray's Crossing (\$68,000!), and the general state of taxation of the public. STOP!
- Keep BBW as the maintenance for the bike park
- Keep up with the bike park! It is Truckee's best outdoor facility.
- Let's get the new skatepark built
- Locker rooms at pool could use some upgrades. Extra electrical outlets would be helpful. They just always feel dirty.

- Maintaining and enhancing existing facilities should be priority. Especially needed are outdoor turf fields.
- Maintaining our current nice facilities is more important than adding more.
- Maintenance of current facilities should be a priority. Keeping them functioning and clean will keep folks wanting to visit/use them. Not all are maintained the same.
- Make people pick up their pet poop bags.
- Make the west end beach and community swimming pool more affordable for resident families, charge more for non resident admission.
- Mammoth, Park city, many other mountain towns. Have great skate parks and bike parks. Truckee is not to par. For the future of this towns park and recreation we need to improve amenities the kids are into not the part time boomers. We have enough pickle ball courts and golf courses.
- Many private recreational facilities in the Town of Truckee offer redundant services. Focus on what isn't available privately, like trails.
- More funding into alternative sports. Other than traditional team sports (baseball/soccer etc.) the bike park and skate park should receive more funding. Those sports are more in line with the region and why so many of us live in the Truckee area.
- More indoor options for kids in the winter, especially those who are doing field sports and not interested in skiing
- More open gym basketball times for youth please!
- More outdoor basketball courts please! Down with pickleball, it's just lazy tennis! Would love an adult flag football league and/or ultimate frisbee (disc golf doesn't count).
- More shared space for meetings.
- More trails and spaces for small reactive dogs. More parking and trails cleared during winter.
- Most information is receive thru word of mouth. Concert in the park flyers are much appreciated.
- MY FAMILY IS INVOLVED IN THE REC SPORTS AND WE THINK ITS GREAT AND YOU DO A GOOD JOB
- My number one, and pretty much only concern, is getting the rocker memorial skatepark funded and built. The current Truckee skatepark is nice but is certainly not representative of the region as far as so-called action sports are concerned. Tahoe is legendary for both skateboarding and snowboarding and the skatepark should reflect that.
- Necesitan actividades para los adolescentes
- Need better year round bathroom services
- Need indoor pickleball once the weather turns, with options in the evenings for those who work so they can exercise after work. Weekends doesn't meet this need, as those are days for outdoor all day activities. Weeknights after work provides opportunity to destress and improve mental and physical health indoors, while it's dark outside, and for shorter periods of time (1-2 hours). A dedicated outdoor pickleball facility is needed, 10-12 courts.
- Need to keep up with the pickleball demand as a top priority
- Need yet around indoor fields
- New performing arts and film space desperately needed in our community.
- New skate park, Maintain bike park, New indoor soccer field
- New/ Additional fields should be top priority! Preferably indoors or something that can be plowed like the Tahoe Vista turf.
- NO MORE TAX INCREASES. TRUCKEE IS PRICING OUT THE MIDDLE CLASS
- No more taxes! User fees!
- No more taxes!! Let the participants pay fees to build and maintain any additional facilities.

- No outdoor pickleball due to significant noise impacts. New playgrounds. Fields available for dogs as current ones are always in use for sports. We need more plowed parking in winter for trailhead access (i.e., Sawtooth).
- Nonprofit "Discounts": discounts are offered to nonprofits for rental use at the CAC and TDRPD main facility. However, nonprofit discounts are not offered at the Veterans Hall. Why? Shouldn't we encourage more use of this space? Overall, more events could happen at the Veterans Hall. Wintertime parking is tough but I think the Veterans Hall is underutilized especially during the warmer months. It's a nice space - would be great for hosting kid's birthday parties as Truckee is so limited in bigger covered/indoor spaces.
- Offer art classes for adults and seniors
- One item you left out was concerts in the park and at the community center. These are both great community activities that draw in both locals and tourists.
- Our community desperately needs a theater that exceeds the capacity of the THS theater. Often events are sold out and there is not enough space for audience members.
- Our disc golf course needs attention and new baskets. It is one of the older courses in Northern California and is a staple in our community to gather folks from all demographics to convene and mingle. The skate park is long overdue and our town should support the development even further.
- Pickleball courts is a prominent need given the increased interest and inadequacy of available facilities to serve the number of participants.
- Pickleball is becoming so popular. We especially need more courts during the winter.
- **PICKLEBALL IS THE SECOND LARGEST MONEY EARNER AT THE REC DEPT. WHY IS THERE SO LITTLE ACCESS TO PLAY INDOORS AND OUTDOORS IN TRUCKEE? WE PAY 10\$ A SESSION AND SOMETIMES ONLY GET TO PLAY A FEW GAMES. OTHER PLACES ARE A LOT LESS EXPENSIVE**
- Please clean up the goose poop on west end beach at the start of each day. Please consider plans for a bigger indoor gymnasium and an indoor field house for baseball and soccer!
- Please develop complete walking path from Tahoe Donner to downtown, using the river.
- please do NOT cancel the contract with the bike park nonprofit! they care so much about the community and the park.
- Please do not remove existing bike park for pickle ball courts. Find a new location for pickleball courts.
- Please do not spend tax payer dollars on any new pickle ball courts. There is already more than enough of them in the Truckee/ North Tahoe area. Please consider giving considerable financial aid to The Rocker Memorial Skatepark expansion. There is overwhelming demand for a upgraded skatepark facility from the youth and adults of Truckee alike.
- Please do not terminate the partnership with BBW and TDRPD at Truckee Bike Park. Truckee Bike Park is the crown jewel of the park system and amenities and programs for us and our family spends hundreds of hours per season/year there. We have many friends that visit from hundreds of miles away just to bike there. The maintenance of the trails and features at Truckee Bike Park is crucial to its appeal and use and I believe BBW and Brooks are integral to directing and guiding the maintenance of the park. I would happily pay an admission fee or parcel tax or season pass or donation for use of the bike park to ensure its upkeep and development continues at its current level. In the hundreds of hours we have spent there in recent years I have seen maintenance guided/done by specialists and BBW, much less so by TDRPD staff. Truckee bike park needs the vision and continued oversight of BBW to keep it thriving as it has the past 10+ years. The shop/concession is a nice amenity, the bike mechanic service is wonderful, but mostly we need BBW's presence and guidance continuing in the future of the bike park - do not terminate the partnership with BBW!

- Please finish the skatepark with more of a street skating section. Its much needed for other types of skating and for more entry level for kids and is so reflective of culture and community. Regional Amphitheater seems vastly underutilized and could use a few upgrades. The spot and setting are spectacular though and it is a great asset as is.
- Please help get the Rocker Memorial skatepark across the building finish line. An increase in skatepark size is an obvious need. It's the most frequently used year round facility (maintained by the public through winter unlike anything else). A beautiful new skatepark with landscaping would beautify the entire town by using the eyesore of a useless dirt parking lot that cannot be used for anything else. Help the Rocker Memorial Skatepark committee finish what they started! Stop starting other projects and finish this one you have been helping from the sidelines.
- Please invest in the bike park and camps/coaching for kids!! And the skate park, same thing!
- Please keep bike park contract. We need more community playgrounds for all ages with nature based play structures. We need more swim lessons.
- Please keep the bike park! It is a safe place for kids and adults both. It also brings in tourism. Also more winter parking is something that is desperately needed for recreation.
- Please make sure to keep investing the bike park, and make it more accessible to all ability levels. There are some great examples of bike parks that host 100s of children for lessons a day in Seattle. Our bike park isn't easy to coach all abilities at.
- Please make tennis lessons and activities available. Pickleball is covered now but tennis is neglected. Also an indoor turf field for our kids to do lacrosse and soccer year round.
- Please put the residents as top priority
- Please see Q15 answer.
- Please strongly consider an indoor or covered ice rink. The current one is not able to meet the community needs.
- Please support the new skatepark. People have been working tirelessly with very little support from the powers that be. Please recognize the thousands of people that show up multiple times a year for fundraising . For over 13 years!! ????
- Please try to keep rates down . The annual increases to programs like the pool and WEB is almost too expensive for regular outings,.
- Population and increase in numbers of youth sports leagues has the community in need of more field space, both indoor and outdoor. A larger theater/music venue to support the need would be beneficial.
- Post community flyers , listed programs.
- Programs for disabled. For 35 yrs, we disabled families are invisible and overlooked. Anything to make facilities, activities more ADA accessible. More could be done.
- Providing opportunities for the youth to develop and enjoy outdoor activities is crucial to the community. These areas include the bike park, skate park, baseball diamonds, fields and pools. Keep our children healthy and happy!
- Really want an indoor baseball facility. Also, a hot tub at Rec Center. Would love to see chess classes, Dungeons and Dragons club, a broader offering for young teens.
- Regular maintenance, planned and unexpected , should take priority over any new facilities.
- Remove the "rail" in the skate park and replace it with a safer, round rail that is flat from start to finish.
- River Parks - not one question above about this! Create more legal public access to the river in downtown - particularly on east and west river streets. Free cross country skiing/snow shoe area in town!
- Seems like we need more fields for the amount of kids in sports in Truckee now
- Skate Park, Dog Park, Indoor sports during winter, Teens! need something to do

- Skate Park, Whitewater Park and turf facilities would be great.
- Skatepark
- Skatepark needs to be prioritized.
- Snow blow more of the paved paths around Truckee In the winter, like the new one in Martis Valley. And plow parking lots for access
- So great already! All the new offerings are fun. No suggestions besides new pickleball courts. A few people have mentioned an ice rink cover, but we're grateful for all the great stuff there is. We love the afterschool care options, pool, pickleball, beaches, afterschool activities and parks!
- So many programs were essential when my kids were young. Those needs are changing now. Parks and Recs is great, the kids programs were amazing.
- STILL UPSET OVER REC AND PARK ATTEMPT TO INCREASE TAXES TO FUND NEW POOL AND WHEN IT MET RESISTANCE, DISTRICT FOUND THE FUNDS ANYWAY. TO ME, THIS MEANS DISTRICT IS AMPLY FUNDED AS IS
- Stop overbuilding the Regional Park. It's a park, not an urban environment. You already approved a library, kidzone and skate park. Stop approving mou's with the museum and other built things. Focus on what you do and stop leasing your privileged and rare property to the highest bidder. You could improve services by simply maintaining the amenities you have, emptying garbage as needed and reducing fees to bring in great events to your existing facilities.
- stop trying to find ways to increase taxes. spend your time living within your budget
- Tax Martis Camp!
- Tax overload recently. It seems like the community has spoken about what they want to fund recently and that funding needs to be Prioritized. We can't do everything.
- TDRP offers great programs and has facilities that are well maintained. They add so much value and community for us in Truckee. Keep offering affordable activities and programs. More options and spaces for kids and teens! What about an outdoor kids korner option (maybe offered only on certain days of the week) with hiking/sports/etc.? We love kids korner but I worry about it becoming boring. Creation Station is a huge hit with us, would love to see maybe a transition program option at the CAC where you could sign them up for more specialized art classes that are being offered. And lastly, more full day summer options. Maybe combine something like Lego class + something else to make it a full day. Or maybe you could offer a half day option with Trudaca with transportation from the morning activity to camp. So many cool options but we feel like we can't sign up for anything that isn't full day.
- TDRPD has spent a lot of money on the pool, rec center, and regional park fields. Everything else is in disrepair - playgrounds aren't maintained, there are screws sticking out, benches and bathrooms are broken, etc.
- TDRPD is amazing as is. We are fortunate that the region offers many free or fee based activities, cultural events, etc. since this is a public and publicly funded resource. We do not feel it needs to be expanded in anyway. We prefer to keep what is available preserved, maintained and upgraded to current standards.
- The bike park is a gem and community hub, any changes to how it operates should not happen abruptly at the start of spring.
- The bike park is the best and most unique facility Truckee offers. Please make sure it stays high quality and maintained.
- The Bike Park, Skateboard Park, Pool and Pickleball Courts are most important to my family. Thank you. I am very proud of what we have accomplished.
- The cost of using the pool and gym is too high for seniors living on a tight budget. I pay for the recreation department in my property taxes, and think there should be more affordable options for seniors.

- The department does a good job now offering a variety of activities for the community. I would rather see the district maintain what it has than keep expanding into new areas that would require tax increases.
- The District is doing a great job, no improvements are needed.
- The Donner Lake piers are very popular with residents. If you are raising taxes , use some of that money to increase the number of piers, improve the stairs to access the lake and piers
- The Donner/Truckee area needs more activities for kids 5 and under.
- The Equestrian facility/Mclver should have been included in all of the questions that involved existing department facilities. It is inconsistent to remove it when including other distinct facilities/sports like the skate park, pickleball, senior programs, etc.
- the existing parks should be maintained before considering expanding
- The existing skatepark is great but is outdated and too small. We want the Rocker skatepark to finally be built! Our kids don't want to play pickleball or bocce everyday and the youth are much more important than catering to seniors and tourists. Also please pave the dirt lot by the baseball fields for parking and events. Thanks.
- The facilities such as Rec center, pool, drop-in sports and especially west end beach are expensive to use, even with the local rate. Also the only way I know about events, classes, leagues is by going to your website.
- The group that runs the bike park currently is doing a remarkable job. It is the model for this type of facility and how to run it
- The HOA at TD is where I have my recreation needs met. If I lived elsewhere in another part of Truckee I would be happy and pleased with the facilities it offers.
- The kids really want this new skate park
- The new skatepark is a necessary upgrade that would have substantial impact on the community and would increase the usage as well as accessibility for wider age range to use the facility. It stands out how far behind we are as a community with respect to the size and quality of our outdoor recreation loving community. There is also no compelling alternative anywhere in the North Tahoe/Truckee area.
- The Rec & Park district is a fantastic asset to the community. Having more indoor spaces to recreate in the winter will enhance the community and give more options for people to be active.
- The regional park and legacy trail near the park have become an issue. My dog was digging in the snow and had a wire run completely through his main pad down to his wrist joint, and 2 months later, broken glass slashed up his pads requiring stitches. 2 emergency vet visits and over \$1000 in 3 months. There is a lot of junk and garbage as soon as you leave the trail. The park itself is nice and clean, but the grounds along the disc golf course are a junkyard. Maybe a no glass policy and enforcement would help. Also, the repaving of the legacy trail last summer was really nice. Except the gravel used along the sides was the wrong material. It's a mess. A single step into it and you have gravel in your boot the rest of the day. Please replace it with proper material with sufficient fines so that it packs.
- The sand at the outdoor volleyball courts is so bad nobody can play on them without getting hurt. All of the rec facilities are dominated by organized groups leaving zero time for everyone else: ice skating, pickleball, volleyball, etc. We need indoor pickleball.
- The Seniors Meet and Greet program is fantastic and is very important to seniors in Truckee.
- The sponsorship model for the bike park seems like something that could also work for a whitewater park. In regards to a tax increase, I support it because I want Truckee keep being an amazing place to raise a family. However, it seems like we are being asked to fund special projects all the time with new taxes. Increasing property taxes makes the dream of owning a home in this area even further out of reach.
- The town has enough money to pay.

- The Town of Truckee needs to utilize their revenue to support the maintenance and upgrade of turf fields. They have enough money and are not utilizing it wisely. No need to raise taxes again. Taxes are already squeezing middle income folks out of the area.
- The truckee community needs a new skatepark with more space. The current park is not enough.
- The Truckee skatepark is used by a wide range of members of the community from young children, to teens to adults. It offers great recreation opportunities, builds a sense of community, and maybe most importantly, provides teens of the community a safe space where they can benefit from time spent outdoors in the parks, being active, and building friendships and relationships with other members of the community. The Truckee skatepark is great, but it is showing its age, and it is hard for more than one person to skate the bowl at a time. Expanding the skatepark would offer more features catering to a wider range of skaters, and would allow more space for people to participate. After work on a busy warm evening the skate park can be busy, and it can be intimidating for new skaters to jump in and feel confident. The new design would offer a lot more skateable real estate, so more people could participate at a time, and create a more inviting environment.
- The veterans center is an eyesore and not worth putting money into. The architecture just doesn't fit Truckee. Likewise the Art Center is old and needs replacing. I would love to see Truckee have a performing arts facility that is modern with bigger space for dance classes and arts classes as well as performances.
- There appears a need for more after school daycare and teen programs. The KidZone is trying to fill the tween gap, can you help make that happen.
- "There are limited programs outside of sports for residents older than children but younger than 60.
- I've tried using the pool after work but it's impossible if more than half of it is being used for swim team training several nights a week."
- There are no fenced in areas in town where people can safely take their dogs off leash, and in the summer, all athletic fields are booked with youth sports. A dedicated space for dogs would benefit this very dog centered community.
- There is a huge shortage of playing fields for sports!
- There is already a plan for a big pickle ball complex. No need to add more than what is in progress.
- There needs to be more social opportunities for teenagers AND young adults(18-25). Clubs, classes, etc. To help with the mental health of everyone.
- There should be more recreational activities for younger kids 3-5 years old
- this is a mountain town. mountain sports should be the priority. mountain biking, skiing, climbing etc. the youth sports leagues are there to keep kids out of trouble in the offseason and whatnot but should not be the focus for the youth.
- Town is in desperate need of a place where kids can practice sports year around i.e.. baseball batting cages and soccer. The rec center is never available for our community.
- Truckee Bike Park is an amazing community center for our kids to adults. So much good energy and a supportive environment that the town benefits deeply from. Biking activities across Truckee are a huge economic opportunity to bring recreationalists during the summer. Please support access to the Bike Park and support development of local trails. I know so many families who have moved here to be closer to NorthStar MTB, the Truckee Bike Park, the Coldstream trail system maintained by the TDU, amongst other biking opportunities.
- Truckee needs a dog park.

- Truckee needs indoor fields for soccer and lacrosse practice when the outdoor fields are covered in snow. These sports are requiring more year round play to allow our youth to be successful when competing with other areas in Northern California and Nevada.
- Truckee needs indoor pickleball courts. Ice skating should have more hours. Volleyball could benefit from improved sand.
- Truckee needs the new skatepark! It has been in the works since I moved here over 12 years ago. The current park is outdated and too small to support the number of skateboarders. With more space the park would attract more people, be safer, and provide adequate space for programming.
- Truckee was built with a blue collar work force. Now we aspire to appeases the wealthy. We are being priced out of it.
- Try to connect the bike paths to allow for car-less travel within truckee. Reevaluate class 1 E-bikes for use on traditional trails, SPECIFICALLY EXCLUDING class 2 e-bikes that use throttles.
- Very disappointed that the public pickleball courts did not get built.
- We appreciate all you do and provide for our community. My only suggestion is that the disc golf course at regional park is in serious need of maintenance. Thank you.
- We appreciate and support all of the programs/offerings of the TDRPD and should expand them. We raise our property taxes every year to fund various initiatives, we (the town) needs a different approach to secure funding for these projects.
- WE HAVE BEEN LIVING IN TRUCKEE FULL TIME FOR OVER 35 YEARS. WE RAISED 2 CHILDREN HERE AND USE TDRPD'S FACILITIES AND SOME OF YOUR PROGRAMS WHICH WERE GREAT. I KNOW I SOUND UNGRATEFUL AND SNARKY IN SOME OF MY REPLIES BUT WE FEEL STRONGLY AGAINST ADDITIONAL INCREASES TO ALREADY OUTRAGEOUS PROPERTY TAX ASSESSMENTS. WE ARE GETTING PUSHED OUT OF AN AREA WE LOVE LIVING IN BY ADDITIONAL TAX INSREASES WE CAN HARDLY KEEP UP WITH. YOUR PROGRAMS/SERVICES YOU PROVIDE ARE QUALITY AND GREATLY APPRECIATED BUT WE CANNOT AND DO NOT WANT TO PAY MORE FOR ADDITIONAL PROGRAMS. LETS KEEP IT AS IS FOR NOW AND LET US ENJOY YOUR MORE THAN ADEQUATE PROGRAMS. THANKS FOR ASKING
- We live in a unique mountain town with extremely talented youth. This might be the largest most developed mountain town I've witnessed that doesn't have a large, well rounded, spacious skate park. This issue has been addressed and funds have been raised for a very long time now. Additional funds should be allocated and focused in this direction.
- We live in nature. Why on earth would you disturb any more natural beauty to build artificial structures? The town wastes too much money.
- We love the public docks!! Please keep the docks public and available to all without a reservation system!
- We need a dog park. We need more bike commuting paths on roads. It has improve recently. charge Palisades for the cost of all of it.
- We need a new skatepark!!!! The demand is huge, and the non profit has been doing its best to raise funds. Please help them out and get the funds needed! Truckee has such great facilities but the skatepark is old, outdated, and far too small.
- We need a new skatepark. There has been grassroots funding for over a decade and thousands and thousands of volunteer hours, events, etc. Please make this a priority.
- We need a new, more diverse skate park!
- We need a theater that holds a large number of people. The high school is too old and small.
- We need an artificial grass field with lights that can be multiuse for different sports.
- We need an off leash dog park.

- We need an updated and “cool” Playground and central square like other towns have. The new amphitheater is nice but you took away a playground to create it. It should be somewhere that gets sun so kids can play more often.
- We need an updated skatepark! Also please continue the bike park program as is. They do a great job with the bike park.
- We need indoor soccer fields and better outdoor soccer fields. We also need pickleball courts.
- We need more indoor pickleball courts. The time factor is crowded with sharing two courts for day care kids and basketball on most afternoons. Thus 40 or more players must wait about 30 min. before they can play a turn, and then we are restricted to playing only part of a game.
- We need more indoor space for pickleball recreation and other racquet sports! Would also love to have less harsh sand on the outdoor volleyball surfaces. It’s currently very gritty and somewhat painful.
- We need to do a super field at Riverview, we also need lacrosse to move the goals around because they are destroying the fields for the entire community
- We really need an indoor tennis option.
- We would love an enclosed off-leash dog park.
- We would love to see adult calisthenics stations set up in parks.
- West End Beach Park needs clean up around all stoves and tables. It is devastating how much trash (food, broken glass) gets left by tourists. The big issue also is that since Winter started, all trash bins beside the first one at the entrance were drilled close and unusable so trash ultimately got left EVERYWHERE! So upsetting and frustrating that when park management would come they would only check the trash bin at the entrance and barely go any more into the park to clean up. Shame.
- When my kids were young they participated in so many parks and rec programs and used facilities. When they are teens there isn’t much available. We need more focus on places that teens can go and be active. Expanded Skate park, pickle ball, proper ice skating rink, bike park, whitewater park. And organized events to bring them together in these places.
- Would like to see more fields.
- would love bike & skate park fir little kids
- WOULD LOVE MORE FITNESS OPTIONS FOR ADULTS SUCH AS MAT PILATES, FUNCTIONAL FITNESS, WEIGHT TRAINING CLASSES
- Would love to see a skate park and continued support of truckee bike park!
- You are awesome. Outdoor pickleball courts and an off leash dog park would be awesome.
- You are doing a good job given that the district covers such a huge swath of activities. But almost stretched too thin.
- You have great facilities. No need to expand. Just concentrate on keeping the ones we have in the best shape possible. reseeding, concrete repair etc.
- You have wonderful staff, keep it up.
- You really need to put in snack bars at the sports fields. It is unamerican not to be able to get snacks at Little League games.

**17. As the Rec & Park District explores additional special event offerings what type of events would you or the members of your household like to attend or participate in?**

- "Drive-in" movie events A carnival/fair"
- A town-wide Ping Pong Tournament. The expanded music offerings are great, as is the Senior Center Bingo night. "Wine & Paint" nights or cooking classes.
- A wide variety of clubs. Gaming, Board gaming, magic the gathering, cooking(adults), art classes(adults), pool/billiards, other clubs that create social connect. Trivia nights, etc.
- Activities for younger children
- Additional winter/summer options for pickleball.
- ALWAYS LOVE THE LIVE MUSIC EVENTS
- Anything related to biking and/or at the Truckee Bike Park would be our top priority. We even went to the Truckee music fest with Sublime last summer primarily because it was next to the bike park.
- Art showings and classes, music and cultural events such as theater productions, etc.
- Art, skateboarding, and mountain biking.
- Arts, LGBTQIA+, more outdoor family friendly events
- Arts. Outdoor activities
- Awesome as is.
- better events at the old rec center with an updated air system along with the necessary upgrades to hold great events. more concerts at amphitheater
- Bike camp/competitions at the bike park.
- bocce tournaments, single day. Reservation system for docs. Local only parking dog park.
- Brew fests, concerts, water sports, hikes, classes to learn new skills
- Bring back the Reggae shows!
- Class on home mountain bike maintenance. More pickle ball courts!"
- Classical music concerts
- classical music performances. cross country ski area. more golfing lessons
- Classical music, educational lecture series like Squaw Valley Institute.com
- Comedy shows, plays, music.
- Comedy, XC skiing free lessons, Leash law for pets on trails.
- Community building events for adults that are one off or drop in friendly and don't require a long-term commitment such as a one day tournament or clinic. (Like a kickball or corn hole tournament)
- Community clean up, gardening, fire protection workshops, coaching workshops.
- Community running races /5k
- concerts
- concerts and outdoor events like that are amazing in the summer. keep up the good work!
- Concerts, Gardening classes
- Concerts. town events ( big truck, farmers markets, made in Tahoe type events)
- Concerts, cheap beer.
- Contest or gatherings at the skate park
- Continue nonprofit community based fundraising events.
- Cooking classes
- Cooking classes, Tween classes
- cooking classes /outdoor camping cooking classes

- Coordinate transportation better to music events.
- Craft fairs, farmers markets, food fairs, movie night.
- Culinary events like Pebble Beach food & wine.
- Current Wednesday Concerts in the park.
- Dance nights; just dancing to DJ or Band, dancing and dinner
- Dance programs, performing arts, history presentations
- Enhanced use of West End Beach on a more regular basis as well as use of the Donner Lake Pavilion space for more special events.
- Events like cookoffs.
- Events that are geared towards entire families so we can bring our kids/feel a sense of community
- Events that are held are great, just need more of them.
- Events with food and community upbringing
- Family events that children of all ages can enjoy. Classes for kids on weekends. Science fairs. Career fairs.
- Farmers market on weekend
- Festivals, running races.
- Focus on facilities and have community groups can create the programming.
- Fourth of July fireworks
- Free metal festival. No more reggae ever again.
- Fun campouts or lockins. Fun day trips. Some sort of carnival (I know the winter carnival keeps having bad luck). Maybe a more recurring gear swap or clothing swap? Drop-in art events?
- Fundraisers for non-profits.
- Fundraisers for the rocker memorial skatepark.
- Guarderia
- Guest DJs playing music, smaller bands playing inside (not just outside in the spring/summer/fall), competitions (like science fairs, talent shows, or maker showcases), smaller live performances of ALL kinds.
- Gymnastics
- I really, really like music in the park. The ice rink could stay open a few weeks longer. Can you lobby the town council and get them to lower the speed limit past the regional park? Do you know of any community that has 45MPH past where their children play? School zones are usually 15 or 25. We have 25MPH all over town, but 45 past the park? That's nuts.
- I strongly support moving forward with the expansion of the Rocker Memorial Skatepark. This project represents more than just a recreational facility—it's a space for connection, creativity, and belonging, especially for Truckee's youth. With the land secured, design complete, and permits in place, the timing is ideal to bring this vision to life
- I think we need another Bingo Night! Maybe one outside at WEB in the summer? We love the spring swap and ski swap. Maybe an end of summer celebration at West End for locals only? A Fall Foliage Fest? More parties!
- I would be thrilled to see TDRPD prioritize and follow through on projects that are already approved, permitted, and included in the Master Plan—especially the Rocker Memorial Skatepark. Completing projects like this not only honors the extensive community input and planning that has already taken place, but also delivers meaningful, long-awaited recreational spaces that support youth, outdoor activity, and community connection. Seeing momentum on these initiatives would build trust, excitement, and deeper engagement throughout the district.

- I would love a Shakespeare In The Park series in the summer time.
- I'm happy with the special events offered. I love the Wednesday music in the park and the 4th of July fireworks at west end beach.
- Indoor parties/ birthdays during the winter months: ice rink room or the pool are the only options. I know that Sierra Nevada Dance has difficulty getting the rental and then the space and parking needed for performances. The Community Arts Center is great, but easily becomes too small for many events. The additional outdoor during the summer was great ! My family has enjoyed the Big Truck Day, the Easter egg hunt in the pool, Halloween parade ( could we get the entire street closed off for longer? More like a Truckee Thursday timing, starting at 4pm?)
- It would be great to have more community building events around holidays in the winter. Perhaps a father daughter dance (Valentines day) or Shamrock Shake, out door movie night for kids, etc.
- Jazz concerts
- Kayak roll sessions
- Keep the 4th of July event for all of time! It is the best!!! Courtney and Anna can suck my left toe!!! Keep trying for the winter festival! One of these years it will work out.
- Kid events, under 12 years old
- Kid/dog friendly events.
- Lake plunge, community road races, donation drives/fundraisers.
- Larger community events like Music in the Park.
- Live music
- Live music and kids activities are always good.
- Live music events. Snowboard contests
- Live music, craft fairs, hiking/snow shoe events.
- Live music
- Look at possible non-power boat rentals at Donner Lake, either at the west end or the mid lake facility.
- Looking forward to a new library and expanded children's museum. If that's not your dept then team up!
- Love outdoor concerts, music, special events, especially at Donner Lake, west end of beach.
- Love to see more concerts and skate/bike contests!
- Medium sized music venue for well known bands to come and play. We have a community that loves live music and Truckee is long overdue to have a spot for artists to perform at.
- MORE ADULT AND KIDS SPORTS
- More adult events like the bingo but not just bingo. Daytime gatherings, family friendly options and teen options!
- More artist makers events with true handmade crafts. Weekend Farmers Market would be great too! Pro skate demos and comps too :)!
- More basic art class
- More ceramics class and art classes
- More community events food and family. Not geared around alcohol. I like the farmers market and ethnic food events at Regional park. Also, I like the animal events too.
- More daytime actives for retirees
- More family events in the winter
- More family together events.
- More ice skating opportunities.
- More live music and a second farmers market.

- More live outdoor music and movies.
- More musical events and proper staging areas for quality musicians.
- More skate events at the skate park. More off-leash dog areas.
- More STEAM-related topics (hands-on learning of practical skills); geocaching in Rec sites would be fun - anytime or as a scheduled event; more opportunities for teens; equestrian-related events
- More Truckee Thursdays. We love it.
- More volleyball please for high school and middle school. Also summer youth beach volleyball.
- Multi cultural events.
- Music and cultural events.
- Music in the park
- Music in the park
- Music in the park and more events like it are fun
- Music in the park and west end 4th of July
- Music in the park is great, softball leagues are great.
- Music in the park on weekends instead. Maybe bike park events. Maybe pickleball tournament, disc golf tournaments These tournaments can be self run via an app that users go in their own time and log their own scores. No prizes but maybe just to help create foot traffic in areas that need. An app in general would be helpful
- Music in the park.
- Music!
- MUSIC! Bring on more TTSM music classes. Please ask the local all-mom band Steel Sparrows band ([steelsparrows.com](http://steelsparrows.com)) to perform at Music in the Park. Would love to see jewelry making classes for all ages similar to what's offered at Roundhouse. Hip hop dance classes.
- Music, history and theater.
- Music, sports, theatre.
- Music, Theater
- Music, theater, concerts.
- Music/outdoor in particular
- music/theater
- Música en vivo
- Musical events be it at out door facilities or indoors.
- No need for any more music festivals, we have enough.
- Outdoor activities, music, arts, after school activities
- Outdoor yoga. Outdoor boot camp/HIIT classes. Sauna and cold plunge at Donner Lake, SUP yoga classes at Donner or BOCA
- performing arts beyond the community theater - dance performances, world music, classical music, choral performances
- Performing Arts center.
- Perhaps more holiday theme events. Lots of possibilities
- Pickleball and outdoor play fields
- Pickleball leagues, tournaments & ability level appropriate drop-in times. Space for lessons during week days, not just weekends. And..... Create a running club for all ages, with meeting times & goal oriented activities, such as 5k to marathon type events. TDRPD has never had a "running program", yet you have a beautiful indoor track.

- Pickleball. Dog parks. Beach. Gum
- Please keep the annual 4th of July fireworks.
- Pleased with what's available
- rail jam, skijoring
- Reggae music at the Amphitheater, Use the Rodeo grounds more often
- Sailing events
- Senior groups for crafts, not just gossip sessions.
- Seniors socializing options
- singles events or groups. the Golden group is great but there is nothing focused for singles here.
- Skate and bike events! The kids love action sports to stay busy and healthy
- Skate contests. Music at the amphitheater. Rodeo.
- Skateboarding
- Skateboarding events
- Skatepark
- Skatepark
- social, climate/environmental
- STATED ABOVE
- Summer music concert, Bike trail to Olympic Valley
- Summer outdoor music events, youth athletic programs, skate/bike park events, we need more indoor facilities during winter.
- Swim lessons for our grands. Summer camps, pickleball, yoga
- Swim lessons. Infant preschool.
- Teen events
- Tennis town playoff competition. Fun runs.
- The members of my household have agreed that more Railroading events would be nice, to show local people and tourists the history of our town, we could use some of the train related facilities to help people understand.
- The regional park is a great asset and could support more activity if there was staffing. Donner lake 4th July I overcrowded, park is empty. Move activity to park. Offer space to vendors, music in the park is awesome. Bathrooms are lacking.
- THEATER
- There is zero skateboard programming at TDRPD.
- Things like Truckee Thursdays
- Those that support the local community fundraising efforts.
- town of Truckee wide snowmobile trails and access. town wide snowshoe trails and access.
- Truckee Music Fest, weekly concerts in the park, Truckee Thursdays, and community meet-and-greets.
- Volunteer opportunities to clean the area and support those in need. Live music events. Food festivals would be neat!
- We are happy with offerings.
- We could use more dog parks.
- We don't need more special events.
- We enjoy attending Music in the Park and the Winter Carnival.
- We love music in the park and could enjoy more....
- We love the 4th of July Event, more community fun.

- we love the music you guys do - nice work!
- We need more swim lessons but it's hard to add more general events - there is already a lot going on.
- We really like music events and fun kids events like the egg hunt and Halloween and Big Truck day.
- We would like to participate in an expanded climbing wall with more programs for kids.
- Weekend farmers market
- Wine events
- Winter indoor activities for kids and infants.
- Would like the Donner Lake piers to be improved. We need more and better access to the piers.
- Year 'round music would be great.
- Yes. We enjoy all you bring! You do a great job of all programming. There is plenty to do, to play, to learn, to Explore new opportunities, meet new friends and help our community grow.
- You already offer lots of free concerts and many more events that you charge for, such as Not Your Grandma's Bingo. It would be nice for the district to detail where that fundraising money actually goes.

**18. Is there anything else you would like the Rec & Park District to know about your interests or the future of recreation in Truckee?**

- Additional taxes is not the answer to a better, improved community.
- An app would help. I also am a film industry professional. If there's any interest in helping there I'd like to grow the film community here. There have been a couple film festivals but I think I can help develop the film practices and teach or create videos/films for anyone interested.
- An indoor sports facility would be a game changer for this community.
- As a committed community member, I strongly support moving forward with the expansion of the Rocker Memorial Skatepark. This project represents more than just a recreational facility—it's a space for connection, creativity, and belonging, especially for Truckee's youth. With the land secured, design complete, and permits in place, the timing is ideal to bring this vision to life. Investing in inclusive, active public spaces like this not only reflects the spirit of Truckee but also ensures we're building a future where all ages have safe and inspiring places to gather and thrive.
- As stated above our interests and priorities are in Truckee Bike Park. We love the bike park and use it for hundreds of hours each summer. Having been to bike parks around California and in Europe, Truckee bike park is unique in its world class quality and in being free. Other bike parks run and maintained by cities do not compare, they are inferior in quality and are often closed for long stretches because they can't be maintained properly during riding season. Truckee bike park benefits immensely from the vision the endless dedication and guidance of Biking for a Better World (BBW - Brooks McMullin and Cortney) who we see at the park literally every day of the summer season, working on the riding trails as well as providing bike maintenance, amenities, rentals, and counsel. Without the continued partnership with BBW we fear significant deterioration in the quality of the park. If TDRPD manages the maintenance of the park exclusively we do not believe it has the specialized staff to maintain the trails and features in their current condition, much less to prepare the bike park for opening in May. We strongly advocate for a continued partnership with BBW for continued maintenance of the bike park by specialized staff with the skills to do so. Happy to pay for this privilege in some form.
- As we enter into a recession, now is not the time to raise taxes. Be creative, have user groups and community organizations help with maintenance, volunteer, in kind donations, not just raising use fees.
- Be careful not to get to over stretched.
- Bowling alley would limit the drunk drivers from Tahoe to Truckee over 267 or 89.
- Build a proper weight training room, difficult to work out when indoor track is being used. We need a proper program to guide and teach equipment use.
- Build the new skatepark!!!!!!!!!!!!!!
- Close off downtown at least two afternoon/evenings for free parking at railroad. Need volunteer raffles for art and sports.
- Contending bike trails so don't have to ride on the street
- Control dogs at events.
- Could not be prouder of your contribution to the overall happy factor of living here. As a senior, I would like to explore more volunteer opportunities.
- Currently the locals are being taxed to the max. My taxes/insurance are more than my mortgage payment. I love the rec center but cannot support a tax increase. I am happy to pay for use.
- Currently you pay for activities individually. This is very pricey for seniors. A more affordable membership for seniors that would include multiple activities would be very helpful.
- Do it well.

- Do not increase taxes.
- Extreme sports is a huge part of Truckee's culture and Truckee produces so many professional athletes. We need to lean more into things like the new skatepark, bike park, and whitewater parks.
- Fitness classes for 50-70 year olds. More challenging than existing one. Classes utilizing the gym equipment
- Focus on indoor/cold weather activities for all ages
- For every non motorized trail that is provided, there needs to be a motorized trail as well that can be used by dirt bikes and snowmobiles. Along the line of reasoning that the Legacy Trail connects different parts of the community and provides opportunity for exercise, connecting motorized trails are needed as well. For example, a parking lot with a motorized trail that connects Downtown/Truckee River, to the Tahoe National Forest to the south (between 267 and 89). And, another parking lot with motorized trail that connects Truckee to the Tahoe National Forest to the north. And, a motorized trail that connects east Truckee to West Truckee, that encourages dirt bikers and snowmobilers to utilize this trail to access shops and essentially services (grocery store, hospital, etc...), reducing traffic congestion on the streets while also provide opportunity for local residents to be able to access what they need when tourist traffic has locked up all of our streets. This could be done between the Trout Creek trailheads (possibly to the south of the creek, not next to the existing trail), or from Donner State Park, paralleling Deerfield Dr, then connect down by the river and even go as far as the Legacy Trail.
- For some winter months, should be able to connect to different parts of town using snowmobiles, cross country skiing and snowshoeing.
- Free cross country trails (similar to Nevada Nordic)
- Good job. We need more maintenance at parks.
- Guarderia y actividades para jovenes de 15 a 18
- "Guided hikes and especially for young single adults, older single adults and mommy (daddy) and me hikes.
- More activities for adults age 25-35. "
- Having a sauna and jacuzzi will be great!
- I am a senior and homeowner and I resent that my property taxes go towards facilities for kids to access the pickleball courts and high school kids to access the swimming pool at optimum times when I would like to swim. I feel cheated for all the money I pay and never get to use these facilities routinely. Everything is focused on youth. But the seniors are paying for it.
- I am strongly in support of continuing Biking for A Better World's role in developing and maintaining the bike park. They have created a remarkable resource for families and visitors to Truckee and have a passion for it that is hard to find.
- I am supportive of the pickleball complex that was supposed to get built and is now on hold.
- I am very interested in the new Memorial skatepark. The current one is inadequate for the number of skaters in town. We do not need turf fields. People spend their lives skating, not playing football.
- I believe that we have a huge dog problem . We do not like to walk on some of the paths/trails due to dog feces. I do not know the solution, but it is very ugly.
- I believe there should be open gym time for youth to play basketball on weekends and when school is not in session. I also believe charging adults to watch their children who are too young to be left alone at the swimming pool, yet don't need an adult in the pool swimming with them, is an unfair practice.
- I do feel that it is important to our youth sports participants to create an indoor fieldhouse; these facilities can be used across a wide range of sports as well as for adults and youth throughout the year. This is the next improvement project that Truckee should focus on building.

- I do think an upgrade to the playground structure at regional park would be great. Also more indoor facilities during the winter would be awesome to help with lengthening our sports seasons.
- I don't want to pay anymore tax money to the town if you're going to spend it on locking trash cans next to sculptures made out of trash that you bought from an artist that doesn't live locally. What a waste. I pick up dirty diapers and trash all along Donner Lake because of the locked trash cans.
- I have not used the community center, so that's on me. I plan on starting.
- I have sailed and raced sailboats for about 60 years and might be available as a volunteer instructor in the Summer months. rich.fisher34@yahoo.com. My second home is adjacent to Pete's home.
- I love the ski swap. It's a bummer the spring swap didn't last but maybe in the future it can come back.
- I think being able to play field sports through the winter would be pretty cool and there is a growing need in the soccer community.
- I think focusing on families and the most marginalized people in our community is important.
- I think keeping the all ages is by far the most important! I've heard voters say before when the tax increase came up (and I know they were conservative voters) "I don't use the pool, so why do I care" But I ask them "but do YOUR grandkids use it?" It's just as important for 2 year olds to learn how to swim as it is for a safe place for the elderly to walk in the winter, and I haven't personally attended the Golden Age programs, but I see the flyers and I think it's important! I think there are also so many outdoor spaces, that I think the TDRPD can focus on maintaining what already exists and make it rock!
- I think the breadth of offerings and work that Rec Park does is great! That being said, I think there is room for growth in promoting those opportunities, particularly with some of the classes offered, but also drop in sports, and broadcasting team sport signup dates.
- I think the level of service currently is great with a wide variety of offerings.
- I think the Rec District does a great job of not being hyper focused on developed recreation. The facilities are a nice balance of amenities but with organic setting and experience that support passive recreation. Be cautious of pandering to the pickleball contingent. They can be super entitled and those facilities can create a community nuisance with noise.
- I think your programs/spaces are incredible already!
- I would absolutely pay money to make a better parks & rec district. It's really important to my family.
- I would love a fully equipped gym at a reasonable price.
- I would love to see more mountain bike classes for kids.
- If there any way the parks can contribute to safe biking... that'd be great.
- ii think truckee does a good job of offering quite a few extra curricular activities and special events in the area. would love to see our library expanded for more books and activities
- I'M PLEASE THE REC AND PARK DISTRICT OFFERS SUCH VARIETY FOR OUR SMALL TOWN. THANK YOU
- Improve the management of what we have, or replace with a newly desired item or facility. The wild places of Truckee are QUICKLY disappearing!
- Indoor facilities for use in the winter that give an alternative to snow sports and allow for year round training. Better activating the river near downtown
- Interconnecting the bike paths and opening up to class 1 e-bikes (similar to essentially ALL of Europe) will help with car congestion and greatly improve mobility to the truckee region.
- It would be a good idea to consolidate with the town of truckee. There are so many benefits but most of all, there would be huge savings to both organizations and the taxpayer to consolidated HR, Admin, maintenance, etc. Everybody doesn't need to control their little pieces and it would be great if both entities worked together in a much more meaningful manner. There are only opportunities for gains to

both entities and service levels would increase and more \$\$ would be available to expanding park and rec programs.

- It would be nice to see more events based around the lake and swimming in general.
- It's crazy that we've been fighting an uphill battle to build an updated skatepark for over a decade with little to no support from the town. There is absolutely no reason that we should have to crowd fund a skatepark expansion and receive no financial help from the city. Make the pickle ball court lovers fund their own courts if you're going to make skatepark users fund our own skatepark.
- Keep expanding our trail system, on dirt & paved! Expand operating seasons and timeframe for park facilities - donner lake facilities, bathrooms, drinking water/bottle fill station open year round
- Keep growing.
- Keep priorities focused on the permanent residents and the families, especially the young families.
- Keep Tahoe blue.
- Keep the focus of recreation for all. Ages, backgrounds, needs and abilities. Diversity of programs, instructors, and offerings to match the diversity of our community.
- Keep the kids busy and educated.
- Keep up maintenance of existing facilities
- Keeping activities and programs affordable for local individuals and families in the community should be a top priority. Continuing to offer or expand summer camps availability and affordability is a major need as well. The cost of living in Truckee for those of us who live here is already very high and having access to recreation at reasonable cost is what in my opinion continues to keep users utilizing the facilities. I definitely appreciate the incredible work the district has done (and continues to do) at offering multitude of facilities for community use but if increasing the offering means the overall cost increases then perhaps it's best to just keep on managing what it is already in place than trying to expand on new facilities.
- Lack of focus on shovel ready projects such as Rocker Memorial Skatepark, which provides enhancements to the entire regional park should be prioritized and brought to closure BEFORE additional projects or expenditures are considered.
- Look out for the true locals. Don't loose site of their interests
- Love it here! Parks make our town richer.
- Love walking on Truckee trail system with my 2 small dogs and using the facilities for company picnics and events.
- Loving what you all are doing!
- Lower the price for drop in activities
- Manage your relationship with BBW so they can continue to operate the bike park
- Maybe more water events? Rent sailboats?
- MORE COMMUNICATION OF EVENTS, LEAGUES, ETC
- More field space indoor and outdoor. Skatepark remodel and addition. More land for mountain biking.
- more for disabled
- More free pickleball courts!
- More parks w playgrounds all over town.
- More tennis please and tennis clinics so players can meet each other. Offer wellness classes, hiking groups , other interest groups.
- Music needed. Keep up the good work.

- Need to advertise/let people know what's offered. Have a hard finding out when things are, except for the yearly things. Class chart on website is not user friendly, wording overlaps making it hard to use. Better searching options would be nice
- Need to fix the bleachers at Mac Gyer. Make the pens better for horses, cows, sheep. Make parking better for horse trailers. Too much stuff is left, boats, trailers, etc.
- Never remove the disc golf course. A bike path to Palisades and one to Donner Lake would be phenomenal.
- Nice job. Thanks for the library land. Money is tight.
- No more taxes, bonds! User fees only!
- No pickleball. Please do not waste the town's land on this. Also, work with the school district to do something about the football stadium. Not just for football though - having a place where all sports (Soccer, track, football) can showcase the amazing talents of our young men and women scholars. Also, a place to hold concerts, shows, and graduation in a safe way.
- No, I think TDRPD does a good job in general and Truckee has great amenities. There's not much missing.
- Not everyone here has kids.
- Our Rec dept is amazing. Love your coffee socials for seniors-great programs.
- our skatepark is old and needs to be expanded!
- OVER ALL DOING A PRETTY GOOD JOB
- Oversight committee, Board to manage funds/budget
- PICKLEBALL
- Pickleball courts are needed. Sharing tennis courts is problematic.
- Playgrounds, community gardens, outdoor rock climbing structures, things that kids off technology and into nature. They are our future.
- Please build the damn skate park expansion already!
- Please continue to support the bike park! It's such a special part of living in Truckee
- please do NOT cancel the contract with the bike park nonprofit! they care so much about the community and the park.
- Please finish the Rocker memorial skatepark.
- Please first follow through on approved amenities before creating new ones. The skate park has been in the works for many years. It's time to get it done already.
- Please force the hands of whoever to get the skatepark built.
- Please prioritize the new skatepark!
- Please refrain from beach balls at music in the park. Not everybody likes getting bopped by the ball.
- Please send out flyers or e-newsletters about volunteer clean up days. It's great for the kids.
- Remove rodeo grounds. this space too valuable. How many local residents use rodeo grounds annually vs number of locals annual use of a new turf field or covered arena. The rodeo grounds is cute, but a field would get 20 times more use.
- River Parks! We also need more downtown parks. And, help improve walking and riding and connectivity to trails. Downtown should be considered a trailhead to nature. Currently most people drive to get to trails.
- Rocker memorial park!
- Safe, healthy activities and walking areas and trails maintained to the best possible. Good job already.
- Senior citizen events. E bike awareness programs for teens.
- Skate park and bike park are top priority!

- Skatepark!!!! And more mountain bike style jumps at the bike park.
- Skatepark
- Stop developing near the river. Keep the natural spaces open to our wildlife and focus on our basic needs like baseball, soccer and skateboarding etc. Stop charging residents fees and don't ever mess with our taxes.
- Stop Vinee Jerk re-action to raise taxes.
- Support for New Skatepark, Keep the Pump Track, Add a Whitewater Park on the River
- Take over town trails. Do not let them take over parks and rec.
- TDRPD is doing a great job. I support continuing and expanding facilities and programs for the LOCAL community, including all ages children through seniors
- TDRPD classes: once you sign up online for classes, that's it. There's no reminders via email. You've got to remember and add to calendar yourself. One time I forgot about a basketball clinic that I signed my son up for. \$50 down the drain because there were no notifications/email reminders. Isn't that crazy? Surely the online system can ""push"" reminders via email or text? Overall, we love TDRDP. Certainly, there are operational efficiencies that could happen at the pool and beyond. But overall, we're grateful to have TDRPD.
- TDRPD services are linked to quality of life for families here in Truckee. The additional tax threshold is currently very low for our working class community. Ponderosa Golf is an amazing amenity for the entire family as we all get older.
- thank you
- Thank you for all you do to help support recreation and parks for our community!
- Thank you for all you do. Rec center staff and facilities are amazing.
- Thank you for all you provide for our Town.
- Thank you for what you do. Keep up the great work.
- Thank you!
- Thanks for being epic!! The indoor pool is world class, and keeps our 2yo entertained every Friday through the winter. West end beach, and the public docs on Donner lake our an amazing resource, and we love the preschool with teacher Nora!!
- The area would really benefit from a full indoor activity center that includes an indoor skateboard facility.
- The best things Rec & Park can offer are not available privately. Trails & public land, water access are tops.
- The empty lot closest to down town/next to the artists loft should be turned into a park for children to help ease how terrible the artists lofts look! It would also give the families living in the lofts an outdoor space!
- The introduction of a core indoor skatepark, Would make this town a better place. Yes, the Rocker memorial skatepark needs to be built and should have been a reality by now. A properly designed indoor skatepark would allow people to progress year round. The reason skateboarding is so important is because most people who are drawn to it are underprivileged and come from nothing. Skateboarding teaches you how to fall down, get back up and to keep trying like nothing else in the world.
- The plowed bike paths have been great for winter activity. It would be great to have other options for groomed cross country skiing
- The Rocker Skatepark isn't just about skating—it's about creating a space for Truckee's youth to belong, express themselves, and build community. The hard part is already done: the land, design, and permits are ready. Now's the time to move it forward.

- The skatepark was my day care growing up, where I made lasting friendships till this very day. It's a place to learn who you are, stay out of trouble, and to me is one of the most community building outlets in all of truckee.
- There needs to be more efforts in trash clean up
- THERE SHOULD BE SOME SORT OF SURCHARGE FOR OUT-OF-TOWN PEOPLE TO HELP SUPPLEMENT THE REC AND PARK DISTRICT
- Truckee kids need more artificial turf and/or indoor turf facilities to keep up with Reno and Bay Area / Sacramento athletes. We shouldn't have to wait until the snow melts. Truckee kids also need an indoor ice rink!!
- Truckee needs a new skatepark. It is fantastic, challenge based, activity that helps kids learn to set and accomplish goals. It is also a lifelong skill that builds relationships and bonds to create a tighter community. The current park is just not big enough to support a large community of girls and boys skating. Skateboarding is an incredible sport we should be promoting. Not only is it motivating but it is accepting of all shapes, sizes and colors.
- Turf fields are important to us to extend the outdoor season for teams
- Update our current facilities and look at innovative recreational needs for our growing community, all-abilities park, more snow play areas, and definitely pickleball courts
- Water park and indoor fields and indoor tennis are great additions! Update and expand ice rink and snowshoe and snow play areas. All things that residents and visitors would use and enjoy
- We are looking forward to a new skatepark
- We are low income and appreciate the parks.
- We love all of the paved trails/paths, but living in prosser lakeview, it would be nice if there were some paved trails that connected 89 north neighborhoods to downtown, or going towards Glenshire or Mars Valley area, instead of having to go all the way into historic downtown to cross the bridge and then across
- We love TDRP!!! <3
- We love the old skatepark but its old, and dangerous. We would love to see the skatepark built.
- We love the rec center and pool and pay to use both throughout the week. We are healthier because of the Rec & Park District. However, we are not a fan of the higher \$100 applications fee to just to apply to use facilities since this hurts non-profit groups.
- We need a new/better skate park. Rally for Rocker is an internationally known event. Possibly the coolest snowboarding event on the planet simply because it's built by our community for our community. 10 years in and we don't have ground broken. It's embarrassing.
- We need Turf and an indoor turf field that Clubs can use along with rec center.
- We need turf fields. Like North Tahoe where snow removal is done so the youth can stay active (physically and mentally) year round
- We participate in Line dancing taught by Dr Reese. The classes are great but often too crowded for the small Dance room. We also would like more dog training courses offered.
- We think you are doing a great job and greatly enhancing life here. Thanks !
- We used these when raising our daughter. We have missed out on much of the new Rec Center and opportunities now. We appreciate and support the park and rec.
- Whitewater park should include standing wave for surfing. Not just kayak but surfboard
- With so many different teams looking to use the same fields, it would be great if they were opened more often, not closed due to rain so often. There are parts of the country that it rains all year, why can't ours stay open? Not when lightening, but just rain. It'd also be great to prioritize fields and an indoor option if there is space somewhere for this. Futsal would be an incredible addition.

- Would love Spanish classes for kids and adults.
- Would love to see continued support of the truckee bike park
- Year round soccer fields, either indoor or outdoor.
- Yes. The rec district should partner with insurance companies to offer seniors better prices. The last time we inquired about doing something along the lines of Silver Sneakers we were told that it was too much paperwork. That is a poor excuse for a locally supported facility. Maybe someone could put a bit of effort into it?
- You are all doing a wonderful job, thank you!
- You are doing a good job.
- You are doing a great job! Keep it up! Also, can one of you run against the aforementioned terrible women in office?!
- You NEED to support young adults and adults with classes & clubs. There seems to be a lot of kid stuff, but not much for adults...that doesn't always have to do with a sport.
- Your facilities are excellent. Maintain what you have. Enhance current facilities before building new ones.
- You're doing a great job and we LOVE the Rec Center! THANK YOU!

4

## Tabular Data

**Q1. In the last year, have you or members of your household participated in any recreation programs offered by the Truckee-Donner Recreation & Park District?**

Q1. Have your household members participated in any recreation programs offered by Truckee-Donner

Recreation & Park District in last year	Number	Percent
Yes	364	75.7 %

## Survey Instrument

Dear Truckee-Donner Recreation & Park District (TDRPD) Resident,

We want to hear from you. TDRPD is conducting a survey to help us understand recreation and park priorities for the Truckee community. Your feedback is essential in shaping the future of recreation in our community.

**Your Opinion Matters:**

You've been randomly selected to participate, making your voice especially important. This is your chance to directly influence the programs and facilities that matter most to you and your neighbors.

**Share Your Input:**

- **Confidentiality:** Your response will remain confidential and reported in a group form.
- **Time Commitment:** We value your time. The survey will take 10-15 minutes to complete.
- **Online:** Visit [TDRPDSurvey.org](http://TDRPDSurvey.org) for a quick and easy way to complete the survey in English or in Spanish.
- **Mail:** Simply return the enclosed survey in the postage-paid reply envelope in the mail within the next two weeks to ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061
- **Phone:** Call ETC Institute toll-free at 1-888-801-5368 and ask to have your survey administered over the phone in English or in Spanish.

On the back of this page you will find a map of the District's recreation facilities and parks. More information can be found at [TDRPD.org](http://TDRPD.org).

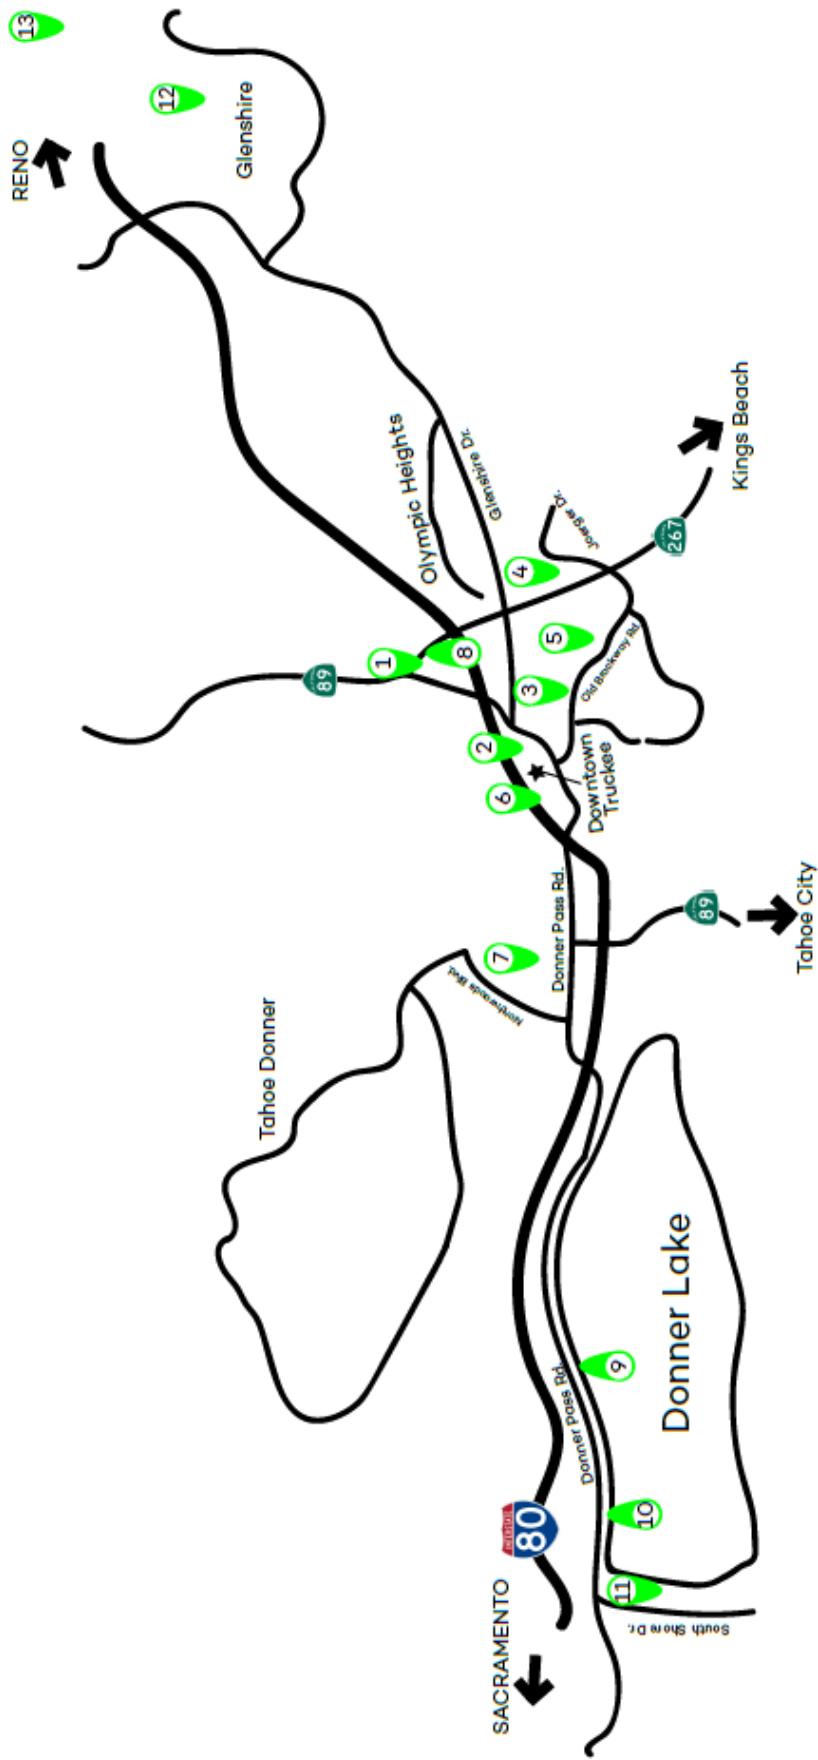

If you have any questions, please contact ETC Institute's project manager Ryan Murray at 913-254-4598 or at [ryan.murray@etcinstitute.com](mailto:ryan.murray@etcinstitute.com).

We appreciate your time. Your input will help us prioritize improvements to existing recreation facilities and parks, plan for new facilities and programs that meet the needs of our community and ensure we're investing in amenities and programs that matter to you most.

Sincerely,

Sven Leff  
General Manager

# 2025 Truckee-Donner Recreation & Park District Strategic Plan Resident Survey

SCAN ME

The Truckee-Donner Recreation & Park District (TDRPD) is doing its first all-district master plan and is looking for your input on what is needed and what is working well for you and your family. This survey will take 10-15 minutes to complete. You can complete the survey easily online at [TDRPDSurvey.org](https://TDRPDSurvey.org) or by returning your paper survey in the enclosed postage-paid, return-reply envelope when you are finished. We greatly appreciate and value your time! If you have questions about the survey, please contact Ryan Murray, Assistant Director of Community Research with ETC Institute at [ryan.murray@etcinstitute.com](mailto:ryan.murray@etcinstitute.com) or (913) 254-4598. **As a way to say thank you, at the end of the survey you will have a chance to opt-in for a chance to win a \$500 prepaid Visa gift card for fully completing your survey.**

**1. In the last year, have you or members of your household participated in any recreation programs offered by the Truckee-Donner Recreation & Park District?**

(1) Yes [Answer Q1a.]  (2) No [Skip to Q2.]

**1a. How would you rate the OVERALL QUALITY of the programs offered by the Truckee-Donner Recreation & Park District that you or members of your household have participated in?**

(4) Excellent  (3) Good  (2) Fair  (1) Poor

**2. From the following list, please CHECK ALL of the recreation facilities or parks offered by the Truckee-Donner Recreation & Park District that you or members of your household visited in the last year. [If NONE, leave blank and skip to Q3.]**

<input type="checkbox"/> (01) Community Arts Center	<input type="checkbox"/> (08) Meadow Park
<input type="checkbox"/> (02) Community Recreation Center	<input type="checkbox"/> (09) Ponderosa Golf Course
